To-night the Arlie Marks Company open the week's engagement at the Grand with "The Brat" as the opening play. The Brat has never before been presented at popular prices, and the Arlie Marks Company bring an exceptionally strong organization, a splendid performance is assured. Other plays to be presented are "The Golden Rule," "Girl Out Yonder," "Esmeralda," "White Slave Trader," announcement to be made later regarding presentation of other plays. Miss Marks in playing the title role of "The Brat," has a most pleasing interpretation of the part, and Mr. Tom Marks, well known here to theatre-goers, renders able support to this strong cast. Special scenery is carried and vaudeville between the acts, new and classy, is a feature. The plays will be changed at every performance.

RUGS Announce LINOLEUMS

Their Annual Spring Sale of

HOME FURNISHINGS

Add something of value to your home during these sale days. There's always room for improvement, you know, and the greatly reduced prices will make it possible for you to achieve long planned changes and additions at small cost. Prices are lower than usual and very much lower than they will be in future, for in every line, manufacturing costs are increasing, and there's as yet no indication of any lasting reductions.

Tapestry Rugs

Seamed and seamless, a wide range of designs and colors to choose from. This fine lot of Tapestry Rugs have been in stock for some time and are away below to-day's price;

OBITUARY

JOHN GEORGE UNDERWOOD.

The death occurred on Saturday of John George Underwood, aged 45 years, after an illness of some weeks' duration. The deceased, who was employed as a miller at the Quaker Oats Co., had lived at the Montreal House for some years. He was born in England, and had only been in Canada 7 years. He returned from spending a number of weeks at the hospital about three weeks ago, and appeared to be in about the same health as usual. Saturday noon he ate his dinner, but later in the afternoon was found in a semi-conscious condition in his room. All efforts to save his life failed, and he died on Saturday night.

The deceased was a returned soldier. Of a quiet, reticent nature, he won the respect of his associates at the Montreal House by his kindness and goodwill, and his death has caused a gloom over the entire hotel.

A brother and two sisters in London, England, survive.

The funeral will be held to-morrow (Tuesday) afternoon at 3 o'clock, from Comstock's Undertaking Parlours to the Little Lake Cemetery. Rev. Mr. Grobb will conduct the service.

ELIZA EDMONDSON.

On Saturday at noon there passed away an old and well-known resident of this city in the person of Mrs. Henry Edmondson, a resident of this city for the past 38 years.

The deceased, who was formerly Eliza Bolton, was born in Douro Township 81 years ago, but had resided in this city for 38 years. During her entire residence in Peterborough, she had lived at the one house, the family residence, 586 Weller Street. The deceased in her young days had been actively associated with Church work, but of late had been unable to take part. She had been in failing health for some time, and her death was not unexpected.

Mrs. Edmondson, during her many years in Peterborough, made a wide circle of friends, and her death has removed a kind and loving mother and a friend to all in need. Her death removes a well-known figure on Weller Street, and one of the oldest residents of that part of the city.

Her husband survives her, as well as five daughters, Mrs. W. H. Cunningham, 563 Weller Street; Mrs. Max Martyn, Toronto; Mrs. H. Y. Wood, McGill Street; Mrs. Walter Byers, Byersville; Mrs. W. J. Bourne, Regina and two sons, William, of Donegal Street, and George, of Oshawa. Her father predeceased her, but her mother, Mrs. James Bolton, Douro, is still living. Five sisters and six brothers also survive.

The funeral took place this afternoon at 3 o'clock from the family residence, 586 Weller Street, to the Little Lake Cemetery. Rev. F. E. Malott, of Trinity Methodist Church, conducted a deeply impressive service at the house at 2.30 o'clock.

MRS. WILLIAM GIFFORD.

Mrs. William Gifford, aged 63 years, the beloved wife of Mr. William Gifford, of Chandos Township, died at St. Joseph's Hospital on Saturday evening, after an illness of only a few weeks' duration. The deceased was before her marriage, Miss Teresa Corkery, of Ennismore, and throughout that district is very well known and highly respected. For some fifteen years they had resided in Chandos Township, their farm being about three miles from Apsley. In all community affairs she was deeply interested, and her death leaves a gap in the life of the district that will be hard to fill.

Besides her sorrowing husband, she leaves there sons, David of Toronto, William of North Dakota, James at home, and one daughter, Mrs. Frank Scott, Young's Point. Four brothers, James and Edward of Ennismore, Martin of Chicago, and Steven of Peterborough, and two sisters, Mrs. Charles Harrington, California, and Mrs. John G. Repinger, Grand Rapids, Michigan, survive.

The funeral will take place tomorrow (Tuesday) morning at 8 o'clock from the residence of her brother, Mr. Steven Corkery, Reid Street, to St. Peter's Cathedral and Cemetery.

COMPANY WILL MOVE THE POLES

REAL ESTATE BOOM IN LAKEFIELD

LAKEFIELD, May 3.—Mr. G. E. Smith and others of the Bell Telephone staff of Peterborough, were in the village last week, arranging with the Hydro engineers for the transfer of three telephone poles on Queen street, from the west to the east side of the street, so that on Queen street the Bell Telephone Co. will be on the east side of the street and the Hydro-Electric light pole line on the west side. The Hydro engineers have the village pretty well staked out as to where the new poles are to go.

Second Form.

The following is the report of the Second Form of the Continuation school in the Easter examinatins: Mima Young, Kathleen Young, Clara Young, Kenneth Petrie, Marie Charlton, Elsie Kidd, Grattan Kemp, Eva MacIlmoyle, Janet Quinn, Lily Charlton, Eva Hill, Frieda MacIlmoyle, Lillian Moore, Ora Dunfrd, Jean Erskine, Frank Erskine, Helen Burgess, Helen Bygott, Sam Sherin, Mollie Thomson, George Morin.

Real Estate Transfers.

Mrs. Ada Nicholls has sold her houses on Concession and Reid street to Mr. James Northey of Smith, according to report.

Mr. C. C. Stenner has purchased the old Isaac Watson property at the west end of the school playgrunds.

Mr. S. J. Charlton has sold his house on Queen street (occupied at present by Mr. D. Miller)) to Mr. Stephen Harrison of Smith.

Mr. J. A. Porter has bought Mr. J. J. MacDonald's residence on Regent street.

A Boom.

Lakefield has experienced a boom in real estate this spring and even the ld inhabitants cannot remember such wholesale transfers of property. While houses are changing hands rapidly there is as yet no stress in the housing problem in Lakefield, as there are still a few houses of different sizes to be rented or bought.

EVANGELIST AT FREE METHODIST.

Evangelist Fairbairn, preaching last night in the Free Methodist church, from the text: "In the morning thou shalt say, Would God it weer even; and at even thou shalt say, Would God it were morning, for the fear of thine heart wherewith thou shalt fear, and for the sight of thine eyes which thou shalt see." Deut. 28:67.

He said: A broken law entails punishment, laws have a penalty attached; no one can break God's laws without suffering for it, for "God is not mocked." Some professing Christians raise their families without prayer or reading the Bible. The children grow up ungodly; they in their turn follow the parents' example; their children grow up ungodly —what will some parents face at the judgment? Who is repsponsible for present condition of things—parents and people who do not pray and live right.

He spoke of the terrors of a guilty conscience which cannot forget some sins and crimes—haunted by them as long as they live. Lady Macbeth tried to get rid of a guilty conscience by washing and washing her hands, saying, "O will these hands never be clean again?" There was not enough rain in heaven or water in the ocean to wash guilty stains away—there is only one way that is by the precious blood of Jesus.

VOL. XLVI NO. 105 — PETERBOROUGH, TUESDAY, MAY 4, 1920 — PRICE TWO CENTS

Fierce Battle Raging for the Possession of Keiv

ADDITIONAL ARRESTS OF THE LEADERS

GOVERNMENT CLAIMS THE STRIKE IS OF REVOLUTIONARY CHARACTER.

United Press.

PARIS, May 4. — Additional arrests were expected to-day in the government's effort to break the general strike called by the railway, dock and mine workers to enforce their demands for the nationalization of the basic industries.

Several Radical leaders in various cities throughout the republic were taken into custody yesterday and last night.

The Cabinet was to meet again to-day to take further action on the government's programme. The strike it was learned officially, is considered revolutionary in character, although the strikers in all their manifestoes have emphasized the statement that they would return to work as soon as their economic aims were achieved.

Miners' executives in the industrial district of the Anzin basin, in the centre of France's greatest coal fields, ordered their men to stop work to-day. Similar action was taken in the Loire district. The miners in the Haute Loire, southeast of France, struck yesterday.

The walk out of the miners was admitted to have added considerably to the seriousness of the situation.

DEATH SENTENCE MAY BE COMMUTED

COUNSEL SUBMITTED AN AFFIDAVIT FROM DR. SILVERTHORNE THAT BODY HAD APPEARANCE NOT INCONSISTENT WITH ACCIDENT.

Canadian Press.

OTTAWA, May 4. — Expectation is expressed here that the sentence of death imposed on George Coppen at Toronto, for the murder of his wife, will be commuted.

This morning Coppen's counsel interviewed the Minister of Justice and submitted an affdavit fom Dr. Gideon Silverthorne, who performed the autopsy ,that the appearance of the body was not incousistent with an accident. The Cabinet Council discussed the case at length this morning.

RUSSIANS PERISHED

Canadian Press.

London, May 4. — A considerable number of Russian bourgeousie, who fled from South Russia to Asia Minor perished from the storm in the Black Sea, according to a witeless message from Moscow to-day. Fourteen ships laden with refugees were lost.

Remnants of the Russian volunteer army in the Stotchy region of the Black Sea coast, numbering several thousand, have surrendered to the Bolsheviki, the statement continues. All were granted life and liberty with the exception of the leaders of the rising.

HEADACHES!

Headaches, indigestion, sleeplessness and nervous troubles are often caused by eyestrain And eyestrain is caused by not wearing the right glasses. Right glasses will relieve eye strain, and troubles due to eyestrain will disappear. See W. H. Lacey, Optical Specialist, 410 George street.

GEORGE J. COPPEN'S LAST DAY ON EARTH

(Special to The Examiner.)

TORONTO, May 4.—Although George J. Coppen is spending his last day on earth, he is showing uncredibable cheerfulness in his death cell at the jail. When Governor Basser visited Coppen in his cell at 9.30 this morning, Coppen was whistling and showed not the slightest signs that his execution is set for to-morrow morning. There is no confirmation of a report in a morning paper that a delay has been granted.

Virtual Control

BLOODLESS REVOLT PAVES THE WAY FOR AN ADVANCE

(Canadian Press.)

JUAREZ, Mexico, May 4—Through the bloodless revolt of Juarez and the capitulation of General Francisco Urbalejo and his Yaqui Indians at Casas Grandes Conora, the revolutionists to-day claimed virtual cohtrol of the Chihuahua State, and that the way was paved for an unobstructed advance against Torreon from where a campaign is to be launched against Mexico City.

Plans have been made for an immediate advance through Chihuahua upon the interior strongholds the Carranza government still holds.

GENERAL ELECTION IS IN PROSPECT

POLITICS IN A MIX-UP IN NEW BRUNSWICK—ACTION WILL BE DETERMINED BY CABINET.

(Special to The Examiner.)

FREDERICTON, N.B., May 4.—Early in a session of the legislature there may soon be a general Provincial election in New Brunswick.

The acceptance by the Hon. Dr. Roberts, Minister of Health, of a salary with his portfolio, has made necessary a bye-election in the city of St. John, and there has been such a demand from Carleton County that the vacancy existing there since 1917 be filled, it is hardly believed the Government would call an election in one constituency and not the other.

Friends of the Government feel the past session of the Legislature was so favourable to the administration that the time is opportune for a dissolution.

The whole situation will probably be discussed and action determined when Premier Foster and his Cabinet have their first meeting here on Thursday since the session.

SENTENCE COMMUTED

(Special to The Examiner.)

OTTAWA, May 4.—George Coppen's sentence was commuted to life imprisonment.

Coppen was to have been hanged to-morrow morning for the murder of his wife.

WILSON OF SCOTLAND GREAT BRITAIN'S HOPE.

Has Recently Won Several Classic Events at Long Distances.

LONDON, May 4. — The victory of J. Wilson, in the Scottish ten mile amateur championship at Glasgow, following his success in the international cross-country race at Belfast, indicates that he is a much improved runner. In his latest effort he ran the distance in 52 minutes, 4 2-5 seconds, which is well in advance of the previous best figures by a Scottish amateur, viz., the 52 min. 48 1-5 seconds standing to the credit of G. L. Wallack.

Before the war Wilson lived at Windsor and ran for the Slough Harriers, and in 1914 he was a member of the English team which won the international, running on residential qualifications.

Wilson gives promise of being a useful man for the Olympic games, his chances being in the 10,000 metres, the cross country and the Marathon races.

PLEBISCITE POSTPONED.

BALLOT ON 12TH JULY TO DECIDE NATIONALITY.

(Canadian Press.)

PARIS, May 4.—A conference of ambassadors this morning decided to postpone the plebiscite in the Teschen district of Silesia for two months.

Balloting to decide the nationality of the region will occur on 12th July.

TO DISCUSS FINANCIAL QUESTIONS

FRENCH PREMIER WILL MEET LLOYD GEORGE IN CONFERENCE NEXT WEEK.

Canadian Press.

PARIS, May 4. — Premier Millerand is going to London next week to confer wtih Lloyd George regarding financial questions. It is expected an agreement will be reached upon what line of action is to be adopted toncerning Germany, with regard to the execution of the Versailles treaty. The premier will also agree on a basis of discussions to be held with German representatives at the Spa meeting on May 23rd, in line with the understanding reached by the Supreme Council at San Remo, that the allies would not discuss before the Germans any questions upon which they weer not in accord among themselves.

The French viewpoint is that they will not discuss the principle of any clause of the treaty and will take up with the Germans only the manner of applying the treaty's terms.

Prominent among the points to be taken up in London will be the interpretation of the reparations clauses and the form in which the German delegates at Spa will be told what the allies insist upon.

FINED FOR LEAVING HIS HORSE UNTIED

HAD BEEN PREVIOUSLY WARNED BY THE CONSTABLE.

For disregarding By-law No. 1685 of the City of Peterborough by allowing his horse to stand on Water street on April 26 unatended by the person in charge, without being properly secured to prevent it running away, Samuel Youngoflesh, [illegible] dealer, will have to pay $2 and $3.10 as well as secure the necessary weight to anchor his quadruped to the curb.

The accused was not present by some misunderstanding, but the machinery of the law proceeded uninterruptedly as he was willing to plead guilty.

Constable Young gave evidence that on several occasions the accused had left his horse standing on the street with no one to watch it. He said he had no weight. I told him he'd have to get one. The horse on one previous occasion had taken advantage of his master's leniency and dashed off in gleeful spirits.

The fine was set at $2 and $3.10 costs.

WORLD HAPPENINGS

Canadian Press.

TORONTO, May 4. — The debate on the budget ended at midnight last night without any amendments.

EXPECTED BACK SOON.

Canadian Press.

OTTAWA, May 4. — Sir Robert Borden is expected to return on or about the 15th of May, according to reports last night.

WARSHIPS AWARDED.

LONDON, May 4.— Six former German warships and a hundred and twenty-four U-Boats, have been awarded to Great Britain.

ACKNOWLEDGES AUTHORITY

Canadian Press.

DUBLIN, May 4. — The Dublin council last night passed a resolution acknowledging the authority of the new Irish Republic parliament.

PRICES WENT UP YESTERDAY

Commencing yesterday the price lists in the local Chinese laundries went up several cents on each article, and the price of laundering a collar will probably also be advanced presently. The rise in price, one Chinaman stated, is due to the increased price of soap, starch and paper in which to wdrap the articles, added to which some of them have so wide a field to cover in gathering up the wash that they have been forced to keep a horse.

BLISS CARMAN'S SISTER DEAD

(Special to Examiner)

FREDERICTON, N.B., May 4.—Word reached here last night of the sudden death at Northampton, Mass., of Mrs. Murray Ganong, wife of Dr. W. F. Ganong of Smith's College. The deceased was a sister of Bliss Carman, the noted poet. The remains are being brought here for burial.

BIG TIMBER WOLF TERRORIZES PEOPLE

KINGSTON, May 4.—A timber wolf that carries off sheep and gives chase to people has been terrorizing a section of the township of Kaladar. Recently it held Gordon Hughes and is wife at bay for several hours. C.P.R. Operator Lamount has had two narrow escapes, as also has had his little son. A correspondent writes that the wolf chased W. G. Rigby from church to his home, and nearly killed a tramp near Addington.

CANADA'S NAVY

(Canadian Press.)

HALIFAX, May 4—According to an Ottawa story says the Daily Echo Admiral Jellicoe's overseas naval program is to be carried out by the Canadian government and the Dominion is to have a modern navy comprising battle cruisers, destroyers etc., to be gift of the British admiralty. The "Echo" states that Hon. C. C. Ballantyne is reported to have made this announcement privately The newspaper further states that the recent order of the government closing up naval stations in Canada and discharging officials and employees, was camouflage so as to allow the introduction of the new naval program with a clean slate. The Minister is also credited by the "Echo" with saying he is tired of the criss crossing going on in connection with Jellico program and is taking the matter wholly into his own hands.

A LECTURE BY LOUIS JOFFE

ADDRESSED THE GEORGE STREET EPWORTH LEAGUE.

Last evening the Epworth League of George street church was favored with a very interesting lecture by Mr. L. Joffe. This is the first time that Mr. Joffe has spoken in this church and he delighted [illegible] him.

The [illegible] was devoted to the fall of Russia. Mr. Joffe has written a book on this subject, and anyone wishing to learn of the true conditions in Russia will be greatly interested in Mr. Joffe's book. He gives special attention to the difficult position of the Czar on account of the intrigue and graft in the Russian court. As regards the great body of common people Mr. Joffe showed quite clearly the disastrous effect of the sudden removal of their Czar. While the present condition of Russia is chaotic the speaker is confident that the country will be redeemed and will become a great nation.

Futility of Strikes.

Of special interest was the speaker's application of Russia's situation to present day conditions in Canada and the United States. The futility of strikes for higher wages, the undermining influence of radicals working for their own personal interests, the necessity for economy were all depicted clearly. The only solution is for employers and employees to get together and produce the necessities of life so that the buying power of the dollar may be raised to its former value. Money in itself is of no value. The scarcity or abundance of commodities determines its buying power. Thus if there are one thousand bags of potatoes and one thousand dollars, a bag of potatoes will cost one dollar, but if there are only one hundred bags of potatoes and one thousand dollars, one bag will cost ten dollars.

The concluding part of the address was devoted to a description of Russian folk-love, folk-songs, proverbs and traditions. One striking feature is the similarity between the sentiments of the various peoples of the world. The simplicity and love of home life of the Russian people is shown in their songs and poetry.

Mr. Joffe very kindly answered quite a number of questions asked by the audience on various phases of his talk. At the conclusion, a vote of thanks to Mr. Joffe was moved by Mr. Earl Barrie and seconded by Miss E. Dix.

PREFER LA FRANCE TO YANKEE HUBBY

LITTLE FRENCH GIRLS DO NOT LIKE AMERICA.

(United Press.)

PARIS, May 4. — Of the 50,000 French girls who married American soldiers, 12,000 have returned to France, Le Journal said to-day.

TRIAL TRIP.

(Special to The Examiner.)

KINGSTON, May 4.—This morning the new steamer The Canadian Beaver, the largest vessel ever turned out by the Collingwood Shipbuilding Company, made a trial trip on the Lake.

BOLSHEVIK COMMANDER IS REMOVED

NEW LEADER FOR THE FORCES ENGAGED IN STRUGGLE FOR POSSESSION OF KIEV.

(Canadian Press.)

WARSAW, May 4.—Bolsheviki are entrenching in the hills on the west bank of the Dnieper in a great semicircle with their backs against Kiev, the Ukrainian capital according to information to-day from the front. The Fight for the possession of Kiev is at its height, raging day and night along a line through valleys and rivers. Both sides are using artillery, but Kiev has not yet been bombarded by Poles. It is reported that the Poles who are about 28 miles from Kiev, are making effective use of armored trains, armored automobiles and other equipment. From the north the Poles are proceeding southward below Pripet and Dneiper rivers with a flotilla using some monitors recently taken at Czernobyl, flotilla base of reds. Reports received here say that plans of Trotzky, Bolshevik, War Minister for defence of Kiev, called for replacing of General Miezeckow, by General Szwiezdow.

STOCK MARKET STRONGER TO-DAY

MANY OF THE LEADING ISSUES OPEN AT HIGHER PRICES.

(United Press.)

NEW YORK, May 4.—Practically all leading issues showed substantial advances at the stock market opening to-day. Trading was in good volume U. S. Steel opened at 95 1-4 up 3-8; Studebaker 107 1-2 up 1-2; U. S. Industrial Alcohol 84 up 1; Central Leather 72 1-2 up 1-4; Reading 85 1-8 up 3-8; Baldwin 116 1-2 off 3-4. Texas Co., 47 up 1-2 Corn Products 95 1-2 up 3-8; Mexican Pet. 174 off 1-4; Republic steel 84 1-2 up 1 1-2.

The entire list moved forward around noon. Reading gaining 3 points, Southern Pacific and the low prices rates 8 point or more.

FOREIGN EXCHANGE.

(United Press.)

NEW YORK, May 4. — Foreign exchange was generally higher at the opening to-day. Demand sterling opened at $3.86 1-2 up 21-2 cents. Franc cheques 1672 off 20 centimes. Lire cheques 2152 up 40. Marks demand slightly higher at $.0181, cables $.0183 Canadian dollars $.9130.

THE COTTON MARKET.

(United Press.)

NEW YORK, May 4.—Prices were easier at the cotton market opening to-day. July 3800 off 20, October 3560 off 10, December 3479 off 16, January 3435 off 15, March 3370 off 18.

CARD PARTY WAS A SUCCESS

DECORATIONS REPRESENTED A JAPANESE GARDEN.

The card party and dance given last evening in St. Alphonsus' Lyceum under the auspices of St. Peter's Ladies' Literary Society was a splendid success and attended by over 100 young people. The decorations, representing a Japanese garden, were much admired by all present and dainty refreshments were served during the evening. Miss Mae Kelly and Mr. L. Sword were winners at cards.

Some of those present were: Misses L. Hogan, G. Primeau, M. Walsh, V. Walsh, K. Doyle, L. Clancy, K. Clancy, B. Giroux, E. McManus, Miss Hughes, M. McGrath, M. Crowley, E. Kennedy, M. McCarthy, K. Rudkins, A Rudkins, E. Sullivan, M. Kelly, G. McFadden, D. Welsh, A. Gallagher, I Thornton, F. Carveth, A. Scully, A. Grant, Reta Maher, Messrs. L. Wade, S. O'Brien, K Poole, F. Malane, F. Judge, W. Prindible, R. Cronin, C. Scully, F. Grady, H White, L. Picard, F. Flaherty, J. Fallon, V. Killoran, E. Sheehan, J. Fitzgerald, Messrs. O'Toole, T. McAulley.

Cards—G. Giroux, L. Sword, Mrs. McFadden, Mrs. Grant.

Splendid music was provided by Miss Nell McAulley.

BEDOUINS RAID JERICHO.

BRITISH TROOPS SENT IN PURSUIT.

(Canadian Press.)

JERUSALEM, May 4. — Bedouin detachments raided Jericho on Sunday, driving off a large number of cattle.

British troops have been sent in pursuit.

NEGOTIATING WITH THE POLISH FORCES

United Press.

WARSAW, May 4. — The latest communique declares the Soveit foreign commissiary proposed oepning peace negotiations at Grodno or Bialystok. The Poles have taken more villages, an docçupied the Fastoff Railway station, it claims. In the past five days ,the statement says, the Poles have taken 25,000 prisoners and 102 guns and 18 machine guns and quantities of material. The inhabitant are genesally friendly to the Poles, especially in Zhitomir.

Veterans Objected

RESENT SLUR ON BRIGADIER. GENERAL M'LEAN.

(Canadian Press.)

OTTAWA, May 4.—Very strong feeling was manifested last night at a meeting of the Ottawa Command, G. W. V. A., regarding the remarks of General McLean, a member of the special Parliament Committee on Pensions.

The General, at a meeting of the Committee yesterday, said that the average wife of the private soldier was of the servant class before marriage, and maintained that the woman who could work should be encouraged to do so.

A resolution was passed unanimously to the effect that the Ottawa Veterans deeply resent this implied slur on honest toil, and deplore the General's ignorance, and see no reason why the widow of a private who gave his life for Canada should not be allowed to try and live on her pension just as the widow of a Brigadier-General is able to.

NO REAL ECONOMY IN POTATO BOYCOTT AS A LONE EFFORT

MR. WALTER OKE SAYS MONEY SAVED BY THAT MEANS IS WASTED ON PLEASURES—URGES GARDENING THIS SUMMER.

As an illustration of the scarcity of potatoes, Mr. Walter Oke reported that he had received an order by telephone this morning from a Havelock merchant who wanted a bag or two for his own use.

"We haven't seen a potato in a month," said the Havelock man. "And Havelock used to be a big shipping point for potatoes," added Mr. Oke. "Now they are so scarce that even the dealers have had none for their own tables."

In Peterborough as elsewhere there are many families that are beginning to forget the taste of potatoes, but the prolonged scarcity and high prices have sharpened their ingenuity in devising substitutes that will satisfy the family appetite.

Passed the Peak.

"I believe the peak price has been passed," said Mr. Oke. "If people are wise they will plant potatoes this spring if they never gardened before. Greater production of foodstuffs is more imperative now than at any time during the War.

"Some one said recently that the Allies didn't begin to win the War until their 'backs were to the wall,' and that we will not get back to the reconstruction we desire until there is an analogous crisis in our economic affairs. If the people will not produce it simply means that we will realise something approaching to famine.

"The action of the women in boycotting potatoes may have some effect, but it seems to me that most families waste every week on theatres and other pleasures and luxuries more than they would save by dispensing with potatoes from their tables. Unless there is real economy these efforts will not be effectual."

Mr. Oke believes that one cause of the scarcity of potatoes was the almost total loss of the Western crop by an early frost last fall.

PROVINCIAL HORTICULTURISTS GET LARGER GRANT.

Total Grant Now Totals $20,000.

Canadian Press.

TORONTO, May 4. — Premier Drury this morning promised a deputation from the Toronto Horticultural Society, that he would provide an additional grant of $3,000 in the supplementary estimates for horticultural work in the province. The total grant to this Society for the ensuing year now totals $20,000.

SPECIAL MEETINGS

in the Free Methodist Church. Evangelist Fairbairn will preach to-night at eight o'clock. Everyone welcome.

LABOURITES PROTESTING MEASURE

THE PROPOSED AMENDMENT TO THE INDUSTRIAL DISPUTES ACT.

Special to the Examiner.

TORONTO, May 4. — The Labor members of the Legislature are loud in their protests against the proposed amendment to the Industrial disputes Act, whereby the Minister of Labor may institute investigations, into industrial disputes, whether or not the interested parties, which such inquiry, desire it or not.

"It savors too much of compulsory legislation," said W. A. Crockett, of South Wentworth.

"I am afraid that it places the authority in the hands of a minister, who has not been elected by the people and who is not answerable to them at the polls for his actions.

Any intervention by the government into disputes should only be undertaken with the greatest of caution. While everything should be done which might facilitate and accelerate the solution of labor disputes care must also be taken not to increase the unrest by interfering with the rights of labor, and this measure is one of grave possibilities."

Karl Homuth, South Waterloo, agreed that the principle of the amendment foreshadowed compulsory arbitration. "Everything hinges around a suitable Minister of Labor; in any event the fact that the bill is fathered by Hon. Arthur Meighen for the Minister of Labor, will not constitute any guarantee to labor that the measure is at all in its interest."

"It's mighty drastic looking," remarked Charles Swayze; "but I would first like to see the complete bill. What I see of the amendment, however, seems to intend compulsory legislaton."

Mr. Swayze also attacked the Ministes of Labour on the grounds that he was not elective and that too great a power would be placed in his department.

"It doesn't look good to me at all," was the comment of George Halcrow of Hamilton.

Hon W. R. Rollo, Minister of Labor refused to comment upon the merits of the measure, merely remarking: "If it means compulsory arbitration I know that the rank and file of labor will strongly oppose it. I think however that all labor legislation in the Federal House is being carefully scrutinized by the Dominion Trades and Labor Congress at Ottawa."

The Minister refused to state his own opinion on the merits of the compulsory legislation.

DISCONTINUE PICNIC ON DOMINION DAY

ST. PETER'S CATHEDRAL WILL HOLD SUMMER FAIR ON JUNE 24TH.

Instead of their annual Dominion Day picnic, the congregation of St. Peter's Cathedral, with their pastor, Rev. Father Phelan, will hold a summer fair this year at Exhibition Park on Thursday, 24th June. The committees which are being formed to arrange for the event are looking forward to a success equal to that of the picnics formerly held on 1st July. The grounds are regarded as highly suitable for the summer fair, which will be held in the afternoon and evening, with features that should attract a large attendance.

THE CADET CORPS STANDS 16TH IN SHOOTING RECORD

The Collegiate Cadet Corps has received an announcement from the secretary of the Canadian Rifle League stating that the Collegiate Cadet rifle team stands sixteenth in an entry list of 42 with a percentage of 87.9. The girls' team also did well with an average to date of 87.3 only 6 p.c. below the boys' average. There still remains one match to be recorded in the series.

Orders of the day of May 4th for No. 13 Cadet Corps announce that Mr. H. R. H. Kenner has decided to accept the resignation of R. Allen Lewis as commanding officer of the Corps. Brigadier Edward T. W. Bailey will executethe duties of O.C. in addition to his present duties as Brigadier of Peterboro Cadets for the present. The recent Cadet incident has hence come to an end with an amicable understanding between all concerned.

Charcoal powder is excellent for cleaning fine knives.

LIFT OFF CORNS!

Doesn't hurt a bit and costs only a few cents

Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug!

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

There was a record production of sulphuric acid in the United States last year, exceeding the previous year by at least 600,000 tons.

An attachment has been invented to be snapped over skate runners to permit a person to walk over ground without removing his skates.

The Turkish Government is planning to investigate the possibility of both bridging and tunnelling either the Dardanelles or the Bosphorus.

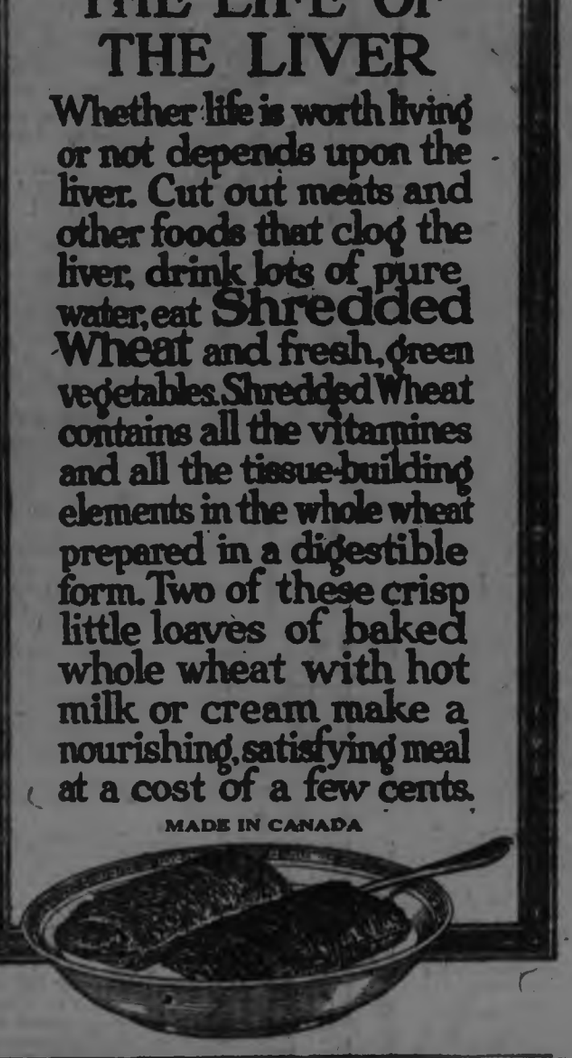
THE LIFE OF THE LIVER

Whether life is worth living or not depends upon the liver. Cut out meats and other foods that clog the liver, drink lots of pure water, eat Shredded Wheat and fresh, green vegetables. Shredded Wheat contains all the vitamines and all the tissue-building elements in the whole wheat prepared in a digestible form. Two of these crisp little loaves of baked whole wheat with hot milk or cream make a nourishing, satisfying meal at a cost of a few cents.

MADE IN CANADA



TIGERS ARE WELCOME TO WORLD'S RECORD.

DETROIT, May 3.—By losing to the Indians here again yesterday afternoon, the Detroit Tigers equalled the beginning of a season record in the major leagues. Yesterday's game was the thirteenth in which the Detroit team has participated since the season opened, all of which have been lost.

In 1904 the Washington team started the season by losing its first game and also the next twelve, making a total which the Detroit aggregation has now overtaken. Nothing like it has happened in the American League since, however, although the Tigers are now in a position where they can go in and beat the National's record all hollow if they want to—and some of the fans say they do.

By pressing a button on the steering wheel a new automobile fender drops a rod carrying a sheet of canvas that serves as a pocket to pick up a person if struck.

When you wish "somebody would invent something new to eat" you need BEECHAM'S PILLS. Even when digestion is good, poisons are formed during its processes that unless eliminated irritate mind as well as body.

REV. T. T. SHIELDS RESIGNING FRICTION WITH CHOIR DIRECTOR

DISPUTE IN JARVIS STREET BAPTIST CHURCH OVER CONTROL OF THE MUSICAL PORTION OF SERVICE.

TORONTO, May 4.—Rev. Thomas T. Shields, pastor of Jarvis street Baptist church, is tendering his resignation as the result of friction between himself and the director of music, Dr. R. Edward Broome. Mr. Shields explained to his congregation Sunday that he thought it best to put his resignation on the table, so that a general meeting of the congregation could discuss the affair in perfect frankness.

It is understood that Dr. Broome does not desire to have the choir sing while the offertory is being taken, as the passing of the plates detracts from the attention that should be given the music. Then, too, the amount of music given has, it is understood, prolonged the service to such an extent that the minister's discourses might have to be cut to twenty minutes.

No Comment.

"I perfer to say nothing whatsoever," said Mr. Shields, when invited to discuss the matter. Mr. Shields has held the pastorate for ten years. He is one of Canada's foremost Baptist ministers, and his position in the Old Land is to be measured by the fact that he has on several occasions, during his summer vacation, "supplied" for Spurgeon's Tabernacle in London.

Hope to Smooth It Over.

"It is just one of those unfortunate affairs in church life which should have been settled some time ago, but was allowed to drag on," stated Thomas Wilkins, one of the church officials. "The whole question is just a little friction between Mr. Shields and Dr. Broome. Mr. Shields wants the congregation to stand behind him, and is resigning to give the congregation an opportunity to give him a vote of confidence.

"The disagreement is over the control of the music for the Sunday services. It is a question of control, the kind of music, and how much music should be required. We think the whole matter can be smoothed over, at any rate."

Mr. Wilkins denied that the question of orthodoxy, raised some months ago by Mr. Shields in a controversy with the editor of the Canadian Baptist had anything to do with the situation.

Director's Lips Sealed.

"My lips are entirely sealed. I have nothing to say," said Dr. Broome, who succeeded Dr. Vogt as musical director in 1906. He is one of the city's leading musicians. Born in England in 1869, he came to America in 1893 as conductor of the North Wales Male Choir, which competed at the Chicago World's Fair. He is a Bachelor of Music, a Doctor of Music, a composer of note, and has conducted several oratorios.

VINOL IS MOST SUCCESSFUL OF ALL TONICS

To Restore Thin, Run-Down Women and Children to Strong Vigorous Health

Physicians Recommend It and Druggists Guarantee It

Ask any doctor if he can suggest a better tonic than the following VINOL formula:

"Cod Liver and Beef Peptones, Iron and Manganese Peptonates, Iron and Ammonium Citrate, Calcium and Sodium Hypophosphites, Nux Vomica and Wild Cherry."

VINOL contains the very elements needed to enrich the blood, create a healthy appetite, aid digestion, quicken the circulation and restore strength, health and vigor to every part of the body.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people, delicate children, and to build up health after sickness, there is nothing equal to VINOL.

Try it on your druggist's guarantee.

MINSTREL SHOW WAS A SUCCESS

Upon special request the minstrel show given recently at Knox church was repeated last evening, and the boys delighted the large audience with the splendid assortment of jokes and songs brought up to the minute.

ENTENTE POWERS ASKED TO LAY OFF THRACE AWHILE.

TURKS WANT TO DISCUSS THE MATTER WITH THE ALLIES.

(Canadian Press.)

CONSTANTINOPLE, May 4. — The Entente Powers have been asked by the Turkish Grand Vizier to postpone the occupation of Thrace until after the Turkish delegates can be heard by the Peace Conference in Paris.

Four Greek divisions at Saloniki await orders to advance into Thrace.

"A fine report! Correct lubrication and quality gasoline are mighty important. These costs sheets prove that we've fewer delays for repairs since we standardized on Imperial Polarine and Imperial Premier Gasoline—our delivery service now runs on schedule."

Reduces Upkeep and Depreciation Expense

EVERY drop of Imperial Polarine gives superior lubrication and maintains exactly the right body to seal in power and kill friction under all engine temperatures. It reduces wear and carbonization to a minimum.

Imperial Polarine won't become thin, break up, or gum. It cushions the friction surfaces of a motor with a protective, unbreakable oil film.

One of three grades described below is specially suited for your car. Consult the Imperial Polarine Chart of Recommendations—on display wherever Imperial Polarine is sold—for the proper grade to use.

Imperial Polarine is sold in sealed gallon and four-gallon cans and steel kegs, half-barrels and barrels, by dealers everywhere throughout Canada. Buy by the half-barrel or barrel and save money.

WOOLEN TRADE IS VERY BRISK

Mr. J. Kidgmay of Manchester, England, representing woollen companies in Manchester, who is in the city on business, told the Examiner this morning that the woollen companies in England had never been busier and business was good. In Canada he had found the market for the woollens excellent and English goods of well known and reliable makes have a ready market.

WHISKY IN COAL.

When a special detective accompanied a car of liquor from Toronto to Montreal over the G. T. R. on Thursday last, discovered that it had been tampered with at Cornwall, he made a search of the train and found that several cases had been removed from the car and hidden in the coal at the rear of the tender of the locomotive.

Suspicion for the removal of the liquor rests upon a Montreal brakeman, a member of the train crew, whose disappearance from the train at Cornwall was coincident with the discovery of the shortage.

"Peterborough Presents Possibilities Unsurpassed."

TUESDAY, MAY 4TH, 1920.

A NEW PROPOSAL.

A new angle will be introduced into the band question at this week's meeting of the Council when a deputation from the Great War Veterans Association will wait upon the aldermen and suggest that the G.W.V.A. Band become a citizens' band, the Association agreeing to make a grant from its funds of $1,000 for the purpose of securing suitable uniforms, providing that the city will also grant a similar amount. The offer will undoubtedly precipitate a very interesting discussion. The report of the Parks committee, which considered the band problem last week, will be to the effect that a grant of $500 each be made to the bands of the G.W.V.A. and the Peterborough Rangers. The action of the Veterans, however, in proposing the conversion of its band into a citizens' organization and in offering a grant of $1,000, may result in a change of front on the part of the Council and in an amendment to the committee's report. The proposition advanced by the G.W.V.A. is made the more attractive by the additional promise that the Association will provide the band with free quarters, heat and light, thus removing one of the objections that has been raised to the formation of a citizens' band. The aldermen who heard the concert given by the Veterans' band on Sunday went away with a very favourable impression of the capabilities of the organization, and the reception rendered the new proposal when it comes before the Council will be of special interest on that account.

THE LIBERTY LEAGUE.

The end of the Citizens' Liberty League seems to be foreshadowed by the resignation of the president of the organization, who has discovered that many of the League members were actuated by no higher motives than self interest. In sending his resignation to the League, Lieut.-Col. H. A. C. Machin .ex-M.P.P., is vigorous in his condemnation of the members in question, whose "participation in our work," he declares, "was at the time when their cellars were near depletion, and they got busy and interested, but the moment restrictions were removed and they had their cellars full, nothing mattered." Col. Machin has been slow in discovering what seemed to be a self-evident fact—that the majority of the men who allied themselves with the League did so with only one thing in mind, and that was to make it possible in one way or another to secure fresh supplies of liquor. "Self and self alone was at the bottom of their motives" the League president is now convinced, and accordingly he has come to the conclusion that "there is no other way out than to let the League die—killed by the selfishness of the wealthy." Col. Machin, who seems to have laboured under the delusion that those who associated themselves with his movement did so as a matter of principle, is a sadder and wiser man, for it has cost him six months of his time and $3,500 of his money to find out that selfish motives and not principles had been the determining factor in securing recruits for the organization.

BACK YARD GARDENS.

The following paragraph from the Farmers' Sun gives an admirable reason why urban dwellers should develop back yard gardening to its fullest extent during the present season:

"A hurried trip through a portion of Western Ontario shows that there is practically no seeding done, that farm help is almost impossible to obtain, and that as a result of the late season and scarcity of help the crop this year will be a small fraction of what it was during the "Greater Production" period of the war. City people who are now boycotting potatoes because of their cost may be glad to get them next winter at double to-day's prices. The crop situation is serious."

The Sun may possibly be superpessimistic in its prophecy, and everyone will sincerely hope that it is. Nevertheless the outlook is not bright, and citizens who have back yards big enough for gardening purposes, or are willing to cultivate vacant lots, would be adopting an admirable precaution against high prices next winter if they would enter upon a campaign of vegetable growing. The Board of Trade is assisting in the movement by undertaking to secure the necessary land. At the same time the Board might accomplish a community service of great importance if it would look into the question of securing a supply of seed potatoes at the lowest possible prices. In some cities a carload or two of seed potatoes are being imported for the accommodation of back yard gardeners. The Economy League in Belleville has already decided upon this step, and the local Board of Trade would be well advised in considering the possibility of similar action here.

MR ASQUITH NOT A THEORIST.

Free traders in England are sometimes charged with a fanatical adherence to views laid down by Adam Smith and Cobden, without regard to practical considerations. Mr. Asquith, at least, is not open to this charge.

In one of the Imperial conferences he compared the position of Great Britain with that of the Dominions. He said in effect "Free Trade is the policy best suited to the United Kingdom. It is not for me to say what policy is best suited to Canada and Australia." Here are a few extracts from his address:

"They (the colonies) have adopted, practically all of them, a system which goes by the name of Protection. It is not for us to criticize that. We do not pretend to criticize it. Anybody who thinks that the British Government or any party in this country is foolish enough, and short-sighted enough, to preach Free Trade to other countries, and particularly to our own colonies and dependencies, either as an academic doctrine or a counsel of perfection, or what you please, entirely misunderstands the situation here. I am going to explain, in a moment, why it is that we considered the maintenance of Free Trade essential in this country to our own special interests. But do not let anybody go away with the idea that we are seeking in any way as propagandists or missionaries, or still less, an Imperial power, to press the doctrine of Free Trade on the members of our own Empire.

So we here, having regard to the special conditions and interests of our population, have come to the conclusion that maintenance of Free Trade in its fullest and widest sense, is not only expedient but absolutely vital to our economic interests. That is not a sudden or hastily formed opinion on the part of the British people. They came to that conclusion 60 years ago.

He (Peel) was converted to Free Trade. Why? Not because he thought it was a good thing for the rest of the world, but because he thought it was an essential thing for Great Britain in the peculiar circumstances of her economic conditions. That opinion formed then by Sir Robert Peel, and followed and developed, subsequently, particularly by Mr. Gladstone, has remained for 60 years the very root and foundation of the fiscal policy of this country.

'How is it we have been able to maintain our position so far as we have maintained it, and I think we have on the whole maintained it very well? It is due to three things; in the first place to our special productive activity as a people which still keeps us, in many of the most important departments of production, at the head of the world. In the second place it is due to the profits which we derive from keeping open to the whole world the biggest market which is to be found anywhere, so that London and England are the clearing-house in which a great part of the intermediate business, as I may call it of the whole commercial world is done. And it is due in the third place to the earnings of our shipping, which does the carrying-trade, as you know, for more than half the world. These are the means by which our wealth is maintained and secured, and gentlemn, they all depend in the long run, as you will see if you reflect upon the special conditions to which I referred a moment ago, upon our being able to maintain, unimpaired in quantity and unenhanced in price, the food of our people, and the raw materials of our industries. Curtail the sources of supply, raise the cost of supply, and you strike a deadly blow at the very foundations of our whole industrial system. I am not going to address a lecture to you, as I am sure will understand, but that, in a nutshell, so far as I can understand it, is the economic situation in these islands. It is not because we have any belief in abstract dogmas, or what are called 'shibboleths'—I am sorry to say I heard the word used once or twice in the course of this discussion—it is no question of abstract dogmas or shibboleths, or anything of that kind. Our Free Trade system here is based upon practical consideration. It results from the circumstances which I have outlined to you, and so long as these circumstances remain we cannot without treachery, not only to our own convictions, but to what we believe to be the true and enduring interests of people, abandon the foundations of that system."

These extracts show that Mr. Asquith is not a theorist, but a practical statesman, with an eye to actual conditions. It may be said that the conditions of other countries are different and therefore that they are not called upon to imitate England. Mr. Asquith does not dispute that. Take for instance the case of the United States. It has a far greater area and resources than the United Kingdom. It has a larger home market and fewer interests abroad. It has all the practical benefits of free trade extending over an area nearly as large as Europe. Therefore it could afford to experiment with protection, even with extreme portection. But let it be noted that even in the United States the tendency in recent years has been towards lower tariffs and freer trade. This course has been taken, not from any desire to imitate England, but because of practical business considerations.—Ottawa Record.

MIDGET COUPLE WED AFTER SHORT WOOING

Groom is 42 Inches High; His Bride Only 38 Inches.

NEW LONDON, Conn., May 1.—This city can now boast of its own General and Mrs. Tom Thumb. There has stepped into the place vacated by the late General and his wife a new miniature couple, and newly-weds at that. They are General Stanley Jober and Mrs. Jober of New London.

General Jober is 42 inches tall in his stocking feet. He towers above his bride by all of 4 inches, for she is 38 inches from her hair net to the soles of her feet. Stanley appeared at the town clerk's office, accompanied by Miss Nellie Way of this city, and Town Clerk John C. Turner issued them a marriage license.

The groom was born in Warsaw, Poland, and gave his age as 35 years. He came here from Wilkesbarre, Pa., last August, and shortly after he reached here he wooed and won the heart of Miss Nellie Way of this city.

HOTEL LICENCES.

License Inspector Goodrich has received word from the Ontario Board of License Commissioners that there will be some delay in sending out the standard hotel licences for the year beginning 1st May, 1920. The reason for the delay is that the Department is considering several important amendments to the Act relating to standard hotels.

BURNT RIVER BOY MEETS DEATH

An automobile fatality occurred near Burnt River on Sunday when William Morgan, aged 14 years, of Burnt River, met his death.

The accident occurred about 12 o'clock noon. A car driven by Arthur Suddaby, son of Postmaster Suddaby and containing Willie Morgan and a boy named Budd, was on its way to Kinmount. When about two and a half miles from Burnt River and near the railway crossing, the auto took to the ditch and dropped into the creek, turning turtle. The occupants were pinned under the car, but young Budd was able to extricate himself. He immediately ran for assistance and a number of men hurried to the scene. The car was overturned, when it was found that young Morgan had been smothered to death. Arthur Suddaby also sustained injuries, which fortunately are not of a very serious nature, consisting principally of bruises about the body.

Dr. Johnston, coroner of Fenelon Falls, was notified of the accident, and after the jury had viewed the body, a verdict of accidental death was rendered.

GIRL SNEEZES GOOD EYE FROM HER HEAD

CHESTER, Pa., May 4—Sneezing with such violence as to cause her eye to fall out was the experience of Miss Marjorie Pryor of this city. The optic was replaced.

According to the hospital authorities, it is not unusual for the eye to be removed for some operations, but to have it forced out by coughing or sneezing is unique in medical annals.

Miss Pryor left the hospital, suffering no serious effects from the peculiar experience.

HOUSEHOLD NECESSITY

Gillett's Lye has long been regarded as a household necessity because of the fact that it is useful in so many ways, and so satisfactory in every respect that no woman feels that she can keep house without it. Makes the finest kind of soap for washing and cleansing. One can of Gillett's Lye will make ten pounds of good soap in twenty minutes. Many of its uses are shown in booklet under the label.

"GILLETT'S LYE EATS DIRT"

Made in Canada.

SANDRA THE JEALOUS

By JANE PHELPS

BARRETT EDMONDS CALLS AND TALES OF ROSE KEMP.

CHAPTER XCIII

Everett was strangely quiet all the way home from the theater. Someway I felt sorry for him He wasn't to blame for being old, if he were to blame for marrying me. Finally I stole my hand into his, and his closed around it in a strong warm clasp.

"Am I so horribly old, Sandra?" His question was asked in a whimsical manner, but I knew he had been hurt.

"I never think of your being old except when you are stern and cross with me; or when you treat me like a child. Then I think of you as older, but never at any other time."

"I suppose you are referring to my insistence that Miss Lane remain with us? Oh, Sandra, when will you learn! I cannot for the sake of humoring your likes and dislikes, allow the boy to suffer. What do you know of taking care of a baby —of children's diseases—of what to do for him when he is fretful? I don't want you to lose your looks by being deprived of sleep. And until he is older we cannot trust him with some young thing simply because it would please you better to have her around, than to have a competent, settled woman like Miss Lane. When he is older we can perhaps have one of the trained nurses for children Until then we must have Miss Lane, or someone like her."

I said no more just then. He had spoken kindly. I had noticed before that whenever anyone spoke of Leola or anything he had done (like marrying me when I was so young), he was always rather obviously kind. I sometimes wondered if he felt sort of guilty.

The next day Mrs. Barton called. "I heard you were at the theater, last night, so felt I might run in and see that baby I hear so much about."

"Indeed you may!" I replied. All feeling of jealousy had left me since Irma Barton had told me she was to be married, and we had been friendly. We never would be intimate.

I sent Hetty for the baby.

"Tell Miss Lane a friend of Mr. Graham's has called, and wishes to see Junior," I explained. I half feared she might refuse to allow him to be disturbed. She often had, when he was asleep, or feeding.

Irma Barton looked keenly at me.

"Nurses are awful autocrats aren't they?" she answered. "But it makes a perfect slave of a woman not to have a good one, one who understands children." It was one of her uncanny speeches. It seemed always she could read my thoughts.

"Miss Lane is very competent, the doctor says," I said demurely, then we both laughed.

"It's no use, Mrs. Graham, you don't like her, and hate to have her bossing your baby—usurping your rights. But be glad you have someone to relieve you of responsibility while he is so young. O— what a darling!" she broke off Hetty came in with the baby. Oh you precious angel!" and for the remainder of her visit her attention was all given to Junior. As she gave him to me saying she must go she remarked: "I expect that husband of yours is at last satisfied. I know he has always longed for a son."

"Yes, I think he is," I responded gravely. But she was hurrying out and didn't seem to notice. I was ready to cry, but had no time because Barrett Edmonds came in right away.

"Have you heard from Rose lately" he asked after he too had admired the baby, before I sent him back to Miss Lane.

"Yes, I had a letter the other day. Why?"

"Nothing much. But I have just been to Chicago. Kemp is up to his old tricks. I hope it is nothing more serious But his name is being linked with that of a wealthy widow in a way that looks bad for Rose. Poor girl, why in the world did she run off with that lady-killer"

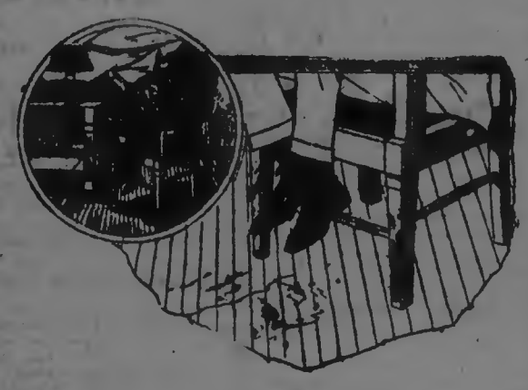
"She was absolutely infatuated Barrett. I do hope things aren't as bad as you think. It would be terrible for her if he should leave her. Did you see her?"

"Yes, but she didn't see me. I passed her in the street. She was with him, and had been crying. She has gone off terribly in her looks. She looks ten years older. I should have stopped and spoken, but they seemed ot be having a heated discussion over something, so I passed on."

"I used to build air castles about you and Rose ,"I told him.

"There never was a chance, little lady." he said. And for some reason there was that in his tone that made me blush furiously.

To-morrow —An unpleasant Reminder of Leola.



No need for Scarred Furniture or Nail Marked Floors

In most every home the furniture shows scars and scratches of hard leather shoe soles, and on the floors are myriads of nail marks from shoe heels.

These scars, scratches, and nail marks should not, and need not, be in your home.

Cat's Paw Heels and Rinex Soles

remove the cause, for resilient rubber does not scar or scratch, and every heel nail is out of sight.

Cat's Paw and Rinex take the noise and fatigue out of walking,—cushion each step and remove the "jar" on your nervous system.

They are economical because they out-wear two ordinary leather soles, and are water-proof.

As a test, have Cat's Paw and Rinex put on a pair of old shoes. The benefit will be so evident that you will soon have this combination on all your shoes.

DOMINION RUBBER

For the new shoes on your car make sure you get Dominion Tires—the Good tires

83

THE BLACK SHEEP.

—x—

The white sheep crop the tender grass,
Nor look beyond the bars;
The white sheep lie within the fold,
And know not storms nor scars;
But the Black Sheep wanders alone—alone—
Under the lonely stars.

The white sheep list to the shepherd's pipe,
And their wandering is stayed;
The white sheep walk in the beaten path
By the careful shepherd made;
But the Black Sheep follows his own—his own—
And he keeps it unafraid.

Bush and brier may tear his fleece,
But never a whit cares he;
To the meek white sheep he leaves safety and peace,
He must be free—be free!
For the quest he follows is more than food—
He hungers for liberty.

—Florence Van Cleve in N. Y. Times.

A Russian inventor living in Michigan has obtained a patent for a motion picture theatre contained in a railroad car so that it can be moved around the country.

For military purposes a New York man has designed exceedingly efficient wireless telegraph and telephone apparatus that can be carried in a motor cycle sidecar.

GERMANY TO RATION BIG FOOD IMPORTS

SUPPLIES BOUGHT FROM AMERICAN PACKERS WILL LAST ONLY UNTIL HARVEST, FOOD DIRECTOR SAYS.

BERLIN, May 4—"The supplies just contracted for with American packers will help to feed the German people until the next harvest in June or July, but no longer," said Herr von Haase, Director of the Food Division of the Ministry of Economics, to The Associated Press today. "As every one who has tried it knows, nobody is able to live on official rations alone," he added.

German Government food experts already have departed for Hamburg, Rotterdam, Antwerp and Scandinavian ports to examine and pass upon the quality and condition of foodstuffs which are coming to Germany, and their shipment will begin immediately. The whole order covers stocks held at the various ports, except for 10,000 tons of frozen meat, which will be shipped direct from the United States. This meat is expected in Germany in about two months.

Payments for the foodstuffs is to be made in State guaranteed drafts in dollars on New York. They will spread over six equal three months installments, the first installment being due in December.

The contract, said Herr von Haase, is part of a huge re-victualling scheme which embraces cereals, cheese, rice, potatoes, condensed milk, live cattle and pigs, totalling 6,500,000,000 marks. In it, besides the American deal, which alone is equivalent to 2,750,000,000 marks, also will figure arrangements with Holland, Scandinavia and England.

The products imported will not be permitted to enter the free markets, but will be distributed by the public authorities on the basis of the present rationing system, preference being given the urban localities.

The appropriations made by the budget for the cheapening of the necessaries of life will enable consumers to buy commodities at only slightly enhanced prices, which will still be a good deal below cost. Roughly calculated on the basis of 30,000,000 persons in the urban population, each German will be able to obtain from the entire deal 26 pounds of bread, 5 pounds of meat and bacon, 2½ pounds of lard and margarine, 4 pounds of potatoes, 1-5 of a pound of cheese, 2-3 of a pound of rice and two cans of condensed milk for every three persons.

Herr von Haase said that from this it plainly could be seen that Germany under the distribution would not become a land of plenty. He added that the distribution would only be feasible if there were no further strikes or other disturbances to interfere with transportation.

Herr von Haase declared that the speculative element in the deal would be the value of the mark on the dates the installments were due. This, however, possibly could be averaged by cash transactions at current rates, with which the American part of the deal was not concerned.

"The prime necessity," Herr von Haase concluded, "is governing strictly the control of the importation of luxuries so that the country's entire resources can be applied to the purchase of what is strictly needed to feed man and beast."

NATURE'S WAY IS THE BEST.

where the healing of skin diseases and injuries is concerned. That is what the Roman gladiators proved when they applied only the essences of roots and herbs to their sores and wounds.

That is why Zam-Buk is acknowledged so superior to ordinary ointments to-day, because it is Nature's Skin Healer—made from roots and herbs like the balms used by the early Romans, but more scientifically refined, blended and concentrated into convenient form for modern use.

When applied to a skin disease or sore, Zam-Buk's unusual power of penetration enables it to reach the underlying tissues where most of the disease germs are located. These it destroys, and when the diseased parts are medicinally cleansed the healing essences contained in Zam-Buk grow new, healthy tissue which replaces the old and diseased. This is why Zam-Buk cures are permanent. Zam-Buk cures from the root up, leaving no trace of hidden disease to break out again.

Zam-Buk is absolutely pure. It is also free from animal fat and consequently it cannot turn rancid, but will "keep" for an indefinite period. This naturally appeals to careful buyers and in combination with the balm's reliability, explains why Zam-Buk is always found on the medicine shelf of the good housekeeper.

These who have used Zam-Buk say nothing can take its place for eczema, ringworm, salt rheum, boils, pimples, ulcers, abscesses, chronic sores, blood poisoning, piles, cuts, burns, scalds and all skin injuries. 50c box, 3 for $1.25. All dealers, or Zam-Buk Co., Toronto. FREE SAMPLE sent upon application and 1c stamp for postage.

Quick, Painless Way to Remove Hairy Growths

(Helps to Beauty)

Here is a simple, unfailing way to rid the skin of objectionable hairs: With some powdered delatone and water make enough paste to cover the hairy surface, apply, and in about 2 minutes rub off, wash the skin, and every trace of hair has vanished. This is quite harmless, but to avoid disappointment be sure to get the delatone in an original package.

HARD TO COURT IN CROWDED LONDON.

LONDON, May 3.—London's acute housing shortage presents another complication: Hundreds of young couples are declared to have no suitable courting places. This phase of the situation manifested itself in a Court proceeding at Willesden, where a man living in a tenement house complained of courting couples sitting on the stairs.

Y.M.C.A. BOYS' DEPARTMENT OBSERVATION TOUR

Owing to the stress of circumstances the observation tour of the Boys' Department of the Y.M.C.A. which was to have been through the plant of the Canadian Packing Company on Wednesday has been changed to the City Waterworks Pumping Station and the C.G.E. Power House. These tours which are held every Wednesday are of great educational value and every boy in the city is invited to attend whether he is a member of the Y.M.C.A. or not.

All with bicycles will meet at the Y.M.C.A. building as soon after school as possible and those who have not bicycles will take the street car north on George street. Mr. Ross Dobbin, superintendent of the waterworks system will be on hand to guide the party through both plants and explain fully the process of purifying the water supply of the city and the pumping into the mains. As this is something of interest to all and sundry it is to be hoped that the boys will take full advantage of this opportunity.

GETS 25 SECONDS' SENTENCE.

Chicago Negro Serves It While Walking to Courtroom Door.

CHICAGO, May 3. — Twenty-five seconds, one of the shortest seconds on record in the Federal Courts, was imposed by Judge Landis to-day on Jesse Nash, a negro, charged with tampering with the mails.

As Nash walked to the Courtroom door in custody of a Deputy Marshal, the Judge called "time's up," and the prisoner was released. Nash admitted obtaining possession of letters written by his wife to another man. He exhibited the letters in Court, and after reading them Judge Landis fixed the penalty.

Mending is One of Mother's Multiplicity of Duties

Unfortunately, it is usually necessary for the busy mother to leave the mending until some quiet hour when the children have been got off to bed. This necessitates working by artificial light, with unusual straining of the eyes.

It is this straining of the eyes which makes one feel so tired after mending, sewing, shopping, or doing fancy work.

When you think of how constantly the eyes are employed, and of the continual changing of the focus to suit the distance of the object viewed, you may not be surprised to know that the optic nerve consumes an enormous amount of nervous energy.

For this reason straining of the eyes brings on fatigue, and often leads to nervous breakdown.

There is no magical way by which exhausted nerves can be restored

It takes time and patience in order that the depleted nerve cells may be nourished back to health and vigor, but you may be sure of satisfactory results if you use Dr. Chase's Nerve Food regularly.

We know that Dr. Chase's Nerve Food is composed of the vital substances which go to the upbuilding of the nervous system. We have the utmost confidence in its curative properties, because we have seen it tested in so many thousands of cases. But how are we going to prove this to you unless you try it? You are the one to be benefited, so it remains for you to make the test.

Try it when you feel tired out and discouraged. Try it for sleeplessness and irritability. Try it for nervous headache and indigestion. It is not a mere relief, for this reason you must persevere in its use until the lost vigor is restored to the nerves. The fact that the results are both thorough and lasting will encourage you to continue the use of this food cure until you feel strong and well.

Dr. Chase's Nerve Food, 50 cents a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto. The portrait and signature of A. W. Chase, M.D., are on every box of the genuine.

SQUEEZED TO DEATH

When the body begins to stiffen and movement becomes painful it is usually an indication that the kidneys are out of order. Keep these organs healthy by taking

RICHARD HALL & SON LIMITED

THE CENSUS SHOWS WE HAVE GROWN GREATLY IN POPULATION, NOW LET US GROW IN HEALTH AND HAPPINESS

A CITY THAT GROWS ONLY IN POPULATION AND BUSINESS IS NOT GROWING AT ALL— IT IS ONLY SWELLING UP.

The census this year shows a great growth in population, especially in the towns and cities.

We know from the bank statistics and from many other sources, that Canada has grown tremendously in wealth. The people have more savings deposits, more bonds and stocks, more life insurance and more of everything that shows great material prosperity. Prices are all high, but most people seem to be able to pay them and have a surplus.

Now, also we are given figures to show we have more people. Our cities are growing at a rapid rate, so far as population and wealth are concerned.

Is that the only way a city should grow? Should it not grow in beauty, in the things that make life more worth living, in conveniences for recreation, in social activities, in those things which uplift the spirit and especially should it not grow in the promotion of health and the reduction of the death rate?

The spirit of the times is not alone for bigger things and more things, but it is especially for better things. That really is "the great unrest." The people want better things, better living and growing conditions. They are not satisfied merely to see their city grow large in population and business. They want it to grow also in those things which make life more pleasant and more free from sickness and from the distress caused by loss of employment through disease and epidemic.

Everywhere there is this demand for these better living conditions. People are reaching out for them, blindly in most cases, because they do not know just what to do to get them. They do not realize that they can produce these conditions for themselves, if they will only work together to get them. Any city can be healthful and beautiful and a desirable place to live in, if its citizens will pull together to make it so. There is no need to make a commotion, to tear things to pieces, to set one portion of the community against another. What is needed is co-operation and unity of effort on the part of all in the following of some particular and practical plan. Then the thing is done.

This plan exists. It has been worked with great success for a number of years in many other cities. It can be worked this year more successfully than ever. Every city where it has been tried is a better, more healthful and pleasanter city to live in because of it.

This plan which literally transforms cities is the Clean-Up and Paint-Up campaign which is nation-wide in its scope and which this year is doing its work in thousands of cities and towns. It cleans the streets, cleans the alleys, cleans the back yards and basements, cuts the weeds and carts away the cans and refuse from vacant lots, fills up or drains stagnant ponds, stops the strewing around of garbage, clears away the refuse heaps where the deadly house fly breeds and the pools where the malaria mosquito propagates, makes thrift gardens and flower pots and window boxes, keeps grass lawns neat, plants and trims shade trees, enforces the milk and food laws, and paints up fences, trellises, garages, porches and houses. All these things create more sanitary and healthful conditions, reduce sickness and loss of employment, add to the joy of life because of more beautiful surroundings, increase the value of property, reduce fire losses and insurance premiums, create new pride in the city and a new civic spirit which leads to further civic enterprises, and impart to both old and young, new interest and activity in all municipal affairs.

We did wonderful things in the war, wonderful as a nation and specially wonderful in the spirit and deeds of our soldiers. Probably our nation has now more vigor, initiative and creative power among its people than ever before. Now let us turn this great force in to making living conditions better throughout the nation, in making life pleasanter and freer from sickness and sorrow. If ew put into this effort but half the zeal and determination, but half the patriotic spirit that we devoted to making the world a "fit place to live in," we shall soon have the most beautiful and healthful cities in the world.

We ought to have them. We have the money, the intelligence, the love for good things. All we need is the co-operative spirit, the ability to work together democratically and loyally for the common good. With this spirit the Clean-Up and Paint-Up Campaign can be made a wonderful success, the city can be made more beautiful and prosperous, the amount of sickness and death rate can be appreciably reduced and everyone can be happier in the fuller enjoyment of his life and work.

PROCLAMATION

Clean Up and Paint Up and Keep It Up.

Know all Men, Women, and.... Children by These Presents

THAT, Whereas the NATIONAL CLEAN-UP AND PAINT-UP CAMPAIGN has resulted in many advantages to community life in Peterborough,

In safeguarding HEALTH;
In promoting THRIFT;
In furthering FIRE PREVENTION;
In stimulating CIVIC PRIDE; and
In making the "HOME AND CITY BEAUTIFUL."

NOW, THEREFORE, Be it known that plans have been perfected for a thorough Clean-Up and Paint-Up Campaign

In PETERBOROUGH,

Beginning SATURDAY, 1ST MAY.

The date to mark the opening of a real campaign of persistent and constructive effort in cleaning up and keeping it up. In this worthy movement we urge each citizen to do his or her part to make our community

CLEAN HEALTHY THRIFTY SAFE AND BEAUTIFUL.

FLIES AND MOSQUITOS ADD NOTHING TO HEALTH AND HAPPINESS, NOR DO DIRTY STREETS AND REFUSE.

HOUSES SCARCE THROUGHOUT WEST

RENTS ADVANCE THIRTY TO FORTY PER CENT. IN VANCOUVER.

VANCOUVER, May 3. — Labour conditions west of the lakes are more satisfactory than for years. This is the general testimony on the Prairies and in the mountains. Those disquieting angles that were so general more than a year ago, marking the preparation for the strike which later convulsed the west are entirely absent. Nothing approaching last year's aggressive action among labour unions is anticipated this year. In fact, unemployment is not abnormal except among the returned men. This is the only menacing problem on the horizon in the four western Provinces. British Columbia takes care of more "casual" labour than the Prairies, and this class is very generally employed at present and has been all the winter.

Soldiers Unsettled.

Among the returned men there is still much talk of dissatisfaction, in spite of the very large number that have been accommodated on farms, both on the Prairies and the coast Province. With absence of employment such as they desire is mixed the question of improper housing and constantly mounting cost of living. This is more pronounced on the Prairies than on the coast.

Housing Shortage.

It is practically impossible to rent a house in any city or town west of the lakes, and desirable rooms are just as scarce. Where one is occasionally found, the rent demanded is out of all proportions to pre-war times. For instance, all hotels, cheap and expensive, have more than doubled the price of rooms. Five dollars a day in the best hotels, and $2.00 to $3.50 in the less expensive places, without meals, is the rule. Rooms by the month in boarding-houses are $1.00 per night and higher. In the first-class hotels a meal costs from $2.00 to $3.00, and in cheap places from 75c to $1.00. Even in the cafeterias a hungry man has trouble in making out a meal on less than 75c.

Rents Advance.

Rents were very generally advanced 30 to 40 per cent. through the west with the New Year. This condition must obviously get worse before it can improve. There has been no building since 1914, and with the price of lumber and all material double, treble, and still advancing over pre-war prices, it is said there can be little building this year, except possibly through the Government housing plans.

SUBSTITUTES FOR POTATOES

Rice; boiled, steamed.

Casserole of rice and meat; 2 cups chopped meat or fish; 1 teaspoonful salt, 1 egg, ¼ teaspoonful pepper; ¼ teaspoonful onion juice; 1 tablespoonful chopped parsley; ¼ cup fine bread crumbs, 4 cups cooked rice.

Season the meat, mix with crumbs and beaten egg and add enough to make stock or boiling water to make mixture, pack easily. Line a greased mound or dish with 3 cups rice, fill with meat, cover with the remaining rice, cover tightly and steam 45 minutes. Serve with tomato sauce.

Bananas; fried in fritters or salad.

Banana Salad—Remove skin from banana, scrape, cut in half length wise, roll in chopped peanuts, serve on lettuce leaf with dressing.

Registration fees for automobiles in Auckland, New Zealand, costs $2.43; with an additional charge of $1.90 for two license plates.

Sixty million dollars will be spent upon the construction of good roads in the province of Ontario during the next five years.

EXCESSIVE ACIDITY

is at the bottom of most digestive ills.

KI-MOIDS

for indigestion afford pleasing and prompt relief from the distress of acid-dyspepsia.

ACUTE ECZEMA ON BABY'S HEAD

Face, Neck, Arms. Terrible Sight. Itched And Burned. Cuticura Heals.

"Baby was two months old when I noticed little pimples on her head. They kept getting worse and spread till her head, face, neck and arms were one mass of eruptions, burning, itching, and bleeding. I was told it was acute eczema. I had to sew up her arms and legs in linen. She was a terrible sight. For one year I had no rest night or day.

"We got Cuticura Soap and Ointment. In less than two weeks she began to mend and in a few months she was healed." (Signed) Mrs. Boorman, 243 McDonnell St., Peterboro, Ont., April 19, 1919.

Stop the use of all doubtful soaps. Use Cuticura for all toilet purposes.

Soap 25c. Ointment 25 and 50c. Sold throughout the Dominion. Canadian Depot: Lymans, Limited, St. Paul St., Montreal. Cuticura Soap shaves without mug.

YOUR DIAMOND CAN BE RE-SET

One great advantage that the diamond possesses is that after years of faithful service in one style of setting, it may, at comparatively trifling cost, be re-set or made into a perfectly new and fashionable piece of Jewelry. May we show you how

170 Charlotte Street

DO YOU EXPECT TO LIVE LONG?

The facts are against you. In one Life Insurance Company during three months, Sixteen died of OLD AGE, 2736 died at PREMATURE AGES, and each one was found when the Insurance was issued.

Each one had just as good a right to expect to live to old age as you have.

Another Insurance Company shows that out of Claims paid last year, 6.8 per cent. died the FIRST YEAR, and 72.5 per cent. died INSIDE OF TWENTY YEARS.

Note well that the Men and Women who died the first year left approximately fifty times as much to their heirs as if they had "saved" the premium.

THE SUN LIFE OF CANADA, with over $105,000,000.00 of Assets, is the logical place to Insure.

WORLD HAPPENINGS

(Canadian Press.)

CHICAGO, May 4. — Nineteen thousand switchmen who went on strike signified desire to return to work if their seniority rights are restored.

FACTORY COLLAPSED.

(Canadian Press.)

BURLINGTON, Vt., May 4.—Two were killed and unknown number injured in collapse of the Hoag Toy Company factory yesterday afternoon.

BRIDGE CLOSED.

(Canadian Press.)

ELPHASO, Texas, May 4.—International bridge between the United States and Mexico closed yesterday—no transportation is allowed across the border.

OVER FIFTY KILLED.

MUSKOGEE, Okla., May 4.—More than fifty are known to be killed and over a hundred injured in destruction of the town of Peggs by a cyclone.

TWO KILLED.

(Canadian Press.)

MONTREAL, May 4.—When five tons of explosives went up at the Canadian Explosives Company yesterday, James Moran and John Landragan were killed and a moving train which was passing on the Grand Trunk was stopped by the concussion.

Spring furs often appear in cape form and mole is a favorite skin.

WILL CELEBRATE THE EVENT

The Hebrew population of Peterboro have decided to celebrate the event of the declaration of a Zionist State in Palestine on Sunday, May 9, instead of Wednesday as previously announced. This event has been postponed to coincide with the date chosen by Toronto and Ontario Jewry.

FARMERS TO RAISE MILLION IN PROVINCE

Mr. Isaac Naylor of Fenelon Falls, is busy organizing the various Farmers' Clubs in the Counties of Victoria, Haliburton, Peterboro, Durham and Northumberland for a big financial drive which begins about the middle of June and will continue for one week.

The objective aimed at by the farmers of the province is $100,000, which is to be used by the Farmers' Co-Operative Co., Toronto, for the purpose of establishing wholesale houses, etc.

The objective set for Victoria and Haliburton it is understood is $25,000. This is to be raised by the sale of $25 shares.

The CRESSMAN Company Limited

MILK PRODUCERS FAIL TO AGREE ON A PRICE FOR SUMMER MONTHS

BURNED THE MIDNIGHT OIL IN AN ENDEAVOR TO REACH A SOLUTION OF THE DIFFICULTY—MEETING ADJOURNED.

The meeting of the Peterborough Milk Producers' Association called to discuss and collaborate with Mr. G. A. Gillespie, representing the Milk Products Company, over the price of summer milk for the producer, preferred to discuss rather than settle the price of milk.

Mr. F. H. Stonehouse, president of the Dominion Milk Producers' Association, was present, and addressed the meeting, after which it resolved itself into a general discussion with those present expounding on what their own personal experiences were on milk producing.

The concensus of opinion seemed to be that they were not making any money, and exasperation against the present price prevailed, but when it came to either settling the price themselves or accepting Mr. Gillespie's offer, the enthusiasm over the purpose of the meeting had waned to a marked degree, and with the hour hand of the clock approaching 12, all thoughts as to their profits seemed merged under the all powerful one of getting the meeting over.

In spite of the president's attempt to start something, both motions were shelved in the rush of conversation and discussion that flowed freely all evening, and the meeting was adjourned at midnight with nothing as far as fixing the price accomplished, but the meeting was of benefit to both the milk producers and the distributors, and Mr. Gillespie, in the discussion that was carried on openly about their respective businesses.

Large Attendance.

A very large attendance was present at the meeting in anticipation of a lively session. Mr. R. B. Rogers occupied the chair. He explained the purpose of the meeting in a few words, introducing Mr Stonehouse, who addressed the meeting last week.

"The question of a milk price is a vital one," said Mr. Stonehouse, and continuing outlined why the price should be the same or higher than winter prices. "It costs just as much to produce it now as in March or April. The cows will not be turned out till 1st June." He explained that the flush of milk at this time of the year depressed the market, and when the farmers were getting an opportunity to make a little money the prices were reduced for the summer season. "We have been trying to lengthen the winter season to 7 months and shorten the summer season to 5 months. In several places a 4 and 8 months' system has been adopted, removing a burden off the shoulders of the farmer. I think 3 months should be the summer season," he said.

"Serious Problem."

"Our country is facing a serious problem. The farmer has been looked on merely as a producer of food, whether he is making money or not. He must be put on a business basis. While we have a few men who are awake to the situation, the majority of dairymen are not. It is not only the duty of every milk producer to join his association, but we should all urge our neighbours to do the same."

Mr. Stonehouse spoke on the need for co-operation and everone sharing the burdens of office equally.

Mr. Stonehouse explained in price fixing both the cost of production and the market conditions must be considered fully. He spoke on the reticence of the manufacturers on their cost of manufacturing and profits. Mr. Stonehouse pointed out the statements of Justice Mulock that the Ontario Dairy Association of Hamilton was a combine and reprobated the allegations.

Summer Prices.

"But now we have approached the summer season and have been making the mistake of comparing the summer prices with the winter. In arranging prices this summer, there was the expectation of the consumer that prices would fall. Mr. Stonehouse could not understand how this idea became rampant, when the producers faced a more serious situation as regards feed than they had for years. He believe dthat prices should be nearly uniform throughout Ontario. In Toronto the prices for the four months beginning May are: In May, $2.70 a can; June, $2.35; July, $2.65; August, $2.70—an average of $2.60 per can, or an average of about $3.13 a hundred. In Hamilton the average price a hundred is $2.64, or $3.20 a can. In Montreal the price is $2.56 a can. In London $2.30 a can. Brantford is $2.64 a can, Cobourg is $2.53 a can. "All prices are delivered at the dairy," he said. In London the producers had worked at a loss. The Fair Price Committee refused to take any stand. "But we are organising now," he emphasised.

"Must Organise."

"I wish to say this: Until we have thorough organisation we are not going to get any place and the consideration we should get."

Mr. Stonehouse warned them not to expect everything to come in a day. "We are travelling just as fast as we feel able to travel. If we went too fast and disaster resulted or we overstepped the bounds and hurt the organisation, it would be worse." Mr. Stonehouse emphasised the purpose of the organisation—to raise the standard of the efficiency of the producers. The producers should consult together on farm improvements for the betterment of all.

Mr. Stonehouse said the condenseries and powdered milk factories of Ontario were paying $2.50 a can for the first 15 days of may, in reply to a question.

The members were called upon by the president to give their opinion on the price.

Mr. McIntosh held that prices should be much the same as Toronto, for feed prices are practically the same.

The question of the amount of milk sold in the city came up. Mr. G. A. Gillespie estimated that the amount distributed at between 5,000 and 6,000 quarts His company distributed 1,700 quarts a day. Explaining prices and conditions, he spoke of the serious situation his company is faced with and the problem before them to-day. Mr. Gillespie laid stress on foreign competition and the slackness of their markets, which has considerably affected their trade, and said they could not give any higher price.

Mr. Stonehouse explained to the president of the Peterborough Milk Products Company the way the producers stood in the matter—with feed and costs of production they were making no money. While they wanted to set a price fair to both the producer and distributor, they were facing a serious situation, and with no money in keeping cows the business was at a standstill.

Mr. Gillespie's offer was $2.35 a hundred or $2.10 at the stand. The winter prices were $3.50 and $3.25 respectively. He stated that he would be willing to sell his milk on the test basis. "We have only been averaging about 3 per cent. butter fat this winter." He stated that the amount of milk on the market had lowered the price.

Mr. McIntosh held that as long as the cattle were in the barn they should get winter prices. "All we want is a fair price. We can't feed them any cheaper than last December. I for one wouldn't be satisfied with $2.10.

Mr. Connal dwelt on the scarcity of feed and everything. "There is no money in milk at that price."

Newspaper Report.

Mr. Shields reiterated the words of Mr. Connal, emphasising the words of Mr. Connal. Mr. Gillespie said he never gave any information willingly

WILL OFFER THE G.W.V.A. BAND TO THE CITIZENS

ASSOCIATION VOTES $1,000 UNIFORMS PROVIDED THE CITY WILL MAKE A SIMILAR GRANT TO THE VETERANS' ORGANIZATION.

The most important business that came up at last night's regular meeting of the Peterboro branch of the Great War Veterans' Association was in connection with the G.W.V.A. band, over the future of which there was a most interesting discussion, culminating in the decision that the organization be converted into a Veterans Citizens' Band and that the G.W.V.A. should make a grant of $1000 for uniforms provided that the city council gives this band a grant of a similar amount.

This offer will be brought before the council at the next meeting and a big deputation from the G.W.V.A. will urge that the suggestion be adopted.

In the discussion that preceeded this decision it was announced that the Machine Gun Brigade were very anxious to secure the band for their unit, and had made an offer to the organization that had very seriously been considered by the members of the G.W.V.A. band. One factor that would influence their decision in this respect was that they would be provided with uniforms by officiating with the Machine Gun Brigade. Not only are the khaki uniforms that have been used by the band in a very bad condition but there is the further objection that in order to use them upon any occasion it is necessary to get official permission from military headquarters at Kingston. It was desirable therefore that they should be assisted in getting new uniforms and the meeting decided to make a grant of $1000 from the G.W.V.A. Funds for this purpose provided the City Council would also grant $1000 the band to be known as the Veterans Citizens Band.

Exorbitant Rents.

There was an animated discussion over the rental question and a number of the members instanced their own experiences with what they considered grasping and profiteering land lords. It was felt that the increases in many cases were unjustified, being far in advance of the increase in taxes.

It was decided that a deputation should wait upon the City Council at the next meeting to see if the Aldermen can afford some measure of relief from present conditions

The Salvation Army wrote asking the Veterans to supply a team of twelve men to assist in the Army's drive for funds this month. The Secretary was instructed to endeavour to get twelve volunteers for this campaign.

MILK PRODUCERS FAIL TO AGREE

(Continued from Page 7.)

to the repbrter, and did not know to whom he was speaking, and did not care to speak on the subject. Referring them to the letter in the paper, his attention was brought to the newspaper report on the prices of milk and the interview with the Examiner representative. When questioned on his company lowering the price of milk to the consumer, he said they had to, because of the other dealers doing it.

In the cross-question fired at Mr. Gillespie, he explained the way the high cost of sugar had hit them and the difficulties in securing a market for condensed milk abroad. On all sides business was uncertain, and his company was making no money.

Mr. Moore and Mr. Wilson claimed that there was no money in the business now, with your own labour thrown in.

"You don't make $1.00 an hour?" one member asked.

"You bet we don't."

Another member present said that his cows did not pay their expenses from December till the middle of March. His whole herd of ten did not make $1.00 a week. He felt that in the summer he should get back a little of what he lost.

Higher Standard.

Mr. Gillespie urged them to adopt a higher standard of production. "If a cow is going to make any money, she should give 10,000 pounds in a ten-months' season.

Mr. R. B. Rogers and the milk producers were considerably enlightened at some figures produced by Mr. Gillespie on his profits on his cows.

Mr. Shield agreed that Mr. Gillespie's record was an ordinary one, and could be done by any of them.

Mr. Rogers advised the members to not forget them. "It's just how you go at it and apply yourself," Mr. Gillespie said.

Mr. Harold Sanderson gave some figures to show his profits from his herd were not very large.

Mr. Shield contended that he might be feeding them too much and getting no returns.

The returns of Mr. Charles Moore were about the same as those of Mr. Sanderson.

Mr. White, a well-known dairyman, said that he had made less money this year than in any previous year he ever did.

"I think, Mr. Rogers, if you get all these men figuring, there will be no milk next year," said a voice at the rear.

Mr. Gillespie would not guarantee any more over $2.35 for June or July.

Mr. Stonehouse said it was about the same as what other condenseries were paying

Mr. White: I think Mr. Gillespie should not have the setting of the price. We should set our own price. I would move that as a motion."

"Go ahead and set it then," said Mr. Gillespie exasperatingly. Mr. Gillespie said that last year his company had been deprived of a due profit because of the farmers delaying setting the price.

"I'll admit we made a mistake in not setting the price earlier," said Mr. McIntosh.

Supply and Demand.

Different opinions were expressed by all present. "I think supply and demand should regulate the price," said one. "Mr. Gillespie should set the price," said another. "It's time the milk producers had a say in the matter," was the opinion of several.

Inquiries into the spread between the amount paid the producers and the retail price ensued. The producers felt the distributors were getting the biggest share of the profit and vice versa.

The motion of Mr. White was seconded by Mr. Harold Sanderson, and the mover expressed himself as in favour of setting it right away when Mr. Gillespie was present.

The consumer became the butt of the producers' remarks now, and some felt that they had been hitting at the wrong party when hitting at Mr. Gillespie. They felt the consumer should have to stand for the increased prices they want.

Mr. Gillespie said he would give them a better price for June if he possibly could.

A motion of Mr. Charles Moore that Mr. Gillespie's price be asked assumed no definite form, and both motions were finally cast to the winds with nothing definite accomplished.

Although dissatisfaction was general over the outcome of the meeting, a marked uneasiness was seen as midnight approached, and when the meeting at last broke up, it was with a sigh of relief that the once irate dairymen pulled on their overcoats, everybody blaming the other fellow, with the Peterborough Milk Products Company, the consumers, the citizens, and the press getting raked all around the coals—trying to discover who was making money.

LIVER TROUBLE AND HEARTBURN

All liver diseases of whatever character are diseases of the highest importance and demand close attention.

The liver is the largest and one of the most important organs of the body. Its duty is to prepare and secrete bile and to serve as one of the filters of the body, cleaning it from all impurities and poisons. Therefore when the liver gets out of order it is the starting of trouble in nearly every part of the body.

Keep the liver active by using Milburn's Laxa-Liver Pills and you will have no heartburn, constipation, biliousness, sick or bilious headaches, dull, yellow eyes, brown blotches, sallow complexion, coated tongue, jaundice, catarrh of the stomach, or the painful, protruding, internal or bleeding piles.

Mrs. John Kadey, Chipman, N. B., writes: "I have used Milburn's Laxa-Liver Pills for some times and can recommend them to anyone suffering from heartburn and liver trouble. I tried other remedies but they only relieved me for a short time. I always recommend Laxa-Liver Pills to all sufferers as I think they are a valuable remedy."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Extra Years of Easy Riding

Many a bright, shiny-looking bicycle is a gay deceiver! It is merely built to sell. In a few short months it becomes a chipped, rusty-looking object that runs as hard as it looks.

On the other hand, C. C. M. Bicycles retain their looks and continue to run easily for years and years. Many in use for 10 to 20 years are still running well.

C. C. M. Bicycles depreciate more slowly than ordinary bicycles because they are made of better materials.

For example, C. C. M. case-hardened bearings are so hard a file cannot cut them. That is an assurance of extra long years of easy running.

C. C. M. smooth, highly-polished nickelling over rust-proof copper and C. C. M. brilliant, waterproof, triple enamelling mean a sparkling, bright finish with years of durability.

When you decide to buy a new model you can always obtain a good allowance for your used C. C. M.

This year's models have the new *Hercules Positive Drive Brake*—the Coaster Brake without a side arm. See them at your local dealer's.

GROW YOUR OWN FURS IN YOUR OWN BACK YARD

PARIS, May 4.—"Have you a little fur farm in your own back yard?"

This will not be an unusual question when—and if—Dr. Raymond Itaot has his way. The famous surgeon, who offers to cure John D. Rockefeller of baldness for one fiftieth of the oil magnate's daily income, says the day is coming when the most valuable furs, such as those of the silver fox, lynx or otter, will be transplanted to ordinary domestic animals, such as cats, dogs, rabbits and donkeys, by a skin-grafting operation. Then everybody will be able to "grow" a set of wonderful furs at a ridiculously low cost

SPORTING NEWS, VIEWS AND GOSSIP

GOOD BASEBALL MAY BE A SCARCE COMMODITY IN THE PETERBORO BASEBALL LEAGUE

SOME OF THE TEAMS EXPERIENCE DIFFICULTY IN FILLING UP THE GAPS IN THEIR RANKS—A GLANCE OVER THE ROSTER.

With the opening of the City Baseball League two weeks away, a glance over the rosters of the four clubs does not bring much satisfaction to the fan who looks forward to plenty of good baseball, and a tidy race for city honors. Unless the ball moguls show a broader spirit, there will be only two first division clubs and at this stage of the season, it looks like the Thistles and Canadian Generals. The Veterans are coming along very well and in Wade and Morris will have a battery that will take a lot of beating. But in filling the infield and outfield positions, Lew Lebarr is meeting with some difficulty. Bill Jackson was out last evening.

Canadian Woolens Shy 5

Canadian Woolens are not yet able to report the signing of a complete battery. They have Starry who caught for the factory team last season, but have no pitcher. Manager Mulhall has several good outfielders, in Heenan, Morrison, and Gilchrist but is shy of infielders. Two promising players, Russell and Mulhall, the latter a son of the manager, are about ready for third base and shortstop respectively, and Jimmie McMartin is a reliable utility performer.

Others Might Ease Up

Here are two teams which with a little assistance could be brought into City League form, and thus become able contendors in the race. Both the Thistles and Canadian Generals, have, at the present moment more players than they need, and it would look like good business to ease up a bit. Canadian Generals have two players for every position on the diamond, and Thistles are as well off. Not all the players have signed certificates, and the fortunate ones will not be known definitely until the opening of the league on Saturday, May 15.

Thistles Have the Edge.

On the other hand if it is to be a two-team fight, Thistles and Canadian Generals will be in a position to put up one grand struggle. Thistles look to have the edge, with Swanston doing the receiving from Kirn, Harrison and McClintock. But Swanston isn't a certainty. He has expressed a desire to take a rest this season, and if the weather doesn't improve, he may stay out. Harrison is slated to alternate in the box and at first base, second base and shortstop talent has not been selected as yet, but Holyman or Murray will play third. Roy Cherrett has not signed with either team. Should he decided to cast his lot with the Thistles, he will probably be placed at second base. Butcher is another good one available for the infield. In the outfield, Shaughnessy will go to left, Adams to middle, and several other players will fight it out for right field.

Generals have plenty.

Canadian Generals have Bob Ross to care for the slants from Lornie Rose and "Bun" Frost, and no end of well known city league players and some rookies to back them up on the pillows and in the garden. Walter Jackson will handle one of the more important assignments and Ray Rose is expected to land the second base job. Roy Cherrett would be welcomed at shortstop.

ENGLISH VARSITY RUNNERS WIN THE TWO-MILE RELAY BY FORTY YARDS

FOUR OXFORD-CAMBRIDGE RUNNERS SCORE GREAT TRIUMPH AT UNIVERSITY OF PENNSYLVAIA CARNIVAL—THOMPSON OF DARTMOUTH WINS TWO-MILE RACE.

PHILADELPHIA, May 1.— English 'Varsity runners scored an international triumph here Saturday when the combined Oxford-Cambridge University team of half-milers defeated the leading college quartets of the United States in the two-mile championship relay race, the feature contest of the University of Pennsylvania's 26th annual relay carnival.

The visiting collegians showed that their victory was in no manner a fluke by taking the lead in the third quarter and finishing in a new world's record time of 7 minutes 50 2-5 seconds for the two miles.

The four runners, W. G. Tatham, Cambridge; H. B. Stallard, Cambridge, W. R. Milligan, Oxford, and B. G. D. Rudd, Oxford, chipped 2 3-5 seconds from the previous record which was jointly held by the Irish-American A. C. team, consisting of Riley, Bromilow, Sheppard and Kiviat and the Yale University.

Up the stretch and around the turn swung the contestants closely packed, and it was not until the opening quarter had been run that there was a break in the group. At the close of the first circuit of the 440 yard track Mayer of Cornell, was setting a fast pace with Spink, Illinois, second; a Notre Dame man third and Tatham of Cambridge, a few feet apart. The same order was maintained at the half where a fresh combination took up the running. In the second half mile Stallard, the real hero of the race, began a sprint which landed him in second place at the 3-4 mile mark a few feet behind Stanton of Cornell. Rounding the back stretch the Englishman lengthened his stride and shot into the lead and finished the mile with a margin of about eight yards over Stanton with Schuh, Illinois, third.

Stallard Collapsed.

Stallard collapsed as he crossed the line in a temporary faint. Colonel Arnold Jackson, manager of the Oxford-Cambridge team and winner of the famous four mile victory for Oxford on the same track in 1914, assisted Stallard into the infield where he quickly recovered and was able to cheer his teammates in the final relay. Milligan of Oxford, increased the lead that Stallard gave him and was leading by thirty yards over Abreu Cornell, and Emery, Illinois, at the mile and a quarter. The latter made a game try and fought his way into second place about ten yards behind Milligan when the batons were passed for the final half mile.

Rudd, who is Rhodes scholar from St. Andrews, South Africa, at Oxford and one of the best all-round runners developed in England in years, set out to widen the gap between Yates, Illinois, finalist, and drew away rapidly until it was evident before he encompassed half the track that nothing but an accident could prevent him from winning. Stride by stride he forged ahead until he was fully forty yards in front of Yates when he broke the worsted cord at the finish. Sarl Yeby of Pennsylvania, also made a great sprint in this quarter, and won third place for the Quakers by passing John of Cornell, who was well back but still ahead of the Ames finalist.

The average time for the four English half milers was 1 minute 57 3-5 seconds. Rudd ran the final half mile in 1 minute 54 3-5 seconds, 2 2-5 seconds above the world's record held by Meredith of Pennsylvania.

New World's Record.

There was none of the sensational thrill of the wonderful Jackson-McCurdy shoulder to shoulder duel down the track, which marked the finish of the 1914 race between Oxford and Pennsylvania, but the English victory elicited a great round of applause which swelled into a perfect roar of appreciation when it was announced that the British invaders had established a new world's record which is likely to stand for years.

The winning of the two-mile championship for which the English collegians had crossed the ocean wiped out the disappointment which they must have experienced at the easy manner in which H. P. Jeppe was defeated in the 120 yards high hurdles. Jeppe, who is also a South African Rhodes scholar at Oxford, ran second in the slowest heat of this event and was therefore shut out from competing in the final, as only the heat winners qualified. F. Naber of Wabash, was the winner of this heat which was run on the grass in 17 sec-

onds flat, while in the final, the Canadian, Earl Thomson of Dartmouth, captured first place in 15 1-5 seconds.

All the athletes and athletic officials agreed that the combined Oxford Cambridge team was a remarkable quartet of runners who would be hard to defeat under any circumstances.

In Saturday's contest the English team lined up at the start with rival quartets from seven colleges or universities of the United States. In the group were Pennsylvania, Illinois, Ames, Cornell, Yale, Notre Dame and Massachusetts Tech. Conditions were almost ideal for the race. A warm sun shone from a cloud flecked sky and the wind, which blew down the stretch, was not strong enough to impede the runners. A gathering of more than 20,000 spectators filling every seat and foot of standing room in the Pennsylvania Athletic Amphi-theatre let out a great sigh in unison when the starter's pistol sent the first eight runners away on their half mile journey.

SPORT FROM THE EXCHANGES

LindsayWarder: There promises to be plenty of baseball in Lindsay during the coming season. Already a Junior League has been formed with the age limit at 20 years and under, but although baseball players and fans realize that this is a good venture and worthy of support, nevertheless it is felt that the Junior League is more or less a student's league, and many young fellows, under 20 or slightly over, are barred from playing baseball because they do not happen to belong to the student body in Lindsay. It is also thought that the above League does not give baseball in the months when baseball is generally at its prime, namely June, July and August, as their schedule ends on June 6th.

A Town League.

Consequently a meeting will be held this week of all fans and players interested in organizing an Intermediate Town League, the same to be composed of four teams with no age limit. In this league it is hoped to include all young fellows under 20 who do not go to school, and do not belong to any particular organization. It will also include players too old for the Junior League, and yet not fast enough yet for the Central Ontario League.

This League it is understood would affiliate with the Ontario Baseball Amateur Association, the winner to play off with the winner of the Whitby League, or the winner of the Trent Valley League.

In Cobourg.

Cobourg Star: Baseball sports have been having a few workouts, and with the opening of the town league next week the season will be under full swing. Lindsay opens the season in the O.B.A. here on May 24, and to get off to a good start by a win the team will have to put in hard practice. With Manager Mullhall at the helm Cobourg should make a better showing this season.

Most of the teams in the league, if rumors are true, will have outside help this year. So far Cobourg has made no attempt to 'ring in' and will rely on home talent. If baseball is to go ahead the home brew way is the only way. The other way has been tried in Cobourg quite often but the results were not any too satisfactory—financially, or in the standing of the club at the end of the season.

District League.

Beaverton.— An enthusiastic meeting of the followers of baseball was held in the town hall, Sunderland, on Tuesday evening, which was attended by delegates from Woodville, Lorneville, Cannington, Sunderland, Beaverton, Uxbridge, Sutton and Port Perry.

After some discussion it was decided to form a tri-country league, with north and south divisions, the winners in each division to contest the finals.

An organization was formed with Lieut. M. H. Roach, Beaverton, President A. O. Mix, Cannington, Vice-President; G. Brabazon, Cannington, Secretary-Treasurer.

It was decided that the Sharpe Cup, now held by Sunderland, should be played for by the league.

LOCAL FOOTBALL GOSSIP

MACHINE GUN AND CALEDONIANS PRACTICE TO-NIGHT—OTHER ITEMS OF INTEREST.

Semi-official news in regard to the composition of the Machine Gun team to meet the Caledonians on Thursday evening at the Oval is causing quite a stir in football circles. They will have a number of new players for this game and expect to divide the points. The team will practice to-night at the Oval.

A number of the Great War Veterans' players have reported themselves unable to leave their respective homes owing to the injuries received in last Saturday's game.

Sharman, of the Veterans, was an interested spectator last Saturday. It will be a long time before he is back in the game because his fractured toe is not making much progress.

All the players of the Caledonian team will practice to-night at the Exhibition grounds, 6.30 prompt. The team will be selected after the game for the Thursday evening event with the Machine Gun team.

No less than seventeen clubs in Toronto have registered to participate in the Ontario Cup competition. Will Peterborough be represented?

AT THE ALLEN

The Thunderbolt, starring Katherine MacDonald at the Allen Theatre, replete with unusual situations. The twentieth century method of settling a feud, as compared with the systems used generations ago, is strikingly brought out in the Thunderbolt, starring Katherine MacDonald, which will be seen at the Allen Theatre for the last time to-day. It is a romance of the strangest marriage on record; in a most unusual story ever told. Katherine MacDonald is acclaimed to be the most beautiful woman on the screen, and is supported by an all star cast.

THE RASCALLY NEWSPAPERS

(By J. E. Middleton, in Toronto (Globe.)

"Newspapers are no longer important," says a Toronto business man. "They have declined in influence within my recollection. The public dislikes and mistrusts them. They have become business enterprises trading on the high reputation of the old journalism, but empty of rational principles."

He added that an industrial plant of some dependable sort was of more advantage to the country than any newspaper could ever be.

It is always good to hear praise of the old journalism. Its turn for praise has come. The contemporaries of that stately, but virulent press were not generally thrilled by its excellence.

Carlyle's ironical phrase, "the Able Editors," is the measure of his scorn for the journalism of his time. Walter Bagehot said of the newspapers of 1855, "Having such newspapers — you might say no newspapers — is dreadful." Perhaps the most virulent attack ever made upon the daily press was directed by Charles Dickens against the New York papers of 1840. Of course he named them—in accord with his well-tried general method of nomeclature: The New York Sewer, The New York Stabber, The New York Spy; The New York Private Listener; The New York Peeper, The New York Plunderer, The New York Keyhole Reporter, and the famous Rowdy Journal, edited by Colonel Diver of lustious memory.

In Canada every little while, and sometimes more often, a university professor throws a javelin at "The Press" while continuing a most cordial relationship with all the editors he knows. Politicians are wont to revile all newspapers which disagree with them, and neglect all that happen to agree with them. Clergymen arise in gowned majesty or in ungowned strength to deplore the unhappy trend of the press of our day. Labor leaders snort defiance at the "kept mistress of capitalism," and capitalists growl at "the careless fomenters of mob violens."

Editors apparently have been in hot water since newspapers were invented, yet newspapers have thrived and editors—now safely dead—have had their lives written in convenient eulogy. One begins to suspect that the only good editor is a dead one, and the only reputable daily journal is one that was printed twenty years ago.

Perhaps the critics of newspapers are in reality criticizing the news of those abnormal happenings in the life of the community, the nation and the world which are collected and printed every morning. It may be admitted that a murder is an exhibition of bad taste, that many of the vagaries of the human animal have an unrighteous or even a barbaric trend. Yet all people, the cultured most of all, desire to know about such unwholesome efflorescence of the human soul.

Moral leaders may shake their heads over the newspapers and ask why they do not tell the story of the fine, normal life of the community. Of course the answer is that it is not news. A church quarrel will occupy columns of space in a newspaper. An eloquent and powerful sermon may not occupy two lines. Why? Because people are interested only in the unusual.

Once a clergyman complained to an editor concerning this state of things. "What do you want me to print?" he asked. "The truth, sir, the uplifting truth," was the minister's stern reply. Very well, the editor answered, "tomorrow I shall insert an item announcing that the Rev. John Jones, B.A., B.D., of St. Jude's church, was sober all day yesterday" The clergyman went away steeped in thought.

A good many people dislike to hear or see anything unpleasant. These are the folk who never walk down a mean street, and who keep away from the hospitals. Perhaps those who fashioned such blinders of sensibility find the daily press an affliction, and an irritator of raw nerveends. If so, so be'it, but one would imagine that business, social or political leaders would have more sense.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural colour and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

The manufacture of yeast from buckwheat is a new industry for Denmark.

Only filtered air is permitted to enter a large electric plant in Europe —the machinery being protected from dust by wire screens.

NO SERIOUS LABOUR TROUBLES IN WEST

Negotiating for increases and Better Working Conditions.

(Canadian Press.)

WINNIPEG, Man., May 4.—The opening of spring finds Western Canada practically free from serious labor disturbances according to reports available here. Many labor organizations are negotiating with employers for new wage scales, which involve large increases and improved working conditions, but no strikes have been called and no deadlock in negotiations reported

AN INTERESTING LECTURE IN ST. PAUL'S CHURCH LAST NIGHT

REV. ROBERT JOHNSTON, OF MONTREAL, WAS THE SPEAKER—"SETTING THE WORLD ARIGHT."

Last evening at St. Paul's church, Rev Robert Johnston, D. D., of Montreal, whose eloquent sermons delivered in connection with the anniversary services of the church the day previous, attracted wide interest, gave an interesting address on "Setting the World Aright," under the auspices of the Ladies' Aid of the Church.

In introducing the speaker, Mr. H. R. H. Kenner, who occupied the chair, announced that the subject upon which Dr. Johnston had originally intended to speak, "A Modern Jonah," had been changed to the subject named above. Pevious to the lecture Mrs. Davidson delighted the large audience with a splendid solo, "May Morqing."

The World's Distress.

After expressing his pleasure at once more being amongst the congregation of St. Paul's church, who he addressed first 30 years ago, Dr. Johnston stated that while he was not conceited enough to think he could suggest any immediate remedy to relieve the world of its great distress still he would endeavor to suggest some passages which might lead to some part of the solution of the chaos.

The world's history, he said, was commenced in a garden and it will find its consummation in a city.

Comparing the Two.

Continuing, he said, if we compare the two we may find it dificult to find any similarity between the two but if we look beyond the material we will find not only a similarity but an identity. In the garden we find three fundamental laws of existence, the law of work demonstrated in the words "God planted a garden and in it placed a man to till it and keep it."

This first law of human history is is to-day binding on the pauper and the millionaire.

The second law, that of Love, which follows from the first, and was based upon the placing of a companion in the garden of Eden for Adam. It was necessary, Dr. Johnston said, that there should be another to serve the spirit of altruism.

In religion we have the third fundamental principle of human existence, and call it what name we may it is simply the relationship with God.

The City.

Passing from the garden to the city the speaker said, we have the same eternal principles ,and in the efforts to which it bends we find work, in its altruism—love ,and in its uplift religion, and we so find the completion of the laws which have been the principles of existence.

The only remedy, the speaker said, for the restlessness of the age, the troubles and the distress, is to be found in the return of mankind to the fundamental laws and to carry them out. Only by a return and an acknowledgment of these laws may we contribute our part towards the settlement of disputes and so make the age in which we live contribute to the progress leading to the vision of the seer who saw the city of God.

Lines Cast.

At the beginning of time God gave man dominion over creation and through work alone he can return to such. Wherever man works he contributes something toward a return to this. This age particularly calls for more toil in order to correct conditions disorganized by the war and to restore the world to normal conditions. Millions of productive lives have been given during the past five years. During 1919 Canadian labor lost $9,000,000 capital, twice that going in coal production—40,000,000 tons less were mined last year.

In order to readjust these conditions, instead of lessening of toil, the world requires that all shall work over time. We must return to the first law of human existence in order to make life bearable.

Men who could labor to chain the river Colorado after the devastation it had wrought, and bring their efforts to a successful conclusion, will not be conquered, and I believe, Dr. Johnston said, there are men enough of the same spirit to see that this age of restlessness does not continue. It is in man's power to grapple, combat and overcome present conditions.

We must, secondly, return to the law of love, to altruism, which is service for others. We are at present living too materialistic a life, and we must let our sympathies go out and look up and not down.

Third Law.

In return to the third law we must let God have sway over our souls. We are living in days it is hard to exist in but there is hope. Out of the ages of the world's greatest strife the greatest men have been born. Such leaders as Garibaldi, Martin Luther, Abraham Lincoln, were born from the world's darkest hours. God prepares workmen to carry on his purpose.

Out of these days of agony when we find it hard to live we shall hope there shall be born men and women who shall reap what we have sown, and it is our part, working out the three fundamental principles ,to "Carry on." God is in His heaven, the speaker concluded, and all's right with the world.

Vote of Thanks.

At the conclusion of his interesting address Mr. A. Mowat moved a hearty vote of thanks to Dr. Johnston, which was seconded by Sheriff Hall.

He Always Keeps Them in the House

PIERRE BLANCHETTE PAYS TRIBUTE TO DODD'S KIDNEY PILLS.

He Suffered From Dyspepsia for Twenty Years and Now Loses No Opportunity to Sing the Praises of Dodd's Kidney Pills.

Ste. Anne des Monts, Tourelle, Gaspe Co., Que., May 3rd (Special).—"I always keep Dodd's Kidney Pills in the house." That is the tribute Mr. Pierre Blanchette, a well-known resident here, pays to the old reliable kidney remedy.

"I had dyspepsia for twenty ears," Mr. Blanchette continues. "I got some Dodd's Kidne Pills and took them. I am well now. I eat all I desire and have had no bad effects I recommend Dodd's Kidney Pills to all the world."

The satisfaction Dodd's Kidney Pills are giving as a remedy for kidney troubles is shown by the large number of people who keep them always at hand. They have learned that the proper way to avoid serious forms of kidney disease, such as rheumatism, diabetes, dropsy, and heart disease, is to correct the early symptoms of kidney trouble.

Dodd's Kidney Pills have built their reputation on the good work they have done. Ask your neighbours if Dodd's Kidney Pills are not the sovereign remedy for kidney trouble.

CANNED RABBIT MEAT GOING ON MARKET

BELLEVILLE, Ill.—May 1.—Canned rabbit meat and rabbit furs are to be added to the products of the Belleville industrial district. The promoters plan to establish a rabbit farm and to put the canned meat on the market as a means of reducing the cost of living. The furs will be a by- product. The plans for feeding the rabbits have not been announced If the rabbits are fed on their favorite diet of cabbages, farmers say the result may be to lower the cost of meat, while increasing the cost of sauer-kraut.

YOU BE THE JUDGE

Of Our New Suits & Raincoats

Time was when $40.00 was a high-price for a Suit. Its very low now for Suits of (OAK HALL) character.

You'll find all the new departures in style and fabric; high roll lapels, novel pockets; graceful fitting backs.

The most economical suit you can buy because they fit well, and look well, all the time, even when old.

WHAT MARSHAL FOCH REALLY SAID TO THE GERMANS

WHEN THEY APPEALED TO HIM FOR AN ARMISTICE ON NOVEMBER 7.

NEW YORK, May 4.—Germany's appeal for an armistice on November 7, 1918, met with the laconic reply: "I have no terms," from Marshal Foch to Erzberger and the other plenipotentiaries, according to Raymond Recouly, (Captain X) French biographeher of Foch and Jogre, in an article entitled "What Foch Really Said" which will be published in the May issue of Scribner's magazine."

Captain Recouly, describing the historic scene of the morning of November 11, when the generalissimo of the allied forces, attended by a few members of his staff, signed the document in a railway dining car in a forest near Rethonde, a town between Compiegne and Soissone, declared "the sight of butter seemed to fill the German envoys with joy."

In Conqueror's Presence.

The radio from the Germans asking for "a cessation of hostilities in the name of humanity," was received by Foch shortly after midnight on the 7th and at 1.25 a.m. on the 8th Foch sent back his answer: "The German plenipotentiaries will have to go the outpost on the main road from 'Maubeuge-la-Capelle-Guise." From this point they were brought by delayed stages to Rethonde, which they reached about 7 o'clock in the morning. Two hours later they were in the presence of the commander of the conquering allied armies.

A Cold Salute.

"There was a cold salute," said Captain Recouly, "a bow in return; no presentations. The Germans took their places at the table in the dining car, where their names were written, and remained standing. The officers seemed embarrassed and upset. Not so the civilians, who did not seem to care at all. They talked familiarly together; it was impossible to believe that their country's fate was hanging in the balance, and that they were there to sign the most 'kolossal' capitulation the world has ever seen."

Foch's piercing eyes, gruff voice and curt manner were impressive. "To whom have I the honor of speaking?" he asked. The Germans replied. "What is the object of your visit?" he asked. Then followed this dialogue:

Had No Terms.

Erzberger—We have come to inquire into the terms of an armistice, to be concluded on land, on sea and in the air.

Foch—I have no terms to submit to you.

Count Oberndorf, (the diplomatist in the German party, interceded)—If the marshal prefers, we may say that we are here to learn the conditions on which the allies would be willing to grant us an armistice.

Foch—I have no terms.

Erzberger, drawing forth a greasy paper) — President Wilson has informed our government that Marshal Foch has been invested with the power of submitting the allies' conditions to the German plenipotentiaries.

Foch—I will let you know the allies' conditions when you have asked for an armistice. Do you ask for an armistice?

"Ja!" exclaimed Oberndorf and Erzberger together.

Foch—In that case I will read you the terms drawn up by the allied governments.

He sat down and the reading began. It lasted an hour, for the document had to be translated. The Germans pleaded for an immediate suspension of hostilities and for time to permit the Berlin government to examine the terms. Again Foch spoke:

Demoralized Germans.

"I am but the mouthpiece of the allied governments. It is those governments that have drawn up the conditions of the armistice limiting the delay to 72 hours' duration. I have, therefore, no power to suspend hostilities without their authorization."

The Germans at once dispatched a messenger to Spa, with credentials and the request that his journey to Berlin be "facilitated." When the messenger reached the German outposts, it is related, the troops were so demoralised that they fired upon his white flag. Promiscuous volley firing continued and the emissary was unable to reach his destination until the next day. Meanwhile the German envoys had notified Foch of their difficulty and Foch agreed to permit them to send a German officer to Berlin by air. A plane was equipped and ready for the flight when word was received that the messenger had reached Berlin.

The armistice was signed because Foch and his taff were convinced Germany was already in the throes of

Captain Recouly declares the armistice a revolution. The armistice envoys painted a "black picture" of conditions. While the German government was analyzing the terms the plenipotentiaries remained near Foch in the forest at Rethonde. They were permitted to leave their train and, guarded by armed soldiers, exercise in the open air. On the afternoon of the 10th, Foch informed Erzberger, the head of the delegation, that hostilities would be resumed at 11 a.m. the next day. At 7 o'clock on the night of November 10th the following radio message was intercepted by the French:

"German government to German plenipotentiaries: The plenipotentiarties are authorized to sign the armistice. (Signed) The Chancellor of the Empire." Three ciphered figures at the end of the message proved its authenticity. More than twelve hours of deliberation and debate over the "harsh" terms followed. Foch granted some concessions and refused the others.

Subsequently the wearied French, English and Germans appended their signatures to the document, and, by prearrangement, six hours after the signing, or 11 a.m of the morning of the 11th, operations ceased along all the fronts. Four years of warfare which had cost more than 9,000,000 lives was at an end.

National Home Remedy For Wrinkles, Baggy Skin

Bathing the face in a simple lotion made as follows, is the best thing known to disperse wrinkles from the finest lines to the deepest crowsfeet: Powdered saxolite, one ounce, dissolved in witch-hazel, one-half pint. Your nearest druggist can supply the constituents. It is a natural and rational treatment, as it tends to remove the cause of those tell-tale signs of advancing age, worry, or ill-health. Having both astringent and tonic properties, the solution tightens the too-loose skin and tends to solidify the underlying muscular tissue. This smooths out the wrinkles and gives the skin a firmer supporting foundation.

Obviously this effect must also reduce hanging cheeks, double chin, and baggy neck. The remarkably prompt action of this harmless lotion is another commendable feature.

SOCIAL EVENING AT THE W.O.W.

Last evening the Woodmen of the World entertained at a most successful euchre party and dance which was attended by about seventy five couples. During the evening Deputy Plowman who was present gathered several new members into the membership of the organization.

TO PREVENT BLACKLEG VACCINATE CATTLE

AND DO IT NOW

Last fall a great many farmers of this county lost valuable cattle from Blackleg, a disease very prevalent also at this season of the year. Every farmer should safeguard his cattle against an outbreak of this dreaded malady by vaccinating them—AND DO IT NOW!

There is only one sure way to prevent this disease and that is to vaccinate the cattle, and this dreaded disease can be prevented in animals just as sure as you can prevent small pox in people. Under no circumstances should farmers neglect their cattle.

If you wish to prevent Blackleg either write or go to Lynch's Drug Store, 168 Hunter Street, Peterboro, and you will be furnished with literature and full particulars how to prevent this dreaded disease.

A BONANZA FOR SHOPPERS

SENSATIONAL BANKRUPT STOCK SALE AT BOTNICK BROS.

It is said that "It's an ill wind that blows nobody good," and this applies very suitably just now to the lucky purchase by the Botnick Bros., 432 George street, of a large portion of a Bankrupt Stock at a small fraction of the dollar. A portion of the goods were opened up on Saturday last, with the result that those who took advantage of the offerings have been greatly pleased with their savings.

This is a very opportune sale, the reductions coming at the beginning of the season when families are doing their spring buying. Botnick Bros. say that no other store, selling at regular prices, could afford to sell at the prices named in this bankrupt stock sale. Shoppers can easily see for themselves the chance they have by the remarkably low prices advertised to help to reduce the daily cost of living at 432 George street, formerly Swartz

One gallon of gasoline of the 60 test, weighs half an ounce over six pounds. The 74 test gas weighs five pounds and twelve ounces to the gallon.

California, Iowa, Nebraska and South Dakota can carry their entire population in their own motor vehicles.

THE MERCANTILE LEAGUE FORMED

The Mercantile Baseball League, which was organized recently, expects to have a very successful season. Four teams are in line representing Barries Limited, Cessman Limited, the Peterborough Lock Works and the Westclox Company. The following officers were elected:

Hon. Presidents — Messrs. Thos. Barrie, H. W. Cressman, E. H. Howson, J. H. Verner.
President—Mr. De Graw
Vice-President— Mr. Chas. Westbrooke.
Treasurer—Mr. Hamilton.
Secretary—Mr. J. H. Cobb.

By the rules of the League all City Leaguers are arred from playing in the Mercantile League, while players must be bona fide employees of the firms for which the yare playing.

BATTLE 58 INNINGS IN THREE GAMES ON CONSECUTIVE DAYS.

BOSTON, May 4.—Boston and Brooklyn went into the nineteenth inning yesterday before Boeckel's single scored Sullivan with the run which gave Boston a 2 to 1 victory. Fillingim and Smith pitched all the way, and honors were practically even until Smith weakened in the nineteenth.

Yesterday's game, following the 26-inning tie between Brooklyn and Boston on Saturday and Brooklyn's 13-inning game with Philadelphia yesterday, gave Brooklyn the new major league record of fifty-eight innings played in three successive games. The previous record was forty-five innings played by Pittsburgh and Brooklyn in 1917.

Appropriation for an additional $100,000,000 a year for the next four years for road building was recently proposed in a bill introduced by Senator Chamberlain, of Oregon.

BRANTFORD SIGNS CATCHER MILLS.

Belleville Star, Backstop of Ontario Champions, Landed by Lee.

BELLEVILLE, May 4—Catcher William Mills, of the Grand Trunks, champions of Ontario in 1919, has been lost to Belleville. Mills went to Brantford yesterday to play with the Red Sox in the Michigan-Ontario League. His loss will be keenly felt by the team.

Mills excels as a batter and was captain of the G. T. R. team. He has been playing on the local teams only except during the time of his service overseas. His place as catcher on the G. T. R. team will be taken by Frank Goyer, brother of the star pitcher. Goyer caught in Western Ontario last year and was rated as one of the best amateur catchers in the Province.

Manager "Knotty" Lee of the Brantford team "scouted" Mills on several occasions last year, and at the close of the season endeavoured to secure his signature on a Brantford contract.

Lee believes that the success of Goyer, the Belleville, southpaw, was largely due to the expert handling of his pitching by Mills. The Brantford manager is of the opinion that he has secured a catcher who will bring a fancy figure on the baseball market when he becomes a little more experienced.

The largest factory in the world devoted exclusively to spark plugs is at Toledo, Ohio. Thirty-five million plugs were produced last year.

During the fall of 1919, automobiles were imported from the United States into Japan at the rate of 150 a month.

Hearst's Magazine—a Liberal Education

The TWO GREAT NOVELS of 1920

The Master of Man
By HALL CAINE

Enemies of Women
By VICENTE BLASCO IBANEZ

BOTH—in Hearst's—NOW!

Also in Hearst's for May, 35 cents

THE first of a new series of stories by E. Phillips Oppenheim. Other stories by Arnold Bennett, Donn Byrne, Robert W. Chambers, Melville Davisson Post, P. G. Kelly, Bruno Lessing and other great writers; four true ghost stories by Conan Doyle, articles by Maurice Maeterlinck, G. K. Chesterton, Senator Elkins and others; humorous articles by Walt Mason, K.C.B. and B.L.T.; besides the Book, Poem, Play, Art and Science of the Month—and many other features—all in the new May.

In appreciation of their Canadian readers, the publishers of Hearst's Magazine accept Canadian money at par, thereby absorbing any exchange, and they also pay all costs of delivery to local news dealers to enable their readers anywhere in Canada to buy Hearst's Magazine at the regular price everywhere of 35 cents, as printed on the outside front cover.

In Telephoning Long Distance—

THE change to summer time not being general, care should be exercised in making appointments for Long Distance calls.

The Federal Authorities having decided against the enactment of a Daylight Saving measure, Night Rates for Long Distance Telephone Service must be based on Standard Time.

The Bell Telephone Company of Canada

How You Can Have "Naturally Curly" Hair

If you will forswear the curling iron and follow the simple plan here suggested, you will be surprised beyond words to see not only the beautiful curl, but the soft fluffiness and lively lustre, your hair will acquire. The plan—merely to apply to the hair before doing it up, a little liquid silmerine, using a clean tooth brush for the purpose. The most effective way is to divide the hair into strands, moistening each of them separately from root to tip.

The delightful wavy effect in evidence within three hours will suggest to any stranger that your hair is "naturally curly." The effect will last a considerable time and if you'll get a few ounces of liquid silmerine from your druggist you will have a supply for months. This, by the way, will leave no sticky or greasy trace and cannot harm hair or scalp in any way. The hair will be quite manageable at all times, no matter what the style of coiffure.

Buy More Service for Every Belting Dollar

The purchasing power of a dollar is so small that most buyers compare price and select the lowest—and in the end the article bought proves more expensive than the highest priced.

In buying belts there are few who know value, and fewer still who consider service—a belt is usually just a belt if it is the right size and price.

Knowledge and experience have taught a different lesson to many manufacturers. That is why

Dominion Friction Surface Belting

is giving efficient service in practically every Canadian factory of importance.

Some specify it exclusively.

They have taken advantage of our fifty years belt-building experience, and by making our engineers responsible for all their transmission equipment have eliminated practically all power waste—have done away with shut-downs for repairs and replacements—have eliminated idle machines and employees—have maintained maximum production—have cut transmission upkeep to a minimum.

This service may be yours for the asking—phone or wire to our nearest service branch.

Dominion Rubber System Service Branches

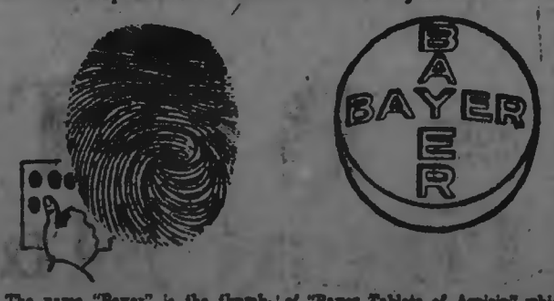
Halifax, St. John, Quebec, Montreal, Ottawa, Toronto, Hamilton, London, Kitchener, North Bay, Fort William, Winnipeg, Brandon, Regina, Saskatoon, Edmonton, Calgary, Lethbridge, Vancouver, Victoria.

DOMINION RUBBER

Our Dominion Hose, Packing and Industrial Rubber Goods are all the Same High Standard as Dominion Friction Surface Belting.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"



The name "Bayer" is the Trademark of genuine Aspirin. It positively identifies the only genuine Aspirin,—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally.

The boxes of 12 tablets cost but a few cents. Larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin (is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

WEDDING BELLS

NEARY—LE VASSEUR.
A quiet but pretty wedding was solemnized this morning at the Church of the Sacred Heart, when Alma, eldest daughter of Mr. Emile Le Vasseur, became the bride of Mr. Francis Neary, son of Martin Neary both of this city.

The bride entered the church leaning on the arm of her father, to the strains of the wedding march, played by Mr. Armstrong, and was attired in a suit of sand shade jersey cloth, with picture hat to match and carried a bouquet of pink and white carnations. The bride was assisted by Miss Frances Collins, who wore a suit of navy blue and also carried carnations, while Martin Neary acted as groomsman. The ceremony was performed by Rev. Father O'Brien and was served by Patrick Neary, brother of the groom.

After the ceremony a sumptuous wedding breakfast was partaken of at the home of the bride.

The bride was the recipient of many beautiful and useful presents, including a marble clock from the Lock Shop, where the groom is employed.

The happy couple left on the 8.20 G.T.R. train for Trenton and points east, and on their return will reside at 221 Perry street.

WALSH—HERR.
The marriage of Nellie Herr, daughter of Mr. and Mrs. Edward Herr, to Joseph Stafford Walsh, son of Mr. and Mrs. Richard Walsh, Norwood, at 9 a.m. on April 27th, Rev. Father McCarthy officiating. The bride was assisted by her sister, Miss Mary Herr, and Mr. John Walsh, brother of the groom, was groomsman. A reception and dinner was served at the home of the bride after the ceremony.

OBITUARY

JOHN STEWART.
The death of Mr. John Stewart occurred this morning in Toronto at his son's residence, Mr. William E. Stewart, 351 Pacific Avenue West Toronto. The deceased resided in Peterborough for a number of years and leaves a large circle of friends. The late Mr. Stewart was a member of No. 80 Orange Lodge.

MARY SPENCE.
The death occurred at 2.30 this morning of Mary Spence, beloved wife of Mr. John Spence, 260 McDonnel street, after an illness extending over several years. Six weeks ago Mrs. Spence took a serious turn and all efforts to restore her failing health were in vain. The deceased had lived in this city for many years, residing at 260 McDonnel street, and during her long residence there made a wide circle of friends in the community, where she was loved and respected by all.

Besides her husband she leaves one son, William J. Spence, registrar of the Manitoba Univeristy, Winnipeg.

The funeral will take place to-morrow (Wednesday) afternoon at 2.30 from the residence of Mr. S. S. Spence, Lakefield. The service at the house will be held at 2 o'clock. Interment will take place in Lakefield cemetery.

SECOND PERFORMANCE A COMPLETE SUCCESS

LONDON, May 4.—An enthusiastic audience packed every corner of the Garrick Theatre last night for the postponed performance of "One Night in Rome," which, when it was presented in London for the first time last Thursday night, was broken up by a gallery demonstration. At the close of the first act, when each member of the company took a separate curtain call, Miss Laurette Taylor, the star, was given an ovation.

The performance went with the utmost smoothness and there was no sign of anything but good will.

A long line of people had waited outside the theatre from one o'clock this afternoon to secure seats for this evening's performance.

BIRTH.
PAYNE.—On Monday, May 3rd, to Mr. and Mrs. George Payne, 177 Bethune street, a daughter, at Nicholls Hospital.

MARRIED.
LAPLANTE—McKINLEY—At Peterborough on Tuesday, May 4th., 1920, Father Costello officiating, Roland J. Laplante to Miss Ethel McKinley, both of Peterborough.

FREW—DOUGLASS.—On May the 1st, 1920, at 15 Wales, Detroit, County of Wayne, Michigan, by the Rev. O. H. Owens, Ph.D., Baptist minister, the marriage took place of Vera Douglass, younger daughter of Mr and Mrs. Glen Douglass, 478 Rubidge Street, Peterborough, to Mr. Wellington Frew, of Detroit, Michigan. The wedding was a quiet one, the bride and groom being unattended. After a trip East on their honeymoon, the happy couple will reside in Detroit, Michigan.

Picture Framing As an Art

To the uninitiated it means merely the business of encasing a picture in wood and glass, etc.

Nevertheless it is an art, and is understood by comparatively few people.

To frame a picture correctly, is to enhance its true value, and give the extra sense of pride and satisfaction to the owner.

We can do this for you.

"Our aim is to have our customers come back to us—AND THEY DO."

NO "JACK" MINER IN MONAGHAN, BUT FOWLS REST THERE

In interesting series of photographs of Mr Jack Miner's bird sanctuary at Kingsville, Ont., is on exhibit in the display window of the Roy Studio.

They were taken last week by Mr. Roy, who is a friend of Mr. Miner, and of late has become an annual visitor to the celebrated farm, his trips synchronising with the flights of the flocks of wild ducks and geese.

In this connection it appears from information received from Dr. Amys that Peterborough has in North Monaghan a fine site and the seasonal visitants with which to emulate Mr. Miner's success. On the farms of Robert Dobbin and Reeve McIntosh there are ponds where wild fowl rest in the spring and fall in the course of their migrations. The birds remain there about a week, it is said, but with protection and encouragement would probably be held from a month to six weeks as at the Miner sanctuary. This is a prolonged period of security that would otherwise be spent in marshes and open water frequented by the hunters.

Flock of 3,000.

About 3,000 ducks and geese were seen by Mr. Roy on his recent visit, and the annual cost of Mr. Miner's care of them runs to a thousand dollars or more. This expense he has borne himself until the last year, when the Government recognised his excellent service and offered to defray a large part of the cost. If there were any Miners in North Monaghan the potential sanctuaries noticed by Dr. Amys might be actualised, and Canada's bird life, especially among the wild water fowl would be appreciably safeguarded and extended.

A Story of Mr. Miner.

Mr. Miner, according to Mr. Roy's accounts of his visits, is an intensely interesting personality. The following glimpse of him may indicate his character. One Sunday about two weeks ago three hundred automobiles lined the roadway where the ducks and geese were feeding. They paid no attention to the spectators in the long string of cars, but swam unconsciously about the pools or preened themselves on the banks.

Suddenly one woman leaned over the fence, and flapping her parasol open and shut frightened the birds so that they took wing and flew away.

"I knew I could scare them. They're not tame; they're wild. Who said they were tame?" the woman exclaimed with satisfaction.

Mr. Miner went out to her car, and in a tone of mild reproof expressed regret at her thoughtless and selfish action.

"Have I done any harm? What did I do? My husband's a millionaire in Detroit. I'll pay whatever it cost," the woman answered in a breath.

"By frightening the birds you have deprived hundreds of persons, who will come here this afternoon, of the pleasure of seeing them," Mr. Miner replied.

The woman's selfishness was aggravated by her blurted reference to her husband's means, for Jack Miner is a man of nature, and flaunted wealth as an emollient fills him with contempt.

AVERAGE LOSS 10 P.C. FROM LACK OF FEED

(Canadian Press.)

PRINCE ALBERT, May 4.—P. Burns of Calgary, head of the P. Burns packing plant, is here inspecting the company's establishment.

With reference to the live stock situation generally Mr. Burns placed the loss during the past winter through lack of feed at an average of about 10 per cent. Some districts lost more than this, but other districts less. He did not think, however, the loss would be a very great check on the live stock industry, inasmuch as Western farmers would recover this loss within a year or so

BELIEVES THE STRANGER MAY BE HER BROTHER

ST. CATHARINES, May 4.—Believing that the strange man who was found living in the woods and sleeping in a hollow log was her brother, Mrs. J. C. Sutherland of Tharmesford is coming to St. Catharines to see the man at the jail. She writes that he disappeared a year ago, and is under the delusion that detectives are on his trail.

VOL. XLVI NO. 106 — PETERBOROUGH, WEDNESDAY, MAY 5, 1920 — PRICE TWO CENTS

The Semi-Weekly Revolution in Mexico is Progressing

Peterboro Members of Council Return, Visit the Raybestos

A COUPLE OF NEW INDUSTRIES FOR PETERBORO—THE NEW CONCERN.

Mayor A. A. McIntyre, Ald G N. Gordon, Chairman of the Manufacturers' Committee and City Clerk S. Armstrong returned yesterday from New York, where they had gone on Saturday to interview two Industrial companies that contemplate locating branch factories in Canada. They are reticent, in the public interest, as to who the companies are or their line of manufacture until the negotiations are further advanced, but are satisfied with the results of their visit and are especially hopeful that one of the companies will establish a factory here if certain arrangements desired can be made.

While in the vicinity they visited the factories of the Raybestos Company, at Bridgeport, Conn., which is about fifty-five miles from New York and a manufacturing city of between 150,000 and 200,000 population. The electors of Peterborough will vote on May 19th on the by-law to aid this company, which will take over the Lundy Shovel and Tool building. It will be remembered that the company will purchase this property and establish their factory in it if the By-law is carried authorising the procuring of the Edwards' lot on Perry street and the small triangular lot north of the Lundy building from the Canadian Pacific Railway for the company and closes Stewart street between the railway and Perry street and conveys it to the company and also fixes their assessment at $10,000. for ten years The total expense of the city of providing the extra land required will be less than $2,500.00.

Prosperous Concern.

The Raybestos Company's factories at Bridgeport are large and prosperous. The Company began in 1906 [illegible] original plant is in the western part of the City and two original looms are still in the factory, but very many large machines are now in the extensive buildings, and their employees number about five hundred. The factory was enlarged as the years went past and their business grew until the space available was all used in holding the large buildings. The company purchased seventeen acres on the eastern side of the city and have erected three large buildings there and now have in the two plants 100,000 square feet, or over two acres, of floor space. Their employees are nearly all men who are paid a high rate of wages.

The Company is in a good financial position. Their assets amount to over $3,500,000.00 of which $3,000,000.00 represent tangible assets, and the balance trade marks and goodwill.

The Raybestos Company believe in extensive advertising, and their attention to this has been an important factor in rapidly building up their large business. This year they are advertising in twenty-three different publications with a total circulation of nearly 8,000,000. In six monthly magazines, Review of Reviews, World's Work, Century, Harper's Atlantic Monthly and Scribner's they have thirty pages of advertising and also use the Literary Digest, Collier's, and other magazines and many trade publications. The Company publishes a monthly journal, The Silver Edge, to assist its salesmen and dealers. An efficient sales organization backs up this advertising —or is backed up by it—and the result is the products are well known, demanded and appreciated. When the company's Canadian branch is established here Peterborough will receive benefit from this extensive advertising, as Bridgeport does now.

Users of Product

A list of the motor cars and motor trucks which use Raybestos products would be a list of all well-known machines, including the Locomobile, Packard, Peerless, Cadillac, Willy's-Overland, General Motors, Chandler, Pierce-Arrow, Stevens-Duryea, Hudson, etc., and they are used by the Gramin-Bernstien and other truck companies, the Moline Plow Company, Warner Gear Company, Electric Wheel Company, Timkin-Detroit Axle Company, and numerous others, and in aeroplanes

The company manufacturers other asbestos products besides the brake and clutch lining and also motor car brakes.

A scarcity of houses is felt in Bridgeport as well as in other cities, and the Raybestos Company has erected a number of neat and comfortable houses on the east side near their eastern plant for their employees. The Peterborough visitors were impressed with the design and finish of these houses.

The Raybestos Company is not only a prominent and important one in Bridgeport, but the officers of the Company take an active part in the business and civic life. Mr. Sumner Simpson, the President, is Chairman of the Board of Directors of the Connecticut National Bank and President of the Trustees of the Bridgeport Hospital, a commodious and important institution. He is interested in the Y.M.C.A. and on Monday was engaged in promoting a drive in aid of the local Y.M.C.A. He is also active in the Rotary Club and other organizations.

The Raybestos Company's factory will be a welcome addition to Peterborough's industries and to the rapidly growing number of Canadian branches of important United States concerns.

RETURNED SOLDIER WAS SEVERELY HURT

Too Weak to Give Account of the Affair.

Canadian Press.

WELLAND, May 5. — Frank Lacoz, a returned soldier, was found to-day on the streets, in the crowded section of the city, bleeding to death with severe cuts in the throat, shoulder and face. The man was too weak from loss of blood to state what happened. He came here from Port Colborne to visit the Victory Shows. Doctors state that he will recover.

HENS MUST NOT RUN AT LARGE

POLICE PREPARED TO GARNER IN THE OWNERS

Many complaints have reached the police of hens running at large and the bylaw in this respect is going to be firmly carried out so that persons who persist in letting their hens use the front lawn, the sidewalk and their neighbor's lawn for a runway, will do well to heed this notice.

GETS ANOTHER SIX MONTHS' VACATION

LIKES THE ACCOMMODATION IN [illegible]

Fred Rawlins, an aged and intermittent resident at the County Goal on completion of a six months sentence asked the Magistrate for another six months at the restful abode this morning. The Magistrate assented and Rawlins will be able to enjoy six months more at Castle Nesbitt.

MR. TOOMS APPLIES FOR 6,000 BASS FRY

Mr. Thomas Tooms, M.L.A., hopes to secure 6,000 bass fingerlings from the Fisheries Department for the restocking of local waters. Lacking the support of a Fish and Game Association in presenting his appeal to the Department, Mr. Tooms has intimated that a petition from the Stoney Lake Cottagers' Association would strengthen his hand. It is understood that this request will be made by the Association accompanying Mr. Tooms' application.

THE WEATHER

While we had it 2 degrees below the freezing point last night, the thermometer was well over 60 degrees at noon and promised to go to the highest point this spring. Milder conditions with warm showers prevail generally westward and will probably be our portion before long.—W.P.

HEADACHES!

Headaches, indigestion, sleeplessness and nervous troubles are often caused by eyestrain. And eyestrain is caused by not wearing the right glasses. Right glasses will relieve eye-strain, and troubles due to eyestrain will disappear. See W. H. Lacey, Optical Specialist, 410 George street.

SHAMROCK III. SAILS.

Sir Thomas Lipton Prepares for the Race.

Canadian Press.

LONDON, May 5, — Shamrock the Third, Sir Thomas Lipton's 23 metre yacht, sailed yesterday from Dartmouth for New York, where he will act as a trial-horse in the tuning up races of the Shamrock Fourth.

She sailed recently but encountered heavy seas and had to return for repairs.

NO INCREASE FOR MEMBERS

PREMIER DRURY FACED AN ANGRY HOUSE LAST NIGHT WHEN EXTRA INDEMNITY WAS REFUSED.

IS NOT A SALARY

TORONTO, May 5.—A shiver ran down the backs of most of the members of the Legislature last night, when Premier Drury bluntly announced that the Government could not see its way clear to grant an increased sessional indemnity. In the first place he did not think it proper at the present time, and before the indemnity was granted the House should go back to the country and consult their constituencies, and then come back next year, when the matter could be discussed. The present Government did not propose to do what had been done in the past, namely, increase indemnities, trusting that in two or three years the people would forget all about it. Then, too, the Province's financial position did not justify an increase, and it should further be remembered that the indemnity was not a salary, and the honour of serving in the Legislature should be considered.

Resented Suggestion.

Wellington Hay, Liberal Whip, resented the suggestion that in circulating a round robin asking for an increase to $2,500 or $3,000, the members were not thinking about the next election.

Hartley Dewart strongly urged the increased indemnity.

M. M. McBride (Brant) said the Premier had given the House an example of autocracy seldom witnessed. He presumed to put his opinion against the opinion of 75 per cent. of the members of the House.

P. Heenan (Kenora) said he was the first to sign the round robin, and the debate was on in earnest. Nearly every member spoke,

J. C. Brown (Middlesex) was one of those who sought his seat in the House for the honour and not the indemnity. He had [illegible]. The [illegible] (Dufferin), J. W. Widdifield (North Ontario), while John O'Neill and J. W. Curry said they believed the labourer worthy his hire, and had signed yes.

Premier Reduced Salary.

The Premier further explained that realising the state of the Province's finances, he had reduced his own salary and he needed the money as badly as anybod did.

M. MacBride (Brant) wanted to know if the decision not to grant the increase had been arrived at by the Premier himself or by the Cabinet, but the Premier declined to answer.

J. B. Johnston (East Lambton) accused the Premier of laughing at him when he advocated an increased indemnity, and said he had a letter in his pocket which would make the First Minister blush.

Sam Clarke (Northumberland), the Dean of the House, told how he served when the indemnity was only $400. It was humiliating for the members to have to go on their bended knees for an increase. If a member was not worth the increase he should be left at home.

Pay the Members.

R. L. Brackin (West Kent) said no member of Western Ontario need fear criticism. All the people in this district believed in paying well; they were prosperous themselves. There would be no trouble in raising the money if the Government cancelled the timber grants made on the eve of the last elections. He was surprised the Premier cut $3,000 from his salary; Cabinet Ministers were not paid enough.

Mr. Brackin thought the Liberal opposition leader's position should be considered. He put in as much time as the Premier himself, and received but $1,400 a year.

W. H. Ireland (West Hastings) and Thomas Tooms (West Peterborough) both signed the round robin, and the latter thought the matter should be settled this session.

The Premier declined on constitutional grounds to allow a private member to bring in a motion in regard to the matter.

J. C. Ramsden thought $2,500 was not a cent too much.

Few Didn't Sign.

The debate lasted from ten o'clock until 1.30 a.m., and nearly every member in the House participated. It developed that only about 15 members did not sign the round robin. Never since the present Government took office has such a proposal been more stubbornly fought. In summing up, the Premier said that the minimum increase would amount to $66,000 a year. It was true it was only a comparatively small item, but what could the Government say to the thousands of civil servants asking for increases, having in mind the fact that they increased their own salaries? The Bill should stand another year. The Speaker said the action to adjourn the House had been made so as to give the members a chance to discuss the increase. It, therefore, had accomplished its purpose.

The Premier then moved the adjournment of the House, so that the matter stands just as it was when it first came on, other than that the members had been given an opportunity to state their position.

Mystery Surrounds Progress Polish Offensive Movements

RE-ORGANIZATION OF THE POLISH CABINET UNDER CONSIDERATION

(Special to the Examiner.)

WARSAW, May 5th. — Reorganization of the Polish Cabinet in the near future is predicted by the newspapers of this city, which give as a reason the opposition aroused by the government's peace policy. The Socialists are making insistent demands for peace, and have asked that they be recognized in the government appointments. Resignation or dismissal of Stanislas Patek, Premier, and Finance Minister Grapski, is considered almost certain by the newspapers. Count Von Tarnow, who was sent by Austria as Ambassador to the United States in 1916, but who was not received there, is mentioned as M. Patek's successor. Both Socialist and Nationalist Democratic parties are opposing the government over its insistence upon Borisov as the seat of the peace conference with the Russian Bolsheviki.

They say that this is all that remains in the way of opening negotiations.

THIRTY CENTS MORE FOR THE FARMERS

THIS ESTIMATED VALUE OF WHEAT CERTIFICATES.

(Canadian Press.)

OTTAWA, May 5.—Canadian farmers may get as high as thirty cents per bushel for participation certificates on wheat sold through the Canadian Wheat Board, it was predicted to-day by members of the Commons who have watched the situation very closely. With $2.15 already guaranteed, this will bring the price to $2.45. Many of the farmer members believe that the price will indeed be much higher than the most optimistic had hoped for on account of the abnormal increase in price of wheat from time it left the far west until it was sold to European buyers.

It is [illegible] predicted that the price of [illegible] will be high, [illegible] go to $3 per bushel, providing there are no internal troubles in any of the larger countries of the world.

ADVANCE IN THE STOCK-MARKET

SEVERAL OF THE LEADING ISSUES UP TO-DAY—STERLING EXCHANGE.

United Press.

NEW YORK, May 5. — Fractional advances in trading almost wholly confined to the professionals, were registered by the leading issues at the stock market opening to-day. U S Steel opened at 95 up 3-8; Amer Sugar 1030 1-4 unchanged; Southern Pac 95 3-8, up 1-4; Union Pacific 118 1-4 up 1-2; Replogle Steel 92 1-4, up 3-4; Republic Steel 95 1-2 up 5-8; Sinclair 36 1-4 up 1-8; Bethlehem B 94 1-2 up 1-4; Baldwin 117 1-8; Vanadium 82 1-4, up 3-4; Studebake (ex-div), 80 up 1-2; Lackawanna Steel 81 up 3-4; Pan American 95 3-4 up 1-2; U S Rubber 9 93-4 up 5-8.

Atlantic Gulf advanced over ten points on the announcement of the bringing in of a new well flowing over 75,000 barrels daily by its Mexican subsidiary.

Steels became active around noon, Steel Common going to 96 1-2 up nearly 4 points from the week's low. Republic went above 97, and Bethlehem B. above 96.

FOREIGN EXCHANGE.

United Press.

NEW YORK, May 5. — Foreign exchange was steady at the opening to-day; demand sterling opened at $3.83 1-4, up 1-4c; franc checks 16.55, off 3 centimes; lire checks, 21.92 unchanged. Marks demand $.0182; cables $.0184, up $.006; Canadian 9 .908.

A Show of Hands.

(United Press.)

NEW YORK, May 5.— Members of the New York stock exchange were asked by the committee on business conduct to-day to report all purchases, sales or clearances of Replogle Steel stock from April 19 to May 4.

Allan A. Ryan, who was connected with the recent activities in stock of the Stutz Motor Car in the Exchange is a heavy holder of Replogle stock, according to reports in financial circles. Trading in Stutz was suspended by the Board of Governors after the price went up $300 a share within a few days.

Following announcement of the investigation of Replogle transactions, the stock sold off 3 points to 89.

The committee asked broker firms to report all transactions, giving the price, the name of the firm and the customer. The number of shares each company was "long" and "short" was also requested.

Soft coils of self-fabric form sleeve girdle and collar effects

SHIPS SENT TO MEXICAN WATERS

TOWNS BOMBARDED FROM THE AIR —THE MEXICAN DOG FIGHT.

(Canadian Press.)

WASHINGTON, May 5.— Secretary Daniels to-day ordered a division of destroyers now at New York with the Atlantic fleet to sail immediately for Key West, where they will be held for possible duty in Mexican waters.

Destroyers are Isherwood, Case, Lardner, Putnam, Beale and Reid. The flotilla is commanded by Capton Byrou Long, on the Black Hawk, which will accompany the flotilla.

Bombarding Towns.

(Canadian Press.)

WASHINGTON, May 5.—Apparently unable to get under way any offensive military expedition against the Revolutionists, President Carranza is using airplanes to harass the rebel held towns in the neighborhood of the Mexican capital, according to advices to revolutionary agents here. Cuernvaca and Cuautla in the State of Morelos are two of the points that have been bombarded, the reports ports stated.

LAKEFIELD PERSONALS

LAKEFIELD, May 5.—Miss Corkery was a week end visitor in Peterborough.

Mrs. Wm. McKee, who has been visiting her sister, Miss McKibbin, returned to her home in Campbellford on Monday.

Miss Thompson of Millbrook, has been the guest of Mrs. Clinton Atwood at "Ashelworth."

Mrs. Loftus McInnes and son, who were the guests of Capt. and Mrs. Marling for the past week, left on Monday to visit friends in Orillia.

Mr. C. Young of Peterborough, was a week end visitor to Dr. and Mrs. S. J. Gibson's.

Mr. Hamilton was in Peterborough on Sunday.

Mr. T. A. Simpson spent Monday in Peterborough.

Mr. F. G. Young of Peterborough, passed through the village on Monday en route to Young's Point.

Miss M. Butler of Hastings, was in the village on Tuesday.

Mrs. Young left on Tuesday for her home at Moose Jaw, after an extended visit to her mother, Mrs. Wm. Cox.

Miss Vera Mitchell was in Peterborough on Tuesday.

Miss Beatrice Johnson was a Peterborough visitor on Tuesday.

The summer train service is now in force on the Grand Trunk railway.

Mr. and Mrs. A. S. Lampman have returned to their farm near Lakefield after spending a brief honeymoon at Stoney Lake.

Mrs. Johnson and daughter, of Peterborough, ar ethe guests of her mother, Mrs. Frank Trennum.

Mrs. Marling was in Peterborough on Monday.

Mrs. Geo. H. Spence visited Peterborough on Monday.

Miss Helen Dunford of Peterborough, was in the village on Monday.

Mrs. Budge, who has been visiting her mother for the last four or five weeks, returned to her home at Grand Forks, Dakota, on Tuesday.

A PRESENTATION TO MISS GAMBLE

Upon the eve of her departure for Ireland, where she will reside in future, the staff and employees of the Colonial Weaving Company yesterday afternoon presented Miss Annie Gamble with a set of ebony brushes and a well filled purse. The presentation was accompanied by an address read on behalf of Mr. A. E. Coulthard and the employees, who asked Miss Gamble to accept the token of their esteem and respect and wished her a safe journey and every success in her new home.

REPORTS THAT THE CITY OF KIEV HAS FALLEN HAVE NOT BEEN CONFIRMED BY THE WAR OFFICE.

(United Press.)

LONDOON, May 5.—The progress of the Polish offensive around Kiev remained somewhat of a mystery here to-day.

The War Office had not received official confirmation of the reports that the city had fallen to the Poles, while Moscow wireless communiques claimed the Soviet forces were putting up a desperate and successful defence of the city.

The Daily News said to-day that the official announcement was being withheld until the Ukrainian forces had time to reach Kiev, so that the Ukrainians could be given a share in the glory.

"COOKE'S TOURS."

Canadian Press.

WARSAW, May 5.—Russian Bolshevik soldiers are reported to be looting houses and stores at Kiev preparatory to abandoning the city.

Advices received here indicate great confusion there.

The Polish military authorities plan to occupy Kiev late this week, it is believed, and special trains to take visitors from Warsaw to the Ukrainian capital are being arranged. Ticket officials here are said to be overrun with requests of people desiring to make the trip.

The Red Cross has chartered a special train to take supplies to Kiev, and plans are being made for it to leave here to-day.

BOARD OF TRADE HELD A MEETING

SEVERAL RECOMMENDATIONS MADE TO THE COUNCIL.

LAKEFIELD, May 5.—A Board of Trade meeting was held in the Council chamber on Monday evening, May 3rd. Mr. J. A. Porter in the chair.

The Board of Trade recommended that the Council repair the dock between King street and Brown's boat house for the benefit of the numerous launches that come into the village during the summer.

They also made a recommendation to the Council relating to the betterment of our fire protection.

The Board of Trade expressed its confidence in the present Council with regard to their action re the finishing and completion of the new town hall.

CATTLE MARKET

Canadian Press.

TORONTO, May 5. — Cattle receipts weer medium and trade was steady; heavy beef steers $1 to $15.50; butcher steers choice, $14 to $15; butcher cows, medium, $9.75 to $10.75; calves, $17 to $19.50; ewes, $10 to $17; lambs, $17 to $20; hogs, fed and watered, selects, $20.25 to $20.50.

TIME LIMIT FOR BOW WOW TAGS

Decrease in Number of Dogs Due to Good Work of Dog Catcher Gates.

May 1 marked the time limit for securing dog taxes, but the time is being extended to accommodate the always delinquent ones. It was learned at the station this morning that the number of dogs have fallen off since last year apparently from the exertions of James Gates, official dog catcher, with a noticeable decrease in revenue.

HAY HIT A NEW HIGH LEVEL TO-DAY

Hay hit the highest level of the season at the market this morning, when it sold for $30 a ton. The opening price of $28 soon ascended to $30 after the first few loads had been quickly sold. It is a strange contrast to the days when it sold at from $5 to $8 a ton.

DYER DID A DIRTY DUTY

BRITISH GENERAL FIRED INTO A CROWD OF INDIANS TO PROTECT ENGLISHWOMEN—NOW ORDERED TO RESIGN.

A SWIFT DECISION

LONDON, May 5.—"It was my dirty duty."

Thus Brig.-General R. E. H. Dyer, ex-commander of the British troops in India, to-day explained his order to a small squad of troops to fire into a crowd of 5,000 Indian civilians at Amritsar in April, 1919. Dyer's men killed 500 and wounded 1,500 inside less than a quarter of an hour.

First praised for his action by his chief, when after nearly a year's complete suppression of the affair, the world learned of it, reprimanded, investigated, and ordered to resign, General Dyer arrived in London yesterday to protest against what he considers being made the scapegoat.

"I am a soldier," he said. "It took me thirty seconds to decide that the shooting was necessary to save British rule in the Punjab (the province in which Amritsar lies).

"It has taken the Government a year to decide that I did wrong.

"I shot to save British rule, to preserve India for the British Empire, and protect Englishmen and English women who lived under my protection. Now I am told to go. Every Englishman I have met in India approved of my act, horrible as it was.

Saved Force from Annihilation.

"What would have happened if I hadn't ordered my men to shoot? My little force would have been swept away like chaff before the wind. Thousands of natives were marching on the city.

"At the time, no one in authority condemned me. On the contrary, I was given command of another operation afterwards as a result of which I was complimented by the general officer commanding the troops in India.

"Lord Hunter's commission afterward condemned me," he added, bitterly. "I should have been court-martialed, but there never was any suggestion of that."

General Dyer has a thick-set face, which is burned brick red from 35 years of service in India.

AN UNUSUAL MARRIAGE PACT.

Authoress and Pianist Live Apart Since Wedding Day.

(Canadian Press.)

NEW YORK, May 5. — Fannie Hurst, the authoress, has made public announcement of her secret marriage five years ago to Jacques S. Danielson, a pianist. Under a pre-nuptial agreement with her husband, she said, they have lived apart since their wedding so as not to interfere with each other's career. She said they made their appointments for dinner and other engagements in a purely formal manner, "meeting as per inclination and not duty." They intend to continue that plan, she added.

CO-OPERATION WITH LINDSAY DESIRED

Reeve Wetheral, of Brock, has written Lindsay Council that in view of the fact that there is a Provincial highway from Whitby to Lindsay that municipality desired to co-operate with Lindsay to have the Provincial highway connect up at a point straight west of Lindsay and with a point in Ontario County Provincial highway runnig through north of Whitby at a point near Sunderland.

OPPOSITION DEVELOPING TO NITTI GOVERNMENT

(Special to Examiner)

ROME, May 5.—Opposition to the Government of Premier Nitti appears to be growing here. The political resurrection of M. Giolitti was forecast in many quarters. Newspapers almost unanimously attacked Nitti's International policy.

DUFFUS MOTOR SALES

INDUSTRIAL PLANTS ARE SLOWED UP BY "NERVES"

It would be splendid thing for employers and employes alike if every industrial establishment had associated with it a specialist in mental and nervous disorders.

Statistics show that an increasingly large percentage of people suffer from physotic and neurotic ailments. These necessarily influence their behavior in some degree. At best they make it hard for the afflicted ones to adjust themselves smoothly to the demands of daily life.

They may perhaps be able to do good work if allowance is made for their peculiarities or, better still if they can be subjected to curative treatment. But this requires intensive individual study by mental experts.

And as things now stand such study is seldom given unless those needing it develop much marked eccentricities as to make them obviously diseased and perhaps unsafe members of society.

The result, so far as industry is concerned, is a lamentable lowering of the efficiency both of the men and women thus handicapped and of the workers with whom they are associated.

Influenced by their special disabilities they perhaps chafe abnormally under the discipline of office store or factory. Perhaps they develop an abnormal suffenness, grouchiness, irritability. Perhaps they become addicted to grievances and dislikes of an extreme sort.

This sort of thing reacts badly on all around them. It creates an atmosphere of tension and discontent, culminating, it may be, in an unjustifiable "strike" or persisting until the summary discharge of the "trouble makers" responsible for the workshop ferment.

Yet to discharge them summarily may do them a real injustice. It may also mean a loss to the employer of workers really most capable if handled with due recognition of their inborn or acquired singularity.

Manifestly, too, the industrial psychiatrist could aid in lessening the accident hazard in industry.

His trained powers of observation reinforced by special tests would enable him to detect workers so constituted mentally as to be exceptional risks if put at hazardous jobs. He could, indeed, test all workers from day to day if their work were so hazardous as to make mental and nervous fitness a prime requisite.

All the while, moreover he would be in a position to serve effeciently workers coming to him of their own accord for solution of personal problems in his special field.

It may to be sure be many a long day before we see employers in general engaging industrial psychiatrists either for whole time or part time work.

But this does not alter the fact that by engaging them industrial efficiency could be appreciably heighened. And, into the bargain the welfare of society would be distinctly promoted no less than the welfare of every individual helped by the industrial psychiatrist.

FOUND

FOUND BOX CONTAINING SILverware etc. Owner may have same by calling at 133 Rubidge street and paying for advertisement. 3d 106 9357

RESTLESS SPIRIT PERVADES OTTAWA

BIG SHAKE-UP IN THE GOVERNMENT LIKELY TO FOLLOW BORDEN'S RETURN—NEW BOOM FOR WHITE.

OTTAWA, May 5.—Sir Robert Borden is expected back in Ottawa on or about 15th May. After that, what? This is the question politicians are asking themselves. Until the exact condition of the Premier's health is known, it is difficult to guess the answer, though the most common prediction is that Sir Robert is booked for final retirement, and that there will be a shake-up in the Government from the top downwards before or immediately after prorogation.

Must Decide Soon.

There is an atmosphere of restlessness in Government circles, and if dissensions and defections are to be averted, some definite decision as to reorganisation and policy will have to be reached soon. This feeling is not by any means confined to the rank and file; it pervades the Cabinet also, and the continued adherence to the Government of several Ministers depends largely upon the policy adopted and when it is adopted.

Should Sir Robert decide definitely to retire, the question of his successor is one which will have to be decided at once. Just now there is only one name seriously mentioned—that of Sir Thomas White, in whose behalf a quiet boom has been in progress for some time past. The appointment of the former Finance Minister would satisfy the majority of caucus, though it might conceivably lead to the defection of seven or eight of the Western Liberal-Unionists. These latter, however, would join neither the Liberal nor the Agrarian Party, but would very probably form a small group of their own, and pursue independent tactics. Such a defection would reduce the Government's once formidable majority to little more than a score, a somewhat dangerous margin on a matter of policy, or on issues of importance.

Conference to Attract Few.

It is not anticipated here that the "Liberal Conservative" round table conference which is to be held in Toronto round 10th May will attract any considerable proportion of the Conservative element in the House to its deliberations, especially in view of the uncertainty which must still continue until Sir Robert returns.

Recent disclosures in the Ontario Provincial Conservative field will not in any case tend toward the success of the movement.

SMALLER PROFITS GREATER ECONOMY

NEW YORK, May 5. — To-day's high prices are merely the normal prices following the war, according to Frederick T. Frazer, editor of The Haberdasher, discussing the cost of living and means of lowering it, in an interview with a representative of The Christian Science Monitor the other day.

To state the remedy first, Mr. Frazer advocates a return to wartime habits of thrift, the saving of some thing each week; economy, meaning the buying of necessities only, and those not until unavoidable; no buying of luxuries at all; increased production, and the shading of profits for the common good by the producer, jobber, and retailer.

"European nations are denuded of three main raw materials which are considered necessities of life as far as wearing apparel is concerned—cotton, silk, and wool—but they are recovering much more rapidly than was expected three years ago and, with the exception of Russia, are on a far more stable foundation," said Mr. Frazer. "There is a tremendous world-wide demand for these three raw materials. The United States is shipping great quantities of cotton to Europe. Britain, Belgium, and France are producing more wool, which is a promising sign, though not for the near future. Japan has taken control of silk, and will, without question, make profit out if the world situation.

"The present prosperity of the United States is due to the economic benefits received during the War. The advance of wages is far beyond anything known before, and there is a tremendous demand for all kinds of manufactured products. Labour has been asserting its power very successfully ever since the signing of the Armistice, and there has been a natural trend toward extravagance as a reaction from the self-denials of wartime.

"Frankly, I do not see how prices are to be brought down except by a popular movement in which Capital, Labour, and the great middle class will all be enlisted. If Capital would be willing, for the food of the country to settle conditions, avoid any possibility of panic, and take a shorter margin of profit; if Labour could be induced to increase production, and if the great middle class would consume less and go back as nearly as possible to wartime standards as far as the buying of luxuries and high-priced commodities is concerned, we would be working along sound economic lines. I do not expect to see any material drop in prices for a year unless the public really takes the bit in its teeth."

Make it "A Perfect Day"

Don't mar the pleasure of the picnic with a puncture or blow-out. Be free of ordinary tire troubles by equipping your car with "Dominion Tires."

DOMINION RUBBER

DOMINION TIRES are GOOD tires

They have the sturdy staunchness to withstand uneven roads, also the quality of materials and workmanship that make motoring a pleasure and long mileage a certainty.

There are six Dominion Tires—a tread for every size and make of car, for pleasure and business.

Dominion Inner Tubes are made to fit all Dominion Tires, and ensure perfectly balanced tires. They have the toughness and resiliency you want.

Dominion Tire Accessories enable you to get many extra miles out of your tires by repairing the little cuts, holes and bruises yourself and thus prevent blow-outs.

Dominion Tires are distributed to the trade through Dominion Rubber System Branches and sold throughout Canada by the best dealers, who also carry Dominion Inner Tubes and the full line of Dominion Tire Accessories

WILL GET SOME DOCUMENTS

Reasons for Robson's Resignation to Come Before Commons.

OTTAWA, May 5. — For about the twentieth time the request of Dr. Molloy, of Provencher, for correspondence dealing with the resignation of Judge Robson from the Board of Commerce, came up in the Commons. Sir George Foster declared he could see no reason why the order for the correspondence should not pass, providing that the documents "not in the public interest" be not submitted.

The reservation of the Acting Prime Minister, following the long delay in dealing with the order has created considerable comment in the corridors. There is a feeling that something is being withheld and that it may be the "interests" of the Government, and not of the public which are being safeguarded. The last has not been heard on the question, though there does not appear to be any particular inclination on the part of the Opposition as a whole to press the matter very much further.

One of the world's most powerful wireless stations is being built by the French government on the Island of Tahiti.

THE MENACE STILL BANNED.

OTTAWA, May 4. — A United States publication, entitled "The Menace," which was banned from the Canadian mails in February, 1914, is still on the prohibited list, Dr. J. W. Edwards (Frontenac) was informed in the Commons.

SANTAL MIDY — CATARRH of the BLADDER relieved in 24 HOURS — Each Capsule bears the name MIDY — Proprietors of counterfeiting liable

NEWSPRINT IN GERMANY IS 18 TIMES ITS PRE-WAR COST.

LONDON, May 4. — The Daily Mail's Berlin correspondent says that newsprint in Germany is eighteen times its pre-war cost. The German Newspaper Proprietors' Association meets in Dresden this week to consider the situation. It is held that the public cannot be asked to pay more for papers.

PILES Do not suffer another day with itching, blind, bleeding or protruding Piles. One application gives ease and rest. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

HUGE CARGO OF RUM REACHES PORT ARTHUR.

Vessel Load of Liquor That Will Be Carefully Guarded by the Authorities.

(Canadian Press.)

PORT ARTHUR, Ont., May 5.—Upwards of 7,000 gallons of No. 1 Jamaica rum were unloaded here from the steamer Hamonic. The spirits, shipped in huge oak casks, and said to be the finest, were shipped in bond from Kingston, Jamaica, to Winnipeg and Vancouver.

The police are keeping a constant watch on the consignment and the cars will be double sealed and checked by the police all along the line to its final destination.

The demand for their hides is met by hatching crocodiles in incubators in South Africa.

"Peterborough Presents Possibilities Unsurpassed."

WEDNESDAY, MAY 5TH, 1920.

CONGRATULATIONS.

Congratulations are due to the Ladies' Auxiliary of the Peterborough branch of the G.W.V.A. upon the recognition accorded their representatives at the Provincial convention of the Ladies' Auxiliaries of the G.W.V.A. held in Toronto last week. Not only was Mrs. W. R. Morris of Peterborough, honoured by being chosen as first Provincial President, but Mrs McLeod, also of the local branch, was appointed Provincial Secretary. Had Mrs. R. J. Devey, who was nominated for the office of treasurer, not declined to be a candidate, a third Provincial office would likely have been captured by the Peterborough representatives. As it is this city will practically be headquarers (for the Ontario executive for the ensuing year. The Peterborough Ladies' Auxiliary inaugurated the idea of a Provincial command along the same lines as the G.W.V.A., and the selection of two members of the auxiliary for important offices is a recognition of that fact and also a tribute to the impression made upon the convention by the Peterborough delegates.

THE BOARD OF COMMERCE.

Is the mystery that has surrounded the resignation of Judge Robson from the position of chairman of the Board of Commerce going to have some light thrown upon it at last? The statement of Sir George Foster, in reply to a request from Dr. Molloy, of Provencher for information, that he could see no reason why the order for the correspondence should not pass, provided that the documents "not in the public interests" be not submitted, serves to furnish a little hope that the country may be enlightened as to the reasons why the chairman of the Board threw up the sponge. Nevertheless, the reservation made by the Acting Premier will create the impression that the real facts will be withheld. In other words there will be much speculation as to whether the government is considering its own interests and not the interests of the public in suppressing some of the documents in the case. There has been so much comment over the resignation of Judge Robson and so much criticism of the Board of Commerce that the government might have found it more profitable to be frank in its policy instead of increasing the suspicion that there is an Ethiopian in the woodpile, by withholding from the House the information that has been asked for.

A SENSELESS STATEMENT.

There is no occasion for surprise that there is indignatin among returned soldiers and generally over the statement made by Brigadier-General McLean, M.P., member of the Special Parliamentary Committee on Pensions, that the average wife of a private soldier was of the servant class before marriage and that such women who could work should be encouraged to do so. The most charitable construction that could be put upon this declaration is that it is foolish in the extreme and an unwarranted reflection upon the widows of the rank and file who fell in France. Brigadier General McLean should know that men of many different stations in life fought as privates in the Canadian army and that their wives can by no means be lumped together under the description "of the servant class" But forgetting that fact and assuming—only for the sake of argument—that he was correct in that assumption, is there any logical reason for a member of Parliament to suggest that these women, instead of being provided with an adequate living allowance by the country for which their husbands died, should have to turn out and work to support themselves and their families? The widow of a Brigadier-General gets a pension big enough to support her The duty of Canada will not be done unless the widow of every Canadian soldier who died in the great war is given an allowance large enough for her to do the same Talk like that reported to have been used by Brigadier General McLean increases the difficulty of re-establishing the returned soldier and restoring Canada to peace conditions.

HOUSES AND RENTS.

It was away back in 1917 that a shortage of houses began to be felt in the cities of western Canada. At about the same time the delicate mechanism of the law of supply and demand became affected by the shortage, and the rents began to go up. Since that time rents have done nothing else. But that is the only response that is evident to the ever increasing demand for houses. That part of the machinery of the community which is responsible for the supplying of houses has failed to function. The increased cost of everything—both labor and material—which goes to the building of a house, and the vague expectation that there will be a drop in the future, may be largely responsible for this. In any event, the result has been deplorable for the poor man with a family, and very satisfactory for the man, be he rich or poor who has more houses than he needs. On a moderate estimate rents have gone up a hundred per cent., in many cases very much more. It is merely a waste of energy to abuse landlords for this, just as it is a waste of energy to blame "profiteers" for the increased price of other commodities. Here and there, there have been rapacious house owners who have taken advantage of their opportunity to hold up the public. There can be no doubt about that. The majority of landlords, however, are ordinary men who, when they saw a chance of making a little revenue from an investment which had probably been losing them money for years, took advantage of it, like most men would. Why they should be abused for doing this, so long as we run our business according to the methods at present in vogue, passeth the understanding. Having arrived at the conclusion that mud-slinging is a wasteful and unprofitable exercise, we may set about finding a method of solving the problem, for it is a very serious problem. During the past winter there was hardly a city in Canada in which the housing famine was not sharply felt. Families were compelled to huddle in cold, unsanitary dwellings, and to pay rents altogether beyond their means. By next winter we may reasonably expect a marked increase in the demand for houses. In addition to the natural increase of population there are many soldiers whose wives are still in England and who intend to bring them out here this summer. There are many others whose spring fancies (when the spring comes) will be turned towards matrimony and who will be wanting houses before the winter. Already immigrants have begun to come from the Old Country, and how many may yet come it is not possible to say. In spite of all this potential demand there is no indication that owners of property or other private investors intend to build any large number of houses for rental purposes. Prices are too high, and conditions generally are too unstable to warrant any hope in that direction. The only alternative is to establish some means whereby men may be assisted to build their own houses. We have referred repeatedly to the appropriation of $25,000,000 made by the Dominion Government for the purpose of lending money to soldiers and others to build houses. Our readers are acquainted with the deadlock which arose between the municipal, provincial and federal authorities, the result of which is that this money is not available. It is presumably lying idle when it could be working to excellent advantage. We would again suggest as one method of easing a very serious situation, that the federal government lend this money direct to soldiers who wish to build. The Great War Veterans' Association, both from innumerable branches all over Canada and from their provincial and federal conventions have petitioned the government to adopt this course. As we have pointed out before such a course would serve a double purpose. It would help considerably in the rehabilitation of the soldier in the urban districts and would thereby allay the prevalent discontent which is to some extent due to the alleged generous treatment given soldiers who settle on the land as compared with the man who is compelled to make his home in the cities, and would at the same time tend to relieve to some extent at least, the housing problem. To get over the unwillingness of men to build, owing to the present high cost of labor and material, it has been suggested that the government undertake to assume a percentage of the depreciation in value that might arise during the next few years from a drop in the cost of erection. This ought to be quite feasible and should remove all objection to building at the present time. It is to be hoped that the government before the expiration of the present session will give consideration to this matter. — Turner's Weekly.

EUROPEAN TOURS ARE HIT BY GAS SCARCITY

SITUATION IN FRANCE AND ITALY IS DISCOURAGING.

Rather a damper has been put on Canadians who intended going on a motorcycle tour of Europe this year by the receipt of a letter from the secretary of the Royal Automobile Club. Gasoline troubles will make touring practically impracticable outside England. There are in addition passport restrictions and lack of hotel accommodation, especially in the large centres.

The secretary of the Royal Automobile Club writes:

"It must be remembered that, although there is no shortage of petrol in France, the means of distribution, which has always been by rail, have failed in a very deporable fashion, partly due to the intense congestion, and partly to an unfortunate dispute between the railways, the oil companies, and a third quarter concerning the question of increased cost of freight. At the moment petrol in sufficient quantities can be obtained at ports of disembarkation and in districts in close proximity to the coast, but in the centre and the south of France fuel in and adequate quantity is practically unprocurable. How long this situation is to continue nobody can predict.

"As regards Italy, petrol at the moment is rationed on the basis of approximately 15 gallons a month to a 15 horse-power car, and owing to the recent railway strike there, even residents cannot obtain their allowances, coupled to which the roads in Italy are anything but good. Consequently we are discouraging any extensive touring in that country at the moment.

"Switzerland comprises 22 cantons, but has no uniform set of laws applicable to motorists. It constructs laws by Cantonal Governments, separately and individually for each canton. When entering Switzerland the customs authorities provide the motorists with a book of regulations applicable to each canton, written in French and German, for the guidance of motorists, but naturally so many regulations are very confusing, and even a Swiss motorist admits that he has considerable difficulty in keeping within bounds.

"In connection with Spain, the roads in the northweat of the country are practicable, but on the east they are frequently appalling, and south of Madrid cannot be recommended."

HERBERT BLAKELR DIES.

Result of Injury to Leg While at Work in the Bush.

BELLEVILLE, May 4.— Herbert Blakely, a prosperous farmer of Madoc township, died in the General Hospital here as a result of injuries to his leg. He was in his bush getting out some wood about two weeks ago, and his leg was crushed by coming in contact with a leaning tree. He was brought here, but gangrene developed, necessitating an oper ation about a week ago. He was 46 years of age and leaves a wife and four children.

Meaning of the word "Semi-ready"

As a trade mark name "Semi-ready" was applied in 1897 to clothes tailored by the Semi-ready Company. It was a coined word, made up to identify men's clothes made by this Company.

Coupled with the name there was invented a physique system which permitted the unlimited tailoring of higher class woollens and materials without risk to the merchant of having any garments left in stock.

The trade mark name is registered, and under common law cannot be used by any other maker, nor rightly applied to any other clothes than those made in the Semi-ready tailor shops and for which we have the exclusive sale.

If you ask at any other store for "Semi-ready", and you are shown something not of Semi-ready manufacture, you do not get what you ask for, which is unfair to you and to us.

If it hasn't the label in the pocket it isn't a "Semi-ready."

SANDRA THE JEALOUS

By JANE PHELPS

AN UNPLEASANT REMINDER OF LEOLA

CHAPTER CXIV

I said nothing to Everett of what Barrett Edmonds had told me of Rose. But I could not get her out of my mind. Gay, inconsequent Rose Grandon a sad neglected wife, and not yet married a year!

"I know how she feels," I said to myself. "Everett often neglects me." He was out that night and I was feeling lonely and alone. Miss Lane had refused to allow anyone to go into the nursery after Baby had gone to bed, and since she was in the next room with the door between wide open, there was no comfort in trying to combat her in that particular. I often longed to creep in and kiss him good-night again, but the thought of that open door, that stern-faced woman sitting where she could see every move I would make, deterred me.

I wrote Rose a long letter. I told her Barrett had called and that we had talked of her. I said nothing of his having been in Chicago; she might feel hurt that he had not called. But I wrote her a long, chatty letter, and sent her the baby's picture—a snap shot Everett had taken and which was very good, considering the baby was so young.

Then I wandered about aimlessly, I went into the library, and for the first time in months I looked at Leola's picture with the old resentment. Now that I had borne him a child, the least Everett could do would be to take down that picture. But I never would ask him to again, never so long as I lived.

Hetty interrupted my unhappy musings.

"A lady to see you, ma'am."

"Didn't she give you a card—or her name?"

"No ma'am. She said you used to know her."

"Perhaps some one from home", I grasped eagerly upon the thought. "Show her in, Hetty."

A woman of perhaps thirty-five or six years old, rather showily dressed, but with a hard face and crafty eyes, came in. I never had seen her before, and waited for her to speak.

"I want to see Mrs. Everett Graham."

"I am Mrs. Everett Graham." I replied coldly, still standing. I had not relished her tone.

"You're not the one I want. They used to live here. Perhaps they have moved." She made as if to go.

"Perhaps you mean the first Mrs. Graham? I am Mr. Graham's second wife." It was the first time I had willingly said this of myself. But something about the woman made me feel she had not made a mistake; that she was in the right house.

"What was her first name? Was it 'Leola?'"

"Yes."

"She's the one I want to see. I suppose he divorced her?"

"She is dead."

"That's her picture", she had turned so she saw the painting for the first time. "You say she's dead, that woman there?"

"Yes, she has ben dead for many years."

"I might as well go! I only came to show her a bit of her work," she paused and, as I made no remark, she went on after a moment: "That looks just like her. Only the picture don't show her hair—that was like yours. How I hate a woman with that colored hair! I was happy. I had been married only a few months when my husband met her. She never cared anything about him—just played with him. But he was crazy about her. He took me to Europe to live, when he found out that she never cared for him. He died a while ago, and in his delirium he talked constantly of her. He died with her name on his lips. I was less than nothing to him after he met that vampire—woman. That was what she was—a vampire." Then more quietly: "So I came back here to tell her how happy she made him and me, just for a bit of sport, or to make her own husband jealous. They said she used to do it for that. Now I'll go. You look young and good. Don't ever play with human hearts, especially the hearts of men. It don't pay." and before I could think of a word to say, she had gone from the room and was out of the house!

Should I tell Everett?

For one I decided to be unselfish. It could only bring him pain to repeat what the woman had told me, and it might not be true. Yet, as I said it, I knew that it was true, and that fascinating, irresponsible Leola had been the cause of that woman's unhappiness, just to satisfy her love of admiration. Perhaps, too, Everett knew of this, or of other things like it, and that was why he had been so strict with me?

(To be Continued.)

Montreal

HOME CIRCLE COLUMN

Imagination is often a very good thing and it is often, perhaps more often, a very bad thing. A great many friendships have been broken as a result of an over-active imagination. Take the following episode which is a good example of what happens almost daily in every town:

Mrs. Smith goes down George street some afternoon and meets Mrs. Brown. The latter's mind is ocupied with the problem of figuring out just how many yards of serge it will take to make Mary a school dress and the importance of Mrs. Smith, when she meets her, does not get thru to her consciousness to a greater degree than to permit more than a pleasant nod and a "good afternoon." Now it seems that effervescent effusiveness has been Mrs. Brown's usual manner of greeting, and Mrs. Smith tells her husband that night that she was almost insulted by Mrs. Brown's coolness on the street that afternoon and she certainly intends to pay her back in her own coin the next time they meet. With the telling the "coolness" becomes very much exaggerated in Mrs. Smith's mind and when she meets Mrs. Brown again she gives her a very frigid nod. Then Mrs. Brown is furious and wonders what is the matter with Mrs. Smith. Things go from bad to worse and soon the two women are bitter enemies thru no other reason than a bad case of imagination. Probably every woman who reads this, and their husbands, too, have been participators in just such circumstances at least once in their lifetime.

The men are no better. Sometimes in business, this imagination is called suspicion but it's all the same thing. It breaks up many a firm and many a friendship. Don't be so eager to find slights. You don't always greet everyone yourself with the same degree of cordiality. Just think of that the next time you are inclined to think someone has slighted you. Don't be so eager to misconstrue others' actions. Your own could be as easily misconstrued.

* * *

A hobby is the business man's savior from rustication, vegetation and starvation. It fills his mind when he is away from the office with something besides work; it turns his brain power into different channels and gives the poor brain cells he has used all day a much needed rest. It increases his interest in life; it broadens his outlook; it sharpens his wits. Therefore, we say, a hobby is a good thing and not a foolish thing as some people have been wont to call it. It will serve you faithfully and well. Get a hobby.

A very admirable person often leaves you completely cold and uninterested. It may be because he has no originality or ingenuity of expression, or because he is never human enough to permit you a glimpse of his temptations. Such a person may compel your respect, but never win your regard. The most persuasive thing about anyone is his personality. It is sometimes magnetic enough to make you like him no matter what he thinks, or feels, or does. The latter type is not a healthful influence. On the other hand, a truly interesting personality continues to display a charm that is an attractive expression of that person's admirable characteristics.

* * *

Some day, boys and girls, your mother and father will leave you behind to go to a better home. That parting is always heart breaking and sad for you, but the sharp edge will be taken off after a while if you have no regrets about the respect and love you have given them. Only when you are fathers and mothers yourselves can you realize the deep happiness your little kindly acts give them, or how great is their sorrow when you forget and neglect them. Don't grow so accustomed to them that you treat them like pieces of furniture, made merely for your comfort and use. Love and cherish them, for some day their going will leave a terrible void in your heart, and the wound will be more easily healed if you can look back and remember different times when you have given them joy and pleasure. In the average home, no matter what the children do for their parents, it doesn't even pay the interest on the debt of love and sacrifice which they owe them.

Popularity is rather an elusive bird and we often find it alighting where we would least expect it. It is really another word for unselfishness, although some truly unselfish people are not popular because they force the fact of their unselfishness upon people, and wear such long-suffering faces that their friends shun them.

* * *

Itis often very difficult to realize that the people who do spiteful things toward us are hurting themselves much more than anyone else. We often feel impelled to pay them back in their own coin, but it would surely be a losing proposition for us to do so. Often when we are in a bitter mood we are inclined to think that some people can "get away with murder," which is a very popular and slang expression for saying that their day of reckoning never comes, no matter what they do. But ten to one, if they are doing wrongly, or fighting unfairly, they are not as happy as the ones who have suffered by their unfair treatment. The ledgers of life must balance, before the day's work is done, even as the ledgers of a bank.

POWER SCENTS JOY RIDES.

Quebec Member Wants to Know If Officials are Touring Europe.

(Canadian Press.)

OTTAWA, May 5.—C. G. Power, Quebec South, has given notice that he will ask in the Commons whether any officials of the Department of Soldiers' Civil Re-establishment travelled to Europe at the public expense during 1919 and to date this year.

He asks their names, the reason for these trips, and further what expenses for travelling and entertainment were charged to the Department in each case.

Have You Made Your Mother's Dreams Come True? Are You the Strong, Successful Iron Man She Expected You To Be?

Or are Worry, Work and Ill-Health Sapping the Iron From Your Blood and Robbing You of the Prizes that Come With Health and Success? Physician Explains Why So Many Men of To-day Need the Help of

NUXATED IRON TO BUILD RED BLOOD That Gives Courage and Power To Go In and Win.

Every mother has dreams for her son. And whether it be the mother of the prize-fighter or the statesman, she is equally proud when HE wins. She thinks of HER struggle from the very start to nourish the tiny babe into rugged boyhood—then to build up his health, brawn and brain to fight the battles of young manhood. She did HER best to teach him what health and strength meant in the race for success, and the boy who was able to hold fast to her teachings is today in a position of power.

But there are thousands whose love for their mother is just as deep—thousands who wear the white carnation on Mothers' Day—thousands who never fail to write home—YET they would hesitate to answer the question, "Have You Made Your Mother's Dreams Come True?"—simply because in the mad rush for the Success which they knew would make HER proud, they have slipped up on one point. They have neglected her oft' repeated words: "Look to Your Health First, My Boy." In pushing their mental energies to the limit without the physical strength to back them up, they have allowed worry, work and ill-health to sap the iron from their blood and leave them weak, nervous and run-down. These men are as anxious to get ahead as anyone else but they do not realise that iron is absolutely essential to the greatest development of physical and mental power. But in the wear and tear of modern day life where their forces are constantly drawn upon, they are without the sustaining strength produced by the nourishing foods and outdoor sports of boyhood days that kept up the supply of Iron in their blood. Unless they supply this iron deficiency now, they cannot hope to have the rich, red blood that sends fire of energy through body and brain and makes men get ahead. Yet, to take the wrong form of iron may prove worse than useless and therefore physicians below explain why they prescribe only organic iron—Nuxated Iron—for red blood, strength and endurance.

"It is the men of blood and iron who will forge ahead in the business and political life of the country today," says Dr. T. Alphonse Wallace, a physician of many years' experience and formerly of the British Naval Medical Service. "Without iron there can be no strong, red-blooded men, and unless this strength-giving iron is obtained from the foods we eat, it must be supplied in some form that is easily absorbed and assimilated. For this purpose I always recommend organic iron—Nuxated Iron—which by enriching the blood and creating new blood cells, strengthens the nerves, rebuilds the wasted tissues and helps to instill renewed energy into the whole system whether a person is young or old. In my opinion, Nuxated Iron is the most valuable tonic, strength and blood-builder any physician can prescribe."

Dr. John J. Van Heeren, formerly Medical Inspector and Clinical Physician on the Board of Health of New York City, says: "To help build stronger, healthier men and women, better able physically to meet the emergencies of everyday life, I believe that physicians should, at every opportunity, prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonics and red blood builders known to medical science."

No matter what other tonics or iron remedies you have used without success—if you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength and see how much you have gained. Nuxated Iron will increase the strength, power and endurance of delicate, nervous, run-down people in two weeks' time in many instances.

Manufacturers' Note: Nuxated Iron, which is prescribed and recommended by physicians and druggists everywhere, is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results in every purchaser or they will refund your money. It is discussed in this city by [illegible] druggists.

Every Man Who Feels the Thrill of Mother-Love Owes it to Himself to Read the Accompanying Article.

The Superiority Of POST TOASTIES

among corn flakes is no accident.

Those who enjoy these top-notch corn flakes must remember they are not one of those food fads formed one day and exploited to the public the next.

Toasties are the result of scientific, painstaking development by master food makers.

You realize this fact when you compare them with imitations; not only taste but appearance tells—

Post Toasties Are The Best Of Corn Foods

Made by Postum Cereal Company Ltd. Windsor, Ontario.

Some of Our Remarkably Good Values in New Spring and Summer

GALT WOMEN TO ABSTAIN FROM BUYING LUXURIES.

GALT, May 5.—A mass meeting of 600 women was held to promote production in gardens, and a deputation was sent to the City Council, then in session, to ask that the authorities purchase seed potatoes to be sold to citizen at reasonable prices.

The women's meeting also passed a resolution pledging all present to abstain from buying luxuries, and to buy Canadian goods until such time as prices become more moderate.

WOULD PROPOSE A FIXED ANNUITY

WOULD HAVE GERMANY PAY $600,000,000 YEARLY.

(United Press.)

LONDON, May 5.—Premier Miller and in the coming Allied German economic conference at Spa, Belgium, will propose to Prime Minister Lloyd George that Great Britain sanction a proposal to have Germany pay the Allies a fixed annuity of $600,000,000 for a period of thirty years, special despatches from Paris to-day forecast. The Spa conference has engaged considerable attention in the press here.

At Spa, the Daily Mail said the Allies will be face to face with the real Germany and should deal with her accordingly.

MAY ESTABLISH PERMANENT PURCHASING BOARD

Plan Favored on All Sides.

(Canadian Press.)

OTTAWA, May 5.—Communications from business interests throughout the country have been received by the government favoring a bill to establish permanent board for the purchase of government and other supplies. Resolutions in approval have been received from Boards of Trade of Vancouver, Calgary, Moose Jaw, Medicine Hat, Saskatoon and Winnipeg. British Columbia Associated Boards of Trade and Canadian Manufacturing Association.

FORTY WARRANTS ISSUED FOR ARREST OF STRIKE LEADERS.

Defeat of the Demand for Nationalization Believed Probable.

Canadian Press.

PARIS, May 5. — The arrest of prominent leaders in the general strike of railway and coal mine workers was scheduled for to-day. The government was understood to have issued more than forty warrants.

The defeat of the strikers demand for nationalization of basic industries was considered as probable.

Beware of the man who has a mania for telling hard luck stories.

CURRY'S BILL THROWN OUT

(Canadian Press.)

TORONTO, May 5.— Sharp passages at arms in which personalities figured, featured the discussion in the Municipal Law committee this morning over Mr. Curry's bill to render municipalities liable for compensation for damages to property in riots. Particular objection was taken to the clause to make the Act retroactive to January 1917, such provision covering the cases of restaurant proprietors in the Toronto riots of August, 1918. The bill was thrown out by an overwhelming majority.

BISHOP O'BRIEN REACHES HAVRE

Father C. J. Phelan received a cablegram this morning from His Lordship Bishop M. J. O'Brien, announcing the Bishop's safe arrival at Havre, after a very pleasant voyage.

PROMINENT JOURNALIST MARRIED

Wife is a Divorcee and a Prominent Musician.

Canadian Press.

WINNIPEG, May 5th. — Miss Gladys Robinson, first violinist at local hotel entertainers, and a divorcee, was married to Knox Magee, on Monday afternoon, to the First Baptist Church.

After the ceremony Mr. and Mrs. Magee left for Portland, Oregon, where they will visit the bride's relatives. Knox Magee is the former editor of the Winnipeg Telegram and a former Toronto journalist.

RAILWAYMEN GO TO JAIL.

Stole Food from Cars at Haileybury.

COBALT, Ont., May 5. — Joseph Lavoy, two years in Kingston, John Gordon, six months in jail, and Ben Berard, thirty days in jail—were sentences handed out by Judge Hartman at Haileybury.

The trio are T. and N. O. employees, and pleaded guilty to stealing butter, sugar, and oleomargarine from railway cars.

MISS ROSE BEATTY GAVE ADDRESS AT LOCAL Y.W.C.A. LAST EVENING

PETERBORO'S EFFORTS IN THE CHRISTIAN DEVELOPMENT OF THE FAR EAST.

Miss Rose Beatty, Foreign Secretary of the Y.W.C.A., as well as Missionary Secretary, addressed a large gathering of girls and Board members of the Y.W.C.A. last evening on the missionary work of the Y.W.C.A. in the foreign fields.

After outlining the fields of the six secretaries, three in India, two in Hong Kong and one in Japan, whose services it is hoped, through the efforts of the "Y" in Canada, to augment by another for Japan in the near future, Miss Beatty told of the needs at the present time of opening up the "Y" work on account of the general movement amongst women.

In India, the speaker remarked, the women have no girlhood on account of the early marriages and the fact that they are enclosed practically their entire lives in zenanas. They are intensely illiterate, only one per cent. being able to read, and although they all long for education they are very hard to reach because of their enclosure in the harems. However, it is hoped to overcome this difficulty through the students in the country. The greatest work so far has laid amongst the Anglo-Indian who are now almost a whole race and the Y.W.C.A. in doing much for these people who though enjoying the privileges of the English, have no English education.

In China as yet the Association has but ten branches amongst four hundred million people and are receiving the aid of the Chinese women to a great extent in Hong Kong.

Leader of the East.

Japan, the speaker continued, affords the greatest opportunities for missionary endeavors in the fact that she is really the leader of the Eastern countries and it would mean much to have the country Christianized, not only to Japan herself but to the whole East. There are only five organizations in five cities and this is inadequate to meet the needs resulting in Japan being almost unevangelized. Special work in which the Y.W.C.A. might help in Japan is the industrial needs. The majority of the industrial workers are women and of these about 60 per cent. are under twenty years of age, and work from twelve to 16 hours a day, living and working under shocking conditions. The rooms both in which they are employed and in which they sleep are crowded, resulting in two thirds of the girls who come annually from the country to work, being sent home ill within the year.

The speaker concluded by impressing the audience that the only way in which these conditions may be corrected is by more workers going into the fields, and told of the part Peterborough hopes to play in paying a share in the salary of the new secretary it is proposed to send to help carry out the work.

A Solo.

Previous to the interesting address, Mrs. Frank Ellis delighted the audience with a solo. Miss Layton occupied the chair.

PETERBORO UNIT TO BE INCLUDED

RANGERS NOTIFIED OF CHANGE IN REGULATIONS.

Capt. G. G. Winterbottom has received notice that the financial assistance provided in order to enable militia regiments to maintain a paid orderly room staff of an adjutant, regimental sergeant and an orderly sergeant, will cease on June 30th, and these staffs must therefore be demobilized on that date.

Interviewed this morning Captain Winterbottom stated that the officers are working on a substitute scheme but what the result will be is not yet known. A paid staff makes for efficiency he said, a fact that the government recognized when it authorized the establishment of a permanent orderly room staff.

At the present time all military men who have been overseas are so busy reorganizing their professional and business life that they have little time to devote to military training, and it is necessary to have a paid staff to complete and regimental organization."

MINISTER OF MARINE DENIES STORY

The Usual Course is Taken by Hon. Ballantyne.

(Canadian Press.)

OTTAWA, May 5.—Absolute denial of a story credited to the Halifax Echo which said that the Government proposed carrying out a naval programme recommended by Admiral Lord Jellicoe, was made this morning by Hon. C. C. Ballantyne, Minister of Marine. "The story is absolutely false, and pure fabrication from beginning to end," said the Minister.

FLYNN STARTS ON TOUR.

Will Visit All Centres in West with a Population Over 5,000.

TORONTO, May 5.—J. Harry Flynn, Dominion organiser of the newly formed Grand Army of United Veterans, left last night upon a three months' trip throughout the West, during which time he will visit every town and city with a population of over 5,000, and will set up branches of the organisation in each place.

Both Mr. Flynn and Mr. J. F. Marsh, Provincial organiser of the G. A. U. V., have just returned from a tour of a number of Ontario branches.

The Plague of Pimples

Body Covered With Them

The primary cause of pimples arises from the blood not being in good condition. When the blood becomes impure you will find that pimples will break out all over the body, but more particularly on the forehead, nose and chin, and although they are not dangerous trouble they are very unsightly. What you need when pimples or boils break out is a real good blood purifying medicine such as Burdock Blood Bitters.

This preparation has been on the market for over 40 years and is the most reliable remedy for all troubles arising from a bad condition of the blood. It removes all the impurities from the system and will leave a clear, healthy skin.

Mr. Emerson G. Goodwin, Cambridge, N.B., writes: "For nearly two years I suffered from boils and pimples on my face and neck, and nearly all of my body was covered with the pimples. I tried most everything, but got no relief. One day a friend advised me to try Burdock Blood Bitters, and after using three bottles the pimples and boils had all left me and there is no sign of them returning. I can strongly recommend B.B.B. to anyone who is troubled with skin disease."

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

LABOUR SITUATION SEEMS IMPROVED

35 PER CENT. OF WORKERS AT WORK—RAILWAY STRIKE VIRTUALLY OVER.

(Canadian Press.)

PARIS, May —The announcement that the strike of the railway workers throughout France is virtually over, was made in official quarters here. Since Saturday traffic has been seriously embarrassed but volunteers have given material aid and yesterday a large number of strikers returned to their posts. In principal French ports, strike of naval and dock workers is almost complete.

The miners in Anzin Basin have voted to go on strike on May 7, but the situation in Northern France seems to be improving. Reports received shew about 35 per cent. of men at work and labour leaders indicated complete tie up of industry was impossible because of the failure of the railroad men to call out all men engaged in transportation services.

DYE OLD, SHABBY OR FADED FROCK

"Diamond Dyes" Make Used Apparel Stylish and New.

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods,—dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings.

To match any material have druggist show you "Diamond Dye" Color Card.

A WELL KNOWN POSTMASTER DEAD

Postmaster at Greenwood For Forty-Five Years.

(Special to The Examiner.)

TORONTO, May 5.—Michael Gleason, for forty-five years postmaster of Greenwood, Ont., and well known throughout the whole of the province, died on Thursday last following an operation at Toronto General Hospital. The surviving members of the family are: One daughter, Mrs. J. Stephenson, of Edinburgh, Scotland, and four sons, Frank of Oshawa, Walter of Portland, Ore., Lyman of Vancouver and Levi, C.P.R. agent at Fort William, Ont.

The deceased was a brother of the late Con Gleason, Supervisor of the Dominion parcel post system, who died at Winnipeg last Christmas.

SENTENCED TO LIFE IMPRISONMENT

Stepmother Under Sentence of Death for Brutal Crime.

(Canadian Press.)

QUEBEC, May 5.—Telesphore Gagnon found guilty of manslaughter in the case of Aurore Gagnon, his daughter, who died after brutal beatings from her father and ill treatment from her stepmother who is under sentence of death for the crime was this morning sentenced to life imprisonment by Justice Desy.

KAPP NOT WANTED.

(United Press.)

GENEVA, May 5. — Dr. Wolfgang Kapp, the leader of the recent revolution in Berlin, has been refused permission by the Swiss government to reside in Switzerland.

Kapp recently wrote from Sweden seeking permission of the Swiss government to such a plan. Four other German notables, including two reactionary generals, also have been denied haven in Switzerland.

SOCIAL EVENTS IN LAKEFIELD

WOMEN'S AUXILIARY CLOSE THE SEASON.

LAKEFIELD, May 5.—The Woman's Auxiliary of St. John's Church held their closing meeting of the season at the home of Mrs. W. M. Graham on Tuesday afternoon. A fine sale for the Shingwank Home in Algoma diocese was packed and some business discussed. Miss Florence Atwood, the president, gave a splendid paper on the Shingwank Home and its founders which was full of interest to all the ladies.

It is hoped that a picnic will be held in June when the members can re-unite for a pleasant afternoon and evening.

Afternoon Tea.

Mrs. Marling was the hostess of a delightful afternoon tea and bridge party on Saturday in honor of her guest, Mrs. Loftus MacInnes of Ottawa. Among those present were Mrs. E. R. Tate, Mrs. J. C. Strickland, Mrs. Langley, Miss Thompson of Millbrook, Mrs. Mackenzie, Mrs. Oswald Smith of Toronto, Mrs. Nellis of Guelph, Mrs. Dench, Misses Atwood, Mrs. Fitzgerald, Mrs. Hillard and Mrs. Tate.

Mr. Wm. Gray of Lindsay, was in the village on Monday.

Navy League.

Mr. Colville, Secretary of the Navy League of Toronto, was in the village showing the pictures of the Germans surrendering their fleet to the British Navy. The address was delivered by Dr. W. Archbold, chairman of the Lakefield Branch to a well filled house in the Queen street Theatre.

Closing Meeting

The Girl's Auxiliary of St. John's Church held their closing meeting of the season on Monday evening, at the home of the president, Mrs. Marling. A bale for the Shingwank Home at Chapleau, was packed and the members spent a pleasant evening.

EUROPE NOT BUYING.

High Rate of Wheat and Flour Makes Trade Drag.

OTTAWA, May 5.—Trouble that is reported between the Canada Wheat Board and the millers, resulting in the tieing up of many millions, is attributed here as being mainly due to the fact that no orders are coming in for export flour, and many mills are not grinding.

The Wheat Board has full control of the wheat crop and also of flour for export. The wheat price was fixed at $2.80, and the price of flour is fixed accordingly. Europe finds this too high, and is not ordering. Buyers over there say they can get cheaper wheat from the Argentine. Then exchange operates as another factor in adversity.

BOLSHEVIK GRANT AMNESTY TO PUT PRISONERS TO WORK

LONDON, May 5. — A wireless dispatch received from Moscow says that in order to enable prisoners to participate in productive work the Soviet Government has declared an amnesty, except for those condemned as counter-revolutionaries, or thugs, bandits or dangerous criminals.

Persons released will be divided into two categories, namely, minor offenders, who will be liberated absolutely on giving and undertaking to engage in useful work; and grave offenders, who will be assigned to work under the surveillance of local labor mobilization committees.

CHINA PLANS WORLD FAIR.

Industrial Exposition to be Held in Temple of Heaven, Peking, in 1922

PEKING, May 5. — The Chinese Government has decided to hold an international industrial exposition in the Temple of Heaven in Peking in March, 1922, for which an appropriation of $3,000,000 will be requested. President Hsu Shih-chang will be honorary director general.

EXPLODE MUNITIONS WHEN FISHING IN RIVER

PARIS, May 4.— A loud echo of the war has just been heard around Rheims. Two soldiers who were fishing in the famous River Vesle accidentally caused the explosion of a great quantity of munitions which the Germans threw into the stream two years ago. The explosion killed the two soldiers and fourteen head of cattle which had been delivered by the Germans in reparation for cattle taken during the war. All the telegraph wires in the vicinity were cut by the force of the explosion, which made a great crater in the river's bed.

JUST ONE DAY WILL DO IT

IT IS ALWAYS WISE TO LOOK AFTER A BACKACHE—IT MAY MEAN SOMETHING SERIOUS.

People who have been suffering from backache, kidney trouble, rheumatic ailments, are sometimes under the impression that they will continue to suffer from these ailments and will be unable to obtain relief. Headache, nervousness, soreness in the bones and limbs are frequently caused by poisonous gases being absorbed into the system, and the kidneys are overtaxed in their effort to expel these gases. Dr. Banta's Kidney and Rheumatic Pills will prevent the formation of these poisonous gases, and are highly recommended for kidney troubles, rheumatic ailments or any other disease arising from a disorderly condition of the kidneys. The manufacturers are so confident that these pills will do what we claim for them that your dealer is authorized to refund your money if they do not give you satisfaction. Will you try them and be convinced? They are sold by one reliable dealer in each county. Sold in Peterborough at Lynch's Drug Store. Price 50c. Mail orders attended to promptly. 168 Hunter street.

MAY IS PROGRESSIVE MONTH AT THE CRESSMAN STORE

The Annual May Sale of Hosiery

Will Long Be Remembered by Many Women

Only Three Days Remain - Thursday, Friday and Saturday

THERE never was a time when careful buying was more necessary. With this in mind many people have come to our May Sale of Hosiery and they have gone away satisfied. We are judging by the reports of our sales force who state that many women have said they were directed to the sale by some friend or neighbor who spoke highly of the many good values. Heavy stocks of all lines have enabled us to offer the same complete range that was presented on the first day of the sale. Only three days remain—Thursday, Friday and Saturday.

When You Coast Down Hill You Are Almost Sure to Find a Long Grade Ahead

It is easy enough to sit back and let the machine run itself, but after all it is only a machine and depends on some force to propel it. When it seems like clear sailing ahead it is always well to prepare for emergencies. Preparedness goes a long way to win any struggle.

No matter how bright the outlook, this store never relaxes its efforts to oblige. May is Progressive Month at the Cressman Store.

The Cressman Co., Ltd.

Ladies' 69c Silk Boot Hose, 44c Pair, 2 Pair 85c

Fast black silk boot hose with no seams. This is a last season's line that we sold at 69c. All sizes, 8½ to 10. The above quotation is considered less than today's mill price.

50c Fine Ribbed Cotton Hose, 37c Pair

A clear-away lot of sizes 9, 9½ and 10. It is a fine ribbed cotton stocking, with no seams and is guaranteed to be a stainless dye. Our prices all season has been 50c pair.

Ladies' 39c Black Cotton Hose, 27c Pair

A splendid quality black cotton hose at away less than today's factory price. They have spliced heel and toe, and are guaranteed stainless. Sizes 8½, 9 and 9½.

$1.25 Value Ladies' Fibre Silk Hose, 98c Pair, 2 Pair for $1.85

Fibre silk hose, with fine lisle tops and no seams. They are better than to-day's $1.25 value. The colour range includes grey, gun metal, champagne, taupe, burgundy, white and black. A good range of sizes.

"London Lady" White and Brown Seamless Macco Hose, 39c Pair, 2 Pair 75c

An especially good-wearing, mercerized finish, seamless Macco stocking that is well worth while at this price. The colors are white and Havana brown; and first buyers will find the following sizes in each color: 9, 9½ and 10.

Factory Seconds, 50c Mercerized Lisle Hose, 34c, 2 for 65c

Mercerized silk lisle hose in our best 50c quality. As factory seconds they are particularly good value because in most instances any slight imperfections have been repaired. The colors are black, grey and sand. Obtainable in a complete range of sizes.

Penman's Factory Seconds, $1.35 Cashmerette Hose, 89c Pair, 2 Pair for $1.75

They are excellent quality Penman-made black cashmerette stockings. They are repaired seconds and are practically as good as firsts. Sizes 8½, 9½ and 10. We have sold a great many pair since the sale commenced.

Four Good Buys in Children's Hosiery

Boys' and Girls' 75c Ribbed Cashmere Hose, 49c Pair, 2 Pair for 95c

They are 2/1 ribb, and some have double knees. The lot is made up of two clear-away lines from our regular 75c stock. We advise early buying of this line, as the quantity is limited, and we doubt if they will last throughout the Sale. Sizes 9, 9½ and 10.

Boys' and Girls' "Leader" School Hose, 39c Pair, 2 Pair for 75c

"Leader Brand" ribbed school hose. The popular wearabout stocking for boys or girls. No seams, and a complete range of sizes. The usual price is 50c pair.

Children's "Little Pet" Ribbed Hose, 34c Pair

These fine ribbed stockings can be had in black only, and the regular prices are 40c and 45c pair. First buyers will find a complete range of sizes from 5 to 8½. A popular fine gauge stocking for younger folks.

35c, 40c and 45c White Ribbed Hose, 27c Pair

Fine 1|1 ribb white hose without seams, and all sizes from 6 to 10 are obtainable. We do not think you will be confronted with another price like this all season.

INSPECTOR G. ROGERS REPORTS ON THE COLLEGIATE INSTITUTE

FINDS THE INSTITUTION IS WELL CONDUCTED — SUGGESTS IMPROVEMENTS — MEETING OF THE BOARD OF EDUCATION.

Upon the receipt of the resignation of Dr. J. Malcolm McCulloch as School Medical Officer to take effect on June 30th a discussion arose at the regular meeting of the Board of Education as to the hardships involved in the rigid enforcement of the rule pertaining to children in whose home whooping cough had been contracted. Several cases of families in which the enforcement of the rule had caused alleged unecessary absence from school, were brought up and it was finally decided upon motion of Mrs. W. R. Morris to draw the attention of the Provincial Board of Health to the fact that the rigid enforcement resulted in a hardship deemed unnecessary by many practioners.

In his resignation, which was accepted, Dr. McCulloch stated that his relationship with the teachers, parents, pupils and the School Nurse had always been harmonious.

Inspector's Report.

In his report upon the Collegiate Institute sent by the Department to the Board Inspector G. Rogers stated that the school had maintained its general high standard in its organization, staff, etc. He also suggested that two more teachers are needed at the Collegiate Institute, one for the commercial department and one for general work and to relieve the Principal, thus giving him more time to supervise the staff. He endorsed the idea of the commercial classes being held elsewhere and stated that the boys' physical culture department will never be efficient while the boys must go outside of the school for the gymnasium. In conclusion he stated that another wing must be added to the school in order to fulfil the rules and regulations of the Department.

Manual Training.

Inspector Leak's report of the manual training and household science departments of the schools commended the work being done and the general organization. Mr. H. R. H. Kenner drew the Board's attention to the fact that Inspector Leake neglected to send notice of his coming to the city and the Secretary was instructed to notify the Department of this lack of courtesy and of the fact that Inspector Leake's inspection is considered incomplete.

School Nurse's Report.

The School Nurse reported 160 examinations made during the month, 16 children considered unclean, 13 suffering form scabies, 17 from whooping cough, 6 from mumps and 7 from chicken pox. Twenty-seven parents had been called upon during the month.

Truant Officer's Report.

The Truant Officer reported 24 absentees during the month; 10 due to sickness. All absentees had been cleaned up by him.

$25 Grant to Schools.

Upon motion of Dr. F. Neale the schools were each granted $25 to be devoted to sports.

Too Narrow.

The principals and vice-principals of the schools notified the Board that they considered the present rules governing absence necessitated by illness and funerals in their families too narrow and asked a widening up. The matter was left to the Supervision Committee.

Three Applications.

Applications from Miss Myra Baird, Miss Jean Thompson and Miss B. Sing were received for positions on the teaching staff of the city schools.

Members Present.

The members of the Board present were: Mr. R. Denne in the chair, Messrs. J. A. McKone, J. M. Greene, A. A. Fowler, G. O. Cameron, I. W. Worth and Dr. F. Neal. An invitation was extended by the Property Committee to all members of the Board to visit the city schools on Thursday morning.

School Attendance.

	Enrollment	Average
Central	500	460
Queen Alexandra	374	340
King Edward	540	501
Queen Mary	492	403
King George	336	306
South Central	420	382
Collegiate Institute	353	340

Inspector Mowatt stated that the number of small children commencing study at the schools is increasing so rapidly that the new school cannot be completed too soon.

Monies Received.

Collegiate Institute, fees, $710.50; Government grant, cadet corps, $200; Fees, text books and supplies, $360.72; Municipal grant, $14,000.00 — $15,271.22.

Accounts Confirmed.

T. A. Redner, $2.00; M. Crough, $6.00; A. Moore, $20.80; F. R. J. MacPherson Co., $12.70; Peterboro Utilities Com., $10.84; J. P. Cunningham, $10.00; H. B. Taylor & Son, $1083.15; John Taylor, $64.75; W. Avery, $2.00.

It was moved by D. Neal, seconded by J. A. McKone "That the Supervision Committee be authorized to advertise for tenders for the Text Books and Suppliese required for the ensuing year with power to award the contract."

Finance Committee.

Wm. Madill, $2.00; Victoria Paper and Twine Co., $18.00; Dixon's Dry Goods Store, $3.00; Nelson Typewriter Co., $4.50; Higgin Hardware Co., $8.70; P. Connal & Son, $1.20; E. L. Payne, $45.30; MacMillan Co. of Canada, 64c; Peterboro Examiner, Ltd., $35.00; McKay School Equipment Co., $202.40; W. E. Rambo, 40c; McDonald Lumber Co., $3.00; W. R. Turner, $23.36; Peterboro Lumber Co., $16.50; Hydro Electric Power Co., $12.80; Bell Telephone, $66.55; R. Fair & Co., $2.00; Peterboro Hardware Co., 64c; E. Hensley, $2.55; A. W. Archibald, $310.50; Peterboro Util Com., $44.36; Review Printing Co., $3.60; Walter Stocker, $38.00; W. H. Hamilton, $10.10; Merchant's Press, $2.00; H. J. McCannon, $15.00; Peterboro Milk Products, $1.44; H. P. Lindsay Agency Co., $50.00; Thos. Mark, $50.00; T. E. Bradburn, $135.

Building Committee.

The Building Committee recommends that Mr. W. R. L. Blackwell arcitect, be paid the sum of $1000.00 on account of services rendered in connection with the Prince of Wales School.

FALL CROPS ARE LOOKING WELL

FEED IS SCARCE IN FARMING COMMUNITIES.

The following is a summary of reports made by agricultural representatives to the Ontario Department of Agriculture:

The latter part of April was wet and cold, and the condition of vegetation was very backward for the opening of May, some representatives putting progress of sowing as about two weeks later than usual. On Friday, however, work on the land had been generally resumed. Estimates of the acreage of spring grains in by the first of May range all the way from 15 to 60 per cent. by counties; a few individual farmers have finished, while others had almost nothing sown.

Much attention is beng given to early potato planting, a considerable acreage already having been put in, in some cases before the land was really fit for the crop. There is a shortage of good seed in many localities.

Essex reports that early tomatoes already have been set outside under cotton in large quantities, while in Prince Edward county a considerable acreage of peas for canning factories has been got in.

Fall wheat and clover look well, speaking generally, but some representatives are of opinion that recent raw weather has given the former crop a slight setback.

Huron states that some farmers who are growing sweet clover say that the crop never came through the winter in better shape.

Kent tells of one farmer in that county who is growing one hundred acres of flax for fibre and fifty acres for seed, adding that the grower will have a small mill erected so that the flax may not only be grown but also processed on the place. Huron also reports that several new flax mills will be started this year, and that the industry will open up a good deal of sod and pasture acreage, which is likely to make grazing land dear.

Feed Scarce.

Fodder is so scant with some that live stock is being thrust on the grass before there is a really satisfying bite for them. Grain especially is scarce. Concentrates are almost impossibly high in values. Oxford asserts that some very poor bran, mixed with oat hulls, is selling in that county at $60 a ton.

Most of the live stock are still being carried along on little better than a maintenance ration. Even some working horses are getting only a small share of grain from their fodder. Vealing calves are being shipped by the carload from Prince Edward at from 14 to 16 cents a pound, but Lennox and Addington places prices at from 12 to 19 cents. Young pure-bred bulls in the latter county, the product of different breeders, have been selling at $200, $300 and $400. Good milch cows in Lanark are quoted at from $150 to $200, although lower prices are cited elsewhere.

Cheese sold at a little over 30 1-2 cents a pound on the Picton Board, at its opening meeting last week, and at 30 cents on the Kingston Board.

Lennox and Addington also reports that nearly all the cheese factories in that district are skimming the whey. One factory that handled about 5,000,000 lbs. of milk last season sold from that quantity about 12,000 lbs. of whey butter, which brought an average price of 50c. a lb.

Fewer hogs are being fed as a large number of brood sows were disposed of during the last six or eight months. Prices now range from $18 to $21 a cwt. Little pigs vary in value, ranging from $12 to $22 a pair according to locality.

Good young horses weighing around 1,500 lbs. are bringing from $500 to $550 per team in the Port Arthur district.

Norfolk reports a big demand in all lines of the poultry industry.

CHANGE IN SYSTEM OF TRAINING TEACHERS

Normal School Methods to be Altered, the Education Minister Announces.

A decided change in the system of training teachers for the higher grades of Public school certificates has been announced by Hon. R. H. Grant, Minister of Education. The proposed change will place the Normal Schools the responsibility of giving the training now being received through the faculties of education of the universities of the Province.

Hon. Mr Grant takes the stand that as the Normal Schools were organized for this particular work they should be utilized in that direction. They are in charge of men who have been chosen for the positions because of high academic attainments, together with wide experience in Public school requirements.

The Minister has also under consideration plans for widening and strengthening both the theoretical and practical courses in the Normal schools. One proposal is to outline courses for the special training of teachers for urban and rural schools, with special certificates for those who graduate in this branch of the work.

X-RAY FAILED

Mechanic Gives Evidence

There are cases where science in its most profound phases is absolutely balked, yet other help is at hand.

This is proved by the testimony of a mechanic, 35 years of age, who suffered, at times, positive torture from stone in the bladder. After trying many remedies without result, he had an X-Ray photograph taken, which also failed to show where the trouble was. Fortunately, just at this juncture, when he almost had given up hope of any relief, Gin Pills were brought to his notice. These famous Pills in a very short time enabled him to pass the stone which was the cause of his trouble. We will give the name of this man on request.

Kidney and Bladder troubles should not be neglected. The first symptoms should be sufficient warning. Pain in the sides or back, constant headaches, neuralgic and sciatic pains, rheumatism, dizziness, constipation, gravel, highly-colored urine, specks before the eyes, all point to derangement. Gin Pills should be obtained without delay. Druggists and dealers carry them—50c—your money refunded if not satisfied. Free sample on request.

Mary Finlay, Jack Kempt, Greta Jones, Della Rogers, Thelma Davis, Verna Murphy, Raymond Conklin, Herbert Carbery, Harvey Bongard, Clifford Fife and Lottie Rogers (equal), Wilson Webb.

First Class.

George Rusaw, Ruby Jones, Myrtle Martin, Maud Bongard, Irene Garlick, Roderick Webb, Dema Ferguson, Bernard O'Keefe, Gertie Patterson, Blanche Baker.

Junior Second.

Frances Puffer, Jack Duffield, Grace Garlick, Dorothy Beavis.

Senior Second.

Alex. Robson, Willena Brown, Jean Tedford, Alice Foote, Douglas Fennell, Viola Rusaw and Bernice Baker (equal), Jack Minore, Keith Innes.

Third Class.

Una Elliott, Stanley Elliott, Wesley Beavis, Clarence Belleghem, Gerald Baker, Clifford Fife, Kenneth Montgomery, Beatrice Simpson.

Deaths.

On Monday afternoon death summoned one the oldest and most respected residents of the village in the person of Mary A. Ferguson, wife of James Andrews. Deceased, who had been in poor health for many years, had been for some months gradually growing weaker. On Monday morning she was up for a few minutes and ate a light breakfast. After dinner she lay down for her usual afternoon nap, from which she did not awaken, but passed peacefully away at half-past two. Mrs. Andrews, who had reached the ripe age of eighty years, was a most devoted wife and a thoughtful, kind, and loving mother. She was a faithful member of the Methodist Church during her lifetime. She leaves to mourn her loss, her husband, three sons, Harry of Owen Sound, Willie of Toronto, and Rev. Gee, of Dundalk, and two daughters, Mrs. Fred Stewart of Norwood and Miss Mabel at home; also two sisters, Mrs. Richard Patterson and Mrs. Margaret Andrews, of Dummer. The deepest sympathy of the whole community will be extended to the sorrowing relatives in their sore bereavement. The funeral will take place from the family residence on Peterborough Street to the Norwood Cemetery on Wednesday afternoon.

In the Churches.

In the absence of Rev. Terrill, the prayer meeting on Wednesday night was conducted by Mr. Henry Thistlewaite.

Professor Farmer, of McMaster University, preached in the Baptist Church on Sunday night.

The Ladies' Aid of the Methodist Church will hold their May meeting on Thursday afternoon at 3 o'clock in the church.

On Wednesday afternoon, at three o'clock the regular meeting of the W. M. S. of the Methodist Church will be held in the church parlour.

On Sunday morning a baptismal service will be held in the Methodist Church and Mother's Day observed.

Personals.

Mr. Hermes Nicol, of Toronto, was a visitor at his parents' home last week

Mrs W Becket has returned from Havelock, where she was visiting her parents, Mr. and Mrs. Wood.

Mr. and Mrs. Dickens were in Foxboro last week for a short visit.

Mr. and Mrs. Jesse Thompson were in Madoc last week attending the funeral of the late Mrs. David Farrell.

Miss Margaret Mitcheson was in Peterborough on Friday.

Rev. Terrill, pastor of the Methodist Church, was in Toronto last week attending a meeting of the General Board of Finance.

Mrs. Davidson, of Trent Bridge, visited Mrs. Scott last week.

Miss Pakenham, of Peterborough, was a recent guest at the home of her brother, Mr. C. E. Pakenham.

Mr. and Mrs. J Rogers were in Foxboro last week.

Mr. Alex. Weir, of Colborne, spent the week-end with his parents, Mr. and Mrs. J. Weir.

Mrs. R. Tedford was in Peterborough on Friday.

Mr. Norman McKelvie, of Melrose, spent a few days at his parents' home this week.

Mrs. Hartle has returned to Norwood.

Mr. W. T. Carbery was home from Melrose on Sunday.

Mr. R. Tedford opened his ice-cream parlour on Saturday, 1st May.

Mr. and Mrs. John Weir were in Colborne on Sunday evening.

Mrs. Black, of Peterborough, is spending a couple of days at the home of Mr. J. A. Andrews.

Rev. Gee Andrews, of Dundalk, and Mr. Will Andrews, of Toronto, are home on account of their mother's death.

The Sterling Bank has moved into its permanent quarters—the building which Mr. J. L. Squire erected a few years ago for the Bank of Toronto.

Mr. Percy Engisch returned home from Ottawa on Saturday.

Miss Jean Buck, of Peterborough, spent the week-end at the home of her parents, Mr. and Mrs. Oliver Buck.

Mrs. J. E. Roxburgh has returned home from Peterborough.

Mrs Lees, of Peterborough, is visiting her sister, Miss Waters.

THRIFT PRACTICE NO GREATER THAN BEFORE THE WAR

THE STSTEMATIC SAVERS ARE ONLY ONES WHO ARE SAVING ANY MONEY.

The savings bank head has one staunch friend—the steady, regular depositor of small amounts. All the rest who come through his door are acquaintances. They are casual worshippers at the altar of thrft.

Within recent months the savings banks have been reporting unusual increases in deposits. Certain hopeful souls have believed that the figures meant many new depositors from among the workers who are getting big pay. And they have investigated.

Why, asks one, have the deposits in the savings bansk, of New York state alone jumped in one year more than $225,000,000.

The answer is not that the men and women who are getting $10 and $15 a day are going to the banks. They are not.

A large part of the increase has been due to the fact that the old standbys have not been buying liberty bonds, and therefore their deposits have been much larger than during the last few years.

All the thrift preaching done during the liberty affected only those Americans who had been thrifty before the war. The preaching made them more diligent and induced them to lay aside a larger share than ever before of their earnings.

As for the thriftless, some of them bought liberty bonds—many hundreds of thousands, millions in fact. Give them their due. They were patriotic and bought. But when the war was over they hastened to sell their bonds—and that's the main reason why the bonds are at considerable discount now.

Having sold his liberties, the earner of big wages and big salaries seemed to breathe easier. "Now," said he. "I won't have to keep the rubber band on my roll, I can enjoy life!"

He can, and does. So the savings banks head say And meanwhile the standbys troop in every week, shoving their $2 or $3 through the window—and the totals rise to astonishing figures.

More than two and a quarter billion dollars stand to the credit of savers in New York state, where the law says no one shall have more than $3,000 in one savings bank.

Here's to the fellow who saves something every week—who refuses to resort to the high cost of living to justify thriftlessness.

ONE GREAT ESSENTIAL TO A WOMAN'S HEALTH IS HER NERVES

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. Is it any wonder then that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N.S. writes:—"I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

ONLY CASH USED IN AUSTRIA

Forged Stamp Currency Creates Confusion in Business.

VIENNA, — Bankers and business men are still seeking a solution of the problem presented by the large quantity of currency in circulation which bears forged stamps.

Meantime the country has been reduced to cash transactions, one hundred crown and smaller notes being used. These are being exhausted and speculators are demanding stiff premiums. There is the greatest confusion because of the necessity of finding some means of meeting payrolls and end of the month settlements

Twenty-eight instances of forgery have been discovered recently.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons in to a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

LABOUR SUPPLY SHORT.

And Men Nowadays Do Only 60 Per Cent. of What They Did Five Years Ago.

BRANTFORD, May 4.—The City Waterworks Department has a great deal of construction to be done this summer, but difficulty is being found in securing a sufficiency of labour.

It was pointed out this morning that the same number of men now do only 60 per cent. of the work which they did five years ago. This fact renders the situation more acute, and also increases the cost of construction to a considerable extent. Records of construction in the past bear out the contention made.

SPORTING NEWS, VIEWS AND GOSSIP

LOCAL FOOTBALL GOSSIP

TEAMS FOR CALEDONIAN AND MACHINE GUN GAME TO-MORROW EVENING—REFEREE APPOINTED—OTHER ITEMS OF INTEREST.

The Caledonians had an excellent practice last night and decided to stick to the original team: A. Brunton, goal; J. Willshaw and Robert Willshaw, backs; J. Frost, S. McMillan and Alex. Hardie, half-backs; R. Hannah, Mat Shaw, James Shaw, Ed. Hardie and R. McDowall, forwards.

The Machine Gunners.

A full turnout of the Machine Gunners appeared at the Oval last night and selected the following team for Thursday evening against the Caledonians:

Machine Gun Team: W. Flowers, goal; J. Crow and D. Perry, backs; Jig Darling, R. G. McLeish, A. Metcalfe, half backs; J. Roberts, Leonard Frazer, W. Bell, J. Bell and H. Darling.

The Football Executive appointed Mr. C. P. Lloyd to referee the Machine Gun vs. Caledonians game at the Oval on Thursday evening, at 6:30 prompt. Mr. Wiggin could not get away from business.

During the game between the C. G. E. and the Veterans at the Exhibition Grounds on Saturday last, some person or persons made a raid on the place where the teams had changed their attire and robbed the players of everything in their pockets from money to letters. The teams will require to lock the door in future.

The C.G.E. Executive have been very unfortunate lately because of the fact that some mischievous adventurer broke the cross-bar on the east goal posts, which necessitated them borrowing the Caledonian cross bar on Saturday When the Caledonians arrived last night for practice, they found that the members who endeavored to replace the Caledonian cross-bar on Monday evening added another broken one to the list.

Mr. Harry Taylor of the Caledonian Football Executive, has made arrangements to improve the playing conditions of the Caledonian pitch. A contractor has been engaged to roll and fill up all the ruts and holes on Friday, so to have the field in proper shape for Saturday.

BASEBALL ENTHUSIASM WARMS WITH THE CHANGE OF WEATHER

GOOD TURN-OUT IS LOOKED FOR ON SATURDAY AT RIVERSIDE PARK—PLAYERS OUT LAST NIGHT—NEWS FROM THE BOWLING GREEN.

Baseball fans whose enthusiasm has had a hard struggle with the frigid atmosphere of the last couple of weeks, will be given a chance to look over the Central League candidates on Saturday afternoon next at Riverside Park. With fair weather conditions due any day now, it will be up to the players to get down to business in preparation for the first game at Belleville on May 24th. The following players should be out on Saturday afternoon: Swanstn, Ross, Morris, Kirn, L. Rose, R. Rose, Corrin, Holyman, Collins, Lowe, Harrison, Butcher, Adams, Conners, Jackson, Cherrett, McCarney. No player need feel worried over the absence of his name from the list, as all players of ability, who are willing to practice regularly and work under orders, will be given every opportunity to make good.

Howard Kirn made his 1920 debut at Riverside park last evening and went through a light workout. Kirn turned in a remarkable performance last season. With a chance to get an occasional rest this summer, he should make some baseball history.

Alex. Kay is out with the suggestion that the City League games for May be scheduled for Saturday afternoons. There are no Central League fixtures here during the month. Saturday afternoon games might be more attractive than the twilight brand, and two games might be played. Twilight games this month would have to start early and there is always the danger of one team having to play part of an innings by moonlight.

The secretary of the Peterborough Lawn Bowling Club has been notified that the annual tournament of the Ontario Association will be held this years the week of July 5th, at Niagara-on-the-Lake. The Peterborough club has remained away from this classic for several years, but local players will compete this year.

Mr. John Buckham, caretaker of the local grounds, is giving the greens a careful grooming, and with a continuance of fine weather, members of the club will be able to open the game next week.

SOUTH CENTRAL SCHOOL DEFEAT KING EDWARD

On the Queen Mary School grounds yesterday evening the South Central team defeated the King Edward team by the score of 14 to 7.

Batteries — King Edward — McLeish, Bradley and Aulbrook. South Central — Parrington, Morrison.

Mr. Bert McGill made an efficient umpire.

MISS ARLIE MARKS and Associate Players, with Mr. Tom Marks, at the Grand every night this week, with Matinee on Saturday.

AT THE ALLEN

It's get-away day for Mix "In the Cyclone." Tom Mix, leader among the daredevils of the screen, makes his last appearance here in the "Cyclone," the new William Fox production, at the Allen Theatre. The photodrama wes received enthusiastically because of its strong scenes and hair raising stunts. The unique vitality of the cowboy star's genius surges through the whole play, and thrills the audience beyond words. At the climax Mix succeeds in a feat of skill and daring unequalled in the his history of screenland. The charming coleen Moore plays the heroine in this tale of the Canadian Mounted Police. The strong cast includes Henry J. Hebert and William Ellingford.

"SEVENTEEN"

Stuart Walker's production of Booth Tarkington's "Seventeen" comes direct from a year's run in New York, Boston, and Philadelphia to the Grand Theatre, one night only, next Monday. The play is a dramatic version of Tarkington's Willie Baxter stories, and might well be called a comedy of "Clothes and the Girl," for it deals with the attitude of a seventeen-year-old boy toward these important matters.

Willie Baxter, the hero, falls in love with a fluffy-haired little charmer who is visiting friends in his home town through the summer, and his ardour is so intense that his half-fledged soul gets completely tangled in the problems of wooing and of personal adornment for that great adventure. As a lover he is no favoured child of fortune, for his girl is an all-round flirt who plays no favourites.

How Willie "swanks" around in his father's dress suit surreptitiously acquired: how he and his fellow swains nearly drive poor Mr. Parcher mad with their everlasting conversation about love; how Willie is forbidden the use of the paternal dress suit: what wiles are employed to permit him to wear the sacred garment with which the story and also the play is concerned. They may seem trivial in cold statement, but to Willie they are the most important things in the universe, and Mr. Tarkington has depicted the brain-storms of the infatuated Willie with such sympathy.

With rare skill Mr. Walker has transferred the Tarkington story to the stage; giving it all the bubbling spir.. of "youth and love and summertime" by a delightful cast of young people. Thomas Kelly has leaped into fame for his sympathetic characterization of love-sick Willie Baxter. Elizabeth Black brings to life the ten-year-old villain Jane; and Lael Davis has made the fluffy "baby talk lady" Lola Pratt, the toast of all who have seen "Seventeen."

Our tobacconist (we always say "our tobacconist" on pay day) tells us that our boss smokes the same kind of cigar that we do. But the boss always has a way of holding his cigars that makes them look much better cigars than urs.

THE LAKEFIELD TRAP SHOOTERS

GOOD SCORES WERE MADE BY THE MEMBERS.

LAKEFIELD, May 5.—The Lakefield Gun Club held their first shooting match of the season on Tuesday evening, May 4th. Good scores were made at the trap shooting by the following:

	Shot At.	Hit.
Geo. J. Jackman	38	30
C. S. Tanner	41	30
Percy Spence	25	19
George Pearson	25	16
Geo. G. Hendren	30	18
F. E. Pearson	26	15
Keith Tate	25	20
David Webster	15	10
Jack Langley	7	5

The next shoot will be held at the club on Tuesday, May 18th at 6.30 p.m.

SPORT FROM THE EXCHANGES

Lindsay Warder: With the first game in the Central League on May 24th away from home (at Cobourg) the Grey Birds should be getting under way at once. By this time the management should be having a good idea of what players are available for the various positions and should have them out for practice at every available opportunity.

Exhibition Game.

Arrangements are under way to have one of the fastest intermediate baseball teams in Toronto play an exhibition game in Lindsay on the holiday, May 24th, namely, the team representing the Hebrew Literary Athletic Association.—Lindsay Warder.

TO DO AWAY WITH MILITIA RANK

A despatch from Ottawa states that it is proposed by the Militia Department to do away with the adjutants, sergeant-majors, and orderly room clerks in all militia units. No definite word has been received as to the proposed move. In the event of such an action being taken, some other system would be inaugurated to replace the present system

The "CAMBRIDGE" No. 1964 In Twin Pair

Made of Simmons' new Square Steel Tubing—seamless, smooth and beautifully finished.

Exquisitively enameled in the accepted Decorative Colors.

Has the Simmons patented pressed steel Noiseless Corner Locks. Easy rolling casters.

Your choice of Twin Pair and Double Width. Specially pleasing in *Twin Pair*.

Those Graceful, Decorative Designs in Metal Beds *by* Simmons Limited

In harmony with the finest effects of interior decoration to-day

IT will come as a pleasing surprise to most women that Metal Beds can now be had of really charming design—with lines that make an instant appeal to the eye.

Not until Simmons Limited perfected their new *seamless* tubing was anything but the most primitive designing possible. The old-style tubing, with an ugly seam running its full length, could only be worked into shapes both unattractive and limited in variety.

For years, Simmons Limited has been studying the problem of bettering metal bed design.

In order to produce such splendid models as the "Cambridge" *Twin Pair*, illustrated above, it was first necessary to invent a *truly seamless tubing*—one that allowed the designer full scope for his art.

All of the new Simmons designs are formed from Simmons *Seamless* Steel Tubing—a new invention that has revolutionized the making of fine beds.

Simmons Seamless Tubing is square and trim—free from joint, seam or roughness. Beautifully smooth, so that the enamel is even and uniform all over—cannot scratch, check or break.

THESE fine new Simmons designs in Beds *Built for Sleep* can be seen in leading stores all over Canada.

Equipped with the Simmons Patented Pressed Steel Corner Locks—free from squeak and rattle—contributing quiet and repose.

Your choice of many different patterns—and of Twin Pairs and Double Width in each pattern. Enameled in the accepted Decorative Colors, and in Mahogany, Oak, and Circassian Walnut effects.

Simmons Springs, too—

Notably the "Waldorf" Box Spring. Composed of finest oil-tempered double cone spirals, mounted on a frame of seasoned hardwood and upholstered with heavy layers of white cotton felt. Covered with attractive ticking. Finished with roll edge. A spring that *really* does give freely to all the contours of the body, yet supports the spine in any sleeping position.

* * *

AND some very charming Brass Beds and Children's Cribs, together with Simmons Mattresses and Pillows—all *built for sleep* by Simmons Limited.

* * *

SIMMONS Beds, Springs, Mattresses and Pillows cost little if any more than the ordinary merchandise of the average store.

A post card to us will bring you the names of Simmons merchants near your home.

Sleep is a big subject! Write us for the booklet "What Leading Medical Journals and Health Magazines Say About Separate Beds and Sound Sleep." Free of charge.

A RESOLUTION FROM DISTRICT ORANGE LODGE

WANT A REVISION OF THE LOCAL TAX LISTS.

At a meeting of the Board of Education held last evening the following resolution was received from the District Orange Lodge.

That thereas we have reason to believe that it would be in the best interests of the Board of Education governing the Public Schools of our city and the public schools supporters were an official appointed by the Peterborough Board of Education to scrutinize and have revised where necessary, the tax lists of our city, where such revision would tend to increase the amount of taxes payable to the Public Schools of our city.

And further we know of instances where such an official has saved to the Public School Boards many times more than his salary and that such official could work in his spare time in a city the size of Peterborough.

Therefore it is resolved that a copy of this resolution be forwarded to the Board of Education of our city for consideration and approval.

W. J. HANCOCK,
GEORGE McCULLOUGH,
District Master.
Corresponding Secretary.

The resolution was fyled by the Board. The members were of the opinion tht the resolution should have been sent to the Tax Collector.

HE LOST INTERVIEW WITH LLOYD GEORGE

BERLIN CORRESPONDENT WAS CONSOLED UNAWARES BY THE PREMIER'S DAUGHTER.

BERLIN, May 4.—"How I failed to get an interview with Mr. Lloyd George, but found consolation in seeing the Premier's daughter purchase a German novel," is the subject of an amusing story from San Remo by the special correspondent of the Berliner Mittagszeitung. After lurking in a hotel lobby for some time, the correspondent sees his intended victim approaching. He thus describes him:

"Lloyd George is wearing a cutaway coat, with a top hat, under which the white locks pour forth. He looks very smart and in high spirits. With him is his daughter Megan, a pert young lady.

"I say to myself that if I were an American I would simply get up and approach the Premier. My muscles are beginning to obey my will, when suddenly an American colleague sitting near jumps up, makes three long strides toward Mr. Lloyd George, and still with pipe in mouth, says, 'Well, sir'—

"Mr. Lloyd George assures him that San Remo is a very beautiful place, taps with his stick in the soft carpet, and turns quickly around with a 'Well, good-by,' to the American, who shrugs his shoulders and returns to his seat."

The correspondent had previously sent his card to Lord Riddell, who was in Paris acting as press intermediary, and who now comes on the scene and asks the journalist what he wants. He receives the reply, "To speak to Mr. Lloyd George."

"Impossible," answers Riddell; "the whole world wants Lloyd George to speak; there is a whole houseful of Americans here waiting to interview him. How can he receive a German? Impossible. You know I haven't got Lloyd George in my pocket, but here is yesterday's communique."

The correspondent records how he told Lord Riddell that this was already in Berlin, and concludes his story:

"Now in a very rosy mood I go into town for luncheon: there are great ladies on the way, and suddenly I discover Miss Megan. She goes into a bookshop; she speaks English, and the shopman only Italian, so Megan just examines the various collections, and chooses a French, an English and a German book. I am again in good humor. Mr. Lloyd George's daughter buys a German novel at the San Remo Peace Conference.

"If I were only an American correspondent—but I need not tell the German public what a yarn an American journalist would have spun about this most important event."

Parenthetically, this vivacious German pressman remarks," Miss Megan, as a matter of fact, speaks really good German. Once upon a time, before the war, Lloyd George complained of what a lot of money his daughter's German lessons cost him."

SUFFERED DAY AND NIGHT

The Tortures of Dyspepsia Relieved By "Fruit-a-tives"

LITTLE BRAS D'OR, C. B.

"I was a terrible sufferer from *Dyspepsia and Constipation* for years. I had pain after eating, belching gas, constant headaches and did not sleep well at night. Finally, *a friend told me to try "Fruit-a-tives"*. In a week, the Constipation was corrected and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous". ROBERT NEWTON.

50c. a box, 6 for $2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

SIMPKIN IS COMMITTED TO MATTEAWAN ASYLUM.

NEW YORK, May 4.—Thomas W. Simpkin, the itinerant printer who shot and killed Dr. James Wright Markoe, one of New York's distinguished surgeons, as he was passing the collection plate in fashionable St. George's Church here a fortnight ago, to-day was committed to the State Asylum for the Criminally Insane at Matteawan, N.Y.

Grip, Influenza

Hamlin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and snuff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "Flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at druggists. Guaranteed.

AT HOME

The "At Home" held last evening by Barrie's entertainment committee in the G.W.V.A. hall was a most gratifying success in every way. A large number of young people attended the affair and their anticipations of a most enjoyable dance were fully realized. In the unavoidable absence of Miss Evelyn Ryan of Belleville, excellent music for dancing was furnished by Follis' Orchestra who more than upheld their reputation for good dance music. Each of the twenty-two dances on the program was an irresistable number. The catering by Hooper's was in their usual high order

That their first at home on such a scale as that of last night, should be such a marked success is indeed gratifying to the committee in charge which was made up of J. W. Irvine, Dennis Perdue, Oscar Nicholls and George Kelly. The patronesses were, Mrs. Thomas Barrie, Mrs. Edward Hiland, Mrs. Francis Mather Miss Freda Curtis and Miss Phillis Goldy.

Amongst those present were Mr. and Mrs. T. Barrie, Mr. and Mrs. Francis Mather, Mr. and Mrs. Edward Hiland, Mr. and Mrs. Fred Hall, Messrs. F. Johnston, G. Galvin, K. Poole, C. Bergoine, W. Prendible, G. Robertson, L. Northey, F. Jobbitt, H. Jobbitt, M. Long, C. Nichols, C. Hagerman, J. Kemp, S. Kemp, G. Cunningham, B. Moore, C. Stuart, L. Stoart, H. Graham, W. Thompson, W. "DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

SADIE'S SEAT.

Paul West, the playwright, was a passenger on a cross-town car in the lower part of Manhattan Island. The car was pretty well filled. An East Sider, accompanied by his lady friend, climbed aboard. The girl took the only seat and her escort retired to the back platform.

At the next corner two exceedingly well-dressed persons, a man and a woman, got on. As they swung and swayed in the aisle, clinging to straps, the man had an inspiration. He bent forward and asked the little East Side girl to give up her place to his companion.

The youth upon the platform caught the purport of what was going on. He shoved his head in at the door.

"Sadie," he ordered, "youse set right where youse dam' are."

A DUAL REPUTATION.

As Grantland Rice tells the story a certain distinguished English actor whom we may safely call Jones-Brown, plays a persistent but horrible game of golf. During a recent visit to this country the actor in question occasionally visited the links of a well-known country club in Westchester County, near New York.

After an especially miserable showing of ineptness one morning, he flung down his driver in disgust.

"Caddy," he said, addressing the silent youth who stood alongside, "that was awful, wasn't it?"

"Pudty bad, sir," stated the boy.

"I freely confess that I am the worst golfer in the world," continued the actor.

"Oh, I wouldn't say that, sir," said the caddy soothingly.

"Did you ever see a worse player than I am?"

"No, sir, I never did," confessed the boy truthfully; "but some of the other boys was tellin' me yistiddy about a gentleman that must be a worse player than you are. They said his name was Jones-Brown."

Nature's First Law

is order—regularity.

Obey it in your own body.

Keep your liver active and your bowels regular and natural. Good health is possible in no other way.

One pill a day is the regular rule. Two—perhaps three—now and then, if necessary.

CARTER'S LITTLE LIVER PILLS

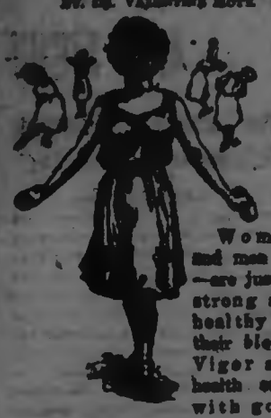
Genuine bears Signature

Celorine faces often show the absence of iron in the blood.

Carter's Iron Pills will help this condition.

Strong Women

By Dr. Vajentine's Mote.



Women and men too—are just as strong and healthy as their blood. Vigor and health come with good blood. Without good red blood a woman has a weak heart and poor nerves.

In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, if one is tired and listless, generally weak, a Spring Tonic should be taken. An old-fashioned herbal remedy that was used by nearly everybody 50 years ago is still safe and sane because it contains no alcohol or narcotic. It is made of roots and herbs and called Dr. Pierce's Golden Medical Discovery. If druggists do not keep it in tablet form, send 50 cents for a vial to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

HIGH COST OF PROFITEERS

British M.P. Says it Has Cost £1,000 Each to Convict 24.

LONDON,— Twenty-four convictions obtained before the 1,900 anti-profiteering tribunals set up through out England have cost more than £1,000 each, according to a statement made by Captain Wedgwood Benn in the House of Commons, in the course of the discussion of a proposal to extend the Profiteering act.

Captain Benn summarized the results of the act, during its first six months of life, by stating:

"Nineteen hundred committees have been appointed, 1,935 cases have been heard (one case per committee), twenty-four convictions have been obtained, £25,000 has been spent—and the cost of living has gone up!"

Supporters of the bill argued that six months had not given the administrators of the law fair opportunity of demonstrating its worth.

A new electrical process makes charcoal from sawmill waste.

SPIRITS POWERLESS TO HARM THE LIVING CAN MAKE KNOWN THEIR WISHES FROM BEYOND THE GRAVE

BRITISH AUTHOR BELIEVES SPIRIT MANIFESTATION IS FACT—CITES CASES KNOWN TO HIM TO BACK UP HIS CONTENTION.

By A. CONAN DOYLE.

Now here is a story which is undoubtedly true and which cannot be met by any of the ingenious explanations of the honest but skeptical researcher. If the subconscious knowledge of my friend could have told him that the paper was there it certainly could not have caused the noises which alarmed him. It has to be examined as a fact as the zoologist already quoted would examine the skin of a rare animal.

The unhappy spirit could apparently draw power either from the old housekeeper or, as it is more likely from the young and physic priest, to shake the very house with vibrations and yet, with all this power he could not destroy a frail sheet of paper but had to bring its destruction about in this indirect fashion. This seems to be a solid and noteworthy conclusion.

As authentic tales where spirits linger earthbound because they appear to be worried over earthly things—concealed treasure, lost documents or other such matters—come into this category, and the question which one naturally asks, "Why can't they set the matter right for themselves?" is answered by "They have not the power. It is against the law.

Experience of His Own.

I might quote in corroboration a similar experience of my own. A lady, the widow of an officer, who inhabited a large cottage in the north of Hampshire was so plagued by incessant noises in the house that she seriously thought of leaving it although she leased it upon very advantageous terms.

Her mother wrote and asked me to help in the matter and informed me that her daughter was highly psychic, that she possessed the power of automatic writing, and that this writing assured her that the disturbing force was the spirit of a man named Mason that he had left a paper in a cupboard in a certain room and that he was much troubled in mind because the paper had not been destroyed.

No such cupboard was known to the lady, but on examining the room and removing a heavy article of furniture (the cottage had been taken furnished) a door was actually found and a long boxroom cupboard disclosed, which extended the whole length of the wall.

I went down in the hope of being of some assistance and I found that by the time I had arrived a good part of the plaster in the partition wall between the bedroom and the boxroom had been loosened, but nothing had been found. The credibility of the spirit had been increased, however, by the fact that in the automatic writing he had given the name of a previous tenant of the house some fifty years before, which proved on inquiry to be correct.

I made a very thorough search from which I emerged absolutely covered with dust and plaster. I was unable to find any hidden paper, but it was clear to me that some bell wires had been taken through that way in the past and that if there had been a paper it would probably have been seen at that time.

I asked the ladies to join me, therefore in a table seance, all of us placing the tips of our fingers very lightly upon the surface of the table. Movements soon followed and in response to my questions the name "Mason" was spelled out. I asked him if he were satisfied that we had done all we could to meet his wishes. He answered "Yes."

Glad for Prayers.

I then asked him if he was convinced that the papers were really gone. He again agreed.

I then took it upon myself to point out to him that he had been acting very selfishly for some years that in his anxiety over his own papers he had caused great unhappiness to the people who lived in the house and had never wronged him; that so long as he worried himself about earthly affairs he would remain earthbound, and that he would be far better employed if re turned his thoughts to higher things and endeavored to progress in his new surroundings.

I then asked him whether if we prayed for him, it would assist him onward, to which he vigorously assented; so we promised to pray every day if he in his turn would promise to give no further trouble. Upon his agreeing to this, which he did by spelling out the two letters "D" and "V" we brought the matter to an end.

That was in May of the year 1919 and I have had two letters since in which the lady assures me that the conditions in the house are entirely changed, and that, for the time at least, all trouble is over.

"Mason has kept his word," she says "as all hauntings have ceased, and there is a strong feeling of restfulness and peace in the house which it is impossible to describe."

Bishop's Visitor.

A case which fits very naturally into this category is that which is recorded of the late Bishop Wilberforce the date of the incident being if I remember right 1883.

The Bishop was staying at some nobleman's seat and was three times aware of the presence of another clergyman, whom he at first supposed to be the chaplain but finally found to be a very lifelike materialized form.

In this case, as in that of the priest already quoted the object of the appearance was the destruction of some papers, which was duly effected.

I believe that all these varied experiences have been sent to us, not to amuse us by tales to be told and then forgotten but as the essential warp and woof of a new spiritual garment which is being woven for the modern world. We live in an age which has long demanded a sign, yet when the sign was sent it was blind to it. I cannot understand the frame of mind of those who view proofs of survival which appear in the Bible as of most vital importance and yet close their mind to the same thing when they reappear before our very eyes.

I believe the most of the evidence in the sacred books, where it is not perverted by mistranslation, interpolation or forgery, to be perfectly good evidence, but no honest mind could say that judged by human standards of credability, it could for an instant compare in its demonstration of the fate which awaits the soul, with the psychic revelations of recent years.

In the latter case the witnesses are thousands in number are men of the highest credibility, and have placed in many cases their personal experiences upon record so that any objection can be lodged. Modern Britain does not disprove but confirms, ancient Judea.

Psychic Limitation.

We are a more scientific age, however, and we wish to know the how and the why. Such inquiries are no longer with so great a wealth of material, beyond the scope of our brains.

In this article I have endeavored to indicate two well-marked laws—the one that is the effluvia of the basis of psychical manifestations from the unseen, the other that there is a strict limitation of psychic power which does not prevent noise and stand in the way of destructive or personal violence.

This power of producing noise and commotion may, it is true, cause such great misery to those who endure it that it may amount to mental torture.

There is the well-known case of Miss Clavion, the famous French actress, who refused the advances of a young British suitor.

The man died two years later with menaces against Miss Clavion upon his lips. He was as good as his word, and proved the wisdom of her rejection by the unmanly persecution to which he subjected her after his death. This took the form of loud cries, which frequently broke out when she was in company of others and were so terrible that some of the hearers fainted.

In the later stages of her persecution three cries gave place to the sound of a musket going off, which occured once a day through a particular window of her house. On ninety days running this phenomenon occurred and was most fully investigated, as the cries had also been heard by the Parisian police, who placed spies, but in vain, for any normal explanation.

Finally, after two years, the persecution stopped, the time having been foretold by the dead man, who declared that he would upset her life for the same period as she had upset his. He had certainly done so, but, like all revenge, it was probably a two-edged knife which cut him more deeply than his victim.

Even Dogs Fled Him.

A more justifiable persecution but one which also amounted to torture, is detailed by Mrs. Carter Hall, the authoress, as having come within her personal observation in her youth.

In this case a young officer had inflicted the greatest of all injuries upon a beautiful young woman, who afterward died. The resulting persecution may have come not from her gentle spirit but from that of some one who loved her and desired to avenge her; but it was of the most atrocious character.

Particulars will be found in Mr. Dale Owen's "Footfalls"—a book so accurate in its cases and so wise in its deductions that it should be a classic upon the subject.

The unfortunate officer was attended wherever he went with such noises and disturbances that at last no landlady would rent rooms to him and he was hunted from house to house a miserable and despairing man, alternately praying for relief and cursing at his unseen enemy.

No dog would stay with him and even his relatives were scared at his company so that he had to leave his home for fear of driving his mother and sister into an asylum.

"It is hard to be so punished," he said to Mrs. Castor Hall. "But perhaps I have deserved it." Possibly this admission may have proved to be the dawn of better days.

NEW RECORD IS SET BY TANLAC

NEARLY 75,000 BOTTLES SOLD IN TORONTO ALONE—HUNDREDS TESTIFY TO MERITS.

Remarkable though it may seem nearly seventy-five thousand bottles of Tanlac have been sold and distributed in Toronto in less than three years and the wonderful demand continues unabated. And what is true of Toronto is likewise true of the entire Province of Ontario.

In one day alone recently in Toronto two hundred and eighty well known people, by actual count, called at Tamblyn's Drug Store to obtain the medicine and to tell of the benefits they have derived from its use. Among the number was John McElroy, of 39 Jarvis street, Toronto. In relating his experience with the medicine Mr. McElroy said:

"For several years I suffered with indigestion and a disordered liver as a result of which I had frequent bilious attacks and headaches. When these attacks came on my eyes would get red and swollen and my tongue all white. I would have a dull heavy feeling and lacked all ambition to do things. My sleep at night was spoiled by restlessness and I always got up in the mornings feeling tired out.

"It wasn't until I tried Tanlac that I found anything to really help me. I had tried many other medicines but they never seemed to suit my case. But Tanlac put me into shape in a very short while. My appetite picked up so fast that I am hungry nearly all the time. I found the tablets of great benefit in regulating my liver, and I never have billousness or headache now. I sleep well at night and have got twice the life and energy that I used to have. I have found Tanlac to be a splendid medicine and I'm satisfied that it's the very best thing for trouble like I had."

Tanlac is sold in Peterborough by W. B. Warne Drug Co., Ltd.; in Havelock by A. C. Denike; in Lakefield by Tanner Drug Co., Ltd.; in Fowler's Corners by W. A. Hunter; in Gelert by A. J. Scott; in Westwood by G. Pringle & Son.

PRINTING Done Here

COMPARED WITH ELSEWHERE

You'd startle your tailor if, when you wanted a suit of clothes, you asked him to submit a bid in competition with a dozen other tailors.

"Why," he would say, "this is ridiculous. This man knows what kind of a suit of clothes I give him. He knows he can depend on the quality of the material, the make, the fit. He knows me, and has proved my work. Some elbow around the corner may underbid me—but what will he deliver?"

You don't buy tailoring that way. No man does. You know your tailor you rely on him, you trust him, you give him your work just as long as he turns out good work at prices that are fair.

Do you buy your printing as intelligently? Do you make it your business TO FIND A GOOD PRINTER as you do a good tailor, and then rely on his experience, his ability and his judgment?

Men who do, get good printing. Men who buy printing here and there, wherever the price is shaved closest, are the ones who have printing worries

AFTER SHAVING

Heal the Skin and Prevent Infection with "ABSORBINE JR."

The quick healing, cool soothing, most effective skin lotion you can use after shaving is one part pure boric "ABSORBINE JR." to a quart of water or witch hazel.

To rub this lotion over the face after shaving is a luxury indeed. It takes away all soreness—prevents chapping and irritation—heals the skin—and prevents infection.

A solution of "ABSORBINE JR." in water makes an excellent mouth wash; it thoroughly cleans the mouth, destroys germs, and prevents decay; fine for the teeth and gums.

$1.25 a bottle—at your druggists or sent postpaid by W. F. Young, Inc., Lyman Building, Montreal.

BELIEVES THAT SPIRITS, LEAVING UNWANTED THINGS BEHIND THEM ON EARTH, CALL ON MORTALS FOR AID

By A. Conan Doyle.

That spirits behind the veil resort to rowdyism to attract attention of mankind is illustrated by the following authentic case:

A great friend of mine, a Roman Catholic priest, was sent for a rest cure to a lonely house upon the coast, which was frequently used by other priests for the same purpose.

After a few days he became conscious of strange noises in the house. Nothing was visible but the sounds were incessant, and were heard by two visitors as well as by the inmate. The priest is himself open, more than most men, to psychic impressions, and upon that night he had a dream or vision.

He descened in the morning and asked the old woman whether there was not an unused room in the basement. She answered that there was. He entered it and found what he had already seen in his dream—a small, dusty cob-webbed place, with some old books of theology heaped in the corners. He walked at once to one of these books, picked up a book, as in his dream, opened it and took out a sheet of written paper, glanced at it to make sure that it was really as revealed, and then carried it into the kitchen, where he stuffed it between the bars of the grates.

The paper was a written preparation for confession, made out by some overconscientious or overmathematical inmate of the house, who had noted down a good many more things than were desirable for public perusal. Presumably he had died shortly afterwards and had been worried by the recollection of the document, which he had taken these means to have destroyed.

There were no further disturbances of any sort within the house.

SPECIAL MEETINGS.

The special meetings in the Free Methodist church are being continued this week. Every evening at 8 p.m. Evangelist C. V. Fairbairn will preach.

C. G. E. GOALKEEPER.

Mr. Sam Caladine, who recently returned from overseas, has signed up with the C. G. E. football team as their goalkeeper.

LACROSSE PRACTICE.

All members of the Lacrosse team and other players who have not yet turned out are reminded of the practice at the Exhibition Park to-night at 7 o'clock.

BASEBALL PRACTICE

Thistle baseball team will practice to-morrow night at Riverside park. All players are requested to be present.

ST. ANDREW'S CHOIR.

St. Andrew's choir practice will be held on Thursday evening at the home of Mr. D. D. Brown, 327 Simcoe Street. A full attendance is requested.

A LECTURE.

Prof. Morrison of Queen's University, Kingston, will give an address called, "With General Allenby in Palestine," with lantern slides. Dr. Frederick will be in the chair. To-night in the Public Library.

MR. JOFFE WILL SPEAK.

Next Sunday evening Mr. Louis Joffe will preach at Mark street Methodist church. A large congregation is expected to hear Mr. Joffe who has already aroused considerable interest about the city by his eloquence

FORESTERS.

Court Chemong 530, I.O.F., will hold a special meeting in the W.O.W Hall on Thursday, the 6th inst., at 8 p.m. Members are requested to be present to bid farewell to one of the officers who is leaving for Virginia, U.S.A. 1d-106-9363

LAWN MOWERS.

Easy running, keen cutting, ball-bearing Universal Lawn Mowers. The only high grade Lawn Mower at a moderate price. Lawn mowers sharpened and repaired. Repair parts carried in stock. Millard's Bicycle Shop, 225 Hunter Street, near Aylmer St., Phone 234J.

A HINT FOR CLEAN-UP WEEK.

A well-known local citizen says: "The fellow who has waste paper might sell it to the proper authorities, who will pay thirty dollars a ton. This would be much more pleasant and profitable for all concerned. Besides, it will prevent the paper from blowing on other people's lawns."

CIRCUS COMING.

W. J Hanley of Toronto, representing an American circus visited the city yesterday in conection with bringing his circus to Peterboro. Full information as to the city's bylaws regarding attractions was given at the City Hall, but no assurance was given as to whether he considered bringing the circus here or not.

YEOTES.

WILL CELEBRATE ON SUNDAY NEXT.

Due to a delay in the plans, the celebration of the giving to Great Britain of a mandate over Palestine will be postponed in the city from Wednesday until Sunday, when the local Jews will have special prayers in the morning and a mass meeting in the afternoon, at which prominent speakers will address the assembly.

MONTHLY SOLDIERS' MEETING

The special monthly Soldiers' Meeting will be held at th S. A. Temple to-night. Colonel Bettridge, who usually conducts the same, will be unable to be present, but Staff-Captain Layman, of Montreal, will take his place. Notice was not received of this until to-day, but Adjutant Bunton would like to see all bandsmen and songsters as well as soldiers at the meeting, if possible.

A SIGN OF THE TIMES.

Did you ever receive an application reading thus? Deer Surs I'm now redy to except a posibun in yore offis if yu nead me Mi spellin is the noo sistem n only a few of us got thru in the xams. Nelson's Type writer Co., has a position open for a responsible typist and musician combined. Look in the "Want Column to-night, Jimmy

PASSED THEIR EXAMINATIONS

RESULTS OF THE FIRST AID CLASS CONDUCTED HERE.

The examinations of the students in first aid work, comprising the police force and the C.P.R. employees were held yesterday at the office of the freight sheds with Dr. D. Carmichael as examining physician. Mr. E. G. Noble, first aid instructor of the C.P.R. has instructed the series of classes during the spring, and the examinations yesterday marked the culminating point, when the students were called upon to answer many baffling questions, but the success all met with in the examination showed the conscientious devotion given to the first aid duties. Mr. Noble conducted the examination, which ran from 10 o'clock in the morning till 6 o'clock at night on account of the large number to be tried.

These classes have been held throughout Canada by the C.P.R. for the benefit of their employees. Mr. Noble is a paid official and devotes his entire time to this work, of which he has made a life study. Through the kindness of the C.P.R. the police force were allowed to join in the course and that it has been of inestimable value to them is the opinion of all the officers.

In all 50 students tried the examinations and that all passed successfully is a tribute to the work of Mr. Noble and to the study of the students. The average in all classes was excellent, the average of the policemen, 83 p.c., being especially commendable. The successful students are entitled to a certificate of proficiency by the St. John's Ambulance Association, which will arrive in due course.

Well Satisfied.

Mr. Noble expressed himself as very pleased with the success of the examinaitons. "It is the best class for any centre the size of this that I have tried," he said.

Dr. Carmichael was also pleased with the work of the students and spoke in laudatory terms of the work being carried on by Mr. Noble.

The following are the names of those who passed:

Gentlemen's Class—W. S. Dodd, T. F. McArthur, W. McMillan, J. H. Carey, R. Cuffe, T. H. Holyman, C. F. Rathbone, H. J. Snelgrove, T. S. Dark, S. M. Ward, J. W. Byers, T. Guerin, H. Gamble, H. Duke, T. McIlbride, W. E. Curey, P. S. Webb, J. McDonald, N. King, E. L. Bowes, V. McGinty, R. Kearns, E. B. Edey, M. Boyle, T. H. Williamson, W. Henry, A. Madden, H. Anderson.

Police Force—D. Thompson, J. F. Reid, J. Daineard, H. Lawrence, G. Cookman, W. Wigg, D. Boyd, A. Thomas, H. Young, W. Carey, W. Meagher, G. Edwards.

Ladies' First Aid Class—Miss E. Rehill, Miss M. Ward, Miss M. Morton, Miss H. Madden, Miss S. Adamson, Mrs. A. Webb, Mrs. M. McMillan, Mrs. B. King, Mrs. A. Dodd, Mrs E. McIntosh.

QUESTIONAIRE FOR THE BANK CLERKS

Questionaires have been received by bank clerks in this city from the Canadian Bank Clerks' Association, Toronto, asking for information from each clerk as to his salary and conditions pertaining to bank life.

The questionaire has been received with wide diversity of opinion. Some of the clerks are heartily behind the Association, while others are bitterly opposed to its aims and objects.

OMEMEE NEWS

OMEMEE, May 5.—Mr. Fred Parker visited his sisters in Toronto on Thursday last.

Mr. and Mrs. Henry Nugent are the guests of their son, Mr. F. C. Nugent, of Lindsay.

Mrs. Stapley Sluggett and daughter, Miss Maxine, were visitors to Peterborough last week.

Mrs. H. R. Murray, of Peterborough, was a visitor in town last week.

Mrs. H. Magee visited her mother, Mrs. C. Fairburn, of Lindsay, this week.

The stork arrived at the home of Mr. Hubert Cottingham on Sunday last, and left a fine baby girl.

Mr. Newton Brown, of Oakville, is the guest of his father, Mr. William Brown.

Mrs. J. Johnston, of Toronto, is visiting friends in town.

Mrs. B. McQuade, of Toronto, visited her mother, Mrs. Doran, over Sunday.

Mrs. Thomas McConnell was a visitor to Peteroborough last week.

Mr. Fred Morden, of Reoboro, has purchased the blacksmith shop owned by Mr. George English, and intends moving to town in the near future.

Dr. and Mrs. Irvine, of Lindsay, motored to town last week.

Mrs. S. J. Mackey was a business visitor to Lindsay last week.

Mrs. Yelland has returned home after visiting her son, Mr. Albert Yelland, of Lindsay.

Mr. J. Magee has vacated the residence owned by Mr. John Sanderson, and has moved into Mr. Henry Laidley's house, formerly occupied by Mr. W. Thompson.

PYORRHEA SERIOUS MENACE.

TORONTO, May 5.—Considerable attention will be given by the dentists in attendance at the fifty-third annual convention of the Ontario Dental Association to the subject of pyorrhea and its prevention.

At the opening session Dr. Paul Stillman, of New York, read a paper on the subject and pointed out the danger of the disease, which, he declared, was spreading.

Dr McGill, of Buffalo, and Dr. Box both discussed the disease at yesterday's sessions, with especial reference to its prevention.

OBITUARY

MRS. FRANK McFADDEN.

Mrs. Frank McFadden, daughter of Mr. and Mrs. James Ruth, of 430 George Street South, died in Toronto to-day. She leaves, besides her husband, two small children, two brothers Edgar and Ernest of Toronto, and three sisters, Mrs. McCullough and Miss Irene of Peterborough, and Mrs. B. J. Mahood of Frobisher, Saskatchewan. The funeral arrangements will be announced later.

MRS. WILLIAM McCALL.

The death occurred last night at her late residence, of Mrs. Lizzie McCall, wife of the late William McCall, after a short illness.

The funeral will be held to-morrow afternoon at two o'clock from Comstock's undertaking parlours to the Little Lake cemetery. Rev. Robert Pogue will officiate.

MRS. ALICE ROBINSON.

Mrs. Alice Robinson, beloved wife of Mr. John Robinson, High Street, passed away this afternoon at Nicholls Hospital, after an illness extending over several weeks.

She leaves a husband and three small children.

Funeral arrangements later.

ROBERT JUNKIN.

Robert Junkin passed away at his late residence, 165 Crescent Road Toronto. Mr. Junkin, who was a prominent insurance man in the city, has been ill for over two months. For many years he was assistant manager of the Manufacturers' Life Insurance Company, retiring from business about a year and a half ago.

He was born in Bobcaygeon, Ont., nearly 65 years ago, and has lived in Toronto for 20 years. He was a member of the Central Methodist Church, and belonged to the Ontario Club.

The funeral took place to-day on the arrival of the C. P. R. train from Toronto. Interment took place in Little Lake Cemetery

REV. JAMES O'HARA.

Rev. James O'Hara, of Montreal Conference, passed away at the residence of the Rev. J. R. Aikenhead, 1836 Davenport Road, Toronto, on Monday, 3rd May, of natural causes.

The late Rev. James O'Hara was born in Ulster County, Ireland, in 1835, came to Canada at the age of 25 years, when he started his clerical training at the Victoria College, Cobourg, Ontario, later taking up his work with the Methodist Church until his retirement 25 years ago. He then settled in, Peterborough, Ont., later moving to Toronto.

He was twice married and leaves one son, Frederick of Seattle. He attended the Davenport Road Methodist Church.

MRS. H. MANN.

Mrs. Hannah Mann, wife of the late Jonathan Mann, died at her home 673 Water street, 12:35 on Wednesday morning, May 5th. Mrs. Mann had been ailing for some months previous to her demise. She was a daughter of the late Charles Taylor, and was born in Smith Township, 78 years ago, but has been a resident of Peterboro for the last 31 years. Her husband predeceased her 31 years ago.

There are left to mourn her loss three sons and one daughter: Chas. E., of Boston, Mass.; Tharces, of Edmonton, William J., living on the homestead in Smith, and Miss Isabelle at home.

Mrs. Mann was a consistent member of the Murray street Baptist Church, the congregation of which will deeply regret her demise.

The funeral will take place from her late residence, 673 Water street, on Friday, May 7th, at 2 p.m., Rev. Mr. Webb officiating.

WILLIAM C. BORLAND

Mr. Wm. C. Borland an old resident of Peterborough, passed away at his home, 551 Weller street, last evening. He was in his 86th year. He was born in Ayr, Scotland, coming ot this country when a boy. He leaves to mourn his loss, a widow, one son, Sergt.-Major Borland of Kingston, and one daughter, Mrs. Felix Browne combe, also one brother, Mr. Thomas Borland of East City. In religion he was a Presbyterian, being a member of St. Paul's Church. He was employed with Wm. Hamilton Co., for over forty years.

The funeral will take place on Thursday afternoon at 3.30 o'clock from his late residence, 551 Weller street to Little Lake Cemetery.

DR. GEORGE HOWARD.

Dr George S. V. Howard, Springville, N.J., passed away at the home of his brother-in-law, Rev. S. Crookshanks, 626 George street, Peterborough, Wednesday morning, May 5th, 1920, aged 70 years and 11 days.

He was the second son of the Rev. V. B. Howard, who was junior pastor of the Peterborough circuit A.D. 1841. When quite a young man he entered the office of his uncle in Jersey City. After the death of his uncle he became connected with Y.M.C.A. and was a travelling secretary for some years. Later he entered the ministry of the Methodist Episcopal church, and took a course in the Boston School of Theology, from which he took his degree. His wife's health failing he was obliged to retire from the ministry. After her death he became a travelling salesman for the Rand-McNally School Book and Atlas Publishing Co. Later he was travelling agent for the Waterman, Waterberry School Furnace Co. Some few years ago he and P. L. Pease organized the P. L. Pease Co. of Springville, N.J., manufacturing school furnaces and toilets, of which he was vice-president at the time of his death, and travelling salesman till compelled through sickness to cease work.

He leaves to mourn his loss one brother, T. A. Howard, B.A., of the Civil Service, Ottawa, and two sisters, Mrs. Rev. S. Crookshanks of this city and Mrs. R Smyth of Lindsay.

The interment will take place in Little Lake cemetery Friday, 3 p.m., service at the house at 2.30 by Rev. A. J. Thomas

Bugs, Fleas, Flies, Roaches, Mosquitoes, Moths, Ants, Beetles—ALL Killed by KEATING'S POWDER. Sold in Cartons only at all Dealers.

WEDDING BELLS

SIFTON—GREENE.

TORONTO, May 5.— A large and fashionable May wedding was solemnized at three o'clock this afternoon in St. Paul's Anglican church, Bloor Street East, by His Lordship the Bishop of Toronto, assisted by the Rev. Canon McNab, and the Rev. Dr. Ribourgh of St. Alban's Cathedral, of Miss Doris Margaret (Betty) Greene, daughter of Mrs. Sidney Greene, and granddaughter of Mrs. Sidney Greene, and granddaughter of Mrs. A. J. Arthurs, 78 Admiral Road, to Major Clifford Sifton, fourth son of Sir Clifford and Lady Sifton of 5 Clarendon Crescent, formerly of Ottawa and Montreal.

SOCIAL AND PERSONAL

Mr. Crawford, who has been accountant of the Merchants Bank of Canada here has been transferred to Guelph in the same capacity. Mr. C. L. Oberle is his successor.

Mrs Allen, of Cricket Place, left for West Virginia to visit her daughter, Mrs. J. E. Baldwin.

Mrs. J. R. Runnett left to-day to attend the graduation of her daughter Betty, who is among the graduation class of the Kingston General Hospital Training School of Nurses, Friday night.

Mr. G. W. Hobday, Superintendent of Dr. Barnardo's Homes, is in the city on business.

Mrs. A. Hartshorn, Stewart Street, is leaving to-day for New York, to join Miss Dorothy, and will be the guest of Evangelist and Mrs. H. L. Stephens at their summer home, Lake George.

Mr. Wm. Borland of Kingston, is in the city, having been called here on account of the death of his father, Mr. W. C. Borland.

Mrs. John Turner and Mrs. Hickey from the parish of St. Luke's, Peterborough, are in town for the annual meeting of the Women's Auxiliary.—Toronto Globe.

Miss Bessie Runnet will receive her dipoma from the Kingston General Hospital at the graduation exercises to be held in the hospital on Friday evening.

Captain Gerald Wilks of Brantford was in the city to-day en route for his home in Brantford after attending he Lampman-MacKenzie wedding

Mr. Marling, Lakefield, was in the city to-day.

Miss Grace Burritt, who has been in the city for several weeks, returns to-day to her home in Toronto.

Misses Violet and Grace Tucker are spending the week in Toronto, attending a convention of church-workers.

HOUSING REPORTS READY FOR COUNCIL

Mr. G. A. Gillespie's committee, which undertook the duty of securing subscribers for the housing debentures, will report to the Finance Committee of the Council at 7:30 o'clock on Thursday evening, preceding the meeting of the council. It is understood that this report will be encouraging, but the Housing Commission is in a different position. Mr. F. H. Dobbin has forwarded a written statement to the council which will show that the response to the questionaires sent to prospective home builders has been exceedingly light. Only a few replies were received and none of them offers a definite acceptance of the Commission's assistance.

LABOUR MISSION READY TO LEAVE

(Canadian Press.)

OTTAWA, May 5.—The departure of the Labour Mission to Russia has been delayed pending the making of satisfactory arrangements between the International Labour Office and the Soviet Government.

Canadian labour will be represented on the Mission by Arthur Martel, the vice-president of the Trades and Labour Congress.

OTTAWA MEMBERS AFTER MORE MONEY

(Canadian Press.)

OTTAWA, May 5.—Indications in Parliamentary circles are now that the increased indemnity for members has been practically agreed to.

The only drawback is that the majority of the members favour accepting an increase only if the pensions of disabled soldiers are increased.

With the prospect of that 20 per cent. increase in pensions, the members feel that they will be entitled to raise their own indemnity.

PADEREWSKI REFUSES ALL OFFERS

Claims Offered $1,000,000 For Tour of America.

(United Press.)

GENEVA, May 5.—Ignace Jan Paderewski, the pianist and former premier of Poland, who is at Morges, on Lake Geneva, said in an interview he had refused several offers for concert tours in America. Paderewski said he had been offered $1,000,000 to tour the United States.

TO DOUBLE UP CHURCHES.

Thirty Unions of Methodists and Presbyterians in Many Rural Districts

LONDON, Ont., May 5.—A meeting of Methodists and Presbyterians will be held here to consider a plan of union in this district for about 30 rural congregations, which will be doubled up, forming one strong body in each locality and doing away with overlapping and duplication in the future.

RUSSELLITES FREED.

Indictments against 6 under Espionage Act Dismissed.

United Press.

NEW YORK, May 5. — Joseph F. Rutherford, the head of the Russellite faith, and eight of his church officers, were freed to-day in the Federal court in Brooklyn when indictments against eight of them charging violation of the Espionage Act, was dismissed on a motion of Federal District Attorney Rees.

DEATH.

BORLAND.—At his late residence, 551 Weller Street, on Tuesday, 4th May, 1920, William C. Borland, aged 86 years.

Funeral on Thursday afternoon, 6th May, at 3.30, to Little Lake Cemetery.

VOL. XLVI NO. 107 — PETERBOROUGH, THURSDAY, MAY 6, 1920 — PRICE TWO CENTS

Former Peterboro Banker Killed By a Freight Train

LADY ASTOR IS ACCUSED OF BEING A HYPOCRITE

HORATIO BOTTOMLEY DEVOTES CONSIDERABLE ATTENTION TO THE DIVORCE BILL.

LONDON, May 6.—The bitter opposition to Lady Astor which, since her entry into Parliament has been gathering strength, was dragged brutally to the surface yesterday by Horatio Bottomley, who devotes four columns to a bitter attack on her in his widely-read weekly, John Bull

"I hate to be rude to a woman, but my public duty compels me to denounce Lady Astor as a hypocrite of the first water," says Bottomley in his article.

Did Not Make a Hit.

When Bottomley entered the House of Commons this afternoon the majority of the members showed him that his attack on the only woman "M.P.", far from making the hit whic hhe had counted on, was being deeply resented. There was a hostile hush as he strode through the aisle toward his seat. When he arose to speak "boos" from all parts of the House cut him short. The speaker intervened to calm the members, but the booing and hissing continued.

At the height of the row Lady Astor entered the chamber. Loud cheers greeted her, virtually the whole House joining in the ovation With flushed face, head erect, and her eyes shining with gratitude, she took her seat, which is but a few yards from that if her journalistic assailant. Throughout the session she pointedly averted her gaze from his direction.

The first woman member of Parliament recently forecast this attack by saying publicly: "I know that my advocacy of temperance is stirring up the bitterest antagonisms and that I have to fight for my future political existence."

Bottomley's attack is largely of a personal character. He covers with downright prohibition when striking their votes, while now she is openly advocating it. Bottomley then quotes from Lady Astor's speech in the House of Commons last month, urging that there be no weakening of the marital ties by freer divorce facilities.

"I am convinced," she had said in that speech, "that making divorce easier, really makes happy marriages more possible. In America, where the States have such easy divorce laws, I do not think that women have gained.

"I beg the House, in thinking this measure over, to consider it from a large viewpoint, and not to dwell merely upon miseries and inequalities. I think the world is too loose altogether, and what it needs is tightening up."

With Tongue in Cheek.

Bottomley says Lady Astor spoke "with tongue in her cheek," and avers she is guilty of "rank hypocrisy," because she obtained a divorce from her first husband, Robert Gould Shaw, at Charlottesville, Va., on February 3, 1903, "by arrangement between her and her husband."

The editor produces a New York newspaper report which states that Shew went to Europe to make the divorce easy. He then comments:

"This was a collusive divorce such as certainly would not be possible in this country. Every practicable step was taken to hush it up.

"This is the honorable, noble lady, American by birth, who in the House of Commons dares to be ceremonious upon the spiritual aspect of the marriage tie and protest against slackening our laws of divorce.

"I am not a moralist, or a purist. If Lady Astor's first marriage was unhappy, I congratulate her upon getting rid of her husband, but I want to see similar facilities, with due limitations, and unhappy married persons in this country. I do detest cant.

"I am not an enemy of female representation in Parliament, although I confess I would prefer a plain British-born Mrs. Smith, to the most noble viscountess of American birth. Lady Astor was the protagonist of a great experiment, and she has dismally failed."

Bottomley predicts that these "revelations" will come as the final shock to the members of all parties in the House of Commons, who object to being "fooled."

He winds up what he describes as a "painful, delicate task," with another charge, namely dissimulation, pointing out that Burke's "Peerage" and other reference books, describe "Nancy Astor" as the widow of Robert Gould Shaw, whereas, her first husband is still alive in New York where he is a member of the Brook Club.

CARRANZA'S COMMANDER CAPTURED.

EL PASO, May 6.—General Manuel Dieguez, commander of the Carranza forces in Northern Mexico, has been captured, according to unverified reports reaching here.

MESSAGE WILL BE IGNORED IN DOWNING STREET

(Canadian Press.)

LONDON, May 6.—Premier Lloyd-George will not take cognisance of the message from the American Congressman relative to Ireland.

"This sort of thing has ceased to cause any stir here," Downing Street officials said this morning. "We long since have come to believe that resolutions and messages coming from America are political manoeuvres, and that they do not represent American sentiment. Consequently, they have little weight."

RAILWAYS ARE STILL AFFECTED

BOTH SIDES CLAIM A VICTORY IN THE PARIS STRIKE.

(Canadian Press.)

PARIS, May 6.—The strike situation was unchanged this morning, both the government and the Labor Federation claiming a victory. The Federation has not renewed its request for a conference with the government officials. Marseilles and Havre are completely tied up by strike of dock workers, while the railroad service is greatly reduced. Only twelve trains were dispatched from Lazare station yesterday, while normally 562 leave the terminal daily. Ernest Loriot, prominent Socialist, was arrested, charged with plotting against the interior security of the country in connection with the railroad strike.

CHANGES IN THE ASSESSMENT ACT

The Legislature has decided to amend the Assessment Act again this year, and has increased the exemption in towns and cities to $2,000, and in other municipalities to $1700. These figures apply to householders. For non-householders in town and cities, the exemption will be $1,000 in futuse, but we have not yet been furnished with the figure set for other municipalities The Legislature has also decided to amend the Act so as to permit municipalities to assess for income tax, dividends derived from mercantile and manufacturing concern's stock. None of these changes will affect this year's taxes, however.

STOCK MARKET OPENING FIRM

PROFESSIONALS CONTINUE IN CONTROL OF THE MARKET.

(United Press.)

NEW YORK, May 6.—Professionals continued in control of trading at the sotck market opening to-day. The general list showed firmness, and many issues made good advances despite a small volume of transactions. Interest centred in the Steel and Oil groups. Replogle Steel was up 1 at 88, Cuba Cane 54, up 3-4, Atchinson 80 1-2, up 3-4. American Sugar 131 1-2 ,up 11 1-2. Sinclair 37, up 1-8. U. S. Rubber 102, up 3-8. Corn Products 98 3-4, up 1-2. Bethlehem B 97, up 5-8. Baldwin 119 1-4, up 1 1-4. U. S. Steel 96 3-4, unchanged. Southern Pacific 95 3-4, off 1-8. Southern Railway 21 3-8, up 1-8. Pan-American 99, up 3-8. Studebaker 82 3-8, unchanged. Republic Steel 98 7-8, off 3-8. Lackawanna Steel 81 1-2, up 3-8. Mexican Pet. 181, off 1.

The market continued to give a good account of itself right through the first hour. Steels continued to be led by Bethlehem, which got close to 98. On the other hand, Crucible, after an early high at 145 1-2 sold off to 143.

Pan-American stock ran up to 100 around noon, up nearly 11 points over the low of the last two weeks.

Strength in this issue was attributed to the belief that the directors will increase the dividend rate at the June meeting.

FOREIGN EXCHANGE.

(United Press.)

NEW YORK, May 6.—Foreign exchange was steady at the opning today. Demand sterling opened up 1-4 cent at $3.84 3-4. Franc cheques 16.42 up 10 centimes. Lire cheques 21.42 up 5. Marks demand $0190, cables $0192 up $.0007. Canadian dollars $.9070.

Defends Lady Astor, Who Was Attacked by Horatio Bottomly of John Bull Fame

(United Press.)

LONDON, May 6.—Lord Robert Cecil addressing the Newspaper Society last night came to the defense of Lady Nancy Astor, who was attacked by Horatio Bottomley, editor of John Bull, because of her fight against a Bill which woould make English divorce laws more lenient. After praising the Viscountess' ability, courage and principles, Cecil said: "I'm certain any disrespect or insult to her will be resented by the entire House of Commons."

Lady Nancy apparently was undeterred by the attack which accused her of Collusion in obtaining here a divorce from Robert Gould Shaw in the United States. She gave a new address at a meeting last night in support of the divorce bill while she did not refer exactly to Bottomley's attack, she did mention it indirectly.

"Whenever you attack immoraliety, drink, the slums, greed, or what I call the world's evil forces" she said, "it's like stirring up a hor-nets nest. They hiss, sting and use every vile and filthy means they can."

It was generally believed that she might avail herself of Bottomley's suggestion that she speak in her own defense at some later date.

Shelled the City

TURKS SENT TO NEGOTIATE WITH LEADER OF THE NATIONALISTS.

(Canadian Press.)

CONSTANTINOPLE, May 6. — After a consultation with the entire Cabinet, Damad Ferid Pasha, Grand Vizier, decided to-day to send Nazim Pasha, former Chief of Staff, and Noureddine Pasha, formerly Governor of Smyrna, to Angora, for the purpose of affecting a compromise with Mustapha Kemal Pasha, Nationalist leader. Efforts to induce Turkish troops to oppose Mustapha Kemal's forces, appear to become more difficult daily. Three thousand Turkish prisoners, who had just been repatriated from Egypt, mutinied when told they would be sent to Anatolia for this purpose. Doubt is expressed here if the two emissaries the Grand Vizier is sending to Angora will ever return. Colonel Jafar Tayar, who recently declared Adrianople independent, is reported to be preparing to resist Greek occupation.

Become Bolshevik.

(Canadian Press.)

BALUM CAUCASIA, May 6. — Azerbaijan troops which were holding Baku when that city was approached by the Russian Bolshevik forces, failed to make any serious defence of the place, according to reports reaching here. Bolshevik gunbots fired a few shells over the city, but there was little attempt to do actual damage. Two British lieutenants and some British sailors who were captured by Soviet army at Baku will be held, it is said, until an equal number of Turkish Nationalists are released from Malta by the British. The danger of the entire Caucasus region turning Bolshevik is causing great uneasiness among business men here.

BUILDING PERMITS ARE VERY LIGHT

Five building permits all for small amounts were issued this week from the City Hall

Mrs. E. Smith, 479 Bonnacord avenue $70, porch.

H. Hudson, 124 Lansdowne street, $25, garage.

Richard Colmer, 479 Bolivar street $400, extension to kitchen.

Colinial Hide Co., 4 Lansdowne street, $200, alterations to building.

D. McQuaig, 474 Sherbrooke street, $25, shingling roof of verandah.

SLOWLY FIGHTING.

(Canadian Press.)

WARSAW, May 6.—Fighting between the Poles and Bolsheviki for the possession of Kiev, the Ukrainian capital, continues day and night.

In the entire semi-circle of Kiev bridgehead, the Polish infantry is in contact with the Bolshevik infantry.

The Poles are slowly pushing back the enemy in the face of machine gun and artillery resistance.

PLANS CARRIE DOUT.

(Canadian Press.)

LONDON, May 6.—Lord Strathcona's proposals in 1913 for the British Empire Exhibition are now to be carried out by the Government's Promoting Bill, which is to contribute one hundred thousand pounds to guarantee the fund.

The Prince of Wales is president of the General Committee.

A WELCOME CHANGE

Apropos of Henry Watterson's retirement from the Louisville Courier-Journal, a Louisville banker said to the great editor:

"I understand, sir, that your idea is to start a peaper of your own—a paper that will strike a new note."

"Well," feaced the veteran, "that would be a welcome change, indeed, for papers out here do nothing but note a new strike."—St. Louis Republican.

TO CONTINUE WHEAT BOARD FOR THIS YEAR

(Special to The Examiner.)

WINNIPEG, Man., May 6.—The North-West Grain Dealers' Association announced last night that the farmers will receive 40 cents a bushel for their wheat in addition to the original $2.15 a bushel given with a certificate.

The Government guaranteed the farmers $2.15 each bushel sold.

The estimate of the wheat crop by the Grain Dealers is 150,000,000 bushels.

It is believed that this year's guarantee will be $300, and the continuance of the Wheat Board is looked for.

AN ILLUSTRATED LECTURE AT THE PUBLIC LIBRARY

PROFESSOR MORRISON ADDRESSED THE PETERBORO WOMAN'S CANADIAN CLUB.

Under the auspices of the Women's Canadian Club last evening, Dr. E. Morrison, professor of History at Queen's University, Kingston, gave an interesting address on General Allenby's Campaign in Palestine.

In introducing the speaker Dr E. V. Frederick, who occupied the chair remarked that the intellectual life of the city had been improved by the war. Before 1914, he said, the citizens of Peterbaro were inclined to be narrow and provincial, interested only in their immediate surroundings but the fact that the lecture to be given by Dr. Morrison was the fourth lecture this winter on Egypt and Palestine showed that the people are becoming interested in world wide subjects.

With some exceptionally clear slides Dr. Morrison, who was in Palestine as a staff officer with the 52nd Scottish Division, outlined General Allenby's plan of campaign in Palestine and gave a very clear idea of the life his army lived. He dwelt mostly upon the difficulties the army had to overcome in the construction of the waterpipes across the desert and in combating desert conditions generally.

Vote of Thanks.

At the conclusion of the lecture a hearty vote of thanks was moved to the speaker by Mrs. James Kendry and seconded by Mr. W. R. Morris.

CROP PROSPECTS NEAR LAKEFIELD

LAKEFIELD, May 6.—Conditions are almost ideal in the country just now and the farmers, though hardly making hay while the sun shines, are making good progress with their spring work. This season is neither specially early or late but decidedly seasonable which makes the prospect for good crops a good one. The fall week prospects are fairly good in spite of the extreme winter.

CATTLE MARKET

TORONTO, May 6. — Cattle receipts light, trade active.

Heavy beef steers, $14.50 to $15.75; choice butcher steers, $14 to $15; butcher cows, medium, $9 to $10.75; calves, $17 to $21. Ewes, $10 to $17; lambs, $17 to $19. Hogs, fed and watered, $20.25 to $20.50

6,000,000 PEOPLE IN NEW YORK CITY

Gain of More Than 1,000,000 in Population Since Year 1910

NEW YORK, May 6—The World to-morrow will declare that the population of the City of New York is 6,000,000. It will assert that the estimate is based upon figures obtained from the Government census On these figures the city has gained 1,000,000 people since 1910.

Polish Advance

BOLSHEVIK STUBBORNLY DEFENDING THEIR POSITIONS AROUND KIEV.

(United Press.)

LONDON, May 6.—Our troops are fortifying themselves in new positions west of Kiev," the Bolshevik official communique for Tuesday, received today, said. The Daily News, whose Warsaw correspondent sent out the original story that the Poles had occupied Kiev, said the Bolshevik statement apparently disposed of the story. Heavy fighting between the Polish and Soviet forces was reported from the region of Fastoff.

Skvira Occupied.

(Canadian Press.)

WARSAW, May 6.—Polish cavalry, operating in the offensive against the Bolsheviki, have occupied Skvira in a Polish thrust toward Dnieper. Skvira ,about sixty miles south-west of Kiev, was a Bolshevik stronghold. To-day's Polish communique announces that two Red divisions were cut off from the retreating Bolshevik Fighting is continuing, the statement says, the Bolsheviki stubbornly defending their positions, although the Poles are making some progress.

ROBERT W. TRAVERS KILLED BY TRAIN

BORN IN PETERBORO AND WAS FORMERLY MANAGER OF MONTREAL BANK HERE.

LONDON, Ont., May 6.—Robert W. Travers, manager of the main branch of the Bank of Montreal here, was instantly killed beneath the wheels of a west-bound freight train in the Grand Trunk yards of Waterloo Street yesterday afternoon.

Mr. Travers, who during the past six months had been in a serious condition of ill-health because of diabetes, left his residence at the bank early this afternoon, and shortly afterward an appeal was made to the police to assist in locating him. He appeared at the Waterloo Street crossing of the railway, and after walking along the tracks sat for a time on the freight house platform. He attracted the attention of a railwayman, who believed that he was a Railway Commission officer.

Later William Burrows, the crossing watchman, sent W. T. Johnson, a fellow employee, to question Mr. Travers. As Johnson walked toward him the freight train passed, and he saw Mr. Travers suddenly step forward and fall beneath the wheels.

Coroner Robert Ferguson stated that death was instantaneous. The law respecting railroad accidents requires that an inquest be held, and the body will be viewed by the jury to-day.

Mr. Travers was born in Peterborough in 1860, the son of John N. Travers, and grandson of General Sir Robert Travers. He was educated at Trinity College School, Port Hope, and had spent the greater part of his business life in the service of the Bank of Montreal.

He was manager at Peterborough from 1909 to 1915, when he was transferred to London. His widow was formerly Miss Eda A. Smith, of this city.

PETERBORO PAYS TO THE PROVINCE

BRANTFORD, Ont., May 6.—The police court fines hitherto paid to the province are being retained by the city pending the ending of the fight between the province and the cities to whom these fines should go.

Nothing has been done regarding this matter in Peterborough.

PETERBORO SHOPPERS ARE HONEST WITH THE CUSTOMS

BANK CLEARINGS WENT OVER THE MILLION MARK

The bank clearings in the city went over the million mark for for the first time in some months the week ending to-day.

Clearings week ending May 6, 1920—$1,098,213.

Same week last month—$922,164.

Same week last year—$874,766.

Same week two years ago — $768,266.

MUSIC TAKES SECOND PLACE

REV. T. T. SHIELDS KEEPS TORONTO CHURCH.

TORONTO, May 6.—After two hours' discussion, which was practically all one sided, Jarvis' Street Baptist Church refused last night to accept the resignation of Rev. T. T. Shields, and followed this with a resolution, adopted unanimously expressing the confidence of the congregation in the pastor The resolution, which was moved and seconded by Messrs. C. J. Holman, K.C., and Gideon Grant, expressed "the thankfulness of the congregation for the unswerving loyalty of the pastor and also placed on record its high appreciation of his faithful and successful ministry to the church." A second resolution was passed covering the differences with the choir which led to the pastor's resignation It resolved that in the services of public worship "precedence shall be given to the preaching of the gospel, and that each service shall be so ordered that all elements of the service may be of such character and in the exaltation of Christ, through the exposition of the Word of God." At the same time, the church placed the conduct of the public service entirely in the hands of the pastor, while the Music Committee will in future be considered as a sub-committee of the Deacons' Board. The meeting was largely attended.

THE COMING TATTERSALL RECITAL

PROMISES TO BE A BRILLIANT PIANOFORTE PERFORMANCE.

Peterborough's music-loving citizens are promised a masterful pianoforte performance on the occasion of the public recital announced by Mr. Frank Tattersall, the brilliant English pianist of this city, and popular organist of St. Paul's Presbyterian church. The recital takes place on Tuesday evening next, 11th of May, in St. Paul's church. This will be the first of Mr. Tattersall's efforts, on his own behalf, since coming to Peterborough, although he has on previous occasions, voluntarily contributed his services to the delight of large audiences, on both organ and piano. His programme on this occasion is to include wonderful piano pieces of the greatest composers and the execution of the most daring and thrilling compositions. Among the musical gems promised are four of the six Etudes by Paganini-List and two Legendes by List, "Preaching to the Birds," and "Walking on the Waters."

Mr. Tattersall will use on this occasion his own full-sized Concert Grand Piano.

The oldes, largest and most important manufactory of automobiles in Barcelona, Spain, has an annual output of 2,000 cars.

FEW ATTEMPTS TO SMUGGLE GOODS FROM THE UNITED STATES.

"The general public of Peterboro is pretty honest," Mr. R. Hall, Customs Collector told the Examiner to-day, "and very few attempts are made by the citizens to put one over the collectors."

The Customs Collectors experience some little trouble practically every day with so called presents coming from the other side and are of course forced to believe that they are such. "But," Mr. Hall said, "when the duty amounts to anything over fifty cents the people generally pay without very much protest. Another favorite way of trying to cheat the customs is through declaring clothes coming in to be second hand but this attempt at deceit is easily checked up when experienced officers examine the contents of the parcels. There is always some way to find the would be smuggler in this form of cheating.

"Of course we have to take their word for it when practically every month citizens returning from the other side declare that they didn't know that they should not have a brand new pair of boots "Made in the U.S.A." hidden amongst their other clothes and we never make any arrests. We merely charge the person the duty and let them go on and the practice is very seldom repeated by the same party.

One Case That Failed.

We had a funny case here last month, Mr. Hall said, of a woman who came to get a dress from the Customs House and declared that she had bought the material at a local store and had sent it to her sister in the States to be made up. The story sounded grossly improbable and after very little investigation we found that there was no foundation to it added to which the maker's name, a wholesale firm, was unfortunately for the lady, printed on the dress. This ended the trouble, quelled the slightly indignant letters from the lady who would have owned it.

No Clever Attempts.

No really ingenious attempts are made by Peterboro people to smuggle in any articles such as are done at the border. Jewellry, a favorite with the smuggler is always brought in the regular manner and there is very little at that brought into the city out side of by the jewellers.

Honest Merchants.

The Peterboro merchants are absolutely honest and practically no attempts are ever made to do any wholesale smuggling. If the goods do not coincide with the invoices it is always a mistake and corrected without any hard feeling.

HEADACHES!

Headaches, indigestion, sleeplessness and nervous troubles are often caused by eyestrain. And eyestrain is caused by not wearing the right glasses. Right glasses will relieve eye-strain, and troubles due to eyestrain will disappear. See W. H. Lacey, Optical Specialist, 410 George street.

LOST.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to Flush Kidneys and Neutralize Irritating Acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is a difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and cause no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

NOTICE!

TAKE NOTICE that the Municipal Council of the Corporation of the City of Peterborough will take into consideration the passing and if approved will pass at its meeting to be held on the 7th day of June, 1920, at the hour of Eight o'clock in the afternoon at the Council Chamber, Peterborough, a By-law for stopping up and selling or conveying that part of the allowance for road called Stewart street which lies between Perry street and the Canadian Pacific Railway Company's Right-of-way, and the Council will at that time and place hear in person, or by his counsel, solicitor or agent, any person who claims that this land will be prejudicially affected by the By-law and who applies to be heard.

Dated the 28th day of April, 1920.

S. R. ARMSTRONG, Clerk.

YOUTH ETERNAL.

The Kingdom of Eternal Youth, 'tis said,
Has been at last discovered. He who goes
Into that land, by sudden magic grows
As young as storied lovers are when wed.
Although his face was ashen, gray his head,
He blooms as fresh and ruddy as the rose,
Neither the flight of years nor trials, nor woes
Can make it seem his blossom time has fled.

But people there exclaim: "How cursed are we!
How sad a thing to stay forever young!
So much have we made merry, danced and sung,
We'll perish of the sheer monotony.
Our only hope is that some kindly sage
May find the Fountain of Eternal Age!"

Sales were made of nearly all of the 150 passenger cars displayed at the twelfth annual automobile show in Louisville, Ky.

SALADA

The one Tea that never disappoints the most critical tastes.

"SALADA"

on a Sealed Packet is Your Safeguard.

BABY CLINIC WAS A SUCCESS

The regular baby clinic will be held to-morrow afternoon — Friday —from 3 to 5. Ladies from the West, South and East Wards will bring their babies from 3 to 4 o'clock and those from the Centre and North Wards from 4 to 5. Those who received cards the last time may also bring their babies from 3 to 4 o'clock to-morrow.

A Great Success.

The Tuesday session of the clinic was a marked success and a great encouragement to those instrumental in the installation of the movement. So many babies were brought in the doctors were unable to examine all of them. The King's Daughters served tea.

FRANCE LOST 973,440 DURING WAR PERIOD

Prussia, on the Other Hand, Decreased But 312,827.

PARIS.—According to statistics furnished by the National Alliance for the Growth of the French Population, France, as compared with Prussia, has fared very unfavorably during the war.

From July, 1914, to July, 1918, the population of France (excluding the occupied areas) diminished by 973,440, while that of Prussia diminished only 312,827.

Before the war the population of Prussia was 9,000,000 more than that of France.

O'LEARY AWARDED $1,500

Plaintiff is Awarded $1,250 for Libel and $250 for Slander as Result of Action.

TORONTO, May 6.—In the action against James Simpson for libel and slander brought by A. E. O'Leary, the jury found for the plaintiff, and damages were assessed at $1,250 for libel and $250 for the slander.

JURORS' FEES RAISED TO $3.50 PER DAY.

TORONTO, May 6.—Under a Bill introduced by the Hon. W. E. Raney in the Provincial House, jurors' fees are increased to $3.50 per diem, and provision is made for serving jury notices by registered mail.

County Councils are also empowered to pay Councillors $5.00 a day.

WORLD HAPPENINGS

WILL NOT TRADE.

Canadian Press.

COPENHAGEN, May 6. — The Russian trade delegation have decided not to trade with the Entente countries, and will return to Moscow.

ULTIMATUM TO CARRANZA.

(Canadian Press.)

WASHINGTON, May 6—Carranza has been sent an ultimatum, and it is expected that he will flee from Mexico very shortly.

ANGLO-JAPANESE ALLIANCE.

(Canadian Press.)

LONDON, May 6.—Negotiations are under way between Great Britain and Japan to renew the Anglo-Japanese Alliance, which expired last July.

MARCH ON MEXICO CITY.

(Canadian Press.)

JUAREZ, Mexico, May 6. — Ten thousand soldiers are ready to march on Mexico City, and they are expected to start within a day or two.

DANES OCCUPY SCHLESWIG.

(Canadian Press.)

COPENHAGEN, May 6.—Danish troops have occupied Northern Schleswig. The Germans have held this territory since 1866.

HARD ON HAREM GIRL.

Because She Can't Read She May Lose Husband and Life.

NEW YORK, May 6. — Because she could not read, Anna Sherbetdjian, a young Armenian woman at Ellis Island, was ordered deported back to Turkey, where she may face death for her escape from a harem there to come to the United States to an unseen protective bridegroom.

Hampirsoon Terekelyian, a wealthy Philadelphia merchant, appeared at the Island to claim Anna as his bride-to-be, only to learn that she could not enter the country.

Rich Armenians are planning to appeal the case.

TAX AUTOS FOR PAVEMENT UPKEEP.

GALT, Ont., May 6. — The City Council will petition the Ontario Government for power to impose a local tax, not exceeding $1.00 a horse-power, on automobiles, the money raised to be used towards paying the cost of the repairs to pavement required because of the automobile traffic.

TABLES TURNED ON INFORMANT

ASSAULT CASE CAME UP THIS MORNING.

On Monday morning Ephraim Lindsay laid information against William Vilneff for assaulting him on May 1, doing bodily harm. The case came before Magistrate Dumble this morning. Mr. G. N. Gordon represented the accused. Vilneff pleaded not guilty, electing summary trial. When the informant was called on to give evidence against the accused he did not make an appearance. Three times his name rang out through the corridors of the station, but no Ephraim appeared. The magistrate dismissed the case with the costs of $5.10 to be paid by the informant within three days or to enjoy ten days' hard labor on the hill.

CHASING THE POSTMASTERSHIP

RETURNED SOLDIER MAY BE GIVEN HAVELOCK POSITION.

(Havelock Standard.)

The Standard is informed that applications for the postmastership are going to be decidedly numerous, and in fact that several citizens applied for the position within an hour or two after the regrettable death of the late postmaster. The matter of selecting a successor to the late Mr. Fanning is in the hands of the Civil Service Commission, and applicants have to file a report of their life activities and three letters of reference from reputable citizens, in duplicate, and forward a copy to the Commission at Ottawa. This branch of the Civil Service, known as the outside service, was taken out of the bounds of political patronage some time ago, and now neither the sitting member nor the defeated member, or a political Association, have any say in the disposal of a Government position. The Commission meet and go over the applications and select who it thinks would make the best official, which perchance might possibly be some one from another town. The Standard thinks that the position of postmaster in Havelock should go to a returned soldier, and it has in mind one who would fill the position admirably, and who, owing to the many wounds received in the great war, is not able to perform any work calling for the use of much physical strength. This ex-soldier has a proud record as such, is well qualified in every way to fill the position of postmaster, and enjoys the respect and esteem of all citizens. The Standard refers to Mr. Harry Bush, and bespeaks for him the support of all citizens in the matter of his application for the vacant office.

Y.W.C.A. NOTES

The interest is growing each day in the missionary campaign at the Young Women's Christian Association. At present Miss Payne's team leads, with Miss Brownscombe's and Miss Thomson's not far behind. As all reports are supposed to be in by Saturday night, it is expected that there will be keen rivalry in the next few days.

KILLS BED BUGS.

People who are house cleaning and are anxious to exterminate Bed Bugs should procure a bottle of Post's Bed Bug Poison and a few applications will wipe out this pest.

Post's Bed Bug Poison is sold at Lynch's Drug Store, 168 Hunter street and should be kept out of the way of children. 4d-3-6-10-13-104-9325

ROTTERDAM'S GRAY HERONS DISAPPEAR

Pushed Out to Make Way For Port Growth.

The gray herons of Rotterdam, familiar of the city for centuries, have gradually, according to a correspondent of the Times of London, been pushed out of their old territories to make way for the growth of the port. The waters had been gathered into canals, the spaces began to dry, and little by little new streets built on piles invaded the heron ground.

Herons, unlike storks, do not take to the dwellings of men, but they cling desperately to their nesting-places, the elms and the willows of the boulevards. Finally ousted, they preserved but one refuge, and that the zoological gardens, which in 1857 was established on one of the reclaimed areas. Some of the herons were put in an aviary and some of the wild ones, watching the proceeding, set up house in the elms close by.

But since 1857, Rotterdam has grown, and the parent birds have now four miles to fly to reach the waters for food for their nestlings. They cover the distance by day and night over the tramways, railways, and the noise and smoke of a city, the return to the nest marked by the usual outburst of welcoming cries from the voracious young.

DAYLIGHT SAVING HITS POWER HOUSES

Under Non-Adoption Will Make $15,000 More.

Canadian Press.

SASKATOON, May 6.—Rejection of the daylight saving measure will mean a difference in revenue for the season of approximately $15,000 to the Saskatoon power house, stated city officials, basing their calculations on the result last year, when its adoption caused a drop in revenue of nearly $11,000.

A Galaxy Of Great Bargain Values For Friday and Saturday

30 Suits Special Priced for a Quick Clearance

Sold usually at $50 and $55. Special for the Next Few Days for **$29.00**

Kellogg's WAXTITE TOASTED CORN FLAKES

BATTLE CREEK, MICH. TORONTO, CAN.

SAWDUST SUGAR THE REAL ARTICLE.

AND CAN BE MANUFACTURED AT 3¼ CENTS A POUND.

PITTSBURG, Pa., May 5.—Sugar at 3¼ cents a pound can be made out of common sawdust, three-quarters of a pound of sugar being obtainable from one pound of sawdust, according to a statement made here by Robert Hyde, a Pittsburg chemist, who is a University of Manchester graduate.

"After eight years' research," said Mr. Hyde, "quite by accident I upset a flask containing a certain liquid upon some excelsior. The effect was peculiar, and I investigated. The result was the realisation of my dreams. "If made by hand the sugar will cost approximately 3¼ cents a pound. If made by machinery on an extensive scale, the cost can be cut to less than half that sum. The process consumes about ten hours."

Be Careful What You Wash Your Hair With

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified cocoanut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides it loosens and takes out every particle of dust, dirt and dandruff.

Quaint embroideries in brilliant colors are seen on silk jersey blouses.

"Peterborough Presents Possibilities Unsurpassed."

THURSDAY, MAY 6TH, 1920.

A MISUNDERSTANDING.

According to newspaper reports Labour organizations are not opposed to increased sessional indemnities for members of the Legislature, feeling that they are justified by the jump in the prices of the necessaries of life. This may or may not be a true diagnosis of the opinion of organized labour. At all events there seems to be considerable misunderstanding over this question. The point that many people overlook is that the indemnity was not intended to be the only means of support for members of the Legislature. It is designed merely to take care of them during the sitting of the Legislature—a matter of seven or eight weeks. During the rest of the year they have no public duties that prevent them from attending to their private occupations and the present allowance seems ample for the purpose intended. Of course if the members of the Legislature want the indemnity converted into a salary large enough to maintain them in idleness for the ten months when the House is not in session, that is a different matter. But they should consult public opinion on the question before they take action. A referendum might prove a revelation to the legislators.

A GRATIFYING RESULT.

The results of the examinations in first aid methods following the classes conducted here in connection with the local C.P.R. employees are most gratifying. The members of the Peterboro Police Force attended the classes at the invitation of the C.P.R. authorities and a special class for ladies was also held. The net result of the instructions given by Mr. E. G. Noble of the St. John's Ambulance branch of the C.P.R. in that twenty-eight employees of the C. P. R., twelve members of the Police Department and ten ladies, a total of fifty in all, were successful in weathering the severe test and qualified for the St. John Ambulance Society Certificate. It is a remarkable record indeed that there was not one unsuccessful candidate—a showing that not only indicates the deep interest that was displayed in the work by the members of the classes but that reflects most creditably upon the methods used by Instructor Noble.

The success scored means that Peterboro has fifty more citizens capable of administering first aid methods in the case of an accident than there were in the city prior to the opening of the classes. It means that every one of these fifty know what to do, know the simple remedies to adopt that may save a life before medical assistance could be secured. That the police force have all qualified for first aid certificates is a particularly pleasing feature, for the knowledge they have gained during the course will make them more useful and more efficient public servants. The constables are often among the first on the scene at an accident and their training in first aid methods will enable them to be of much greater assistance than formerly.

THE BAND PROBLEM.

Whatever reception may be given by the Council to-night to the suggestion of the G.W.V.A. that the G.W.V.A. Band become a citizens' organization, the plan has undoubtedly favourably impressed many citizens who want to see the cause of music helped by the formation of the strongest possible band. Particularly have they been struck by the offer of the G.W.V.A. to vote a grant of $1,000 towards the band for the purchase of uniforms and by the equally helpful promise that in the event of the City Council accepting the proposition, the Association will provide the band with free quarters, heat, light, etc. Whenever a Citizens' Band has been suggested there have been objections on the ground of expense. A practice room would have to be provided, pointed out objectors to the scheme, and the Council would have to see that the band quarters were supplied with heat and light. The G.W.V.A. offer eliminates this objection and make the organization of a citizens' band a much easier matter. The question comes before the City Council to-night and the G.W.V.A. plan will be pressed by a delegation of war veterans, who will ask the Council to make a grant of $1,000 towards the expense of uniforms. Just what the result will be it is impossible to foretell. The recommendation of the Park committee as decided at the last meeting will be to divide the $1,000 band appropriation between the G.W.V.A. and Peterborough Rangers bands. In view of the new proposal this recommendation may be changed and the whole grant given to the Veterans' organization. Another possibility—but not a probability—is that the band appropriation may be increased by $500, giving $1,000 to the new organization and $500 to the Rangers. But to-night will tell.

SALARY GRABBERS.

The Ontario Legislature sat until 1.30 o'clock yesterday morning. The members might be acclaimed for their zeal and faithfulness to the duties of their position, had their burning of the midnight oil been done in an effort to decide some important public matter, some question of policy that involved the interests of the whole province. But instead their vigil was over no big issue—the prolonged discussion involved the question of whether they should dip their hands deeper into the treasury and extract a bigger sessional indemnity. Seventy-nine members of the Legislature of all shades of politics had signed a round robin asking that the indemnity be increased from $1400 to $2500, and many of these members stood up in the Legislature and declared that they wanted the increase.

To the credit of Premier Drury he declined to accede to the demand, even though it was backed by many of the Farmer members, and declared that he was unalterably opposed to any increase. Hon. Mr. Drury has taken a stand that will be backed by the people. There is no justification for this demand for a $1,100 increase. In the first place the indemnity is not a salary—it is merely an allowance paid to the members to recompense them for the time they have to spend in their public duties. The session should not run over seven weeks, which means that the members are paid under the present indemnity at the rate of something like $30 a day. If the legislators choose to waste their own time and delay public business by days of profitless debate, thus prolonging the session, that is their concern, but the people of the province will object to the dragging out of the proceedings of the Legislature being used as a means of adding $66,000 a year to the public expenditure. The present government made economy one of the principle planks in its platform. The members have a queer idea of what economy means when they propose to vote themselves bigger rewards for their services.

Let them consult their constituents if they want to find out what the people think of what the official organ of the Farmers bluntly calls "a salary grab."

THE "SUN" IS OPPOSED.

The official organ of the United Farmers of Ontario, the Farmers' Sun, like Premier Drury, is utterly opposed to any increase in the indemnities of the members of the Legislature. Here is the way the Sun looks at the matter:

In the issue of The Farmers' Sun of April 28th, we criticized the efforts being made by the Federal members to increase their sessional indemnities from $2500 to $4000 a year. At that time we were not aware that a movement was on foot in the Ontario Legislature to increase their sessional allowance from $1400 to $2500.

Many of the arguments used against an increase at Ottawa apply with equal force against an increase in Toronto. It may be that the present members of the Ontario Legislature are more efficient and are rendering better services than are the moribund occupants of the new palace at Ottawa, but there is the same need for economy in Toronto as at Ottawa.

One of the planks on which the United Farmers of Ontario were elected to power was the greater economy plea. It is doubtless a very difficult task to practice economy in the administration of the public affairs at a time when the cost of doing business is greater than at any time in the history of the country. It is also true that Ontario has been allowed to stagnate for years and years and as a result there is need for expansion in many lines. The Department of Agriculture needs money; education is calling for larger appropriations; money is needed for good roads; a progressive forestry policy calls for funds and a score of other matters connected with the real growth and development of the Province demand money.

These facts make it all the more necessary for the government to practice economy wherever possible. We are satisfied that the people of Ontario will not endorse the action of the members in voting themselves an increased sessional indemnity. It is not their own money that they are voting but the people's money. Undoubtedly the cost of living is high, and affects members of the Legislature as it affects all others in the country, but the majority of us have to get along without increases and the members of the Legisalture must do the same.

While on the subject of economy, the Government might very well do something to rid the province of the white elephant, known as Government House. This is a needless expenditure and the popular plea that such an institution is needed to entertain distinguished out-of-town guests is all "bunk," to use a slangy but expressive term. Distinguished visitors to the Lieutenant Governors of the American States are entertained in the Lieutenant-Governor's hall bedroom, private home, or wherever he happens to live. The people to the south of us do not provide palaces for their Lieutenant-Governors and there is no good reason why this Province should burden itself with a place whose only products are deficits and snobbery.

The Farmer-Labor Government will not lose anything by practicing the most rigid economy and eliminating all needless expenditures, such as the increased sessional allowances, the up-keep of Government House, the pension fund for civil servants, the building of radial lines and other projects of a similar nature.

PLAYER'S
NAVY CUT
CIGARETTES

10 for 18 cents
20 for 35 cents

"More Sold Than All Other Brands Combined"

Preferred by Leaders of Men—

Wherever you go — Canada, England, India, any part of the Empire — leaders in the business world, in the social world, in the athletic world all smoke Player's Navy Cut Cigarettes!

They prefer Player's, because in no other Virginia cigarette *at any price* can they find such perfect cigarette satisfaction.

Among smokers, a cigarette is judged by its smoothness, its fragrance, its mildness and its CONSISTENT high quality.

That is why men prefer Player's!

I MUST PHONE TAILOR AT ONCE AND TELL HIM NOT TO DRY-CLEAN THE CAT!

When You Cannot Sleep

What can be more distressing than sleepless nights?
Morning finds you tired, depressed in spirits and perhaps ill-tempered.
Sleep is nature's way of restoring the nervous energy wasted by the activities of the day.
Without sleep you are spending nervous energy without replacing it. Your vitality is running lower and lower each day. Hence the tired feelings, the headaches, the failure of the digestive system and the general depression and discouragement.
The question is how to build up the supply of nervous energy in the body and the problem is solved by the use of Dr. Chase's Nerve Food.
Perhaps the best way for you to satisfy yourself on this point is by reading these letters from persons who have proven the value of this food cure under such conditions.

Kingston, Ont.

Mrs. S. Topliffe, 64 Union St., Kingston, Ont. writes:

"A few months ago, I was suffering from nervousness, headaches, sleeplessness, and a general run down condition. While visiting my sister, who was using Dr. Chase's Nerve Food, she persuaded me to try it, saying she was sure it would help me. I secured a box, used it, and continued the treatment until I found myself greatly benefited, and able to sleep quite well. From the benefit I have derived, I could recommend it to anyone suffering from nervous debility and run down system."

"I have also used some of Dr. Chase's Ointment, and find it a very good ointment to keep in the house."

Kempt, N.S.

Mr. Ambrose B. Dowling, Kempt, N.S. writes:

"My system was all run down. I was weak and very nervous. For nights at a time I could neither sleep nor rest, and finally had to give up work. I read in a newspaper of a cure made by Dr. Chase's Nerve Food in a case similar to mine, so decided to give this treatment a trial. A few boxes made a great change for the better, and after using eight boxes I can say that I rest well at night, and get a good night's sleep. I can now do my work on the farm, and my nerves are much better. I trust that others, troubled the same as I was, may benefit by this letter."

Windsor, Ont.

Mrs. John Lawson, 21 London St. E., Windsor, Ont. writes:

"I was troubled for a long time with nervousness and sleeplessness. My system became run down, too. I never knew what it was to have a good night's rest for over a long. I spent a lot of money doctoring, but never received much benefit from their treatments. One day I bought some of Dr. Chase's Nerve Food, and, after using the first box, I found relief. I could sleep better, and did not feel so tired upon rising in the morning. I continued using the Nerve Food, however, until I had built my system up again. I am stronger now and feel more like myself."

"I can also say that Dr. Chase's Ointment freed me from a case of piles, from which I had suffered for some time."

Port Hope, Ont.

Miss Myrtle Broadbent, Bloomsgrove Ave., Port Hope, Ont. writes:

"I became run down through overwork, was very nervous, restless and subject to headaches. I could not sleep well, became easily worried and took weak spells. My nerves or muscles used to twitch and I had pains through my back. Besides this I suffered from indigestion and my appetite was poor. The doctor told me my whole system was run down and I needed one year of perfect rest and quietness. I did not act upon these orders, but instead began a treatment of Dr. Chase's Nerve Food. This medicine has done me the world of good by curing these symptoms and building up my system in general."

Dr. Chase's Nerve Food

To be a nervous bankrupt is a serious condition. To be sleepless is one of the surest indications that your nervous system needs just such assistance as is best supplied by Dr. Chase's Nerve Food.

You can obtain Dr. Chase's Nerve Food from all dealers or Edmanson Bates & Co., Ltd., Toronto. Be sure to see the portrait and signature of A. W. Chase, M.D., on the box you buy.

SANDRA THE JEALOUS

By JANE PHELPS

A HAPPY AND UNEXPECTED SURPRISE.

CHAPTER CXV.

I couldn't get that woman out of my mind for days. It seemed so pitiful. No wonder she felt hard, and looked hard too. I shivered as I thought how I would feel if I had to listen to Everett calling for some woman he loved and he had died with her name on his lips. It was horrible. I made up my mind never to "play" with human hearts, as that woman had put it—to be fair and square in all I did. For the first time I had no wish to be like Leola. That was killed forever. I still longed for her fascinations, but only to make my husband love me better, not to use to make him jealous. That poor woman, who had travelled across the ocean to upbraid Leola, had effectually killed any admiration I had for the first Mrs. Graham.

Someway, too, it made me feel more tolerant of Everett. If he knew these things, he had suffered. If he had not known them, he was to be pitied because she had made her position as his wife a cover for her flirtations.

"Would you like to take Miss Lane and the baby and go home for a couple of weeks?" Everett asked me soon after this experience.

"Why—yes."

"Why did you hesitate,"

"Because I hated to leave you alone," I answered truthfully.

"I beg your pardon, dear, I imagined it was because of Miss Lane."

"No——I wouldn't dare travel alone with Junior," I said, all unconscious that I was admitting the wisdom of his decision to retain Miss Lane.

"Then you can plan to leave Saturday. I shall be very busy for the time you are away, could be at home perhaps but little. I thought it a good time for you to make your people a visit."

What a fuss father and mother and the boys made over Junior mother, occasionally, and she was a bit more likable than when we left home. All my girl friends came to see me, and to admire baby. All but Rose, I missed her dreadfully. Her mother came over, and from what she said I knew she had no idea that Rose was unhappy. She talked of soon going to Chicago on a visit.

"I hope she will not go," I said to mother.

"Why, dear? That isn't a very nice wish.

"Rose isn't happy, mother. If she goes she will be horribly distressed."

"I'm very sorry. Runaway marriages seldom turn out well. But we must hope for the best. Perhaps her mother may be able to help her."

I doubted it, but as I felt I had no right to discuss Rose's affairs even with mother, I said no more.

The two weeks fairly flew by. Then one morning came a letter from Everett telling me when to return. That was like him. He seemed to think it perfectly right to order my life as he wished. Strangely, this time I did not rebel, altho I was having a wonderful time.

There had been a sort of suppressed excitement in Everett's manner when he planned my visit that had excited my curiosity. It was different from anything I ever before had noticed in him, and so I was ready to return without grumbling.

Dad wanted to wire him we could not come; that he was going to keep his grandson another week. But I laughed at him, and persuaded him not to be so foolish. Mother joined with me, altho she longed for us to remain.

"We must do nothing to interfere father," she said. "We cannot live their lives for them, but we can at least keep from meddling," and father as usual, gave in.

It was a lovely day when we arrived in Hendon. Everett met us at the train, and seemed delighted to see me as well as the baby. To my surprise he had that same air of suppressed excitement he had had when I went away, only now it was even more noticeable.

"What has happened, Everett? I know there is something by your manner."

"Wait and see," was all he would say.

To-morrow — "Does it please you, Sandra, then I am satisfied."

Your Eyes Overtaxed Eyelids; Eyes inflamed by exposure to Sun, Dust and Wind quickly relieved by Murine Eye Remedy. No Smarting, just Eye Comfort. At Your Druggists or by mail 60c per Bottle. For Book of the Eye free write to Murine Eye Remedy Co., Chicago.

COBOURG SAVES DAYLIGHT BY MAYOR'S CASTING VOTE.

COBOURG, May 5. — The Town Council decided at its regular meeting here to introduce daylight saving time on 17th May, to remain in effect until 6th September, 1920.

Petitions were sent in to the Council from all the factories in town, and practically every individual employee was in favour of daylight saving.

The voting on the question in the Council resulted in a tie, four to four. The Mayor cast the deciding vote in favour of the motion.

How To Completely Remove Every Trace of Hair

(Toilet Talks.)

A stiff paste made with some powdered delatone and water and spread on a hairy surface about 2 minutes will, when removed, take every trace of hair with it. The skin should then be washed to free it from the remaining delatone. No harm can result from this treatment, but be sure it is delatone you get and you will not be disappointed.

TEACHERS GET INCREASE

Rural School Principals and High School Assistants Benefit.

(Canadian Press.)

WINNIPEG, Man., May 6.—A new salary schedule for rural school principals and high school assistants has been approved by the executive of the Manitoba Teachers' Federation, and a circular is being sent to all school boards asking their co-operation in making it effective. According to this schedule, principals of two-roomed schools will receive $1,600 for the first year, with increases up to $2,000 for the sixth year; three-roomed and four-roomed schools, $1,800 for the first year, increasing to $2,200 for the sixth year; five-roomed and six-roomed schools, $2,000 for the first year, increasing to $2,500 for the fifth year, increasing to $2,850 for the sixth year. For high school assistants the schedule provides a minimum of $1,600 for the first year, with an increase of $100 per year up to $2,100 for the sixth year.

WILSON AT WAR WITH U. S. SENATOR KNOX CHARES

He Says President Wilson Continues State of War to Retain Arbitrary Powers That Confer on Him.

WASHINGTON, May 6.—Opening debate on his resolution to declare the state of war with Germany and Austria at an end, Senator Knox, Republican, Pennsylvania, declared in the Senate that President Wilson was arbitrarily mantaining that the U. S. technically was at war in order to coerce the Senate into ratification of the treaty of Versailles.

"There was no excuse whatsoever for greatly prolonging the war beyond the signature of the armistice," Senator Knox said, "and the only explanation for so doing was the deliberate aim to retain all those autocratic compulsory powers with which the executive had been endowed for the prosecution of the war in order that they might be used for other purposes.

A crusade against reckless driving is one of the latest activities of the Georgia Automobile Dealers' Association in Atlanta.

Keep Youth

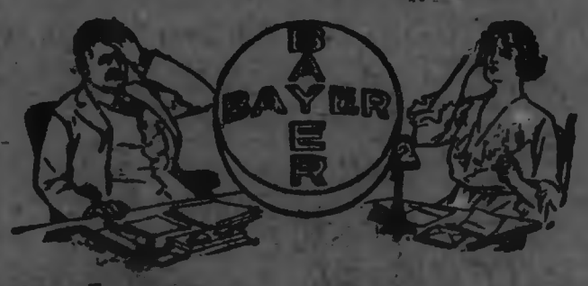
with Ingram's Milkweed Cream

It will do more for your skin. It has proved the most famous beautifier for over 40 years. Ingram's Milkweed Cream improves the skin quickly in every way, smoothing blemishes, clarifying the texture, healing and invigorating. 50c and $1 a jar.

At All Peterboro Druggist.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"



For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the safe, "Bayer" or you are not taking Aspirin at all.

Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada.

Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to protect the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross"

GENERAL ELECTRIC EMPLOYEES STRIKE

NEARLY TWO THOUSAND MEN AFFECTED—THE DEMANDS.

(Canadian Press.)

SCHENECTADY, May 6.—Nearly 2,000 employees of the local plant of the General Electric Co., are now out on strike, between 1,500 and 1,700 having quit work because the company refused to compel delinquent members of the international brotherhood of Electrical Workers to pay their dues. Several hundred more members of the Polishers union, are also on strike, as result of the refusal of the company to increase their pay from 85 cents to $1.00 per hour. In connection with I.B.E.W. strike, the company issued a statement to the effect it would maintain a neutral attitude and consider the question of dues one to be settled with the local union. International officers of both unions are here and are supporting the demands of the employees.

A SUCCESSFUL MEETING HELD

SCHOOL AND HOME ASSOCIATION FOR THE KING GEORGE SCHOOL.

A very successful meeting was held at the King George school on Wednesday, May the fifth for the purpose of organising a school and home association. Mrs. Morris in her opening remarks, spoke in a general way of the great possibilities that lie before such associations. She also pointed out the far-reaching influence that they may exert along both educational and social lines.

Mrs. Medd followed with a more detailed account of some of the various activities carried on by such societies. It was emphasized that the membership of these organizations will, it is hoped, include not only parents of pupils now in attendance, but also all others who are interested in the welfare of our children.

The following officers were then elected:

President—Mrs. Couper.
First Vice-President—Miss Nichol.
Second Vice-President—Mrs. Hamilton.
Secretary—Miss Morgan.
Treasurer—Mrs. Lemay.

ANNUAL MEETING OF SHAREHOLDERS OF THE CANADIAN PACIFIC RAILWAY

MR. E. W. BEATTY, PRESIDENT OF THE COMPANY, GAVE INTERESTING ADDRESS—WHILE EARNINGS ARE LARGEST IN HISTORY NET EARNINGS SHOW DECREASE.

MONTREAL, May 5.—At the annual meeting of the shareholders of the Canadian Pacific Company held at Montreal today Mr. E. W. Beatty, President of the Company gave the following address:

"The annual report of the company and the statements attached, which have been in your possession for some time, reflect very vividly the situation prevailing generally in respect of increased costs of operating. Notwithstanding that the gross earnings of the Company were the largest in its history and exceeded the gross earnings of 1918 by $19,301,362 the net earnings were less by $1,569,351. The large increase of $17,191,993 in the working expenses during the year 1918, or a total increase in 1919 over 1917 of $36,153,706, is a striking example of the effect of the increased cost of wages and material in the operations of the Company's system one conservatively and economically administered as are the affairs of your Company.

While it is a matter of great satisfaction that, system with these exceptional costs your Company has been able during the past two years to earn its fixed charges and usually dividends and very moderate surpluses, it is nevertheless important that the relation between earnings and expenses should now receive the most careful consideration. The results of the operations during the past two years show an upward trend in costs which even extensive increase in gross earnings and effective operating economics due to heavier lading, larger power and consequent reduced train mileage have not equaiized.

Passenger Rates.

For the past sixteen years the freight rates of all Canadian Railways have been subject to review or have been fixed by the Dominion Railway Commission. The rates have been readjusted from time to time, first being lowered and then increased but the extent of increase has not equalled the increased costs which have recently been forced upon all companies and reductions in which cannot with any confidence be predicted at this time.

During the fiscal year ended June 1914 the working expenses of your Company, with a mileage somewhat less than the operated mileage of last year were $87,388,000, while for the year 1919 they had climbed to practically $144,000,000, an increase of 64 per cent within that period. Increases of nominally 40 per cent. in freight rates and 15 per cent. in passenger rates have been authorized by the Railway Commission. The actual increases owing to the adjustment of the rates made by direction of the Board were in fact 30 per cent. in freight rates and 10 per cent. in passenger rates. The result therefore has been that during the past five years the per centage increase in operating expenses was double the per centage increase in tolls accorded to the companies.

High Wages.

Qwing to the parity of conditions existing between the United States and Canada, the Canadian roads were forced during the war to put into effect the high wage scale made effective under Government control of the American roads and they were also compelled to continue operating under tariffs of tolls substantially the same as those in force in the United States. These tariffs were entirely inadequate as results in the United States clearly demonstrated. By legislation recently enacted the American carriers are assured of rates which will return a fixed percentage on the value of the undertakings used in the public service which will mean a reconsideration of an increase in the rates now current in this country. No doubt the necessity of rate adjustments in Canada will be given earnest consideration by the Government and the Dominion Railway Board. While it is not my purpose to anticipate any action which may be taken it is only proper I think to say that a readjustment is amply warranted both on the ground of the value of the service rendered by the carriers and the cost to them of performing such service. It is further to be remembered and I do not anticipate that it will be forgotten that the value of any enterprise to the people it serves depends greatly upon its ability to progress and develop and on the maintenance of a high credit, without which such development cannot take place. Waste, extravagance and improvidence must be discouraged, but I can imagine nothing more detrimental to Canada than that its railway systems should be unable to keep pace in their own development with the progress of the country and that they should be unable to aid that progress by the expansion of facilities construction of necessary new lines and by meeting the increasing demands of the public in the way of efficiency and comfort in service based upon accepted principles in other countries governing compensation due to transportation and other public service corporations. The net earnings of your Company have always yielded a moderate return upon the capital actually invested in the enterprise. The railway net earnings of the Company for 1919 represent only a return of four per cent. on the actual cash invested in the railway itself. The operations for the year 1919 after the payment of fixed charges and the usual performance and common stock dividends showed a nominal surplus of $844,249, which has been placed in reserve to meet the special taxation imposed by the Dominion Government, which special taxation ended in 1919. The fixed charges of the Company are low. The interest on the preference stock is equally low and the dividend of 7 per cent. payable on common stock from railway earnings is moderate. A factor which seems to be lost sight of in these discussions of the returns between expenses and revenues and the absolute necessity of reasonable surplus and in the case of any corporation conducting an enterprise as extensive as that of your Company the gross earnings of the Company for the year exceeded $[illegible] and the surplus after deduction of the moderate fixed charges and dividends only amounted to less than half of one per cent of these earnings. Considering the importance of reasonable provision for working capital annually from the operations of the Company if its high credit and ability to progress is to be maintained it will readily be appreciated that the revenues during the past two years have been, to say the least, inadequate. In the discussion which has taken place as to the desirability or otherwise of increased rates and therefore increased revenues to the Canadian Railways two theories are publicly mentioned, the first, that rates should be increased but that any surplus earnings thereby accruing to your Company should be taken back through the medium of special taxes and these rates should not be increased but that the Government Railways deficits, if such occur, should be met out of the general revenues of the country.

MILLBROOK NEWS

MILLBROOK, May 6.—The many friends of Mr. and Mrs. John Douglas and daughter will wish them continued success in their new home in Peterborough, but will regret their removal from this vicinity, where they have been excellent citizens. Mr. Douglas has a large grain business at Fraserville and Omemee and thought Peterborough was a better centre for his increasing business.

Several freight cars jumped the track just south of Millbrook junction on Tuesday evening. They were loaded with eggs.

Mr. and Mrs. S. Nichols are leaving this week for Bailieboro, where Mr. Nichols has been appointed manager of the Bank of Toronto branch there. Their many Millbrook friends are sorry to lose them.

Miss Gertrude Spence of Burketon, spent the week end with her parents, Mr. and Mrs. John Spence.

Mr. Arthur McMahon was a visitor to Peterborough Friday.

Mr. Thomas Thompson was in Peterborough Saturday on business.

Mrs. H. Mulligan is a delegate to the W. A. convention held in Toronto this week.

Miss Curry of Omemee, was the guest of the Misses Kells over the week end.

Mrs. S. Thurston and Mrs. F. C. Gordon of Dunsford, was the guests of Mr. H. Skitch recently.

Rev. Canon Allen lost a valuable horse from paralysis on Tuesday.

The many friends of W. I. Collons will be sorry to learn he had the misfortune to fall downstairs in Chicago since he left here, and was laid up for a few days. He was coming out of a doctor's office when the accident happened. He fell down twenty steps, landing on his hip and head, and received a bad scalp wound several inches in length, but no bones were broken.

Mrs. R. J. Hutchin and daughter, are nursing Mrs. Wm. Hutchin, who, we regret to learn, is seriously ill.

Mr. Chas. Janes of Orillia, was a guest of his father, Mr. Nelson Janes, this week.

Mr. Kenneth McBean, of Kingston, is visiting his mother this week.

Mr. and Mrs. John McBride and daughter, Miss Theo, motored to Oshawa on Saturday.

Dr. Jemison is attending a dentist convention in Toronto this week.

Miss L. Vance of Barrie, was the guest of her parents, Mr. and Mrs. Wm. Vance, last week.

Died—On Thursday, April 29th, in Cavan township Joseph Laney, aged 67 years.

Special Mothers' Day services will be held in the Millbrook Methodist church next Sunday, both morning and evening. A song service will be held in the evening, consisting of duets, quartettes and choruses.

Mr. Fred Anderson, of South Monaghan, was in town on Friday. He had a big sale recently and cleared over $6,000. This is one of the biggest sales ever held in this district. His brother, Mr. Ernie Anderson, was the chief auctioneer. He was assisted by Messrs. Campbell and Redmond.

SUBSCRIPTION TO ARMENIAN FUND

A subscription of $5.00 to the Armenian Fund has been left at the Examiner office and remitted to D. A. Cameron, the Treasurer in Toronto.

This Woman of Eighty-one Years

Tells How Vinol Creates Strength for the Aged

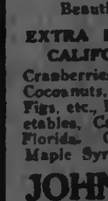
She says: "It is with great pleasure I tell others of the great benefit I have derived from VINOL. I am now eighty-one years of age, and I have never found any remedy that would create an appetite, overcome nerveus conditions and build up strength equal to VINOL."

The reason VINOL is so successful in such cases is because it contains the tissue building and medicinal elements of cods' livers, aided by the blood making, strength creating properties of tonic iron, beef peptone and hypophosphites.

Thus, in a natural manner, it increases the appetite, aids digestion, enriches the blood with thousands of red blood corpuscles and imparts strength, health and vitality to every organ, muscle and tissue of the body.

If feeble old people only realized the good VINOL will do them our druggists would not be able to supply the demand.

YOUR DIAMOND CAN BE RE-SET



One great advantage that the diamond possesses is that after years of faithful service in one style of setting, it may, at comparatively trifling cost, be re-set or made into a perfectly new and fashionable piece of Jewelry. May we show you how

THE CALEDONIAN CLUB HELD REGULAR MEETING

NEW CITIZENS MADE WELCOME—EXCURSION TO SOUTH BEACH.

At a well attended meeting of the Peterboro Caledonian Club last evening in the Woodmen of World Hall the Ladies' Committee handed over the handsome total of $65.25 from the Leap Year Dance to be divided between the Social and Athletic Club The Ladies were accorded a hearty vote of thanks from the gentlemen.

New Citizens Arrived

A cordial welcome was extended to the seven Scotchmen who arrived in the City yesterday from Glasgow, Scotland. Among the number there is some prominent Glasgow Junior Football Players and President Dick of the Caledonians was not long in getting busy to bring them into the Football Team.

Trip to South Beach.

The Social Club have decided to hold an outing up to South Beach on July 1st. A sports, fishing and dance programme is being arranged for that day.

Sale of Work.

The Ladies Executive of the Club are holding a sale of work and a dance on Saturday, May 15th. A great amount of work has been gathered for this occasion and will be put on sale during the day.

Are You Tied Up Indoors?

If so, your whole system naturally gets tied up too.

A lazy liver and constipated bowels are bad things, dangerous things.

Exercise as much as you can—but keep your liver and bowels up to the mark all the time.

Take one pill regularly—until you are sure you are all right again.

CARTER'S LITTLE LIVER PILLS

Genuine must bear Signature

Colorless faces often show the absence of iron in the blood.

Carter's Iron Pills will help this condition.

NEW LINER TO BE LAUNCHED SOON

"Empress of Canada" on Round-the-World Route.

Canadian Press.

VANCOUVER, B.C., May 6.—It is officially announced that the great new passenger liner, "Empress of Canada" will be launched on August 17 at the Fairfield yards on the Clyde. The ship will be of 22,000 tons displacement, 645 feet in length, 77 feet beam and 54 feet deep, with a speed of twenty knots. "The Empress of Canada" will come to Vancouver via the long round-the-world route. The big liner will go on a regular run to Hong Kong, Yokohama and Shanghai. Passages are now being booked for the first cruise from Liverpool through the Mediterranean, Suez Canal, Red Sea, Indian Ocean, to the Orient; thence across to Canada, arriving here in June, 1921.

A DESIRE TO EAT WHAT YOU WANT

How Stomachs Can Be Restored To a Vigorous, Healthy Condition.

Not to be limited in diet, but to eat whatever he pleases is the dream of every dyspeptic. No one can honestly promise to restore any stomach to this happy condition, because all people cannot eat the same things with equally satisfactory results. It is literally true that "what is one man's food is another man's poison." But it is possible to so tone up the digestive organs that a pleasing diet may be selected from articles of food that cause no discomfort.

When the stomach lacks tone there is no quicker way to restore it than to build up the blood. Good digestion without rich, red blood is impossible, and Dr. Williams' Pink Pills offer the very best way to build up and enrich the blood. For this reason these pills are especially good in stomach trouble attended by thin blood, and in attacks of nervous dyspepsia. Proof of the value of Dr. Williams' Pink Pills in even the most obstinate cases of stomach trouble is given by Mrs. S. Morrison, Varney, Ont., who says: "I shall always feel indebted to a friend who advised me to use Dr. Williams' Pink Pills. I had been a sufferer for upwards of twelve years with stomach trouble which resulted in a general weakness of the whole system. My meals always caused me great discomfort, and at times I would go hungry rather than undergo the suffering which followed meals. I was constantly taking something or other recommended for the trouble, but without finding a cure, and often the trouble kept me in bed when I should have been about doing my housework. My friend, who had had a similar attack came to see me and urged me to try Dr. Williams' Pink Pills which had cured her. I got a supply at once and began taking them, and soon found relief. By the time I had used eight boxes I was again enjoying the best of health, and with a good appetite and a stomach restored to normal. Had I known of this medicine earlier it would have saved me years of suffering, and I urge any who may be in a similar condition to try these pills at once."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail postpaid at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

PIPE BAND HELD MEETING

NEW RECRUITS FOR THE PIPE BAND.

The first meeting of the Pipe Band was held in anti-rooms of the Woodmen of the World Hall last evening. Mr. Robert French was elected President of the Pipe Band and Mr. S. Leith, Secretary-Treasurer. The Committee reported that they have now four proficient players for the Bagpipes and 3 Drummers. The following gentlemen have associated themselves with the Band; Mr. J. Thom, Mr. L. McDonald, Mr. J. Robertson Mr. Neil Hurry, Mr. Wm. Brown, Mr. J. Perrie, Mr. J. Grant, Mr. A. McLeish, Mr. S. Leith, Mr. Wm. Thamson, Mr. A. McArthur, Mr. J. Smith, Mr. S. McMillian, Mr. R. McDowell, Mr. J. McMillian, Mr. R. Haddow and Mr. J. Anderson.

The Pipe Band Committee intimated that one of the new arrivals was a piper and had previous experience as a piper in Kirkintiloch Pipe Band Scotland. The Pipe Band will hold a meeting next Wednesday.

EIGHT POLITICAL PARTIES WAGE BITTER CAMPAIGN IN RUMANIA

BUCHAREST.—The campaign for elections to the new Rumanian Parliament has become very heated and complicated, due to many combinations of the political parties and the fact that no less than eight tickets are in the field. In Bucharest there are 150 candidates for ten seats.

The Socialists, who are particularly active throughout the Balkans, are waging an energetic campaign to oust pro-war parties from power.

In Jugoslavia Bolshevist agitators have been arrested in large numbers Their agitation has forced the closing of the frontier, for the announced purpose of preventing contraband in cheap paper moneys coming through.

The military has assured the operation of through trains.

DO YOU EXPECT TO LIVE LONG?

The facts are against you. In one Life Insurance Company during three months, Sixteen died of OLD AGE, 2,736 died at PREMATURE AGES, and each one was sound when the Insurance was issued.

Each one had just as good a right to expect to live to old age as you have.

Another Insurance Company shows that out of Claims paid last year, 6.8 per cent. died the FIRST YEAR, and 72.5 per cent. died INSIDE OF TWENTY YEARS.

Note well that the Men and Women who died the first year left approximately fifty times as much to their heirs as if they had "saved" the premium.

THE SUN LIFE OF CANADA, with over $[illegible],000,000.00 of Assets, is the logical place to Insure.

MAY IS PROGRESSIVE MONTH AT THE CRESSMAN STORE

Several Pieces of Wool Fabric Go on Sale To-morrow for Three Days

Friday, Saturday and Monday

See Our Large George Street Window

The Discarded Hat of a Few Years Ago Is a Laughable Sight on the Same Head To-day

It was considered a fine piece of haberdashery in its time, and good friends that did not flatter said how well they liked it. Your head has not changed, but your ideas have. They have kept pace with the onward march of the times.

This store's principles are the same as when it opened its doors twenty-one years ago, but its ideas are different. Some of the old ones have been discarded and others have broadened and proved worthy of continuance. May is Progressive Month at The Cressman Store.

The Cressman Co., Ltd.

We went through our dress goods stock from beginning to end and placed all the broken lines on the counter. They made a good sized pile of materials that are in no way damaged and will make into creditable garments. The prices have been sharply reduced for the purpose of making a clearance to enable us to straighten up our stock.

$2.75 Gabardine in Prunelle Shade, $1.69 Yard

There is only the one piece, but it is a good size webb. You can make it into suits or dresses and they will be handsome ones, so far as the material is concerned.

The width is 54 inches and it is a fine twilled botany that is closely woven and worth the original price of $3 yard.

$3.25 Green Serge and Engadine, $2.29

Three short lengths that are broken lines from our regular stock. They are all-wool and are suitable for either dresses or suits. The widths are 50 and 54 inches. When we say the lengths are short we mean they are not full pieces but there is more than one dress or suit length in each.

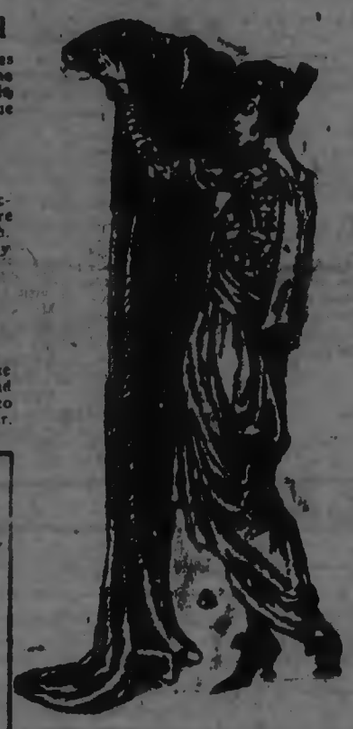
$3 Gray Serge Is Offered at $2.29 Yard

It is a becoming shade of taupe grey and can be utilized for skirts, suits, coats or the fashionable cape. It is the last of a whole series, hence the clearance price.

The width is 50 inches and the shade is a dark tone of prunelle. It contains a large percentage of wool and is reduced because it is the last of its kind.

$6 All-Wool Treco Coating, $4.79 Yard

It is a plain velour cloth with a slight treco cord that makes it quite modish. When you consider that it is all-wool and the width is 56 inches you will be impressed with the value. It is obtainable in the following colors: sand, gray, sapphire, blue and reindeer.



$2.50 Black Dress Goods, $1.89 Yard

It is so rarely that black dress goods is offered at a reduction that it must be welcome. We are presenting black Armure and botany cloth in dress and skirt weight in a 40-inch width. Both pieces are true, clear black and sell in our stock regularly at $2.50.

$3.50 and $3.75 Navy Blue Serges at $2.69 Yard

Right in the face of a serge scarcity and high prices we make this proposition. They are all-wool and are 50 inches wide and are patterned with a woven self stripe. They will make into excellent pleated skirts or dresses for ladies or children's wear.

A Three-Day Sale of Millinery

Friday, Saturday and Monday

You Can Select Your Hat From a Large Collection of Beautiful Millinery and the Price Will Be Only $9— Regular $15 Values

There are street hats and dress hats in shapes both large and small. The allowing transparent mohairs and malines are represented and also fine and coarse straws that are severely tailored with straight, upturned or drooping brims or sometimes made quite dressy with an abundance of floral garnitures. In fact the assortment includes everything worth while that Fashion has created this season.

If $5.50 Is the Amount You Have Set Aside for a Hat It Will Be Well Spent If You Make a Selection From This Assortment —Regular Values Up to $8

They are smart from any angle you want to look at them. Of course they are not so elaborate as the higher priced models but what they lack in fussiness they make up in simplicity. There is a goodly number and none sell regularly for less than $6.50.

Children's Hats at $3.50

These are for children of 8 years and up to misses. They are widely different in style, but all have been put in at the same price.

COUNCIL APPOINTS ALDERMEN UNDER SPECIAL LEGISLATION

AND LABOUR COUNCIL URGES THAT THE GOVERNMENT BE REQUESTED TO RESCIND SO THAT THE REGULAR STATUTE SHALL TAKE EFFECT.

MEAT CUTTERS' STATEMENT

At the regular meeting of the Trades and Labour Council last night a delegate from the Meat Cutters' Union asked for the privilege of making a statement in regard to the demands of the Canadian Packing Company.

"We presented our demand to the management on April 1st," he said, "but no answer was received until the 29th when the management told us they could do nothing. On Friday night our demands were modified but without result. It has been stated that the men were asking for a scale of from 65 cents to $1.00 an hour. What we asked for was 65 cents an hour for first-class butchers; 57½ cents for skilled labourers, and an increase of five cents an hour for the ordinary labourers whose wages have ranged from 37 to 44 cents. The increase for the employees of each group is five cents an hour. We also asked for an eight hour day and time and one-half for overtime.

It has also been said that the men wanted to be served coffee at nine o'clock in the morning. That itself shows how absurd the rumors are. We recognise that we have had a kind and generous employer, but the company has lately come under another name. Isn't it a fair deal that the men should receive the five cents they ask for when you take into consideration the conditions we work under. Mr. Matthews, himself, told us that our work was the best of all the packing plants in the Dominion, that our production was better and also the classification of the meat produced.

Mr. Matthews also said that the cost of living had gone up 165% per cent, and he gave us an increase of seven cents an hour. We asked for a wage equal to that prevailing in the other packing plants in this country."

The Trades Council passed a resolution extending its moral support to the Meat Cutters.

Want the Old System.

Another resolution appeals to the City Council to petition the Ontario Government to revoke the special legislation under which the Council has the right to appoint an Alderman whenever a vacancy occurs during the year.

"When the Labour Council requested that municipal elections be held under the system of the general vote they did not also ask for a special act whereby the City Council should make appointments whenever there was a seat to be filled," said one delegate. "That is contrary to the ideals of democracy and to ordinary fair play. It matters not whether there happened to be a Labour majority in the Council or not; this special legislation is a wrong principle. When a vacancy occurs the defeated candidate who had the largest number of votes at the last election should be moved up to fill the position."

There was a general enquiry as to how the existing system was secured, and several members reported the information that the Council had applied for special legislation. The Trades Council in their resolution urge that the special legislation be rescinded and that Peterboro adhere to the regular municipal statute.

Invite City Clerk.

Arising out of the discussion on the subject of municipal affairs, it was decided to invite City Clerk Armstrong to address the Council at his convenience on "Municipal Law."

Another resolution expressed the Labour Council's sympathy with the Metal Polishers of the Peterboro Lock Company, and the grievance of the employees of the F. E. Partridge Rubber Company of Guelph was also endorsed.

"We won't buy any of their tires," was one ironic comment.

To Consider Housing.

A committee was appointed to consider the local housing scheme with the Building Trades Council as a preliminary to meeting with the Housing Commission.

RAILWAY FARE BOOST UNDER FIRE AT OTTAWA

RAILWAY COMMISSIONERS CONSIDERING ACTION TAKEN BY LINES ACROSS BORDER.

Canadian Press.

OTTAWA, May 6.—Increased passenger fares from Canada to the United States to take care of the cost of exchange, will be considered by the Board of Railway Commissioners. The case will be argued by counsel for the railways and the Board will make its decision in the matter of the suspended tariff which the railways sought to make effective on March 29th last, but which were not approved by the Board pending this hearing in the interests of the travelling public.

An order will be issued by the Board very shortly in the matter of compulsory prepayment of freight charges on goods exported from Canada to the United States. A hearing on the question was held by the commission some weeks ago, but no ruling has been made as yet, beyond what was indicated in a suggestion from the bench that it did not appear to be a matter in which the railway commission could interfere. It is understood, however, that the board has since framed an order on the point for the guidance of Canadian roads.

NEW COAL MACHINERY TO INCREASE PRODUCTION

May Lower Prices When Costly Process Cuts Out.

(Canadian Press.)

WINNIPEG, Man., May 6.—Prices of coal will be lowered throughout Canada as the result of extensive developments to be carried out on the Alberta coal branch where steam shovels will be used instead of the more costly mining process to open a 30-foot seam of bituminous coal. This claim was made by Geo. F. MacDonald, of Vancouver, who was a recent visitor here.

Constipation or Costiveness

Constipation, although generally described as a disease, can never exist unless some of the organs are deranged, which is generally found to be the liver.

There is nothing more productive of general ill health than constipation of the bowels, and a regular action is absolutely essential to general health. One of the most common, painful and troublesome troubles caused by constipation is piles, and unless the bowels are kept open by the use of a good laxative such as Milburn's Laxa-Liver Pills the whole system will be poisoned and many different complications of diseases arise, so if you would be well, keep your bowels regular.

Mr. A. Roder, Hastings St. E., Vancouver, B.C., writes:—"I desire to express my thanks for what Milburn's Laxa-Liver Pills have done for me. I had been suffering from constipation for two years, and also had a bad cough and headaches. I tried all sorts of cures and remedies, but got no relief until I was advised to try your pills. I got great relief after the first few doses."

Get Milburn's Laxa-Liver Pills when you ask for them or send 25c, and they will be sent by return of mail by The T. Milburn Co., Limited, Toronto, Ont.

NEW YORK PRICES MOVE DOWNWARD

CLOTHING SHOWS BIGGEST DROP AND TENDENCY REPORTED GENERAL.

NEW YORK, May 6.—Following the announcement of a 20 per cent. reduction in the price of practically its entire stock by one of the largest department stores in the city, New York is hoping for a general lowering of prices by local merchants.

Although there have been no further announcements of such sweeping reduction as was made by the big department store, a general downward tendency is noticeable. This applies particularly to clothing. "Special Sales" at greatly reduced prices are being advertised by many establishments and the price tickets in the windows of clothing stores indicate that a break in values has come.

A few weeks ago the prevailing price for ready-made suits in the lower Broadway shops was from $45 to $60. Suits are displayed in the windows of many of these shops today at from $35 to $50.

The overall campaign, although it never progressed any further than the talking stage in New York, is believed to have been largely responsible for these reductions. The prosecution of several profiteers in Brooklyn by the United States Government's "flying squadron" of cost of living experts is also thought to have had the effect of making dealers in several other lines readjust their ideas of profit to a more reasonable level.

FARMERS COMPLAIN.

Implement Prices Shoved Up With No Apparent Reason is Claim Made.

(Canadian Press.)

REGINA, Sask., May 6.—A complaint is being voiced by farmers that the implement companies have recently "boosted" the price of farm implements another 10 per cent. without visible reason. The farmers point out that since the Spring price list was made up and filed with the Government under thet act, a supplementary list has been put into force, which increases the prices on an average of 10 per cent, and that the new prices will be felt seriously by those farmers who were not fortunate enough to contract for their implements last season.

MOUNTED POLICE VISIT THE CITY

Three members of the Royal Northwest Mounted Police in their bright scarlet tunics and uniforms, caused considerable interest in the streets to-day. The three boys are attached to the squadron of 160 men recently transferred from Regina to Ottawa. Two of the riders of the plain hail from Lindsay, the other boy from down east. They are on leave from their squadron for a few days. Whether their next move would be to New Ontario they did not know. The troopers stated that there were several Peterborough boys in the squadron who were recruited here last summer when the R.N.W.M.P. were enlisting men here.

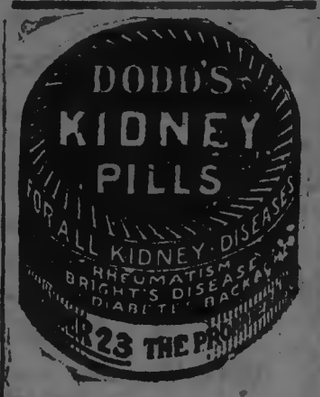
The bright scarlet of their uniforms presents a dashing contrast indeed to the plain blue serge of our own policemen and adds a touch of romance lacking in the neat blue.

A patent has been issued for a twisted wire coathespin that is used in the same way as a wooden one.

MARRIED 65 COUPLES IN TWO HOURS' TIME

PARIS, May 6.—The world's record for tying the marital knot has been established, it is believed, by Mayor Maletras, of the 17th Paris Ward.

In two hours he married 65 couples, performing the ceremony in each case in about a minute and a half.



SCIENCE PROVES THE DANGER OF BLEEDING GUMS

Medical science proves that unhealthy gums cause serious disease. Pyorrhea, starting from Pyorrhea in the gums of the gums often suffer from other ills, such as rheumatism, stomach disorders, or weakened vital organs. These ills have been traced in many cases to the Pyorrhea germs which found entrance at the teeth.

Four out of five people over forty have Pyorrhea. It begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the infecting Pyorrhea germs.

Guard your health and your teeth. Keep Pyorrhea away. Visit your dentist often for teeth and gum inspection, and make daily use of Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhea—or check its progress—if used in time, and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean.

35c and 60c tubes in Canada and U. S. A. If your druggist cannot supply you, send to us direct and we will mail tube postpaid, on receipt of price

USED A NEEDLE TO BREAK JAIL

RAWLINS, Wyo., May 6.—With a needle obtained in the prison shirt factory as his only tool, Bert Lofton has escaped from the State Prison here. William Smith, his companion was captured while trying to scale the prison wall.

Lofton and Smith were confined to the death house cell because of their known desperate character. Lofton found that a soft piece of steel covered a drain. With his great patience and skill he slowly cut a hole through the steel with the needle. After removing a pipe and a plate they crawled through the hole, picked the lock of a steel door connecting with the main corridor of the prison, scaled the tiers of cells, cut holes through the slate roof and dropped to the ground. In the prison yard they found a steel bar, which the prisoners bent into a hook to fasten an improvised rope of the prison wall.

Lofton escaped but Smith was caught by a guard.

BELL EMPLOYEES BENEFIT

Telephone Operators to be Allowed to Purchase Stock in Company.

MONTREAL, Que.—An experiment in the direction of giving employes a personal financial interest in their business is to be made by the Bell Telephone Company, under which stock will be offered on particularly favorable terms. The new scheme has just been announced by President L. B. McFarlane in a letter to employes, all of whom are eligible after one year's service.

DEPUTY MINISTER LABOUR RESIGNS

ACCEPTS POSITION IN INTERNATIONAL LABOUR OFFICE OF LEAGUE OF NATIONS IN GENEVA.

TORONTO, May 6.— Dr. W. A. Riddell has tendered his resignation as Deputy Minister of Labor to the Ontario government, and has accepted a position in the International Labor Office of the League of Nations. Dr. Riddell will be in charge of the immigration and employment section and will make his headquarters probably in Geneva. Dr. Riddell, who was born in Stratford, Ont., in 1861, is not entirely severing his connection with the Ontario government, as he will hold the position of adviser to the Ontario agent-general in London on labor and immigration.

TWO MEMBERS OF COMMITTEE RESIGN

VANCOUVER MEMBER'S RESIGNATION FROM PARLIAMENTRY COMMITTEE ON PENSIONS FOLLOWS THAT OF COL. PECK.

(Canadian Press.)

OTTAWA, May 6.—Another sensation to that which developed when Col. Peck, V.C., resigned from the Parliamentary Committee on pensions because of an alleged statement from General H. N. McLean, that the widows of private soldiers were of the servant class, occurred to-day when Chairman Hume Cronyn announced that he had received the resignation of Col. R. C. Cooper, the member for Vancouver.

Col. Cooper's resignation and that of Col. Peck came before the committee this morning but no further action was taken. It was suggested that in view of full instigation of incidents surrounding the resignations, they should now be with drawn and also suggested that these resignations could only be made through the house, as the committee had been appointed in that way.

COULD NOT DENY SIM'S STATEMENT

ADMIRAL BENSON SAYS WRONG INTERPRETATION MADE OF IT— NOT UNFRIENDLY TO BRITISH.

(Canadian Press.)

WASHINGTON, May 6.—Admiral W. S. Benson, wartime Chief of Naval Operations, told the Senate Naval Investigating Committee to-day that both before and during the war he had warned Rear-Admiral Simms not to let his friendship for the British unduly influence his official acts.

Admiral Benson said he could not deny that he had told Admiral Simms "not to let the British pull the wool over your eyes; we would as soon fight them as the Germans," as he could not recall all the details of the interview. Witness did say, however, that a wrong interpretation had been placed on the statement attributed to him by Admiral Simms, and he added that as a result he had been done a great injustice. He denied that he was in any way unfriendly to the British.

$80,000 WORTH OF DRUGS SEIZED

$50,000 WORTH SEIZED AT THE SAME HOUSE LAST WEEK.

(Canadian Press.)

VANCOUVER, May 6.—The local police made another big seizure of cocaine, morphine and other drugs in a raid yesterday. The retail price of drugs taken amounts to about eighty thousand dollars. Last week fifty thousand dollars worth were seized at the same place. The police are of the opinion that the house, on Grant street, was used as a storehouse for the gigantic drug ring.

TWO SCHOOLS TO BE RENOVATED

A complete inspection of the city schools was made this morning by Mr. A. A. Fowler, chairman of the property committee of the Board of Education Mr. R. Denne, chairman of the Board, Trustee Mrs. W. R. Morris and Inspector A. Mowat, and with the exception of the Queen Alexandra and Central Schools which will be completely overhauled the schools were found to be in a very satisfactory condition.

GRAVE OPENED FOR LAST LOOK AT HER MOTHER.

Sad Story of Daughter who Travelled Long Way to Funeral.

(Special to The Examiner.)

TORONTO, May 6.—Travelling all the way from New Haven, a young woman carrying a baby in her arms reached Mount Hope Cemetery just as the funeral of her mother was over.

On learning that she was late, she collapsed, and refused to be comforted until Supt. Murphy and his staff opened the grave and gave her a last

SPORTING NEWS, VIEWS AND GOSSIP

LOCAL BASEBALL COMMENT

Startling reversal in numbers was shown by the Veterans at the ball lot last evening, enough players for two teams being out for practice. Eddie Foley was among the crowd, and did a turn on the firing line. Bob Ross was a visitor and had a busy time pulling out flies to the outfield. Gus Rose laboured at short, and once proceedings were under way, Allan Wade and Morris engaged with the batters.

Canadian Woollens are scouting for a pitcher, and one of the other clubs will likely give the Northerners a helping hand.

No fewer than nine players were used for battery service in the Detroit-St. Louis game yesterday. Tigers were eight runs behind at the finish.

Walter Johnson's coherts misplayed six times and New York won an easy victory.

Toronto fans became unruly at the opener with Reading, and in raiding a gate at the ferry dock, sent the keeper to the hospital with a broken nose and two fractured ribs. The Leafs won the game by 5 to 4.

Falcons, world's hockey champions, will receive gold watches on their return to Winnipeg on 15th May.

Sir Thomas Lipton will view the America Cup races this summer from a flying boat.

James Carnegie has been elected president of the Central Lawn Bowling League.

Lebourxeau is the name of the Phillies' latest slugger. Like the famous Lajoie, he is a Frenchman. Batting percentages give him second place among the smashsmiths.

The B's are it in the big ball circuits. Buffalo leads the International, Brooklyn the Nationals, and Boston is necking it with Chicago in the American.

Babe Adams shut out Chicago. The Cubs didn't connect with third base all afternoon.

The Review ink wallopers have accepted the challenge of The Examiner baseball team to a game of baseball to be played at a date to be announced later, which will probably be when the Review aggregation musters sufficient nerve to tackle their opponents.

BASEBALL

OVERTIME WITHOUT EXTRA PAY.

All forward-looking persons should extend sympathy to a score or so of wage slaves who last Saturday suffered economic oppression almost unexampled in our time. These unfortunates, the members of the Brooklyn and Boston National League Baseball Clubs, operate under a wage agreement which imposes a fixed wage without regard to the amount of work done in a given day, week or month; and while some will feel that this is more or less justifiable in view of the fact that an average day's work is not more than two hours, and on the rainy days there is no work at all, the theorist will not admit that practical mitigations can justify an immoral system.

At any rate, the system worked evilly enough last Saturday, when the two clubs fought for twenty-six innings—only one less than three full days' work—and finally, when it was too dark to see the ball, they had to stop with the score still standing at 1 to 1. The futility of their drudgery must make the iniquity of the episode all the more obnoxious to the true economist; but persons not economically minded, if there is anybody left with so much moral courage, will think that it was a proper conclusion. To play twenty-six innings and then lose would have been too much hard luck.

LOCAL FOOTBALL GOSSIP

BIG GAME TO-NIGHT—MACHINE GUN VS. CALEDONIANS—LAWS OF THE GAME—OTHER ITEMS OF INTEREST.

A good game of football will be played to-night at the Oval between Machine Gun and Caledonians at 6.30 prompt. Mr. C. R. Lloyd will referee Two bagpipe players are expected to render a number of selections.

What is an Offside?

At many a football game in the city the question arises during the play whether the player is offside or not, and the following Law 6—offside, page 13, is taken from the Football Association Book of Laws, Season 1919-1920, to give Football Enthusiasts a better idea of the offside rule. Laws 6—Offside: "When a player plays the ball, or throws it in from touch, any player of the same side who at such moment of playing or throw-in is nearer to his opponents' goal line is out of play, and may not touch the ball himself, nor in any way whatever interfere with an opponent, or with the play, until the ball has been played, unless there are at such moment playing or throwin-in at least three of his opponents nearer their own goal-line. A player is not out of play when the ball is kicked off from goal, when a corner kick is taken, when the ball has been last played by an opponent, or when he himself is within his own half of the field of play at the moment the ball is played or thrown in from touch by any player of the same side.

Law 9: "Neither tripping, kicking, striking, nor jumping at a player shall be allowed. A player (the goalkeeper within in his own penalty area excepted) shall not intentionally handle the ball. A player shall not use his hands to hold or push an opponent. Charging is permissible, but it must not be violent or dangerous.

Saturday's Game.

The following analysis of the foul decisions given by the referee on the Veterans vs. C. G. E. game will be of interest:

	1st Half.	2nd Half.	Total
Veterans	2	2	4
C. G. E.	2	8	10

One for handling and one illegitimate charge against either side first half, and during the second, one for handling and one charge against Vets and two for handling and six unlawful charges against the C. G. E.

SPORT FROM THE EXCHANGES

Port Hope Guide: The Central League regrets the loss of their star player, Mills, of Bellebille. Mills was the best backstop in the League and was strong with the willow. If Mills could only be a little more agreeable on the ball field he would have been quite a popular player.

Belleville's battery for this summer will be the Goyer brothers. If the catcher proves as efficient as the pitcher then the other teams in the Central League will have their work cut out for them.

One thing, there should be no nagging between the catcher and the pitcher. It is up to the Goyers to demonstrate to the Central League that true spirit of brotherly love.

FOOTBALL LEAGUE.

Lindsay Warder: The suggestion made in The Warder a few days ago that Lindsay should have a football league has borne fruit, and it is understood that an effort is being made to form such an organization.

It is understood that there are a number of real good footballers in town, many of them having played in the Old Country and others overseas. All that is needed is for some person to take the initiative.

LAKEFIELD NEWS

LAKEFIELD, May 6. — Mr. James Campbell was in Peterboro on Wednesday.

Mr. and Mrs. T. B. Marling spent Wednesday in Peterboro.

Mr. and Mrs. C. B. Hilliard and Miss Hilliard left on Monady for Peterboro, where they will spend a month before leaving for British Columbia.

Mr. Robert Murduff of Peterboro, was in the village on Wednesday.

Mr. and Mrs. Percy Spence are visiting friends in Toronto.

Mrs. Hull spent Wednesday in Peterboro.

Mr. and Mrs. A. Wilson and Miss Hilda Wilson of Young's Point, motored to the village on Wednesday.

Misses Alice Hill and Myrtle Kidd were visitors to Peterboro on Wednesday.

Mr. and Mrs. T. Braden motored to Peterboro on Wednesday.

Mr. Danaldson of the Freight Department and Mr. Firth, assistant engineer of the G.T.R., were in the village on Wednesday arranging for the new sidings to accommodate the extra freight expected at this point.

Mrs. Ada Nicholls and Mr. Harold Nelson, weer in Peterboro on Wednesday

Miss Clements and Master "Bill" Lefevre were in Peterboro on Wednesday.

Mr. Walter Brown of Toronto, is visiting his parents in the village.

Mr. Gerald Wilkes, who spent the past week in the village renewing old acquaintships, left on Wednesday to return to his home in Brantford.

Mrs. F. N. Richardson and Mrs. Clyedale were in Peterboro on Wednesday.

Mr. and Mrs. Joseph Church of Mount Julian, were in the village on Wednesday.

Dr. J. R. Fraser, Jr., of Montreal, was a week-end visitor to his folks before leaving to take a three months post-graduate course in the Johns Hopkins Hospital, Baltimore, Md.

Cutting Logs.

The Kawartha Lumber Co. commenced cutting logs at Young's Point this week and expect to cut about half a million feet of pine and hemlock there and at Finley's mill on the 9th line of Dummer. They expect to cut 400,000 feet of pine.

Meeting Postponed.

The S. O. N. G. club was postponed this week but will meet on Tuesday evening of next week at the home of Mrs. G. H. Spence.

FREIGHT RATES.

UNITED STATES ROADS WILL DEMAND PREPAYMENT.

(Canadian Press.)

OTTAWA, May 6.—Canadian exporters will be obliged to ship freight to the United States charges collect as long as the Canadian railways refuse to accept the prepayment of such charges.

The Canadian Railway Commission has issued an order dismissing, "for want of jurisdiction over subject matter thereof," complaints presented before the Commission by Boards of Trade of Toronto and Montreal and the Canadian Manufacturers' Association protesting against the order to agents by the Canadian railways not to accept the prepayment of freight charges to the United States on account of the adverse exchange situation.

It is stated that the United States railroads will shortly issue an order demanding the prepayment of freight charges on shipments from United States to Canadian points, following representations to the Canadian Railway Commission by importers in this country.

WOULD TAX AUTOMOBILES FOR UPKEEP OF PAVEMENT

GALT, Ont., May 6.—The City Council will petition the Ontario Government for power to impose a local tax, not exceeding $1 a horsepower, on automobiles, the money raised to be used towards paying the cost of the repairs to pavement required because of the automobile traffic.

PITCHERS ANCIENT AND MODERN.

The records of the major leagues have been broken by this game, the longest contests previously recorded having been twenty-two innings in the National League and twenty-four in the American League, and the chances are that a good many years will go by before the record is surpassed.

Most surprising of all, perhaps, is the fact that each team used the same pitcher all the way through, and at the end of the game they were even better than they were at the beginning, or perhaps in the gathering darkness the batters found it somewhat harder to see the ball. At any rate, Cadore and Oeschger have won themselves a distinction which will ornament their reputations so long as baseball records are read; and they deserve it.

Pitchers in these times are fragile creatures, most of whom think that nine innings in a day is about enough and that two appearances in the same week are as much as can be expected from the hardiest. Yet years ago, in the effete eighties, Charlie Radbourne used to think nothing of pitching every day—and winning pretty nearly every day—for two weeks at a stretch. Either our ancestors were better men than we are or there is a good deal of reserve energy in the average pitcher of our time which rarely gets an opportunity to display itself under conditions that tend to cultivate the psychology of the prima donna.—New York Times.

PILES Do not suffer from Piles. Dr. Chase's Ointment will relieve you at once and is guaranteed to cure you. 60 cents a box, at Dealers, or Edmanson, Bates & Co., Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

"KEEPING UP WITH THE JONESES"

A show really apart from the conventional run of things is "Keeping Up with the Joneses," a new Gus Hill cartoon play based on the popular comics of Pop Momand. The new attractions will hold the boards at the Grand theatre, Wednesday evening next. It is in two acts and two scenes and contains enough laughs, novelties and other sensational and original features to be listed as one of the season's most phenomenal hits. If you have thought "Bringing Up Father" and "Mutt and Jeff" the final words in cartoon comedies you are bound to accept Mr. Hills latest offering as something entirely apart from anything presented on or off Broadway during the past ten years. Eighteen exclusive song hits and ensembles will be introduced along with innovations calculated to invite a discussion anent modern stage productions with "Keeping up with the Joneses" taking precedence above all its would be competitors.

LAST CHANCE TO SEE MIX IN "THE CYCLONE" AT THE ALLEN

The successful run of "The Cyclone," the new photodrama in which William Fox presents the daredevil, Tom Mix, comes to a close to-day at the Allen Theatre. The legion of admirers of Tom Mix are advised that this is their last opportunity to see his prowess in the strongest characterization he thus far has produced.

The action has a powerful setting of Northwesern pioneer life, in which all the contending instincts of untamed nature finds artistic expression. Tom Mix plays the part of a dauntless Sergeant in the Canadian Northwest Mounted Police, goes through a series of spectacular adventures and ultimately triumphs. The feminine lead is played with great charm by Coleen Moore.

"SEVENTEEN"

"Seventeen" opens at the Grand on Monday evening, only, direct from an eight months' stay at the Booth Theatre, New York, and a long run in Boston, where it has been universally considered the most delightful the most friendly amusing play of the year. All who have had and all who have not read the book will want to see the stage version, which is in four acts revolving around the histories incident to Willie's participation in Father Baxter's dress suit in order to dazzle the charming Lola Pratt.

Everybody who knows Willie Baxter and has chuckled at his first love affair, who delights in the tender misunderstandings of his mother and the uncanny frankness of his impish sister, Jane, will be glad to know that these and many other characters of Booth Tarkington's "Seventeen" stories are in the play.

And who plays Jane? And Lola Pratt, the long suffering Mr. Parcher, and most of all that delicious incarnation of man in his salad days, William Sylvanus Baxter? Thomas Kelly, an actor both youthful and experienced, for he has been on the stage since boyhood, brings William Baxter to life. His impersonation is rated as one of the finest pieces of acting of the year. Elizabeth Black, whose name has been on the tongues of thousands since her instantaneous success as naughty little Jane; and Lael Davis who is now known far and wide as the "baby talk lady" and Judith Lowry whose realistic impersonation of Mrs. Baxter has brought her innumerable letters from other mothers will bring to the Grand stage the deliciously funny scenes that make "Seventeen" one continuous ripple of laughter. Wallace Ford as Johnnie Watson, Oscar Craik as George Boke, the fat girl, Alma Hamersly, and other boys and girls complete the cast of lively youngsters; Aldrich Bowker, William Belfort, Louis John Bartels, portray the elders. In bringing "Seventeen" to the stage, Stuart Walker has set a new fashion in plays. Both young and old folks who would live again the happy days of their youth, will delight in this drama of "Youth and Love and Summertime."

LOOK WHO'S HERE

A rare combination of beautiful girls, stunning costumes, smart ensembles, whistling melodies, wholesome humor and catchy song hits, are a few of the many features of Gus Hill's latest musical novelty, "Keeping up with the Joneses," which comes to the Grand, Wednesday evening, May 12th. From reports received in advance this attraction is said to be one of the most enjoyable and delightful entertainments of the season. A large and competent cast and the renowned chorus, "The Vanity Fair Girls," will be in evidence.

CARRANZA PLAYING LONE HAND

Concentrating Rolling Stock in Mexico City.

(Canadian Press.)

WASHINGTON, May 6.—Unconfirmed advices received to-day by agents here of the Mexican revolutionary movement, said that the Carranza garrison at Torreson had revolted and that the city was in control of the revolutionists. Other advices said that no trains were permitted to leave Mexico City and that Carranza's minister of railways had ordered all available rolling stock concentrated in the capital.

MUSIC AND DRAMA

"THE GIRL OUT YONDER"

Like old wine, Mark's shows improve with age. The company that is showing at the Grand all this week is headed by Arlie Marks and her associate players. The entire company is well balanced and their work on the stage is better than many of the higher priced shows seen in Peterboro and elsewhere this season. The fact that the company plays to a big house each night is a recommendation in itself. Last night's show consisted of a four act play entitled "The Girl Out Yonder" in which Miss Arlie Marks played the leading role assisted by the well known Tom Marks. The first scene depicts a hotel at Sea Side Landing and introduces the entire cast. It is a well developed plot with many complexities and the usual happy ending in which the character of Tom Marks is freed from the stain of murder that has overshadowed it for twenty years. Supporting the two principals is some very good talent in Lindsay Perrin, Ethel VanOrden Al. J. Perrin, Marcelle Gerard and Chris Allen. Clever vaudeville numbers consisting of good singing, catchy jokes and dancing are staged between each of the acts and contribute to the excellent bill. Special features promised by the Company this week include a big amatuer night Friday and a special matinee on Saturday afternoon for the benefit of the out-of-town shoppers.

The Gun Club will hold a shoot on Friday night at their new grounds in North Monaghan, west of their old location and about five minutes' walk from the end of the C. P. R. car line.

W. DEANE TYRER,
Scoutmaster.

HAS BEEN RELEASED.

Joseph Murphy who was convicted about a year and a half ago on a charge of burglary in The Regent Tailors, when they were in the Charlebond Apartments, on Charlotte street, has been released upon the application of Mr. G. N. Gordon. Murphy was sent for a term on the Burwash Farm by His Honour Judge Hutcke, but, on account of good conduct, and through the application of Mr. Gordon, the Minister of Justice has released Joseph Murphy on ticket-of-leave.

SPECIAL SERVICES.

Evangelist C. W. Fairbairn will preach to-night in the Free Methodist church. Special revival services.

MEET ON FRIDAY.

The regular monthly meeting of the Peter Robinson Chapter, I. O. D. E., will be held in the Public Library on Friday, May 7th, at 7:30. 2d107 9394

NEW SPRING SUIT.

About the only thing standing between some young men in this town and a new spring suit is a plate-glass window.

FUNERAL TO-MORROW.

The funeral of Mrs. Alice Robinson will take place from 465 Elm street, to-morrow afternoon at 2.30 o'clock. The service at the house will be held at 2 o'clock by Adjutant Buntin of the Salvation Army, from whence the funeral will proceed to the Little Lake cemetery for interment.

FUNERAL TO-MORROW

The funeral of Mrs. Frank McFadden will be held to-morrow afternoon at 3:30 o'clock, from the residence of her father, Mr. James Ruth, 450 George street south, to the Little Lake cemetery.

The funeral service will be held at 3:00 o'clock at the house by Rev. J. F. Chapman, of St. James' Methodist church.

WORTH WAITING FOR.

L. O. L. No 50 take pleasure in announcing that they have secured the Wm. McKendry Concert Co., consisting of Miss Martha Hoagg, Pianist, Mrs. Jean Winter Tye, Soprano, Mr. Joe Williams in comic songs, and Mr. Wm. McKendry, baritone singer and entertainer, to appear in Victoria Hall on Friday evening, May 21st., in what can be guaranteed the best programme of the present season. Further announcement later.

TROUT BITING WELL FOR FIRST OF THE ANGLERS

Messrs. K. G. Lech, Sr., and Alex. Weddell are among the first of the angling enthusiasts to report catches of trout this season. "Somewhere in Cavan" on Monday a day's patient patrolling of a stream rewarded them with a fine string that included a number of big ones. This afternoon W. R. Breyfogle, E. Bruce Fowler and John Brightman set out for a stream near Warsaw with every expectation of securing a delicacy for Friday's breakfast, perhaps.

"HOW DID YOU DO IT?"

Was the question asked of Jimmy by one of Nelson's customers. Do what? Why for selling ribbons at the same price during the war as before. Everybody knows that dyes have soared and necessarily the price of ribbons should have increased. Jimmy answered, "Y'ys doan' no mi oss, 'e says 'igh cost of eberything is not rite." Our ribbons and carbons are unexcelled and the prices are absolutely reasonable. We are the largest dealers in typewriter specialties between Toronto and Ottawa.

NELSON'S TYPEWRITER CO., 332 1-2 Geo. Str. Bradburn's block. 'Phone 239.

OBITUARY

EMMA L. HARVEY

The death occurred in Toronto on Tuesday of Emma L. Harvey, at the residence of her sister Mrs George Coldbeck, 15 Whitney Avenue.

The deceased is an aunt of Mr. J. H. Connal. The funeral will be held on Friday from the 11.55 C.P.R. train to the Little Lake Cemetery, where Rev. Robert Pogue will conduct the service in the chapel.

SOCIAL AND PERSONAL

Mr. George King was in Toronto, last evening to hear Aida, with the Metropolitan Opera Quartette.

Mrs. Rogers of Cobourg, is in the city visiting Mrs Fortye.

Miss Florence Scott was in Toronto for a few days this week.

The Otonabee Chapter I.O.D.E. is holding a "community dance" on June 3rd on the block between the Dominion and Montreal Banks.

Mr and Mrs. A. MacNab were in Montreal yesterday, attending the graduation exercises at Royal Victoria Hospital. Their daughter, Elsie, was one of the forty-two successful graduates in the 1920 class.

struck yesterday.

Dr. A. W. McPherson has returned to the city after an absence of a couple of weeks, and will resume his practice.

Mr. G. H. Hutchinson of the Bank of Montreal here, has been transferred to the Toronto branch. Mr. Murray of Hamilton, will succeed Mr. Hutchinson.

BANKS JOIN MOVEMENT.

NEWMARKET, May 6.—Stores and all business places here closed at 12 o'clock noon yesterday, and will observe each Wednesday afternoon as a holiday up until the end of September.

This is the first season that the banks in town have joined the weekly half-holiday movement, and even the post office will be closed every Wednesday from 1 o'clock to 5 o'clock p.m.

C.G.E. MACHINISTS WANT HIGHER WAGES

In consequence of the rejection of their demands for a new scale of minimum wages, the machinists of the C. G. E. Company walked out on strike this morning at ten o'clock.

About 150 employees are directly involved, but it was reported, that quite a number of men from more or less allied departments also went out in sympathy with the machinists and toolmakers.

WESTERN PAPERS SAY NEWSPRINT REFUSED

MAY HAVE TO SUSPEND PUBLICATION WHILE SUPPLIES GO TO THE U.S.

WINNIPEG, May 6. — Although the domestic production of newsprint is seven times the domestic consumption, the daily newspapers of Manitoba and Saskatchewan, for the second time in six months, are again facing suspension owing to inability to get newsprint.

Until recently these newspapers were supplied by the Fort Frances Pulp & Paper Company, Limited, whose mill because of its location, 200 miles east of Winnipeg, is their logical source of supply.

Early in April, following the Supreme Court judgment in the Price Bros appeal, the Fort Frances Company notified its Canadian customers that they would have to get their supplies from another mill. It offered a limited supply in the meantime at $120 per ton which was $30 per ton in excess of the standard contract price at which other Canadian newsprint manufacturers were exporting newsprint to the United States. The Canadian customers of the Fort Frances Company paid the price demanded and supplies continued for a few weeks.

Efforts to secure supplies from other sources were unsuccessful. Now the Fort Frances Company has again notified its Canadian customers that they must get their supplies elsewhere, and this time has actually stopped shipments. Unless the Fort Frances Company resumes shipments immediately several daily newspapers in Manitoba and Saskatchewan will be compelled to suspend publication next week.

ANTI-BONUS BILL IS SEQUESTERED

REFERRED TO LEGAL COMMITTEE OF THE LEGISLATURE.

TORONTO, May 6.—The refusal of Wilson Crockett, Labour member for South Wentworth, to withdraw a Bill to bar municipalities from granting bonuses to industries gave the Hon. Mr. Raney a few moments of worry in the House last night until the Attorney-General solved the problem by agreeing to second reading and the submission of the Bill to the Legal Committee.

There is, of course, no rule against a Bill coming back to the House from the Legal Committee, but for a great many years the departure of a measure en route to that particular committee has been a sort of farewell ceremony, and unless the anti-Bill is off the boards for another session.

Hon. Mr. Raney agreed that the Bill opened up a big issue. If it had been brought down earlier in the session it might have received more support, but he was not prepared to take the responsibility at the present time of making the important revision of the existing statute that would be necessary to make such a change operative. The matter was one that could well stand over for another session, and he therefore suggested that Mr. Crockett withdraw it.

The Labour member did not see it that way, and the matter was disposed of by giving the Bill second reading and referring it to the Legal Committee.

MRS. SAMUEL GOMPERS IS CRITICALLY ILL.

WASHINGTON, May 6.—Mrs. Samuel Gompers, wife of the President of the American Federation of Labour, is critically ill at her home here. Her physicians last night held out but slight hope for her recovery.

Mrs. Gompers, who is 69 years old, has been in failing health for two years. On Tuesday she was seized with convulsions, and yesterday she grew steadily worse, falling into a state of coma yesterday afternoon.

The veteran labour leader is constantly at the bedside of his wife.

SHELL IN TREE.

A great log, that appeared sound and clean, cost a mainland sawmill, British Columbia, $250.00 this week. When the big circular saw bit into the timber it flew to pieces, and investigation showed a 25-pound shell embedded in the centre. The tree had been brought from a point up the coast and probably been used years ago as a target for the guns of British naval ships cruising on the Gulf of Georgia. The shell is of the type used by the Navy about 25 years ago.

STRATFORD AGRICULTURISTS WANT EIGHT-HOUR DAY.

STRATFORD, May 5.—The farmers want an eight-hour day with a weekly half-holiday the same as city dwellers.

The agricultural section of the Chamber of Commerce passed a resolution in favour of this at a special meeting.

A meeting in support of extending the Hydro power to the farmers will be held this month, when it is hoped to secure Sir Adam Beck to address them.

THE NEW WOMAN.

"For what are you incarcerated here, my poor man?" asked Mrs. Strongmind.

"I married a new woman," answered the prisoner."

"Impossible. You couldn't be put in jail for that!"

"But I was! I married a new woman, and the old woman I already had kicked about it, and had me put here for bigamy."

FRANK BARBER IS HERE TO-DAY

Mr. Frank Barber was in the city to-day looking over the bridge. Ald. James Hamilton, the chairman of the Special Bridge Committee, stated this afternoon that his visit had nothing whatever to do with the strike—it was simply his regular inspection trip. Mr. Barber returned to Toronto this afternoon.

COUNCIL STAGGERING UNDER BUSINESS LOAD

"It looks like a big night to-night," the aldermen have been telling themselves to-day as they mentally reviewed the items of business that have stretched out into a long agenda for the regular meeting for May.

If the committee reports were to be accepted by the council there would be less cause for anticipating a session that will run into the first hours of morning; but most of the questions are contentious, and it is safe to predict that the Aldermen have prepared their plan of action and verbal barrages with an eye to the gallery and the voters who will be content with the press reports.

Three municipal offices are to be filled; there are the band grants, the housing scheme, the bridge workers' demands for increased wages, and other business, which in Ald. Crowe's remark to the Labour Council last night promises "a lively time."

SELF DENIAL WEEK HERE

The Salvation Army in the week of May 15 to 22nd., will conduct a world wide self-denial week when special appeals will be made for funds to carry on this most worthy work, carried on with these funds.

The objective of the local Salvation Army is $5,000, $1,000 of which it is hoped to raise amongst their own people the rest from the other denominations. Committees have been organized and everything prepared for the big campaign which is the biggest thing of its kind ever launched by the Army.

Throughout the entire Dominion preparations have been made for the greatest self-denial week the Army has ever had in the twenty-five years of this institution.

FIGHTING SPEECH.

Two Hundred Carpenters Sign Up With the One Big Union.

(Special to Examiner)

WINNIPEG, Man., May 6.—Following a fighting speech by Joe J. Knight, in the course of which the Edmonton organiser of the One Big Union hit out right and left at the delegates of the Winnipeg Trades and Labour Council, Trades Congress, Executive Internationals generally, and the American Federation of Labour, about 200 carpenters signed up with One Big Union last night.

Crepes, satin, soft silks and tricolette are used for blouses.

VOL. XLVI. NO. 108 PETERBOROUGH, FRI[illegible] MAY 7, 1920 PRICE TWO CENTS

BOLSHEVIK HAS ISSUED A MANIFESTO

TROTSKY IS "FILLED WITH ANXIETY" AS TO THE FUTURE IN UKRAINE.

(United Press.)

LONDON, May 6. — A Moscow wireless despatch to-day said the Soviet Capital was in direct communication with Kiev Wednesday and that the city was still in the hands of Soviet troops. Trotsky, the Bolshevik, War Minister, has issued a manifesto appealing to the people to arouse themselves to the seriousness of the Polish offensive the wireless said. Polish forces far out number the Soviet troops Trotsky said admitting the war ministry was "filled with anxiety" as to the future in Kiev and the Ukranian.

POLES ADVANCING.

United Press.

LONDON, May 7. — Polish troops advancing on Kiev were repulsed by Bolsheviki on the line of the Irpen River, it was announced in the Soviet government comminque dated on Thursday, received from Moscow to-day. The statement reads:

"In Kiev region, at the railway along the river Irpen, we repulsed the enemy's advancing troops. On the Caucasian coast four enemy ships bombarded Tenryuk but were driven off by our artillery fire."

NEGOTIATING WITH THE REDS.

Canadian Press.

LONDON, May 7. — Great Britain is on the eve of negotiations with Soviet Russia, a Moscow wireless despatch to-day asserts.

Earl Curzon, the British foreign secretary, the message says, has forwarded to M. Tchitcherin, Soviet Commissary for Foreign Affairs, a declaration in which direct conversations with General Wrangel, commander of remnant of Russian volunteer army are proposed.

These conversations, it is declared are desired by Great Britain in order that definite negotiations may be made concerning cessation of the Bolsheviki advance into the Crimea and British officers would participate in the negotiations.

M. Tchitcherin replied in a statement that the Soviet government was prepared to meet the desire expressed in the communication and enter into negotiations with the British government.

WILL PAY WILSONS $17,000 FOR SITE

OF THE SEWAGE DISPOSAL PLANT —BUYING 38 ACRES.

The Council ratified last night the Committee of the Whole's recommendation that the Wilson Brothers' offer to sell to the city for $17,000 that part of their property required as a site for the sewage disposal plant. City Solicitor Widdifield was instructed to prepare an agreement for the purchase.

In this parcel there are 38 acres for which Messrs Allan, Robert and E. R. Wilson held out for $19,500 after previously cutting $5,000 from their first price. When the owners met the committee a week ago, the negotiations seemed to have failed, the members of the Council declaring that the price set by the Messrs. Wilson was beyond consideration. Mr. Vincent Eastwood, who was largely instrumental in persuading both parties to accept a compromise and the $17,000 figure was agreed upon after several hours manoeuvring.

Mr. Wilson will be engaged to collect the rentals amounted to about $200 for camping lots during the summer months, his remuneration to be fixed by the Mayor.

DIPLOMAS FOR TEN GRADUATES

NAMES OF NURSES WHO HAVE COMPLETED COURSE IN NICHOLLS HOSPITAL.

Ten graduates of Nicholls Hospital Training School for nurses will receive their diplomas at the graduation exercises to be held on Tuesday evening, May 11th, namely: Miss N. H. Anderson, Miss V. Baker, Miss D. H. Chalmers, Miss G. M. Drake, Miss R. D. Fraser, Miss C. E. Gulliver, Miss R. P. Gray, Miss M. R. Reid, Miss I. E. Thomson and Miss O. Waterman.

O. B. U. ORGANIZED.

(Special to The Examiner.)

WINNIPEG, Man., May 7. — F. Woodward, secretary of the Central Council of the One Big Union, announced last night the receipt of news stating that the executive of One Big Union of railway shopmen had been organized at Chicago.

The executive it was said, represented several thousand men.

Minimum Scale Set For City's Workmen

COUNCIL OFFERS 75c TO CARPENTERS AND ENGINEERS AND 50c TO LABOURERS—THEY DEMANDED 85c AND A RANGE FROM 45 TO 60 RESPECTIVELY.

RECEIVED THEIR CLAIMS

Dealing with the demands of the labourers, carpenters and hoisting engineers employed by the city, the Council last night refused to approve the scale of wages presented to them, but submitted a compromise schedule of increased minimum rates which the contractor of the bridge and the foremen of other city work may grade upward if necessary.

In the discussion of this question by the committee of the Whole preceding the Council meeting the following old and new wages were quoted:

Of the labourers, sewer and concrete mixers got 45c. last year, they ask for 60c., and the Council offered them 50c.

General labourers were paid 45c. last year, they wanted 55c. this year, and were offered 50c.

Street sweepers got 35c. and 40c., asked for 50c. and were offered 40c.

Carpenters were paid 67 1-2c. last year, asked for 85c. and are offered a minimum of 75c.

Hoisting engineers got 65c., wanted 85c., and were offered 75c. Concrete mixers were offered 70 cents.

The new scale set out in the above statement was drafted in a resolution on Ald. Hamilton's motion, seconded by Ald. Turner.

Ald. Gainey moved an amendment giving the labourers 50c. and 55c. for the ordinary and sewer and concrete workers respectively, carpenters 80c. for May and 85c. commencing June 1st, hoisting engineers 80c. for May and 85c. beginning June 1st, and street sweepers 45c. an hour.

In the commitee and in Council the division was exactly the same. Aldermen Crowe, Gainey and Morrison voted for the amendment and Aldermen Turner, Jones, Hamilton, Whitehouse, Copping and Gordon opposed it, but Mayor McIntyre voted for the Gainey amendment in Council and remarked "lost gentlemen" when the count stood six to four.

Mr. Joseph Wearing accompanied the Labourers' deputation, including Arthur Pinch; George Blodgett and J. Leahy. The representatives of the Carpenters were T. McMurray, George Parliament, T. Gillespie, Jos. Lazure and John Doggett, of Toronto, business agent of the Carpenters and Joiners.

Mr. Tom Darrah presented the demands of the hoisting engineers. All three Unions asked for the eight hour day and time and a half for overtime.

The Labourers' Case.

Speaking for the labourers Mr. Wearing said they felt they could do better work in an eight hour day instead of nine hours. The new wages they sought were not high, considering the times, and the laborious work they performed and also the increased costs of the necessaries of life. They wanted to meet the city in a fair way, and went out on strike last Saturday because a sign had been put up at the bridge stating that the wages would be 50c. an hour for labourers and 75c. for carpenters.

Ald. White house—They were ill-advised.

Mr. Wearing—The sign was put up anonymously and it was like a red rag to a bull. The new wages asked for would prevail for a year.

Ald. Gordon—Would the labourers take 50c. say till Sept. 1st when an increase might be made if the conditions were still going up.

Mr. Wearing replied that the men wanted the scale they had presented.

Ald. Turner pointed out that the contract of the bridge had been let with only a certain amount of money provided for it. The increases would tend to overrun that amount.

Mr. Wearing— These men don't want overtime.

Ald. Turner—I'd rather they work nine hours and earn all they can get.

Too Many Non-Producers.

Mr. Pinch told the Council that there seemed to be a lot of non-producers on the bridge work. They were drawing good salaries. If one good man was picked out half these bosses wouldn't be needed.

(Continued on page 15.)

MOTHERS' DAY AT MURRAY STREET CHURCH

The plans for Mothers' Day at Murray Street Church are complete.

Those who wish to send flowers in memory of departed mothers or in honor of those still living will please have them sent on Saturday to the parsonage, 544 Aylmer street. Be sure and send the mother's name with them.

After the morning service these will be sent, with the cards, to such aged or sick mothers as are unable to attend the services.

The choir will consist of forty voices and will render suitable music.

Mr. Webb will preach.

GRASS FIRE IN CHEMONG PARK

ONE COTTAGE WAS DAMAGED— VOLUNTEER FIREFIGHTERS.

A cottage in Chemong Park, owned by Mrs. Hartshorn of this city, had a narrow escape fom fire yesterday afternoon. The fire originated in the grass and spread to the cottage. Carpenters and others who were working in the park, fought the fire and succeeded in putting it out. The cottage was slightly damaged.

A PRESENTATION TO MRS. G. POOLE

IS LEAVING THE CITY FOR VIRGINIA.

Last evening, to say farewell to Companion Mrs. G. Poole, who leaves shortly for Virginia, about one hundred members of the Foresters and their friends assembled in the Foresters' Hall, and a splendid programme, to which Companion Mrs. Poole contributed a solo, Companion Mrs. Scholey a solo, Mr. F. Clarke a banjo solo, Mr. Tom Markham a comic song, Mr. J. John a recitation, and Mr. J. Parker a solo, was presented and keenly enjoyed by all present.

A Presentation.

At the conclusion of the programme Mrs. Poole was presented with a splendid club bag and Mr. Poole with a gold locket and chain, the locket engraved with the Foresters' emblem and initials. The bag was presented by Companion Bradshaw, who wished Mrs. Poole every success in her new home, while the locket and chain were presented by Brother S. B. Lynde, D.S.C.R., who also wished Mr. and Mrs. Poole God-speed and every success in their new homes. An address was read to Mrs. Poole by Mr. F. Oxley, expressing the regret felt at losing her, not only as a member and officer of the Court, but also as a citizen.

The evening was concluded by refreshments, served by the Companions of the Court, and a very pleasant social hour was spent, which wound up by all taking hands and forming a circle to sing "Auld Lang Syne" and God Save the King.

LABOUR LEADERS BECOME ALARMED

OLD COUNTRY LABOUR FEAR CONTINUOUS DEMANDS FOR HIGHER WAGES CAN ONLY LEAD TO DISASTER.

LONDON, May 6.—The continuous demands for higher wages in one trade after another are beginning to alarm the Labour leaders themselves, and they are realizing that they can only lead to disaster.

The Executive of the "Triple Alliance" of miners and transport workers, which is now in session here, although it has before it several wage demands, has embarked upon a determined effort to break the vicious circle of high wages and the increase in the cost of living.

Another Big Three, the Parliamentary Committee of the Trades Union Congress, the Labour party and the co-operative movement, are to be called upon to join the alliance in an exhaustive inquiry into the reasons for the high cost of living, and to evolve a plan for its reduction.

The members of the alliance discussed this question, which they regard as the "most vital affecting our social life," for the greater part of this afternoon's meeting.

They will meet again at an early date to receive the report of the joint body, and their views will be submitted to the Government with a view to the latter taking "such action as will substantially reduce the present high cost."—Special cable to the Toronto Globe.

Grasshoppers in South America are the largest known. In that country they attain to a length of five inches and their wings spread out ten inches.

THE MEXICAN REVOLUTION IS GROWING

OLD MAN CARRANZA PREPARES TO TAKE [illegible] TALL TIMBERS— [illegible] IN MEXICO CITY.

(Canadian Press.)

EL PASO, Texas, May 7.—Mobilization of troops believed to be intended for use in Mexico City continued to-day at Juarez as authentic information regarding numerous reports of President Carranza's flight before the spread of the revolution was awaited. According to reports here Carranza's son-in-law, Candido Aguilar went to Vera Cruse several days ago to prepare for the President's coming. T. R. Belbren, commercial agent of the Liberal Constitutional party at El Paso, is authority for the statement that impending crisis in Mexico City had forced Carranza to seek a compromise with the revolutionary forces General Calles, commander of northern Mexico troops stated yesterday however, that he did not believe the revolutionists would consider any proposal until actual conditions upon which compromise would be made were outlined.

AUTOMOBILE CASE WAS DISMISSED

"Dismissed," said Magistrate Dumble this morning after hearing the case against Dr. E. E. Harvey for, on Tuesday morning last, not giving the right of way to a horse and rig driven by A. B. Ross at the corner of George and King streets. The information was laid by Constable H. Young, who secured the number of the car—117618. Constable Young said in the box that it was just at nine o'clock. He was walking south in front of the Grand Opera House when the car came south on George street at a good speed. The horse and rig, coming from the west, were across the tracks turning north, and instead of going around them the car cut in front, forcing the driver to jerk up his horse abruptly to avoid an accident.

Dr. Harvey stated that he was at Nicholls Hospital at nine o'clock, and Dr. Carmichael corroborated the evidence. He said that he did not think he passed a horse and rig during all his calls. He could not give the Chief the number of his car, but Constable Young identified the number as the one he took.

The magistrate said somebody was wrong, and as the evidence of the doctor as to his whereabouts at the time of the accident were conclusive, is was evident that a mistake had been made in the number. No reflection was cast on the work of P. C. Young since the numbers of cars are often mistaken in Toronto and other large centres as well.

WORLD HAPPENINGS

(Canadian Press.)

BERLIN, May 7.—Germany's military air service has been disbanded under terms of the Versailles treaty, according to semi-official announcement made here to-day.

DAYLIGHT SAVING.

(Special to The Examiner.)

BROCKVILLE, May 7.—Gananoque has adopted daylight saving, with effect from May 30 to Sept. 6.

CANADA'S BUDGET.

(Canadian Press.)

OTTAWA, May 7. — Sir Henry Drayton will deliver his Budget speech next Wednesday.

Canada's expenditure for next year is estimated at $537,000,000.

MOVE MEXICAN CAPITAL.

(Canadian Press.)

EL PASO, Texas., May 7.—It is expected that Carranza will remove the Mexican capital to Vera Cruz, as it is impossible to hold the present capital much longer.

ON HIS WAY HOME.

(Canadian Press.)

OTTAWA, May 7. — Sir Robert Borden left Asheville, North Carolina, for Ottawa yesterday afternoon at 4.30.

WON'T SUPPORT POLES.

(Canadian Press.)

LONDON, May 7.—Great Britain will not give moral or material support to the Polish attacks on the Bolsheviki.

JOIN BOLSHEVIKI.

(Canadian Press.)

LONDON, May 7.—The Turkish Nationalists have gone over to the Bolsheviki, and the outlook in the Far East is very discouraging.

SUPERANNUATION BILL.

TORONTO, May 7. — Premier Drury's Superannuation Bill for Civil Employees had its second reading yesterday, and the prospects for its final passage are bright.

THE POLES CAPTURE THE TOWN OF EKATERINOSLAVKREMENTCHUG

This is Not a New Disease, But the Name of a Town According to a Telegraph Despatch—Fall of Kieve an Accomplished Fact.

United Press.

LONDON, May 7. — "The fall of Kiev is an accomplished fact," the Polish Information Bureau to-day announced. The statement however was accepted wth some reserve because of earlier unfounded reports that the Bolsheviki had been driven from the capital of the Ukraine. The whole of the Ukraine east of the River Dneiper, is rising against the Soviets, the Polish statement said. Individual localities are organizing, arming the peasants, and refusing to sell provisions to the Bolsheviki.

"They have already driven the Soviet forces from Poltava, Ekaterinoslavkrementchug and Cherson. The Bolsheviki probably soon will be forced to evacuate Odessa," the statement claimed. The Bolsheviki are retreating in panic toward the Dneiper, the Poles pursuing closely, the Daily Telegraph's correspondent cables. A Warsaw despatch asserts that the Polish offensive frustrated Soviet plans for a great offensive against Lemberg, with fifty divisions.

Mr. R. H. Parsons Elected Chairman the Engineers' Club

NEWSPAPER DEAL IN WESTERN FIELD

Canadian Press.

WINNIPEG, May 7. — It is believed that the newspaper deal by which the Telegram acquires the Tribune newspaper, is going through this week. The Telegram is to be morning paper and R. L. Richardson, M. P., relinquishes control of the Tribune. It was announced in the Telegram yesterday that J. R. Smith, of the firm of Davidson and Smith, grain dealers, has arrived in the city to make Winnipeg his permanent residence. Smith is owner of the Telegram.

LOWER PRICES IN THE STOCK MARKET

MEXICAN OIL STOCKS DROP IN FACE OF DISTURBANCES.

Special to The Examiner.

NEW YORK, May 7. — The Stock market opened generally fractionally lower to-day, the exception being Mexican Pet. which opened at 181 up 2 1-4. The strength in Mexican Pet stocks since the resumption of disturbances in the Southern Republic has been due to the belief that no matter what the result of the present crisis may be it will stabilize American interests in Mexico.

Other opening prices were Chandler 144 3-4 up 3-8; Studebaker 80 3-4 off 1-8; Republic Steel 97 1-4 unchanged; Corn Products 97 1-4 off 1-4; Reading 85 1-2 off 1-8; American Woollen 111 off 1-2; U S Steel 96; unchanged; Beth B 96 off 1-8; Baldwin 116 3-4 off 1-8; Pan American Pet 97 7-8 off 1-8.

Prices were offered down rather liberally throughout the first half hour and this carried steel common down to 95 1-8 off 1 1-4 from Thursday high Pan American at 94 3-4 was off 5 1-4 from yesterday high and Mexican Pet, at 196 was off 8 from to-days opening. Crucible was offered down to 134 off 6 net bears used the Federal reserve bank statement on the credit situation as an argument for selling stock.

Selling continued throughout the first hour and finally U. S. Steel broke through 95 to 94 3-4. Large supporting orders appeared and this helped all steels. Pan American rallied 2 points from 94 3-4 on publication of report that President Carranza had fled from Mexico City.

(United Press.)

E NEW YORK, May 7.—Demand Sterling opened higher here to-day at $3.85 1-4 up 1-2; Franc Checks were 15.82 up 65 centimes; Lire Checks 20.02 up 90 marks demand slightly higher at $.0193; cables $.0195; United States dollars on Canada demand were $.0950.

58,000 CASES OF SCOTCH.

(Canadian Press.)

MONTREAL, Que., May 7.—On board the Anchor-Donaldson Liner Saturnia, which docked here from Glasgow, were 58,000 cases of Scotch whiskey for Montreal dealers.

HEADACHES!

Headaches, indigestion, sleeplessness and nervous troubles are often caused by eyestrain. And eyestrain is caused by not wearing the right glasses. Right glasses will relieve eye strain, and troubles due to eyestrain will disappear. See W. H. Lacey, Optical Specialist, 410 George street.

PETERBORO BRANCH OF THE ENGINEERING INSTITUTE HELD A MEETING LAST EVENING.

The annual meeting of the Peterboro branch of the Engineering Institute of Canada involving the election of officers, was held last evening in the Board of Trade Rooms, a very large attendance being present in anticipation of a most interesting and instructive evening. Mr. R. H. Parsons chairman of the institute was absent from the city and Mr. C. E. Sisson, who occupied the chair explained that he had been asked to take his place. As it was important two have two judges appointed to succeed Mr. Parsons and himself who were to be judges of the election. Mr. R. E. Stavert and J. H. Reid were nominated and with Mr. R. B. Rogers the other judge retired to count the ballots, which had been returned through the mail by the members.

The chairman dwelt on the importance of the meeting to elect the officers for the ensuing year and to make plans for the future of the organization. He spoke feelingly of the interest, the late chairman, Mr. Reid Munro showed in the institute. "There is no one I think took as great an interest in getting it started and after it became organized as a branch of the institute", was Mr. Sisson's tribute. Mr. Sisson regretted the absence of the chairman making a postponement of his inaugural address if elected necessary.

The Last Year.

In reviewing the events of the last year primary importance was given to the change of the Engineers' Club to a branch of the Engineering Institute of Canada and Mr. Sisson referred briefly to the success they had met with in their organization since becoming affiliated with the Institute. Their membership has increased appreciably until now practically all of the engineers in the city and surrounding district are members. The inaugural meeting had been successful in every way and the interest shown by the officers in this branch then has continued.

In conclusion Mr. Sisson extended a welcome to all engineers who had not entered the Institute to affiliate themselves with it and he expressed pleasure at the excellent attendance at the meeting.

A Balance.

Mr. D. L. McLaren, treasurer, read the finance report which showed that in spite of many drains on the finances a balance of $6.72 was left. This report covered the finances of the local branch only since it re-organization and the report was satisfactory to the members and was adopted. The committee of which Mr. E. R. Shirley was chairman gave a resume of the winters papers and lectures and Mr. Shirley pointed out that in spite of the handicaps and set backs they had met with because of reorganization and in the loss of Mr. Reid Munro they had had a successful year. He said that they were very much indebted to the Y.M.C.A. for the use of their projector and to Mr. Homer Fiske for operating it at their lectures adding materially to their interest.

The report of the membership committee headed by Mr. P. L. Allison showed that they had now thirty-five members, eight juniors, and seventeen affiliates in the organization. Mr. Allison gave the qualifications necessary for the different memberships divisions which comprise honorary members, members, juniors, students and associates. The matter of changing the by-laws of the organization to allow juniors to vote and to hold office came up for and aroused considerable discussion. The juniors must be at least twenty-one years of age and not over thirty-five and while not necessarily graduates must have a certain experience in engineering or some recognised school training. The chairman was in favour of a change, especially as in a branch of this size where there were more juniors than in a larger one. The Secre-

RAILWAYMEN ARRESTED IN STRIKE ZONE

NOT VERY MUCH CHANGE IN THE FRENCH STRIKE SITUATION— HELD A MEETING.

(Canadian Press.)

PARIS, May 7.—There was no apparent change in the strike situation in this city and throughout France this morning. During the last day or two a large number of extremist railroad workers have been arrested, but many of these have been discharged. The Executive commitee of Railway Workers' Federation met last night, at which it is understood there was a strong sentiment in favor of calling off the strike if it could be done without appearing to capitulate to the government. The miners in the northern coal fields have finally decided to strike next Monday. The situation among dock workers and seamen shows no change. There appears to be some division among outlaw metal workers who have struck, as their movement so far has involved only twenty thousand of the two hundred thousand men engaged in the various trades affected.

THE CONCERT WAS A BIG SUCCESS

The entertainments held by the Daughters of England have always been noted for their thoroughly enjoyable nature; freedom from all that is stiff and formal resulting in a splendid time for all who attended. The one held last evening fully justified the favourable opinion always held by those who have attended past concerts of the Daughters and was a success from every view point. The programme was as follows:

Pianoforte Selection, Mrs. Bugg; Solo, Miss Allen; Duet, Miss Goodwin and Miss Wade; Pianoforte selection, Miss Ruby Rutherglow; Recitation, Mr. Johns; Solo, Miss Wade; Selection, Violin, Mr. Johnson, Piano Miss Goodwin, Duet, Miss Allen and Mr. Lee; Musical Selection, by the choir from Hickory's Corners; Solo, Mr. Lee; Pianoforte Selection, Miss Wade; Selections by boys of the point and a troupe piano accompanied Mrs. Massey Cooke; Chairman, Mr. Percival Webb.

THE FUNERAL WAS HELD IN CORNWALL

(Special to Examiner)

CORNWALL, May 7.—The remains of the late Major General Sir Donald A. MacDonald C.M.G., who passed away in Ottawa on Tuesday afternoon were brought to Cornwall, his native town. The funeral took place from the depot to St. Columbians Church and cemetery. Many prominent citizens of Cornwall were in the Cortege. The service was conducted by Rev. George Corbet, Vicar General. The members of the family and others present were A. F. MacDonald and the Misses MacDonald of Montreal, brothers and sisters of the deceased. Mr. Delotbiniere Panet, Grandson and Charles A. Lynch of Toronto a nephew.

THE WEATHER

At noon to-day the temperature was up to 70 degrees in the shade—the highest point for many months in fact since the early part of last fall. Yesterday's highest was 67 degrees.—W.P.

SYNOPSIS OF A PROPOSED BY-LAW

The municipal Council of the Corporation of the City of Peterboro, propose to pass a By-law for borrowing on the Sinking Fund Plan the sum of $2,500.00, for the purpose of entering into a contract with The Canadian Raybestos Company, Limited, for granting a bonus to and aiding the said company, a draft of which contract may be seen at the office of the Clerk, and which contract also includes the closing of Stewart street between Perry street and the Canadian Pacific Railway, and conveying it to the said company, and the fixing of the assessment of the said company at $10,000.00 for ten years for all purposes except school taxes and local improvement rates and taxes.

The amount to be borrowed is to be payable in twenty years from the date of the issue of the debentures.

The amount required to be raised annually for the payment of the debt will be $83.96, and for the payment of the interest will be $150.00.

Take notice, that the foregoing is a synopsis of a proposed bylaw of the Corporation of the City of Peterborough to be submitted to the votes of the electors on the 10th Day of May, A. D., 1920, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon, at the following places:

Polling Sub-divisions Numbers One and Three.

Place: M. H. Halpin's, 29 George Street.

Polling Sub-divisions Numbers Two and Five.

Place: T. J. Murray's, 111 Rubidge Street.

Polling Sub-division Number Four.

Place: Fitzpatrick and Geraghty's, 198 Rubidge street.

Polling Sub-divisions Numbers Six, Seven, Eight and Nine.

Place: City Council Chamber.

Polling Sub-divisions Numbers Ten and Eleven.

Place: Fitzpatrick and Geraghty's, 156 Charlotte Street.

Polling Sub-division Number Twelve.

Place: Mrs. Lyle's House, 301 Pearl Avenue.

Polling Sub-divisions Numbers Thirteen and Fourteen.

Place: N. Routley's, 392 Brock Street.

Polling Sub-divisions Numbers Fifteen and Eighteen

Place: T. Hooper's Store, 601 George Street.

Polling Sub-divisions Numbers Sixteen and Seventeen.

Place: J. S. Black's store, 599 George Street.

Polling Sub-division Number Nineteen.

Place: J. T. Braund's, 720 George Street.

Polling Sub-divisions Numbers Twenty and Twenty-One.

Place: Mrs. Swinston's House, 46 Hunter Street East.

Polling Sub-division Number Twenty-Two.

And that the 20th day of May, A.D., 1920, at ten o'clock in the forenoon, at the office of the City Clerk in the said Municipality, has been fixed for the appointment of persons to attend at the polling places, and at the final summing up of the votes by the Clerk.

And that if the assent of the electors is obtained to the said proposed Bylaw it will be taken into consideration by the Municipal Council of the said Corporation at a meeting thereof to be held after the expiration of one month from the date of the first publication of this notice; and that such first publication was made on the 23rd day of April, A.D., 1920.

Take Further Notice, that a tenant who desires to vote upon said proposed By-law must deliver to the Clerk not later than ten days before the day appointed for taking the vote a declaration under the Canada Evidence Act, that he is a tenant whose lease extends for the time for which the debt or liability is to be created, or in which the money to be raised by the proposed bylaw is payable, or for at least twenty-one years, and that he has by the lease covenanted to pay all municipal taxes in respect of the property of which he is tenant other than local improvement rates.

S. R. ARMSTRONG.
3d23 30-7-96-9138 Clerk

GRAY HAIR BECOMES DARK AND BEAUTIFUL

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

CAN PAY IN GOLD OR IN PLATINUM

MOSCOW GOVERNMENT HAS $300,000,000 GOLD IN TREASURY.

PARIS, May 7.—"The Scandinavian countries await only a lead from the Allies to start business on a big scale with Soviet Russia."

So said Ira Nelson Morris, United States Minister at Stockholm to the correspondent to-day. Mr. Morris, who has just arrived in Paris, added:

"It is a matter of common knowledge that Swedish manufacturers are building locomotives for Russia and that these engines will be delivered as soon as the resumption of trade intercourse is sanctioned by the Entente Powers. While the Swedish Government still forbids shipments directly consigned to Russia, there is no doubt that considerable quantities of merchandise, ultimately destined for Moscow, are passing across the Baltic to Esthonia, which is at peace with the Soviets.

"For obvious reasons Swedish commerce with Germany has fallen off to such an extent that there is a strong desire to sell Sweden's surplus manufactured products to the Soviets, which are able and willing to pay in gold and platinum. To the best of my belief the Moscow Government has between three and six hundred million rubles gold." (A ruble is worth 50 cents normally.)

The scarcity of coal, which must now be imported from America, and the abnormal foreign exchange rates are the Scandinavians' principal present problems, Mr. Morris said. He added that the solution of them soon would be found in the economic soundness of all the Scandinavian States.

SEIZE SMUGGLED TREASURE.

German Officials Take Rich Store from Persons Leaving Country.

THE HAGUE. — During the last two weeks the German customs authorities at Oldenzaal on the Dutch frontier, have seized precious stones to the value of 7,000,000 marks, bank notes totalling 600,000 marks and 400 pounds in English money which passengers endeavored to smuggle out of Germany.

Detectives resort to all sorts of schemes, mingling and talking with the passengers on the trains in order to seize the valuables at the frontier. The control is becoming stricter.

NUT-KRUST PRODUCTS THE TALK OF THE TOWN!

Have You Experienced Their Supreme Deliciousness?

THE genuine delightfulness of Nut-Krust Products has won an instant welcome from the many who have tried them.

The Nut-Krust ideal—to give the public the *best* bakery products ever sold over a retail counter—has already made the Nut-Krust Bakery a success in Brantford.

Is it any wonder—when the best of butter, milk, eggs, flour, raisins, and nuts, and the purest lard—take the place of the host of "substitutes" found in bakers' cooking today.

Our bakers are taught that "the best" in anything can be excelled. That with the aid of everything that is modern in baking equipment and the finest ingredients at their command, they can achieve a quality of baking products equalled only by skilled cooks in the most exclusive private kitchens.

Nut-Krust Bakeries are the last word in modern, sanitary equipment. Tiled floors, white walls and ceilings, white-uniformed bakers—all-electrical equipment which does away with soot and gases. Everything is cooked right before you in the room in which it is sold.

Visit the Nut-Krust Bakery. You will find a variety of Nut-Krust Specialties in bread, rolls, cakes and other dainties which will surprise and delight you. Products with the real "home-made" flavor, wholesomeness and "keeping" qualities, which only the use of the finest materials combined by Nut-Krust bakers can give. And if you would experience a new sensation of supreme deliciousness in bakery products, take home a Nut-Krust specialty and serve it for dinner or supper.

ANOTHER GHOST WALKS

(By H. F. GADSBY)

Another ghost that will not down is patronage. Sir Sam Hughes has a motion on the order paper about it. He would like to go back to the old state of things, as would most of the other party stalwarts, because he considers it fairer to everybody.

Just as the doctrine that campaign funds are purer when the individual contributions are smaller is attacked so is the other doctrine of the reformers impugned—namely that patronage has been cut out simply because it is centralized in a Civil Service Commission at Ottawa and is subject to all the pulls that Ottawa is heir to.

The last ditch spoils-of-office boys contend that the Civil Service Commission is simply a system of pull, tempered by written examinations and that in the long run patronage is more of a curse than ever, because it is not diffused like the gentle dew, as was formerly the case, but is the exclusive fountain of the Cabinet Ministers at Ottawa. They contend that it works out in practise very much like the old system but with this difference—that the Cabinet Minister has the first claim on the office-holders gratitude and the member of Parliament for the district the second. Naturally this puts the member's nose out of joint because he would fain be Lord Bountiful to those who have helped to put him where he is.

What happens when somebody down in Frontenac county, let us say, applies for a job, previously advertised in the local newspapers, and his application is favorably viewed by the Civil Service Commission. The job, we will suppose, comes under one of the numerous departments mothered by Mr. Rowell. What happens is this. The name being passed on by the Commission to Mr. Rowell that industrious gentleman writes to Dr. Edwards, M.P., asking him all about the candidate whom of course Dr. Edwards knows as well as he knows his own shoes. Dr. Edwards writes back in glowing terms and on his recommendation the applicant finally lands the job. In due course the applicant receives word from the Civil Service Commission that he has been appointed. This is followed up by a nice little note from Mr. Rowell who wishes the new man success and leaves it to be implied that thanks are due to Union Government and Mr. Rowell from whom all blessings flow. Dr. Edwards, of course, is not mentioned because it might confuse the new man to indicate more than two objects for his undying gratitude.

PATRONAGE BY WHOLESALE.

That is patronage by retail so to speak. Patronage by wholesale is even more debatable. The Central Purchasing Committee is a case in point. Last session Mr. Rowell fathered this project which was thrown out by a thumping majority. The enemies of the new system of patronage got together and killed a scheme to clothe three men with power to buy supplies amounting to fifty million dollars a year. The most casual observor will realize what a tremendous lever that committe of three, judiciously selected by the Government in power, can be to keep the Government in power. Three men are much more easily controlled than say twenty men who now do the purchasing for the various departments and who do it very well indeed. Parliament, even that part of Parliament, which is addicted to new ideas, saw the danger and promptly scotched the bold attempt.

Last year's proposal was bad enough but when the same thing came before the House this session, with the additional provision that the chairman of the Committee of Three should be a Cabinet Minister, Parliament gave a loud snort of disgust, and said "This is to much!" The resolution had Sir George Foster's name attached but that did not make it smell any sweeter because it was generally believed that Mr. Rowell was the Cabinet Minister who aimed to be Lord High Almoner as Chairman of the Committee. Like most good men Mr. Rowell never forgets to be good to himself.

Caucuses were held and the caucuses were all against this effort by Mr. Rowell to make himself the Universal Giver, the Fairy Godfather and the greatest man in the Government. Sir George did his best with the motion, was sweetly reasonable at first; then, finding the House obdurate, was stern not to say threatening; then, Parliament being stiff-necked still, was tolerant and gentle and tenderly smiling, a method which he has employed with great success of late. But it was all of no avail—smiles, tears, threats, entreaties failed to move the House from its invincible determination to curb the patronage evil while the curbing was good. They refused, in short, to trust even Mr. Rowell with the job from which all blessings flow. So the motion was quietly withdrawn—withdrawn for keeps one supposes, as Mr. Rowell will probably be provided for elsewhere before another year rolls round.

THE JOB AT WASHINGTON.

Mr. Rowell says "No" but his name is persistently mentioned as the first Canadian envoy to Washington. It is our custom to provide defunct or moribund politicians with good jobs, to ease them out of public life at our own expense. It comes high but it gets rid of our heartbreaks. For instance there was Sir William Hearst, who was such a conspicuous failure, that he now enjoys a workless job at seven thousand a year for the remainder fo his natural life. And now, there is—but why be invidious?

As I was going to say Canada is to have an envoy at Washington—quite an enjoyable position so to speak, at fifteen thousand dollars a year—and a rumor, in spite of his blushes, connects Newton Wesley Rowell with this job. Rumor also connects Sir Robert Borden with the same job. It is said that whoever has the ear of the Governor-General will get it. It is well known that the Governor-General has the usual supply of ears—two, count 'em, two—and that Sir Robert has one of them. But who bites the other time alone will tell. It seems a p[illegible] then the voice of the people might find a repository and somebody would be sent to Washington who would get business for Canada.

Be that as it may Mr. Rowell is first in the betting. The appropriation of eighty thousand dollars will not go far at Washington prices but it will at least provide a small staff, an office and perhaps a house for the envoy to live in. If Mr. Rowell finds the fifteen thousand salary exiguous no doubt his brother uplifter William Jennings Bryan will fix him up with a Chautauqua lecture circuit that will help out. Mr. Rowell ought to make a great hit at Washington. He can talk the birds out of the trees and there are lots of birds down there.

Canada, we are informed, was a nation some years ago, but Mr. Rowell deserves the Washington job for re-discovering the stupendous fact. People here don't know just what an envoy is but it is said to be something classy—not quite an ambassador but a good deal more than a bell-hop, with a uniform to match. Mr. Rowell has the figure for it—his legs, though slim are real pillars of state. As a nation, we are to be allowed to make our own treaties and such—just as we have been doing for a long time—but Mr. Rowell, or whoever is our envoy, will sign them first.

The practise has been to send them to Downing street for signature, have them come back by return mail and then do our own signing on the dotted line. This practise is now to be reversed—and our envoy at Washington is to do the reversing.

SASSAFRAS.

A certain Kentucky politician says that when he was a boy in Owen County, on the edge of the Blue Grass District, the local oracle made a habit of sitting in a certain chair against a certain store front on the main street of the county seat town at certain hours of the day, the weather being fair, to answer questions. To him one day came a young farmer, who wanted to know how to rid himself of sassafras sprouts in his fields.

"Well, son," sai dthe wiseacre, "off and on I've given the subject of sassafrack sprouts considerable study durin' the past forty-five years. And here sometime ago I come to the opinion that the only way to git shet of sassafrack sprouts, when they start in to take a place, is to pack up and move off and jest natchelly leave 'em."

WHY Does Your Head Ache?

Headaches, sick or other kinds, don't happen to people whose livers are busy and whose bowels are as regular as a clock.

Thousands of folks who used to have headaches say this is the way they removed the cause:

One pill at bedtime, regularly. Largerdose if there's a suspicion of biliousness or constipation.

$4 Saved Two Fingers

The fingers were those of Mr. J. W. Bernard, of 530 Craig St. E., Montreal. He says, —"A falling beam badly smashed my hand. Two fingers were so severely crushed that the doctors said they would have to be amputated. Naturally I didn't want this, so decided to try Zam-Buk first. I applied Zam-Buk daily, and by the time I had used $4 worth, the injury was completely healed. My fingers were saved!"

Just another illustration of the healing power of Zam-Buk. Accidents will happen. It may be your turn next. Better get a box and keep it handy. Accidents are less frequent than skin diseases, and remember this—

Zam-Buk is just as good for eczema, ulcers, skin diseases, and piles, as for cuts, burns, bruises.

All druggists and stores 50c. box, or 3 for $1.25. Refuse substitutes.

ZAM-BUK

SHELL EXPLODED

When two boys, Frank Jones, aged sixteen, and another named Preston, Smith's Falls, tried to force a 32 Calibre shell into a former German army revolver by hitting it on the ground, the shell exploded, the contents penetrating the cheek of Jones just below the eye. He was removed to the hospital, where he is receiving treatment and where a physician probed for the bullet from the back of the head without result.

"Peterborough Presents Possibilities Unsurpassed."

FRIDAY, MAY 7TH, 1920.

A DEPLORABLE INCIDENT.

It is unfortunate indeed that the work of the Parliamentary Committee on Pensions has been set back and interfered with by the injudicious language of Brigadier General McLean. The committee had been making excellent progress in the consideration of the deficiencies of the present pension system and the outbreak of General McLean which has led to telegrams of protest from many branches of the G.W.V.A. has resulted in the resignation from the special committee of Colonel Peck, V.C., M. P., and Colonel Cooper, M.P., is to be regretted, not only because of its reflections upon the widows of the men who died for Canada but because it will hinder the work of the committee and largely destroy the confidence of the returned soldiers in its operations. Col. Peck in his letter of resignation declares in regard to General McLean's statement that there has been "a deplorable attempt on two successive days to camouflage the incident." General McLean should never have made the remarks that have caused the trouble, but having made them, and having had his attention called to the fact that they had caused offence should have immediately apologized to those who had been hurt by his words. Had he done so, much of the present trouble would have been averted. As it is, General McLean should resign from the committee. The veterans will not put any confidence in the inquiry if he is allowed to remain as a member.

THE RECALL SYSTEM.

The reception given the system in the House of Commons is reassuring. The principle, which is incorporated as a plank in the platform of the Farmers' party, has been borrowed from our neighbors in the republic south of us, but there is no indication that any such system is wanted by the people of Canada. As it is supposed to work out in the case of the Farmers' party, the candidate places his resignation in the hands of a committee representing the farmers in his constituency, to be used against him in the event of his actions displeasing the members of his committee. It is easy to see that under such a system the hands of a member of Parliament would be tied from the start. Instead of representing all the people of his riding, he would be merely the agent of a group of electors. The principle is wrong and it is not surprising that the system received many hard knocks when it was under discussion in the House.

At the same time, while they may not be in favour of the recall system for general use, there are undoubtedly thousands of Canadians who would like to see a method of recall in vogue just now that could be operated against the Union government. They will agree with Dr. Michael Clarke that whatever may be thought of the recall system, "the real attempt to curb the power of the people is on the part of those who want to say that, when you are elected by any hap'ath chance or single issue, you can stay there until the full term is served no matter what the change of mind of the country." That is precisely the position of the Union government; they are clinging to office, ignoring the fact that the people of Canada are dissatisfied and disgruntled.

THE COUNCIL'S APPOINTMENTS.

While there may be some grounds for criticism of the special legislation that allows the City Council of Peterborough to make its own appointments in regard to vacancies that may occur in the aldermanic circle, yet it is to be supposed that there will be little fault found with the action of the Council in choosing Mr. Nagle Phelan as alderman to complete the term of his father, the late Alderman Harry Phelan. The appointment will be approved as a tribute to the memory of Ald. Phelan, and as a recognition of the services he had rendered the city, but beyond that the choosing of his son adds to the Council a young man who has always taken a deep interest in everything that pertains to Peterborough, and who is equipped by reason of his business training, to be of service to his fellow citizens. With the record of his father to inspire him, Ald. Nagle Phelan should prove a source of strength to the Council.

The other appointments made by the Council last night are also likely to meet with popular approval. Ex-Mayor Geo. H. Duncan becomes a member of the Utilities Commission, succeeding the late W. H. Moore. There is no doubt of Mr. Duncan's zeal and illingness to do everything that he can to serve the interests of Peterborough. His records as alderman and chief magistrate has demonstrated that he has the necessary qualities to make him a valuable member of the Commission, and he will round out a career of much useful service on behalf of his fellow citizens by, it is safe to prophesy, a faithful participation in the activities of the Utilites Commission.

Mr. G. Walter Green, who was appointed to succeed Mr. Moore as a member of the City Trust Commission, will bring to that body the benefit of his successful experience in business and a knowledge of civic affairs gained by his service as a member of the City Council. His sound counsel and common sense should be valuable contributions to the deliberations of the Commissioners.

THE LOCAL STRIKES.

The hope that Peterborough would escape the industrial disturbances attendant upon May Day in many cities has unhappily not proved a reality, and in two of the city's industries a strike of large proportions has occurred. It is a matter of deep regret that such a condition of affairs has materialized, for the effects, if the strikes prove to be of long duration, will be felt not only by the firms affected and by the employees who have left their work, but by citizens generally, for hundreds of men cannot be drawn from productive employment and suffer a loss of wages without the whole community suffering from the upsetting of normal conditions.

A strike at any time is a regrettable affair, but coming in a period of under-production, when the world is suffering from a shortage of almost every article needed in ordinary life, a strike is a calamity. Both of Peterborough's walkouts were inspired in an effort to secure higher wages, the increase in the cost of living being the reason given for the step taken. Only last week Tom Moore, President of the Dominion Trades Congress, declared that strikes for higher wages were a farce. The few cents increase they might succeed in gaining were eaten up by the constantly increasing cost of the things they needed, and so the head of the Trades Congress prophesied that the strikes of the future would have to be directed against the cost of living. There is undoubtedly a great measure of truth in what he says. More production and not higher wages is the solution of the problem. Raising wages means an increase in the cost of living, causing a fresh demand for more wages, and so the chase around the circle continues, while every strike reduces production and gives an upward impetus to the cost of necessities.

Where is it all to end? There must be a break some time in this ever upward battle between prices and wages. Some economists declare that the inflation is due to stop in the near future and picture a reaction that will be much more painful than the climb of the past few years has been. The curtailing of bank credits is a sign that is not to be ignored—it is an indication that a period of depression is not far away. And the menace of the situation is that in Canada no preparation is being made to meet the bad times that may be just around the corner. Instead of speeding up production there has been a constant series of industrial disturbances. Millions of working days have been lost through strikes. Instead of practising economy, individuals, municipalities and Provincial and Federal governments have gone to the other extreme. We are far from ready for a crisis that may be much sharper and much nearer than we dream of at the present time.

The City Council last night appointed a special committee to act as intermediaries between the heads of firms and their employees where there are difficulties to be adjusted. What can be accomplished by this means remains to be seen. Every citizen, however, will wish the committee success in their efforts. They will have done a great thing for Peterborough if they can bring about a re-adjustment of conditions so that production shall not be interfered with.

ABOUT SUGAR.

With the price of sugar five or six times what it used to be in the good old days before the war, irritated consumers are naturally disposed to blame those dealers in sugar which are nearest at hand—the retail and wholesale grocers. In this matter, however, the grocers can with confidence plead not guilty. They are not profiteering in sugar. Nor can the blame for the abnormal prices fairly be charged against the refiners. The causes are still further in the background.

Sugar prices in Canada are affected by, if not wholly dependent upon conditions in the American market. Prices tend to reach a level in both countries. It is not because there is a sugar shortage in the States that the price has risen so rapidly. There is no scarcity there. "More sugar is coming into this country in the current fiscal year," says the Christian Science Monitor, "than has ever been brought here before in the same length of time. The experts figure that the year's total, culminating in June, will be nine billions of pounds as against seven and three-quarters billions in 1919, the record year heretofore. This year's sugar is costing about $700,000,000, however, as against only $433,000,000 for the sugar of 1919. And this high cost in the face of constantly increasing amounts, is due very largely to the fact that sugar that could be bought in sugar-producing countries in the year before the war at 2 cents per pound, is now costing practically five times as much in those countries."

It is a great harvest time for the sugar planters in Cuba. They are rolling in wealth because of the abnormal prices they are receiving for their product. There is no sound reason why they should be receiving so much more than a normal price. The explanation is that American speculators have been rushing to Cuba and bidding against each other for the sugar crop, with the inevitable result that the price has soared.

Another factor in the high price is pointed out by the Christian Science Monitor in a judicious article. "There are too many middle factors," it says, "too many handlers inserting themselves needlessly into the business of providing sugar for those who really need to use it; too many people passing sugar from one warehouse to another, not because such rehandling is part of the necessary work of supply but because that particular handling of it constitutes an excuse to make an added charge."

The Boston paper is inclined to the opinion that the central government would be justified in taking control of the situation as in war time, and fixing the selling price of sugar. The secretary of the National Wholesale Grocers' Association of the United States, in a circular issued to the trade says: "It looks to us as though the wholesalers' chief hope lies in having the authorities at Washington exercise the power granted them under the Lever Act against speculators."

In the Herald's opinion this sugar situation, as well as the high prices of other necessary commodities, suggests the wisdom of the policy of government trading in the chief food staples. Take sugar as an example. Government agents might buy in advance at a fixed price, a sufficient quantity of raw sugar to meet the needs of the Canadian people; deliver the same to the refiners, and regulate the selling prices of the refined sugar until it reaches the ultimate consumer. Such a policy has worked well in war time; why not in time of peace? For the people of a whole continent to submit tamely to be robbed in the open by a horde of speculators is a reduction of the laissez faire principle to an absurdity. —Hamilton Herald.

When Buying a Watch Think First of Quality

THE FIRST COST of an inferior Watch is a long way from being its last cost. Watchmakers nowadays receive high wages. Their bills are apt to be large for time spent in trying to repair low grade watches. It is far better to buy a Guaranteed Watch from us, and save repair bills.

SANDRA THE JEALOUS

By JANE PHELPS

"DOES IT PLEASE YOU, SANDRA, THEN I AM SAFISFIED."

CHAPTER CXVI

I could scarcely restrain my impatience. But I knew teasing would do no good, so tried to chat of my visit while simply burning up with curiosity.

Mrs. Gray and the servents seemed glad to see us, and after I had greeted them, Everett said:

"I will take Mrs. Graham to her room, Mrs. Gray," so I, wondering at the unusual attention, followed my husband upstairs.

"Oh, Everett, how lovely!" While I had been away he had done my room all over, and had had a door made between it and another room which, he explained, was for Junior.

"When he gets a little older we will want him near us, so as I had the workmen here I thought I might as well have it done now. Then he took my arm and escorted me downstairs. In the drawing room, which also has been redecorated, was a perfectly lovely new baby grand piano, and some other articles of furniture.

"Wait," he said as I was about to try the piano. "I have something else to show you."

"What, more?" I exclaimed linking my arm in his. "A fairy has been at work."

He led me into the library without replying. The room had been entirely renovated. New bookcases, which he had long said he needed, lined the sides of the room, while above them were a few good etchings, nothing else. All the pictures had been replaced by the etchings. For a moment I looked around scarcely realizing what made the room so strange. Then it dawned upon me: Leola's picture was gone!

Tears rushed to my eyes as I saw. Then I turned to Everett. "Thank you dear—it is all lovely."

I think he understood, for he bent and kissed me and said:

"If it makes you happy, I am content."

Then we went into dinner. Everett was very gay, for him, but I could scarcely follow his sallies, so intent was my mind upon what he had done. All the rest was as nothing to the banishment of that hated picture. How thankful I was I had not asked him again to remove it after baby came—as I had been tempted to. He had done it now of his own free will, and because he thought it would make me happier.

I never had loved my husband as I did at that thought. For I was sure he still loved Leola, better than he ever had loved me. Yet he had put away her picture so that I might be happy.

After dinner I tried the piano while he smoked. It had a lovely tone and when he expressed the hope that I would now practice more, I readily promised to do so.

It seemed there was no end to my surprises. After a bit he said:

"Sandra, I think we should do something with those clothes of Leola's in the attic." He spoke her name naturally; something he never had done before. "It seems a shame to have them up there when they might do someone good."

"What would you like done with them?" I asked, scarcely believing I had heard aright.

"Of course you couldn't wear them, and just as of course they aren't suitable for the servants. Haven't you some young friends who could take them, make them over and so get some good from them Or would you rather give them to some charitable organization and let them sell them?"

"No, that would be too cruel, to sell those lovely things. But I know two girls out home, the Norcross twins, they used to have money and still go in the very best society, and are lovely girls. But they are poor as church mice. They both sew beautifully so if you don't mind, I will send the things to them."

"Do so. Here are the keys. Look everything over carefully to see if there are any papers or letters among them. If there are, destroy them," then he changed the subject.

As I laid the keys away until morning, I wondered what could have happened while I was away to make Everett do all he had done. But it wasn't the new piano, nor my lovely room I had in my thoughts; it was the disappearance of Leola's picture and his request that I dispose of her clothes.

To-morrow—Everett Explains His Action.

SHORT OF BREATH

Could Hardly Walk Without Resting

When you go to a physician to be examined for any heart trouble one of the first questions he asks is: "Are you short of breath?"

Now, when the heart becomes affected there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness and a weak, sinking, all-gone feeling of oppression and anxiety.

On the first sign of the heart becoming weakened or the nerves unstrung Milburn's Heart and Nerve Pills are just the remedy you require. They regulate and stimulate the heart and strengthen and restore the whole nerve system.

Mr. Stephen Crouse, East Clifford, N.S., writes:—"I suffered for five years with heart trouble. I could hardly walk from the house to the barn without resting as I used to get so short of breath. Doctors could not help me. My wife told me to get a box of Milburn's Heart and Nerve Pills and I felt better after taking them; three boxes made me quite well. I am now helping my son to work the farm, and can truthfully say I feel like a different man."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

27 COLLEENS REACH GUELPH.

GUELPH, May 7.—There arrived in this city direct from Ireland 27 winsome Irish lassies. They came here under contract to the Dominion Linen Mills, under the supervision of immigration officers. They are all skilled workers.

WOULD DISQUALIFY MEMBERS WHO SIGN RECALL AGREEMENT

SPIRITED DEBATE IN COMMONS ON MOTION OF T. M. TWEEDIE—LOST ON DIVISION.

OTTAWA, May 6.—The principle of the recall, involving the proposition as to whether a member of parliament should be the delegate of a class or the representative of the people, precipitated what, by long odds was the stormiest debate of the session. Mr. Thomas Tweedie of Calgary, who some weeks ago sharply attacked the position of Mr. O. R. Gould, when that gentleman admitted he had signed an agreement with his constituents whereby they may demand his resignation in the event of his voting counter to their will, brought forward the matter again today in the form of an amendment to the francise act providing for disqualifiaction of any candidate for the commons bound by any such agreement. He supported his proposal with vigor and skill, but the house, although it agreed that the principle of the recall was an evil one, declined to accept the amendment on the grounds (in the words of Sir John Macdonald) the people, if they wanted to, had an undeniable right to be wrong.

Attacks Dr. Clark.

Such was the position taken by the opposition leader, Mr. King, and by Mr. Fielding, and after Mr. Guthrie, the minister in charge of the bill, declared himself in favour of the amendment's principle, but intimated that the withdrawal was desirable. Mr. Tweedie readily concurred, contenting himself with an attack upon Dr. Michael Clark that was little short of a phillipic and frequently drew upon him the interference of the chair.

Opposition members, with transparent desire to make trouble, objected to the amendment being withdrawn and the somewhat absurd spectacle followed of the Unionists shouting down a proposal which earlier in the day they had just as vigorously cheered.

Most of the controversial storm centred around the position of the agrarian member, Mr. O. R. Gould, Dr. Edwards, of Frontenac, with a perfect talent for verbal wormwood and gall, said he did not know whether to refer to him as the "honorable member" or the "honorable delegate" from Assiniboia; and others said things equally hostile if less well said. Nor did Mr. Gould fail to fight back. Unfinchingly proclaiming his belief in the recall, he observed with telling sarcasm that he had no doubt the principle would be a "very dangerous one for some of the honorable gentlemen on the other side of the house."

Colleagues at Variance.

Although Mr. [illegible]'s colleagues on the ...ers bench ...iously avoided ... direct ... of the recall principle, they were vigorous in their denunciation of Mr. Tweedie's amendment. Dr. Clark twitted its author with having been at one time not quite so hostile to the recall; said that the mover and seconder were at variance with each other, and referred to "honorable gentlemen shouting of the will of the people, who having obtained their seats in this house by a fluke, are prepared to cling to them regardless of change of opinion in the country."

Mr. Reid of Mackenzie, another agrarian, was equally vehement in opposition to Mr. Tweedie. Interrupted by Mr. Hocken, he told the editor of The Orange Sentinel that it did not lie in his mouth to lecture people for representing a class in parliament, "beacuse he himself represents not only a class, but an order." This brought Mr. Hocken to his feet with an angry protest and for some moments the chairman had difficulty in restoring order.

King Makes Best Speech.

The best speech of the debate was contributed by Mr. King. The opposition leader was upon a subject with which he was easily familiar and made a fine impression upon both sides of the house. While holding that the principle of the recall was a dangerous one, he maintained, however, that the people must have the right to elect to parliament whomsoever they desired and upon any conditions they saw fit. This view was strongly supported by Mr. Fielding, and appeared to have the support of the house.

CHEMIN DES DAMES.

(From a word etching by an English journalist.)

It is more silent than the silent desert,
It is more tragic than life's shattered dreams,
Flaunting its stricken trees with wild bare branches,
Pale ghosts of ruined choirs, haunting as Rheims.

Yet from this weary waste are poppies glowing
Red as the blood that drenched the blighted town,
Red as the hearts that bled for France and freedom,
Emblem of martyre, desolation's crown.

'Twas the king's highway, by his ladies traversed,
Where on proud steed, they rode with stately calm;
Now, like their crumbled bones in regal casket,
Lies the wrecked glory of Chemin des dames!

—Rosamond Heyt.

BEWILDERMENT.

When we might build out of our grievous woe
A better world for them who follow us to know;
When we might reach, if we were so agreed,
A helping hand to many in their utmost need;
When we might work, and working find again
The dream that carried us through stress and pain;
When we might see with vision far ahead
Brotherhood reborn as earth is warmed and fed;
When we might pluck in shining, peaceful hours
Small daily pleasures, springing up like flowers;
When life might mean, if we faced it together,
A sporting chance for heaven in just a bit of weather—
Why do we falter so or even stop to hear
Those urging idleness and preaching hate and fear?

—Mabel Martin.

LINES TO A SHEEP.

O sheep, whose days are so demurely spent,
I wonder if it's past your comprehending
That you and I between us represent
The starting of a process and its ending?
On you the wool, on me the cloth and hose—
Thus swings the cycle from its start to close.

But not direct, old thing—O not direct
'Twixt shearing you and my "spring suiting" choices
There intervenes a host of the elect
Who jazz around in Daimlers and Rolls-Royces;
Well-nourished coves, with apoplectic necks,
Who drink champagne and sign colossal cheques.

A-down the path from you to me they stand
(Who tries to dodge them only comes a cropper),
And each with outstretched and expectant hand
Collects the tribute that he thinks is proper.
Your wool would stand on end if you could see
The final price at which it's charged to me.
Therefore I call you "comrade" from my heart,
Although we two adora a different genus;
If you and I are plainly in the cart,
At least we share the vehicle between us.
We have one point in common, Brother Beast—
We both exist in order to be fleeced.

—Lucio, in the Manchester Guardian.

IT MUST BE A BIRD.

Members of the Baptist church choir have formed an ostrich, consisting of first and second violins, saxophone and piano.

—Jordan, Mont., Gazette.

ENOUGH TO GO ON WITH.

As a gentleman walked along a quite country road he noticed smoke and flames issuing from the upper windows of a secluded house.

Running up, he pounded on the door lustily, till an old woman opened it.

"Madam, your house is on fire!" he exclaimed, in great excitement.

"Eh!"

"I say your house is on fire!" He raised his voice several degrees.

She put her hand to her ear and leaned towards him.

"What?" she demanded.

"Your house is burning!" he roared.

"Oh! Is that all?"

"That's all I can think of just now, madam," he gasped.

—Answers.

BEWARE OF DECEPTION

Statistics show that when egg albumen is used as a constituent of baking powder, the amount so used is too small (usually 15/100 of 1%) to affect the quality or effectiveness of the baking powder containing it, and when so used, is plainly for the purpose of fraud. Intelligent buyers will not permit themselves to be deceived by the water glass test.

MAGIC BAKING POWDER

contains no alum or egg albumen and is guaranteed to be composed of the ingredients printed on the label—and none other.

Made in Canada By Canadians For Canadians

Popular with the Family

"My dear fellow, I wouldn't go homeon Saturday without a box of Maple Buds, any more than I would come down town without my hat. A week-end with four youngsters and no Maple Buds? No, my dear chap! Arm yourself with a box of Maple Buds for the family, and you are the most popular person in the house.

"Good? Didn't you ever taste them? Then take my advice and get a box to-day. The youngsters *must* have something sweet, but I don't believe in letting mine eat any old rubbish. I get Cowan's Maple Buds regularly. They're pure and wholesome, and the children love them. So does their Mother."

COWAN'S

Take Cowan's Maple Buds. They are the only genuine Maple Buds. You'll find the name on the bottom of each tin.

O. 57

BUILDING A FAMILY

A poorly nourished family is a liability; a well nourished family is an asset—a self-sustaining, self-reliant defense against hunger and want. Shredded Wheat is the perfect food for children and grown-ups. Contains all the body-building elements in the whole wheat prepared in a digestible form. Two of these crisp little loaves of baked whole wheat with hot milk or cream for breakfast will make you fit for the day's work. Delicious with fruits.

ANDREW WILSON & CO.

How Suits beat Bonds

Victory Bonds and Semi-ready suits are alike in the fact that they are always worth the par value marked in plain figures on them.

But Semi-ready suits have the edge on Victory Bonds inasmuch as the suits would sell for a premium above the price label in the pocket if offered in the United States.

Pure wool clothes cost less in this city than the same quality would sell for in any city in the Union.

The par value of a Semi-ready garment is based on the cost of cloth and materials—and the price in the pocket represents the smallest and fairest profit at which good clothes can be sold.

THORNTON BROS., 337 Ce...

HASTINGS NEWS OF INTEREST

HASTINGS, May 5.—The public auction sale at the residence of Mr. Wallie Hill on Saturday afternoon was fairly well attended. Mr. Alex. Wilson was auctioneer, and did his work well.

WAR CEMETERIES.

Salvation Army Institutes a Scheme of Service Invaluable to Many Relatives of Fallen Heroes.

In view of the early opening of War Cemeteries in France and Belgium, relatives, anxious to visit the resting places of their men-folk who made the great sacrifice, will not with interest that The General has instituted a branch of service embracing an Inquiry Bureau, Hostels at the ports of Ostend, Calais, and Boulogne, and Hostels at what might well be termed the cemetery-gates of Ypres, Amiens, and Arras.

Already many requests for aid in this directoin have reached International Headquarters, and these are receiving the personal attention of Mrs. Commissioner Higgins, who will be closely associated with the matter.

This new departure means that people desirous of journeying to France and Belgium for the purpose outlined above can do so under The Army's care at the minimum cost of transit and food expenses; Salvation service, as ever, is gratis.

Travelling by rail and boat is arranged by The Army's Shipping Department; Salvationists attend to the travellers at the ports of arrival, conducting them to the Hostels established for their benefit, and later directing, and in needy cases accompanying them to the sacred places of rest.

Further particulars concerning this valuable scheme or service may be had on application to International Headquarters, 101 Queen Victoria Street, London, England. Communications should be addressed to Mrs. Commissioner Higgins.

JOYFUL EATING
Unless your food is digested without the aftermath of painful acidity, the joy in eating is taken out of both eating and living.
KI-MOIDS
are wonderful in their help to the stomach troubled with over-acidity. Pleasant to take—relief prompt and definite.

AN IDYL OF MAY.

As I was passing down Hapiness Valley,
I met a rare maiden called May;
Lo, where she moved, what a riot of living,
And tumult of joy, filled the day!
Her dress was of green and dandelion yellow,
Her face was with gladness aglow,
Her face set the vale where I wandered a-ringing,
With blithest of greetings—"Heigh-O!"

Pan was astir, for I heard his clear piping,
Joyously pulse through dingle and dell;
May heard it, too, tripping light to the measure,
Possessed by the magical spell.
Daffodils nodded to elves' fairy footsteps,
Where nymphs had trodden, violets grew,
Pastures were vocal with flocks' happy bleating,
Arcadia no fairer land knew!

Appel-blooms quivered with bees' busy humming,
At glance of her wakening eye;
And, hark! 'twas the flicker's fine lilt of laughter.
Speaking his full heart out to the sky;
I caught the oriole's wonderful warble.
With his flash of flame in the green.
And Love was abroad with her joy to hallow
The paradisaical scene.

Out of it all, Peace sang like an anthem.
From each lifted voice and flower.
And each little leaf that leaned to the breezes—
"Good is the Giver, rich is His dower.'
Till my heart bowed low in Happiness Valley—
Held by the rush of the rapturous song.
Hushed into awe by the face of the Highest,
In the midst of a holy throne.

—M. B. Ripley.

TO TAKE CENSUS OF ALL HIDES

U.S. Congress Intends to See That Shoes Come Down.

WASHINGTON, May 7.—Relief from the present high prices of shoes is expected to result from the passage of a bill favorably reported to the House by the Census Committee.

The bill authorizes the director of the census to take a census every month of the number of hides in the country, and makes it mandatory upon all hide owners to give full information to the census takers.

"The committee is of the opinion," said Chairman Siegel, "that there was no necessity for the increases in the prices of hides, and the present high prices of shoes are entirely unnecessary, uncalled for and unprecedented. The alleged shortage of leather is a pure subterfuge put forward as a justification for increasing prices."

A fly walks—in proportion to its size—thirteen times as fast as a man can run.

For Colds, Catarrh or Influenza

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape. Build strong!

An old, reliable blood-maker and herbal tonic made from wild roots and barks, is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alterative and tonic is wild cherry bark with stillingia, which is so good for the lungs and for coughs; also Oregon grape root, blood root, stone root, Queen's root,—all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbal extracts in the "Discovery" aid in blood-making and are best for scrofula. By imp roving the blood they fortify the body against an attack of grip or colds.

Catarrh should be treated, first, as a blood disease, with this alterative. Then, in addition, the nose should be washed daily with Dr. Sage's Catarrh Remedy.

Send 10c for trial pkg. of Medical Discovery Tablets or Catarrh Tablets to Dr. Pierce's Laboratory, Bridgeburg, Ont.

POTSDAM A HOTBED OF MONARCHISM

EX-CROWN PRINCESS'S PALACE IS HEADQUARTERS OF PRINCES AND KAPP GENERALS.

BERLIN.—"Potsdam is still the great stronghold of Hohenzollerndom and reaction," said Anton Stah, an Independent Socialist leader and member of the Municipal Council of that city, discussing with The New York Times correspondent a certain incident regarded by all republicans as an uncalled-for reactionary provocation.

"Like all other German City Councils that of Potsdam was to decide a few days ago whether May Day should be regarded as a holiday. The National Assembly, the Prussian Diet and other State legislatures had denied their sanction against the united vote of both Socialist parties.

In Potsdam the reactionary majority of the Council simply absented themselves when the motion came before the house, and consequently there was no quorum. The Socialist minority, however, resented this action very noisily. Finally the door opened and Burgomaster Vossberg appeared in evening dress, with his breast covered with decorations. His unwonted splendor silenced the Socialists for a moment and gave him the chance to declare the meeting adjourned; whereupon he wisely, if hastily departed.

In any other German City Council such an incident would have passed over as tactless, and perhaps even more ridiculous, the wearing of orders and decorations, except war medals, having become unpopular since the revolution; but in Potsdam it was regarded as a provocation, and all the Berlin newspapers except the reactionary organs regarded it as such.

"The spirit of Potsdam is the same as under Wilhelm II.," continued the Alderman. "There were only eighteen Socialists as against thirty-four Conservatives, there being no other parties represented in the City Council. Vossberg is an enemy of the republic and makes no secret that he was elected with Wilhelm II.'s approval, and he behaves as though Wilhelm were still his master. He would not have dared to offer us an affront if he did not have the backing of the whole reactionary bureaucracy, nobility and military, which still dominates this town. Crown Princess Cecile's palace forms the headquarters for all the anti-republican members. Kapp's Generals meet with the Hohenzollern Princes, August Wilhelm and Oscar and Joachim. Only Prince Eitel Fritz observes a neutral attitude. These anti-republican Generals and bureaucrats feel so secure that they defy and laugh at the Berlin Government, which is powerless even to protect those who have sacrificed themselves for the revolution.

"For instance, among many others, Lieutenant Alberti was dismissed by his reactionary superiors for refusing to recognize the Kapp Government. Dr. Gessler, the Minister of Defense, has since ordered his restoration, but so far the Potsdam military authorities have ignored the Minister's orders.

There are rumors that General von Luttwitz and Major Bisschoff are in hiding in Potsdam, and Alderman Stah said he should not be surprised if they were. Ex-Crown Princess Cecile recently sent out letters of thanks to all persons who had contributed to funds for buying chocolate Easter eggs for her six children, the letters being signed "Cecile, Crown Princess."

Despite the Parliamentary veto, May 1 was universally celebrated as a labor holiday. Most Government officials thought it unwise not to sanction what was impossible to prevent. There was much speechmaking, denouncing of the monarchy and cheering of the republic, much music, marching and singing, and no work whatever, except for waiters and cooks in public places. Not a single workshop or factory opened. Even servant girls refused to work in the afternoon.

Warsaw Correspondence

WARSAW, May 5.—Little Willie Myles, who was injured a week ago Friday is progressing favorably.

Mrs. Patrick Fitzpatrick whose shoulder was injured some weeks ago, is not regaining her strength as rapidly as would be desired.

Mr. Verne Ellis left for the West last Friday morning.

Mr. Allan Taylor was home for a few days last week prior to leaving for Vancouver on Friday morning.

Mr. Verne Selkirk spent Sunday with his parents, Mr. and Mrs Jas. Selkirk.

Mrs. Thos Cullen and her son, Mr. Percy Cullen spent a couple of days with relatives near Warsaw.

Mr. and Mrs. Charles Ellis were in Peterboro Saturday, also Mr. and Mrs. John Cooper and Mr. and Mrs. Bert Cooper.

Several Warsaw residents enjoyed a view of the eclipse last evening.

The wet, cold, and wind last week did much damage to meadows and fall grains. Some farmers already are tearing up fall wheat fields and much clover appears to be killed. It is disappointing, as they all came out well in the early spring and withstood weather conditions well until last week.

In the Churches.

There was no service in either Anglican or Baptist Churches yesterday.

There were the regular services in the Methodist Church.

In the Presbyterian Church, Rev. Murray of Queen's College, Kingston preached morning and evening and at Cotesloe in the afternoon. Mr. Murray is an overseas man, who was studying for the ministry, before the war, after his return last July, he again took up his work. He will graduate this spring and is anxious to be settled. He preached here for a call. The morning service he gave a short talk to the children pointing out and explaining the need of a captain, a chart and a compass in life. There were good congregations out morning and evening.

Regular Meeting.

The regular meeting of the Methodist W.M.S. will be held Thursday afternoon of this week. The regular meeting of the Warsaw Woman's Institute will be held on Thursday afternoon of next week at 2.30 o'clock p.m. Subject "Canadian Authors". There is to be a roll call responded to by a quotation from some Canadian Author and if something can be said about the author, so much the better. Even if any lady cannot find any selection by a Canadian Author it is hoped she will not absent herself Some important business will come up also.

The regular meeting of the Presbyterian Ladies Aid was held at the home of Mrs. (Dr.) Munro, last Thursday afternoon. In spite of the rainy day a good number of ladies were present. The Ladies had expected to get the Mark street choir to give "Valley Farm" this month, but a letter was received stating that two of thier members had gone away and they were unable to give it without them. The ladies then decided to have some kind of entertainment early in June. Some other business re work was done. As well as serving etc., when the meeting was closed. Before separating the hostess served a dainty supper.

Memorial Committee.

The Soldiers' Memorial Committee will appreciate it greatly if those intending to contribute will let the amount they intend to subscribe be known to any of the collectors, viz: Mrs. E. R. Hamblin, Mrs. Jarfield, Crowe, Mrs. Geo. Barr, Mr. Robinson, Mr. A. F. Choate or the Treasurer, Mrs. David Miller. The following amounts have already ben paid in and deposited in the bank to the credit of Dummer Soldiers' Memorial Monument fund.

Mr. John A. Moore	1.00
Mr. Alec Rose	10.00
Mr. John Cooper	5.00
Mr. John Jory	5.00
Mr. Jas. Hawthorne	10.00
Mr. E. Harold Thompson	5.00
Mr. W. H. Bell	1.00
Rev. J. Knox	5.00
Mr. W. F. Payne	5.00
Mr. W. J. Miller	10.00
Mr. E Dewart	5.00
Mr. and Mrs. Wallace Anderson	30.00
Woman's Institute	25.00
Miss E M. Dewart	5.00

Quite a lot more money is subscribed and it is hoped that everyone will contribute something no matter how small. The committee is not doing any official canvassing.

The few girls in Presbyterian S. S. Class No. 4 and Mrs. Jas Selkirk contributed $3.25 towards the Armenian Relief Fund.

Cheese Making.

The Cheese factory at Warsaw made cheese two days last week. It is making to-day Thursday and Saturday of this week. It had not planned to open until to-day, but several patrons had their milk ready. There is difficulty in getting milk drawers for some of the routes.

One of our Warsaw Overseas men met a Zulu in France, in whom he became quite interested, as the young South African was quite well educated. Had been taught by an Ottawa lady missionary. This Zulu writes a nice letter and appreciates our Canadian papers many of which are sent him. He is very anxious for the natives to learn "Canadian Agriculture", as only the whites there have good crops this year, as they understand farming and the natives do not.

PILES Do not suffer from Piles, Itching, Blind or Bleeding Piles. No surgical operation necessary. Dr. Chase's Ointment will relieve you at once and is guaranteed to cure any form of Piles. 60c a box at all dealers or Edmanson, Bates & Co., Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

Each and Every Spoonful of **Grape-Nuts** is a spoonful of health food

Try *Grape-Nuts* for breakfast each morning.

ROBBER ENTERS FIREHALL AND STEALS GOLD WATCH

TORONTO, May 7.—Fireman Allan Hunter, of Rose Avenue Station, was robbed of a gold watch and valuable documents while out with his comrades answering a false alarm at Winchester and Sackville streets. But for the presence of Capt. Ferguson, who has just undergone an operation and remained in the hall, the robber would have made a bigger haul. When accosted by the captain, the man stated that he was a former fireman. Suspicious, Capt. Ferguson grappled with him. Hearing the hose wagon returning, the man managed to free himself, ran upstairs, and leaped through a window 13 feet from the ground. The captain, who was in his bare feet, chased the intruder for a short distance along Rose Avenue.

MOTHER!

STORE CLOSES SATURDAY AT 9.30 p.m.

BAND GRANT PROBLEM UNSOLVED GOES TO COMMITTEE OF THE WHOLE

G.W.V.A. SUBMIT AN OFFER TO MAKE THEIR BAND A COMMUNITY ORGANIZATION—LETTER CARRIERS SEEK DONATION FOR THEIR CONVENTION IN SEPTEMBER.

RYERSON RITCHIE RESIGNS

Back to the Committee of the Whole went the band grants question last night after a brief consideration by the Council in the report of the Parks committee which had recommended that the G.W.V.A. and 57th Regimental bands each receive $500 for two series of concerts in the parks.

Ald. Gainey, who presented the report himself, moved that this particular clause be returned to the committee, but afterwards assented to Ald. Hamilton's motion, seconded by Ald. Jones, that it be transferred to the Committee of the Whole.

Ald. Crowe offered him solution to this seasonal problem which he would submit by the expedient of engaging the 57th Regimental band to give ten concerts at a cost of $62 a night, thus paying for the services of thirty bandsmen, including the conductor. Ald. Crowe failed to secure a seconder for his motion, but the was satisfied with the proposal to let the committee of the Whole try its hand.

Suggest a Citizens' Band.

Mr. R. E. Layfield conveyed to the Council the G.W.V.A. proposal which was passed practically unanimously at their meeting on Monday night, whereby the Veterans' band should become a "Veterans' Citizens'" band. The uniforms supplied to the men personally by the government were worn out and new uniforms were needed. The Machine Gun brigade recently approached the G. W. V. A. with the idea that the band ally itself with the brigade, but the members of the Association felt that after working three years to build up the band they should not lose touch with it. The G.W.V.A. therefore endorsed a resolution to donate $1,000 towards the upkeep of a community band provided the city would furnish another $1,000.

The G.W.V.A. band has now 45 active members and "is not on its last legs, but on its hind legs," Mr. Layfield remarked, perhaps with a special verbal nudge to Ald. Crowe. "We are prepared to provide permanent quarters with light, heat and other accommodation. I can't see any better opportunity than to take this up now and make it a Veterans' Citizens' band. We could at once get from ten to fifteen members who were not overseas. There is so much enthusiasm in the Association for this proposal that they supported it by a vote of fortyone to one, and the bandsmen will give up their pay for a year.

Mr. Layfield added that the G.W.V.A. band was already using instruments owned by the city, and they were playing in the splendid hall the people had largely helped to secure for the Veterans. Besides there was an agitation in the press and among the public for one band (Ald Crowe interjected a "hear, hear"), and Mr. Layfield urged that the Council seriously consider the offer of the G. W.V.A.

Letter Carriers' Convention.

The Dominion convention of the Letter Carriers' Union will be held in Peterborough on September 2, 3 and 4. Mr. Robert Reid, speaking for a deputation from the local branch, informed the Council, and asked for a grant toward the entertainment of the 125 delegates who are expected to attend. Other cities where these annual conventions have been held contributed sums from $300 to $700, but the Peterborough branch did not specify any amount in presenting its request for assistance towards making this year's gathering a success.

"We expect to raise from $1,000 to $1,200," Mr. Reid said, "but we did not intend to ask the city for a grant. We have already published a souvenir booklet advertising the city, but all the funds we anticipated did not materialize. We will be very pleased if the Council will make us a grant, but we are not asking for any stated sum."

This apeal was referred to the Finance committee.

Mr. Ritchie Resigns.

Mr. Ryerson Ritchie's resignation from the City Development Commission was accepted and a vote of thanks tendered him for his interest in the work of this organization.

Mr. J. J. Hartley was appointed as his successor on Ald. Turner's motion, seconded by Ald. Hamilton.

Chairman of the Board of Works.

Ald. Whitehouse was appointed chairman of the Board of Works, taking up the position of the late Ald. Phelan, and Ald. Nagle Phelan succeeds his father on the Standing committee, of which he was a member. Ald. Jones is added to the Board of Works to assist Ald. Whitehouse, and by reason of his chairmanship, Ald. Whitehouse takes a place on the Finance committee.

Report Amended.

The Board of Works' report was read by Ald. Whitehouse on whose motion the clause recommending the granting of the request of the Laborers' Union for an increased scale of wages was struck out. The division was the same as in the earlier discussion of the wage petition in Committee of the Whole, Alderman Crowe, Morrison and Gainey alone voting for the increases asked for.

Another clause proposing to take action on John Duignan's complaint of the Alfred McDonald Lumber Company having lumber piled on Perry street was changed on an amendment by Ald. Turner, seconded by Ald. Gaetlong to the effect that the McDonald company be requested to remove the lumber as soon as possible.

Ask Province to Contribute

Referring to the clause that authorized City Engineer Parson's trip to New Orleans and Houston, Tex., Ald. Gainey presented an amendment that, by reason of the fact that this visit was advised by the Provincial Board of Health the Clerk be instructed to write the Board asking them to bear part of the cost of the trip, and that the Hon. Mr. Rollo, Minister of Health, be notified of the city's application for this contribution.

SICK HEADACHE
For Last 10 Years

Headaches affect all ages and both sexes alike, but in all cases the treatment should be directed to remove the cause for with the cause removed the headaches vanish for all time.

What is necessary for a permanent cure is something that will go right to the seat of the trouble. For this purpose it is impossible to find a better remedy for headaches of all descriptions than Burdock Blood Bitters acting as it does on every organ of the body to strengthen, purify and regulate the whole system.

Mrs. Flora Hall, Dominion, N.S., writes:—"I have been troubled with sick headaches for the last ten years. I had lost faith in all remedies until recently a friend of mine advised me to try Burdock Blood Bitters. This I did, and found relief in a very short time. I would now recommend B.B.B. to anyone who is suffering as I did. I only took 3 bottles, and am never troubled with sick headaches anymore."

B. B. B. has been on the market for over 40 years. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

SEARCH TORONTO FOR "MASTER MINDS"

Some of $20,000,000 Bonds Stolen in New York Marketed in Canada.

NEW YORK, May 7—Employes and books of banking and brokerage houses in Montreal, Toronto, and Quebec will be examined in the hunt for securities stolen in New York's $5,000,000 bond plot, and for traces of their marketers, it was announced here.

Arrangements already have been completed with the Canadian courts to honor United States Federal Court orders for such examinations in the Dominion, and applications for them will be made here this week.

It previously had been hinted that the elusive "master minds" of the bond plot, Jules W. (Nicky) Arnstein and Nicholas Cohen, may have established a marketing system leading into a number of brokers' houses in various cities of Canada and the United States.

WILL WITHDRAW OPTION OF FINE

Penalty for Being Drunk While in Charge of Auto, Imprisonment

TORONTO, May 7.—Hon. W. E. Raney introduced in the Legislature an amendment to the Motor Vehicles Act, that raised a round of applause from all parts of the House.

"There is just one point to it," he explained after moving first reading. "It makes the penalty for being in charge of a motor vehicle when intoxicated, imprisonment without the option of a fine.

Dr. Stevenson, of London, wanted to know if the bill proposed to confiscate the vehicle of convicted persons, "for the time the man was in prison." When told that there was no such provision, he suggested that the convicted man's car be utilized while he was in prison and the revenue from it taken by the Crown.

PRINCE ALBERT WAR VETERANS SCORE HIGHER INDEMNITIES

PRINCE ALBERT, Sask., May 7.—The Prince Albert command of the Great War Veterans went on the warpath here against the proposed increase of sessional indemnities at Ottawa. It was pointed out that while there were soldiers' widows and children trying to live on inadequate pensions, and an acute shortage of houses the increased indemnity could waste, especially as most of the members had other sources of income. It was said that it ill-became the members to preach economy on reconstruction and then ask an expenditure in their own favor, running into half a million dollars a year. A resolution was forwarded to the government and Dominion command.

There will be no Teutonic entrants in the eighth international 500-mile motor race on the Indianapolis speedway, May 31.

MAY IS PROGRESSIVE MONTH AT THE CRESSMAN STORE

There Are Hundreds of Interesting New Things In This Store and More Arriving Every Day

The Trees That Line Our Streets Are Commencing to Respond to the Glows of a Warm Sun

and are bringing forth little buds that soon will burst their bonds and bedeck the gaunt, leafless limbs with glorious green leaves. How the passers-by would miss their canopy of green when the fiery July or August sun beams down.

Throughout this entire store comfortable warm weather merchandise is commencing to show itself and requires only a real warm spell to bring it into full bloom.

The Cressman Co., Ltd.

If You Want to Own a Washing Machine

And Want to Pay the Smallest Price Possible for a Good One, Then Step Into Our Third Floor Department, To-morrow

The family washing is the greatest and most disagreeable task of housekeeping if it is done in the old-fashioned way with washboard and tub. Such a method is hard on the clothes and hard on yourself.

To-morrow we offer four washing machines at prices that cannot be equalled anywhere. Even if you had the privilege of purchasing direct from the factory you would pay more than our Saturday price.

"New Century Junior," Regular $17.00, for $12.95

It is a hand washer operated by a rotary motion of the hand on a wooden handle. Running on hardened steel balls, it is aided by powerful Helical steel springs, that in reality are responsible for most of the action.

"Ideal Power," Regular $28.00, for $19.95

This machine is operated by water power and does it all without any effort on the part of the housewife. Just lift the lid, place the clothes in the tub and attach the rubber hose to the tap, the same as you would a garden hose, and the water pressure drives the mechanism.

"Sea Foam Electric," Regular $125, for $87

Electricity is the power that sets the machinery in motion. It is very effective and has the reputation of being one of the finest washers on the market.

"Apex Electric," Regular $195, for $175

This machine differs greatly from all others. It has a copper tub in apex shape and a grooved lining. The tub itself is set in motion and the action of the water on the clothing is similar to rubbing on a washboard.

For Saturday Only THE REDFERN STORE Presents

$12 and $13 Serge Skirts $9.75

Smartly tailored skirts of wool serge in navy and black, trimmed with buttons, pockets and belts.

$45 and $47.50 Cloth Dresses, $37.95

A good assortment of styles; some are straight lines trimmed with vestees, tucks, braids and buttons. The materials are serges and gabardines.

$10 and $12.75 Crepe de Chine and Georgette Blouses, $8.75

There are a number of styles. Some are trimmed with tucks and others with beaded designs and embroidery touches. The colors are: white, maize, flesh, taupe and coral.

$33.75 Tweed Coats, 27.50

They are well tailored and made of an excellent quality Donegal tweed. The collars are convertible style and the pockets and belts are neatly arranged and buttons are used for trimming.

69c and 75c Corset Covers, 59c

Made of white nainsook trimmed with lace and run with ribbon.

The Only Saturday of the Sale of Dress Goods

$3.00 Grey Serge, in a Taupe shade; suitable for Suits or Coats; 54 inches wide; and is priced at $2.29 yard.

$2.75 Gabardine in Prunelle shade, in a fifty-inch width that is suitable for Suits or Dresses. Priced at $1.69 yard.

$3.50 and $3.75 Green Serge and Engadine that are All-Wool and are suitable for either Dresses or Suits. The widths are 50 and 54 inches. Sale Price $2.69.

$6.00 All-Wool Treco Coating is 56 inches wide, and obtainable in the following colours: Grey, Sapphire Blue, and Reindeer, $4.79 yard.

$2.50 Black Armure and Botany Cloth in a 40-inch width, and Suit or Skirt weight, is being sold at $1.89 yard.

$3.25 Navy Blue Serge, patterned with a self stripe; 50 inches wide. The Sale Price is $2.29.

If You Purchase One of Our $44.95 Suits To-morrow, You Will Receive One of Our Reg. $55, $57.50 or $65 Ones

If we had offered these garments for this price early in the season they would have been eagerly purchased, and the result would have been that our stock would have been cleared out. We did not want to sell it out then, but we wish to clear it now, and to make it certain we have quoted a price that cannot be ignored.

Every model is this season's, and of course they have the trimmings and fashionable tailoring that you will expect to see and like. The materials are gabardines, tricotines and serges. The colours are: navy, black, rookie and sand.

Children's $14 Real Jaunty Little Coats for $11.50—Sizes 5 and 6

The material is a beautiful quality poplin and it is modelled into two styles. One is double breasted and the other is single breasted. They are made with a deep yoke and have two-way collars, smart belts and button trimming; also lined throughout. The colors are rose and Copenhagen.

$29 and $32 Coats of Tweed and Pole Cloth, at $22.75

Pretty tweed mixtures and mottled pole cloths fashioned into a variety of different styles with pleasing touches and trims. No one can say that the price is immoderate for such style and quality.

$3.25 Envelope Chemise, $2.89

They are of a good quality English cotton made in French style with embroidered designs on the yoke. The edges of the neck and sleeves are finished with scallop work and eyelets run with dainty ribbon.

A White Petticoat for $1.19

They are made of an excellent quality of cotton with a shaped top and deep flounce trimmed with four inches of gypsy lace in torchon pattern and also dainty tucks.

A Hint of Warm Breezes Suggests a Middy—Saturday's Price $2.19

Middies in "Jolly Tar" style of a good quality navy cloth and navy or cadet colour cuffs and pockets trimmed with white braid. The fronts are laced. Procurable in all sizes.

Poplin Skirts at $5.95

They are a useful skirt to have on hand for many occasions. A deep yoke belt finishes the top and pockets adorn the front; buttons are used on pockets and belt for trimming and a fashionable amount of gathering is used to make it hang nicely. They are made of crinkle and plain poplin and the colors are: grey, tan, beige, brown, navy and black.

Nearly Every Girl from 10 to 14 Years Loves a Gingham Dress—Priced for To-morrow at $3.98

It is a soft quality with pretty plaid patterns that feature tans, blues and pinks. They are made on the high waisted Gretchen style and the pockets, collars and cuffs are of white linen.

$32 Dresses at $18.75

Messalines, taffetas, crepe de chine and Georgette combinations. The colors are grey, blue, black and Copenhagen.

STORE OPENS 9 A.M.

The CRESSMAN Company Limited

STORE CLOSES SATURDAY, 5.30 P.M.

ALD. NAGLE PHELAN SUCCEEDS HIS FATHER IN CITY COUNCIL

APPOINTMENT MADE LAST NIGHT—EX-MAYOR DUNCAN TAKES THE PLACE OF W. H. MOORE ON UTILITIES COMMISSION AND G. WALTER GREEN GOES TO THE CITY TRUST.

Mr. Nagle Phelan was appointed an Alderman by the Council last night taking the place of his father the late Alderman Harry Phelan; ex-Mayor Duncan was appointed to succeed the late W. H. Moore on the Utilities Commission, and Mr. G. Walter Green to take Mr. Moore's place on the City Trust Commission.

Ald. Copping nominated Mr. Phelan, seconded by Ald. Whitehouse, and the new alderman was forthwith installed after taking the declaration of office.

In assuming the chair his father occupied, Ald. Phelan briefly thanked the Council for the honour they had conferred upon him. "By electing me you have paid a high mark of respect to my father and a compliment to myself," he said. "I will do to my utmost in a humble way, and my one aim will be for a greater and better Peterboro."

Ex-Mayor Duncan Chosen

Ald. Hamilton proposed Mr. G. H. Duncan for the vacancy in the Utilities Commission. Ald. Turner seconding the motion.

Ald. Gordon submitted an amendment seconded by Ald. Gainey naming Mr. J. J. Duffus.

Mayor McIntyre voted with Aldermen Gordon and Gainey for the amendment, and Aldermen Hamilton Turner, Copping, Crowe and Morrison supported Mr. Duffus.

Mr. Green's Appointment.

Ex-Ald. G. Walter Green was proposed for the City Trust Commission by Ald. Jones seconded by Ald. Copping.

Ald. Gainey seconded by Ald. Phelan submitted Mr. Richard Sheehy's name, and Mr. J. J. Duffus was nominated by Mayor McIntyre seconded by Ald Turner. The two amendments were lost.

Previously Considered.

At the meeting of the Committee of the Whole prior to the Council meeting, the question of these appointments was introduced but was abandoned when the members failed to agree upon a choice for the City Trust position.

In recommending the appointment of Mr. Phelan, Ald. Whitehouse said that he believed that it was the unanimous desire of the Catholic people of the city that the son of the late Ald. Phelan be appointed to complete his father's term.

Ald. Morrison referring to Ald. Whitehouse's preface contended that the appointment should go to the highest defeated candidate at the January elections.

"Ald Whitehouse says he would like to see a Catholic appointed, so I propose Mr. Sharpe," Ald. Morrison proposed and Ald. Crowe seconded his amendment. Ald. Gainey voted for the amendment, which was defeated.

When Mr. G. Walter Green was mentioned for the City Trust vacancy Ald. Gainey recalled some understanding which he said was arrived at in a caucus in Ald. Gordon's office a short time ago. Some of the members, he continued, were not standing by their expressions on that occasion

"I want to make it clear that I said I would not support Mr. Duffus. I proposed Mr. G. Walter Green's name," Ald. Jones replied.

Ald. Turner said he had declared himself for Mr. Duffus, and forthwith moved his appointment.

Ald. Hamilton seconded this amendment. "I said I would stand by Mr. Duffus and I will stand by that. It seems to be getting down to a question of standing by," remarked Ald. Hamilton.

"I was in favour of G. Walter Green", was Ald. Crowe's explanation "but he was called up by 'phone and it was said he wouldn't stand."

Ald. Jones—Mr. Green told me he would accept it, but he should not canvass for it.

Because of the difference of opinion displayed, Ald. Gordon suggested that a vote be taken by ballot.

Demanded Open Vote.

Ald. Gainey refused to vote by this method, saying he didn't care who got the appointment, but he believed in the Aldermen taking an open vote. Ald. Jones was also opposed to it, but Ald. Gordon pointed out that it was only a means of securing an expression of opinion, and was not actually making the appointment which would take place in Council.

The result was a tie, four each for Mr. Green and ex-Mayor Duffus, and failing to reach a decision the Committee dispensed with their preliminary survey of the field of candidates and retired to the Council chamber. It was then ten minutes to ten o'clock.

OVER 435,000 GRAVES HAVE BEEN IDENTIFIED

(Canadian Press.)

MONTREAL, May 7.—In France and Belgium, up to mid-April, there have been 435,000 graves identified and registered. In addition, 147,000 burials have been reported. Scattered and isolated graves to the number of 128,000 have been attended to and re-interment made. Another 100,000 graves in other theatres of war have been identified, and another 190,000 burials outside France and Belgium have yet to be dealt with.

These facts were given by W. L. Griffith, secretary of the Hirh Commissioners Office, in London, England, who is here on departmental affairs.

MRS. AURORE BARRETTE, popular New Hampshire woman, who says Tanlac brought about a wonderful change in her condition and that every suffering woman ought to know about this wonderful medicine.

"Tanlac is a grand medicine, and I think every suffering woman ought to know about it," was the statement made recently by Mrs. Aurore Barrette, at her residence, 133 Second street, Manchester, New Hampshire. Mrs. Barrette, is a well known and highly respected resident of that city.

"I have not felt at all well for the past year or more," she continued, "I haven't been sick enough to be in bed, but I was far from being a well woman. At times I thought I had kidney trouble, for I suffered almost constantly from severe pains across my back, just over the kidneys. Whenever I tried to do my housework at all that dull pain would be there, and if I attempted to stoop over it just felt as though my back would break. I would get so weak and worn out I would have to sit down and rest several times a day, and I felt tired all the time.

"This condition made me awfully nervous, so that I rarely ever slept well at night, and every now and then I would jump in my sleep, as if in a fright, and my condition was really becoming serious.

"Only two bottles of Tanlac have brought about a wonderful change in my condition. In fact, the results I have received from the medicine have really surprised me. Those terrible pains in my back which used to trouble me every day have almost disappeared, and I am going to keep on taking Tanlac until they leave me entirely. I have lots of energy now, and am not only able to do my housework, but I get through with it without feeling the least bit tired. I am no longer nervous like I was, and I sleep well at night.

"I shall always be thankful for what Tanlac has done for me."

Tanlac is sold in Peterborough by W. B. Warne Drug Co., Ltd.; in Havelock by A. C. Denike; in Lakefield by Tanner Drug Co., Ltd.; in Fowler's Corners by W. A. Hunter; in Gelert by A. J. Scott; in Westwood by G. Pringle & Son.

PIAPOT INDIANS ROLLING IN RICHES

Got $150,000 Cash From Federal Government for Reserves.

(Canadian Press.)

REGINA, May 7.—Indians on the Piapot reserves, about 20 miles north-east of Regina, find themselves in the fortunate position of being possessors of $150,000 in cash as the result of the sale of 24 sections to the Federal Government for soldier settlement purposes. The Department of Indian Affairs secured their surrenders and transferred them to the Soldier Settlement Board. One-half of the fund created by the sale will be kept as a permanent account, and only the interest can be used.

TO WOMEN OF MIDDLE AGE

This Woman's Letter Tells You How To Pass The Crisis Safely.

Lacolle, P.Q.—"During the Change of Life I felt so weak and run down I could hardly do my work. The perspiration would pour over my face so that I couldn't see what I was doing. We live on a farm, so there is lots to do, but many who felt as I did would have been in bed. I took Lydia E. Pinkham's Vegetable Compound and it did me a world of good. I tried other remedies but I put Vegetable Compound ahead of them all, and I tell every one I know how much good it has done me."—Mrs. DUNCAN BROWN, Lacolle, Prov. Quebec.

With warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ear, palpitation of the heart, specks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women, and let Lydia E. Pinkham's Vegetable Compound carry them safely through this crisis as it did Mrs. Brown.

You are invited to write for free advice

No other medicine has been so successful in relieving women's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass.

METHODISM LOST 57 MINISTERS IN SINGLE YEAR

REV. R. J. D. SIMPSON GIVES SPECIFIC CASES WHICH WILL STARTLE THE CHURCH.

TORONTO, May 7.—During the last church year Canadian Methodism lost a total of 81 preachers from the active ministry, 31 by resignation and 50 by superannuation.

In the same year there were only 24 young men received as candidates for the ministry. That means a net loss to the church of 57 clergymen.

These figures were given out by Rev. R. J. D. Simpson, Superannuation Fund Treasurer and the natural deduction, he thinks, is that the low salaries paid to the preachers are keeping bright young men out of the ministry.

He said:

"Take one specific case—and it is an actual one. A country circuit with three appointments. A pastor whose salary in 1918-19 was less than $950. The private report shows that this circuit this year increased its minister's salary twenty-one per cent. No doubt the officials consider that increase not only adequate but possibly munificient. That pastor, however, being a human being, has to eat food, wear clothes, burn fuel just like any other mortal. These necessities will cost him at least eighty-five per cent. more now than they did in 1914.

"In view of the conditions described it is pertinent now to enquire what is the result—what is happening in our porsonages? Well, as a result of these conditions, here is what is happening: 1. Men are resigning from the ministry, not because of a lack of heroism, not because of a lack of love for the Church—not because the vision which called them into the ministry has faded from their consciousness, but simply because of the stern necessities of the case.

2. Supplementing their scant income by engaging in some other occupation as a side line.

3. Unnecessary worry about physical necessities lessens efficiency.

4. Drawing upon hard-earned savings. Some few of our men are fortunate enough to have saved a few dollars.

"I could never ask any young woman to share my lot and make the sacrifices I have seen my dear mother make all the years I have known her," replied one young man when asked about entering the ministry.

ORDER CLOTHES NOW FOR THE 24TH OF MAY

TO AVOID DISAPPOINTMENT, THOSE WHO WANT THEM SHOULD PLACE ORDER WITHOUT DELAY.

An exceptionally fine line of Suitings for Summer, as well as materials for light Top Coats, have just arrived at the Regent Tailors, in the George Street Arcade, which every man should see. It is little short of extraordinary that this firm can make to measure a Suit or an Overcoat from such goods at the low price of only $28.00. They explain, however, that this is really a wholesale price, as they buy their cloth direct and sell to the public direct, whereas most tailoring companies do business through wholesalers. In other words, the wholesaler is cut out entirely and the public get the benefit of a price which, in these days, is quite unusual for its reasonableness. Their clothes are said to be the best value in Canada.

Men who intend getting a Regent Tailors' Suit or Top Coat, and who want it by the 24th of May, should order at once. There are really only eleven working days before the holiday, and no time is to be lost.

To economize on axle grease, use tough felt washers made of rubbing felt three-eighths of an inch thich. These will outwear several of the usual sort.

WOULD-BE THIEF FOILED BY GIRL

ATTEMPTED DARING HOLD-UP ON LAKE SHORE ROAD LAST NIGHT.

MIMICO, May 7.—An unknown man, who, up to a late hour last night had not been traced by the police, attempted a daring hold-up on the Lake Shore Road at the busy traffic hour of six o'clock when he attacked Miss Ada Smart, of Mimico, but failed to secure her purse after a determined effort. Miss Smart, who works in Toronto and lives with her mother here, was walking home, as she often does for exercise. She had reached the corner of Jane street, which is just on the Mimico side of the Humber, when the man, who had followed her from the city limits, suddenly seized her by the shoulder and endeavored to take away her purse. Miss Smart clung to the purse and the man threw her to the ground. By that time an automobile arrived on the scene, and as one of the occupants started to alight to go to the rescue, the unknown robber ran away up Jane street and escaped. Two women who witnessed the hold-up were at to great a distance to be able to render assistance. The matter was reported to County Constable Geo. Simpson, and he and others of the county police force are making every effort to secure the offender, on the strength of the description given by Miss Smart.

MR. R. H. PARSONS ELECTED CHAIRMAN THE ENGINEERS' CLUB

(Continued from Page 1.)

tary Mr. R. L. Dobbin, said that if the by-law were to be changed notice of a motion would have to be given at one meeting and it could not come up till the next.

Mr. Sisson pointed out that there might be a temptation to remain a junior while they had all the privileges of a member at a lower cost. The secretary reminded the members that the juniors had nothing to do with the institute as a whole, just each local branch.

Mr. R. L. Holmgren replying on behalf of the juniors appreciated the point of view of the other members but said he felt they would not remain juniors when they had the privilege of becoming members. Mr. Dobbin pointed out that as the election was over they could not be elected to any offices this year so that as there was no notice of motion the matter could stand over.

Increased Interest.

The chairman emphasized the increased interest the juniors would show in the institute if the offices were open to them. He spoke of the legislation now being prepared where by it is hoped the engineering profession will be closed like the other professions and their organizations be considerably strengthened thereby.

Mr. W. H. Pretty favoured admitting juniors to the executive but the matter was shelved until the next meeting.

The Officers.

The judges returned with the following officers elected:

Hoporary chairman—R. B. Rogers.
Chairman—R. H. Parsons.
Vice-chairman—P. L. Allison.
Secretary—R. L. Dobbin.
Treasurer—D. L. McLaren
Committee—C. E. Sisson, P. P. Westbye, J. McIntosh, J. D. W. Maggie, C. H Rogers.

Speaking on behalf of the chairman Mr. P. L. Allison thanked them for the honor conferred upon him promising to work to the best of his ability in the interests of the institute.

A beautiful mahogany shield with silver inscripting plate which was presented to Mr. C. E. Canfield in November but who has left the city, before its delivery was exhibited to the members last evening. The work of Mr. Canfield, who originally started the club going and filled the chair for two years was commented on and the loss they have met with in his removal from the city. It is a most handsome and fitting recognition and is suitably inscribed "November 1, 1919, presented to C E. Canfield, E.E., by the Engineer's Club of Peterboro Canada, in appreciation of his valuable services to that organization.

Hydro Report.

Mr. Sisson promised the members the report on the hydro now being prepared by members of the committee. He stated they had been delayed but gave a few facts on the hydro last night, 70,000 h.p., were available in the Trent Valley system end of this 27 or 28,000 are being used which is not the capacity of the installation. He stated that there was plenty of power for possibly twice the population

The secretary stated that it was necessary to appoint a representative to the provinucial executive of the institute and he and Mr E. R. Shirley were nominated. Mr. Dobbin was elected to the office. Mr. R. B. Rogers report on the special bridge committee completed the business of the meeting following which government motion pictures were shown and thoroughly enjoyed.

A most enjoyable feature of the entire evening occurred when a huge pile of buns and doughnuts were attacked voraciously. The former were cut in two, a jab of mustard added and a "hot dog" resulted that would turn a hot dog artist green with envy The doughnuts suffered a terrible onslaught too and with sizzling coffee made an irrestible combination before which the decorem of the engineers and others utterly disappeared. After the inner man was appeased and many a joke was told another reel of pictures was shown, completing the evening's programme.

A Practical Prescription For Sour, Acid Stomach

Nine-tenths of all cases of stomach trouble nowadays are caused by too much acid. In the beginning the stomach itself is not diseased but if this acid condition is allowed to continue, the acid is very likely to eat into the stomach walls and produce gastritis with stomach ulcers. This may render a radical surgical operation necessary even to prolong life. Therefore, an "acid stomach" is really a dangerous condition and should be treated seriously. The excess acid or stomach hyperacidity can easily be neutralized by Bisurated Magnesia taken in teaspoonful doses in a glass of water after each meal. Larger quantities may be used if necessary as it is absolutely harmless. Be sure to ask your druggist for the pure Bisurated Magnesia especially prepared for this purpose.

TO PREVENT BLACKLEG VACCINATE CATTLE

AND DO IT NOW

Last fall a great many farmers of this county lost valuable cattle from Blackleg, a disease very prevalent also at this season of the year. Every farmer should safeguard his cattle against an outbreak of this dreaded malady by vaccinating them—AND DO IT NOW!

There is only one sure way to prevent this disease and that is to vaccinate the cattle, and this dreaded disease can be prevented in animals just as sure as you can prevent small pox in people. Under no circumstances should farmers neglect their cattle.

If you wish to prevent Blackleg either write or go to Lynch's Drug Store, 168 Hunter Street, Peterboro, and you will be furnished with literature and full particulars how to prevent this dreaded disease.

Voice Of The People

To the Editor of the Examiner:

I notice the City Council has passed a grant of $100 to the Carpenters to help defray expenses of the coming convention. As a member of T.A.S., Women's Christian Temperance Union, Belmont Club, Commercial Travellers' Association, W. O.W., I.O.O.F., Bricklayers, Masons, Plumbers, Steamfitters, Bank Clerks, Engineers, Laborers, Printers and any other organization, I would like to ask if it is the intention of the Council to give financial suport to each of the above organizations or any other organization that decides to hold conventions in Peterboro in the future. I do not see how they can justify a refusal to pass a grant to any organization if they sanction this one.

Signed,

A RATEPAYER.

"THE BROKEN MELODY"

SPORTING NEWS, VIEWS AND GOSSIP

OVER THREE HUNDRED SPECTATORS AT LAST NIGHT'S FOOTBALL GAME

CALEDONIANS AND MACHINE GUNNERS ONE GOAL EACH AT HALF-TIME—CALEDONIANS SCORE TWO GOALS ON RESUMING—M.G. GUNNERS HAD MOST OF PLAY LAST 15 MINUTES—CALEDONIANS 3, MACHINE GUNNERS 2.

THE GAME WORTH A DRAW

Though the football matches do not make the same appeal as other sport in this city, the Football Association received great encouragement last evening from the sporting public by the large attendance of over 300 people at the Oval.

Last night's contest between the Machine Gunners and the Caledonians, favored as it was with inviting weather ,attracted a large number of ladies as well as men..

Exactly at 6.25 p.m. Referee Lloyd appeared on the field and called the respective captains together; they decided to play 30 minutes either way. Captain McLeish of the Machine Gunners, won the toss and elected to play with the sun at their backs.

The Teams.

The following sides took the field:

Caledonians—R. Bounton, goal; J. Willshaw and R. Willshaw, backs; J. Frost, S. McMillian and A. Hardie, half-backs; R Hannah, Matt Shaw, Jas. Shaw, Ed. Hardie and R. McDowall.

Machine Gun—W. Flowers, goal; J. Crew and D. Perry, backs; M. Metcalfe, R. G McLeish and Hig. Darling, half-backs; J. Roberts, Dr. Lacey, Captain Frazer, J. Bell and H. J. Darling.

Referee—C. Parkins Lloyd.

The Game.

Give and take play characterized the opening stages. On a solo run dow athe right wing. Hannah passed the ball over to Hardie, who forced a corner kick off Metcalfe—Hannah placed the ball to accurate and dropped just over the bar. A foul against Hardie for handling relieved the pressure against the Gunners, Perry passed the ball to Roberts—J. Willshaw returned it to Matt. Shaw who put pass the upright. A determined raid by the Machine Gun forwards gave the Caledonians a great fright when Lacey, Frazer and Roberts missed an opening to score. At the other end Flowers saved a stinger from Hannah. McLeish was very active and repeatedly broke up the Caledonians' forward play.

Opened the Scoring.

Just afterwards, Ed. Hardie and D. Perry fought out an issue in front of the Machine Gunners' goal, and McDowall came to help out, received the ball in the muddle and run it against Flowers who stopped the ball but cleared, leaving McDowall to touch the ball in between his legs and opened the scoring. Play swung to the other end where H. J. Darling lifted the ball just over the crossbar. Play was uneventful for a few minutes until Bell broke through the defence and passed it to Darling who was offside on the referee's decision. He shot the ball through the goal, but Referee Lloyd had blown his whistle previous to the scoring for offside. An offside against Roberts saved the Caleys a little while later. From the free kick McDowall beat Metcalfe and Perry, lashed the ball across the goal where McLeish transferred the game to the other end. It was now a full backs battle, for the ball travelled from defence to defence and during one of these attacks J. Willshaw received a slight ankle injury, but he soon recovered. A nice clearance from McDowall caused some excitement and came back just afterwards, tested Flowers, the ball going to Perry who punted the ball up the field. Frazer and Bell carried it close in on Brunton. Bell lacked the necessary punch behind the ball, for the Caley custodian cleared easily. McDowall forced Perry to give a corner-kick—he put past. Even play continued.

Machine Gun Equalize.

A dangerous attack on the Caledonian goal gave the Machine Gunners the equalizing goal through the effort of H. J. Darling, who passed the ball in front of the goal where Frazer made no mistake with a low ground shot. Half time, one goal each.

Half Time.

Two Goals in 5 Minutes.

On resuming, Hannah and Matt. Shaw combination ended in the Caledonians adding another goal. Matt. Shaw drove the ball into the far corner of the goal far out of the reach of Flowers. Ed. Hardie was drawn up for offside. Play was still around the Machine Gun goal, Hannah got a corner kick of Crow, he shot the ball far into play where Metcalfe cleared. The ball was returned by Bob Willshaw down the field to J. Shaw and Matt. Shaw in close partnership where the latter made his total two. Giving no chance whatever.

Teams Well Matched.

The game was well contested, for neither side could claim any advantage and could not make any decision whatever. Even Crow the full back of the Gunners tried hard to force the issue as he dropped down amongst the forwards, and had a shot at goal. Good football was in evidence for a long while. Three times in succession Hannah carried the ball up the line only to see Crow or Perry clear easily. On his next attempt Bobby shot the ball across the goal for McDowall to touch the ball through but he shot wide. Flowers saved from McDowall on return play.

Caledonians Fell Away.

The Machine Gunners now had most of the play for the last ten minutes and simply held the Caledonians down to their own half. On a miss-kick by J. Willshaw the Machine Gunners scored a second goal through J. Bell, who shot the ball right in between Bounton two arms. This gave the Gunners great encouragement, for they tried hard to get another goal to make the game a draw. Nothing of interest happened after this. Caledonians 3, Machine Gun 2.

Analysis of the Game.

The following analysis of the game refereed by Mr. P. C. Lloyd was as follows:

Machine Gun.

	1st Half.	2nd Half.	Total
Goal kicks. . .	8	4	12
Corner kicks . .	0	0	0
Goals.	1	1	2
Offside	2	1	3
Fouls.	1	2	3

Caledonians.

	1st Half.	2nd Half.	Total
Goal kicks. . .	3	4	7
Corner kicks. . .	2	1	3
Goals.	1	2	3
Offside	2	2	4
Fouls	2	0	2

Notes on the Game.

Under the careful attention of Mr. Kitney the Oval was in perfect condition for excellent football. He marked out the grounds and gave the free use of his house as dressing accommodation for the football players.

The west goal posts will have to be raised because they are too far down in the earth and not the regulation height.

After the game Piper McDonald and Piper Thom played the players across the field to the dressing rooms.

The verdict of most of the players that witnessed the game declared it was the best game of the season and the result should have been a draw.

The collection take up amongst the three hundred spectators at the Oval last night was gratifying to both teams. They both needed the financial assistance and thank the public for their generosity.

The Machine Gun team will give the rest of the teams a hard battle for the points in the league. Unfortunately William Bell, the Gunners' centre forward, met with an accident and could not play.

A Scene From the Big Musical Show, "Keeping Up With the Joneses" at the Grand Wednesday Evening.

"SEVENTEEN"

Stuart Walker's production of "Seventeen," the delightful comedy made from Booth Tarkington's popular Willie Baxter stories, opens at the Grand, for one night only, on Monday next.

This comedy of Booth Tarkington's has met with approval fro mthe Atlantic to the Pacific.

William Slyvanus Baxter is the hero—it is his tragedy that he has ceased being sixteen and is not yet eighteen. He is neither child nor man, and his dislikes and longings are a dunny mixture. For example, he resents being called "Willie" by his family, and "Silly Bill" by his friends, as familiarities unbecoming to his years. He imagines himself another Sydney Carton. He writes poetry. He tries to grow a moustache. He doesn't want to go to college. And he proclaims that he doesn't care a snap for girls. But the minute he sees Lola Pratt, the fluffy "baby talk lady," he falls in love with her and steals his father's dress suit in order to impress her. Of course, his little sister Jane sees him and "tattles." How he loses possession of the precious dress clothes, and what heroics he undergoes to get them back, together with the troublesome course of his love story, round out the plot of this delightful comedy of "youth and love and summertime."

Thomas Kelly has been a sensation in the role of Willie—his sympathetic portrayal of love-sick youth has won high rank in the American gallery of memorable stage portraits. Elizabeth Black as Jane, the ten-year-old villain; Lael Davis as the "baby talk lady"; Judith Lowry as understanding Mrs. Baxter; Louis John Bartels as Henesis; Aldrich Bowker, William Belfort, Oscar Craik, and Alma Hameraly, with a host of lively girls and boys, make up the summary cast. There are even the two dogs, Glen and Flopit, dear to all ages—dear to all readers of the book.

"Seventeen" is a play for all ages—for all who have been and for all who will be seventeen.

TYRONE POWER

It is now positively announced that Mr. Tyrone Power, the eminent English actor and his notable company of English artistes, will play a return engagement in Peterborough, at the Grand Opera House, for one night only, on Monday, 24th May, in the second initial production of Trans-Canada Theatres, Limited, "The Little Brother," a powerful drama of love and sacrifice, from the joint pen of Milton Goldsmith and Benedict James.

Theatregoers will recall the sensation which Mr. Power has created when seen here a few months ago as "Th Drainman" in "The Servant in the House," and it is due to that fact that Mr. Power has been booked in this city for a return engagement, and there is no doubt that those who have not had an opportunity of seeing Mr. Power on his first visit, will not miss this occasion to see him in another of his great successes.

"The Little Brother" tells the story of a conflict of religions between a priest of the Russian Church and a Rabbi of the Jewish faith, which has its inception in Russia, and ends in a truce of souls in New York.

Dramatic critics in New York and in all the principal centres of population throughout the United States and Canada, agreed that the part of the Russian priest, which Mr. Power plays, is a character that is destined to stand out prominently among the most notable of the decade.

The high reputation which this distinguished actor has attained on both sides of the Atlantic has been largely built up through his uncompromising stand against any form of suggestiveness or impropriety upon the stage and his firm adherence to nothing but the highest form of drama.

It is in keeping the avowed policy of Trans-Canada Theatres, Limited, that Mr. Power should be presented in such plays as "The Servant in the House," which achieved such a tremendous success when seen here a few months ago, and "The Little Brother," as their initial productions in this Dominion.

The cast selected to support Mr. Power is exactly the same as seen in "The Servant in the House," and includes Mr. Harvey Hays, Mr. Walter Edwin, Mr. Harold De Becker, Mr. J. Irwing White, Mr. Robert Taber, Miss Edna Holland, Miss Alma Chester, and Miss Chela Knight.

Elizabeth Black at "Jane" in Booth Tarkington's "SEVENTEEN" at the Grand Monday

HAMAR GREENWOOD WAS RE-ELECTED

(Canadian Press.)

SUNDERLAND, May 7. — Sir Hamar Greenwood, chief secretary for Ireland, was re-elected to Parliament to-day in the by-election necessitated by his recent resignation. Sir Hamar received 22,813 votes, V. Rutherford, Labor candidate 14,179, and W. Howe, Independent Liberal, 5,065. At the general election in 1918, Sir Hamar, Coalition Liberal, was returned by about two thousand plurality over R. N. Hudson, Unionist candidate. Labor candidate polled over nine thousand votes. No Unionist opposed Sir Hamar in the present election.

EXPERIENCE shows that only a sharp blade can give a perfect shave, also that a blade cannot remain sharp without stropping.

Couple these facts with the further fact that the AutoStrop Razor is the only safety razor that sharpens itself and you will be in no doubt as to which safety razor to use.

Any dealer will demonstrate the AutoStrop Razor to you, guarantee satisfaction or refund of purchase price.

Only $5.00—complete with strop and twelve blades in an attractive assortment of cases to suit any purpose.

ADDITIONAL SPORT

LOCAL BASEBALL COMMENT

Improved weather conditions are helping the baseball clubs along nicely, and a real start will be made at Riverside Park to-morow afternoon when the Central League talent will perform. A double battery will be on hand to assist in the batting and base-running practice. All that is needed now is somebody to turn out and instruct the players in the amended playing rules, it having been practically agreed by all the clubs that the new rules be carried out in both the Central and City Leagues.

The Opening.

Tentative plans are under way for proper opening ceremonies on the league opening on Saturday, May 14, and these will be completed next Wednesday night when the city league bosses meet at the Empress Hotel for the final confab. Right there and then the club leaders should make a big effort to close important matters, and do away with the practice in vogue in past years, of settling disputes on the diamond. And, furthermore, the double umpire system might be introduced into the first game and continued throughout the season.

Thistles out Strong.

Thistles whacked up the dirt last evening with the majority of the signed players on the job. Just to add a little more interest to the battle for signatures, Roy Cherrett performed with the Yeotesmen at second base. He has not yet signed a certificate. Murray was stationed at third, Holyman at short and Stan Lowe at first. Harrison was unable to make the grade. Louis Yeotes' southpaw, Gordon McClintock, served the batters with Max Swanston behind the bat. Out in the garden there was enough material to give the Thistles a classy outfield. Howard Kirn contented himself with watching the other fellows get under his long flies.

Against Evening Games.

The majority of the players had had enough at 7.15. Twilight had about ceased, and the consensus of opinion was that evening games in May were out of the question, unless play was called not later than six o'clock. Such an hour would not help the attendance.

MR. J. H. BURNHAM ON THE STRIKE

House of Commons,
Ottawa, 6th May, 1920.

Editor of The Examiner.

Sir,—As agreed by me on 5th May, I consulted the Minister of Labour regarding the matter of the Matthews Packing House strike, and was informed by him that it was impossible for him to interfere because the matter did not come under the Industrial Disputes Act, which alone gave him authority to interfere whether the parties consented or not. The Industrial Disputes Act deals with public utilities only, and gives the Minister the right to intervene in a strike without having the matter referred to him by the parties. Strikes such as the present one cannot be dealt with by him in that way, because they are not on public utilities, and therefore not under the Industrial Disputes Act. You will ask why it is that the jurisdictions of the Government has not been extended, and the answer is that strikes not on public utilities deal with matters of "property and civil rights," and come under the B. N. A. Act, which gives provinces jurisdiction but not the Dominion. Until such time, therefore, as the Provinces have agreed that the Minister of Labour at Ottawa can interfere in all strikes without the consent of either employer or employed, his position as arbitrator in what may be called trade strikes is non-existent.

To-day I had a long chat with the Minister and the Deputy Minister, whom he called in, and we went into the whole situation. It is quite clear that the situation is this:

The Labour Conference held at Washington recommended the adoption of the 8-hour day and the extension of Governmental arbitration to all matters affecting employer and employed, whether referred to the Government or not by consent. These recommendations of the Conference were all to come into effect in 1921 after the next meeting of the Conference, it being expected that in the interim the various Governments represented at the Conference would crystalise these recommendations into law so that the final recommendation of the Washington Conference to the world would be backed up by the various countries (and the Provinces were represented at the Conference), and by the actual laws in vogue there. Otherwise, of course, a recommendation of the Conference would be of no use. The Government at Ottawa, therefore, hoped and expected that the Provinces would pass legislation enabling their Governments and the Dominion Government as well, to extend intervention in strikes to every strike. Do not forget that no Government can interfere without consent as the law stands at present in strikes that occur on anything but public utilities. If, therefore, the Provinces had passed the 8-hour day law and such laws as I am referring to, the Conference meeting at Washington next year would declare that these immense advances leading to harmony in relations between employer and employed would be dated from the year 1921; after which, whenever a strike occurred, Governments would step in and settle strikes without any of the delays and losses which occur at the present time.

The Provinces, however, have done nothing to back up the Washington Conference or to empower the Dominion to extend its authority in strike matters. You will see, therefore, that unless the Provinces take these matters up and deal with them promptly, it is possible that the Conference may meet next year at Washington without any recommendation from Canada at all in this respect, and with the result that the confusion that exists now will be continued indefinitely. Such a state of affairs would be deplorable, and I think labour in Peterborough should take these matters up with my friend, Mr. Tooms, M.P.P., and have him bring them up at Toronto at once, so that there may be no further delay.

It is useless to say that Ontario has no jurisdiction and that Ottawa has, because it is quite clear that the B. N. A. Act excludes Ottawa, and it is also clear that the Dominion is willing to back up the Provinces. It is surely absurd that such sidestepping of jurisdiction between the Provinces and the Dominion should result in the continuance of the present disastrous relations existing between labour and employers. I know nothing more seriously reflecting upon the common sense of the people of Canada than these facts.

As a conclusion of what I have stated, I repeat that the Dominion cannot interfere in the Matthews Packing House strike, because one of the parties to the strike has not consented to the intervention of the Dominion, and as I have shown, as the law is now, cannot be compelled to consent. That the Dominion or any other Government should be allowed to interfere only when the parties to a strike both consent, is a serious reflection upon the civilisation of this country.

Let Ontario and all the other Provinces rise promptly to this opportunity and assume authority in strikes themselves or make it possible for Ottawa to do so, and another twelve months will have seen the last of strikes, which cannot now be settled without prolonged suffering to all concerned, not excepting the public itself. The present Peterborough strike furnishes Mr. Tooms and myself with a chance to bring about something of the greatest advantages to Canada.—Yours truly,

J. H. Burnham.

DE LAVAL VS. G.W.V.A. AND CALEDONIANS VS. CANADIAN WOOLENS—OTHER ITEMS OF INTEREST

The De Laval will trot out the same team against the War Veterans at the Exhibition Ground on Saturday.

The Caledonians will adhere to the same team that did duty last night at the Oval for Saturday's game with the Canadian Woollens.

Mr. J. W. Worth is a good sport, and says he expects the Canadian Woollens will play a good game and take the result in a sportsmanship manner.

The C. G. E. and Machine Gun teams will have the pleasure of being spectators on Saturday.

The games for Saturday are: De Laval vs. G. W. V. A. and Caledonians vs. Canadian Woollens at the Exhibition Grounds, commencing at 3 o'clock prompt.

WHERE POTATOES ARE CHEAP

KINGSTON, Ont., May 7.—There is one place in Eastern Ontario where potatoes are cheap, and there is no need of a boycott. At Northbrook they are quoted at $4.25 per bag. Kingston market prices are six and seven dollars per bag.

LOOK WHO'S HERE

"Keeping Up With the Joneses", is the title of new Gus Hill offering which is to hold the boards at Grand theatre Wednesday evening only, with the usual matinees.

The play, which is a combination of music, fantasy, novelty, startling surprises, dancing and comething a chorus of pretty and fascinating young women, calculated capable of gracing any Broadway stage, is founded on the popular cartoons of Pop Momand which appear daily in the New York Globe and hundreds of other newspapers throughout the United States. It was Mr Hill who first conceived the idea of transferring newspaper comics to the stage as attested by the phenomenal success of "Bringing Up Father", etc. The new offering is surrounded with a beauty chorus and from all accounts is the most sensational hit that has been presented hereabouts in years. The cast is a large one containing thirty capable people.

MUSIC AND DRAMA

"ESMERELDA"

Last evening for the fourth time this week Artie Marks and Associate Players attracted an almost capacity house to the Grand and the play maintained the usual standard of excellence for which such productions are known. In the title role of Esmerelda which demanded some very clever work Miss Artie Marks made a splendid heroine and played the part with appealing girlishness. Each of the nine others in the cast were splendid, especially Mr. Tom Marks in the part of Mr. Rogers, Esmerelda's aged father. The plot was a very live and interesting story of the attempt of a crook to outwit Rogers by buying his farm which unknown to him is apparently rich in iron ore. The attempt is frustrated by Esmeralda's lover, the crook brought to justice and the audience departed with the happy consciousness that all ended happily. The specialities introduced between acts were clever and new and displayed excellent talent.

AT THE EMPIRE

The offering to-day and to-morrow at the Empire theatre, "The Honor System," is one of the greatest human dramas that has ever been produced and wherever it has appeared has held the house enrapted in its story which while carrying a pretty love story shows up the prisons of the south in all their grime and horror and the brutal treatment accorded the prisoners is unbelievable. How an innocent man was sent down for life in these dungeons and how at last reforms take place and "The Honor System" supersedes the old system, is tried out and wins, forms the plot of the production. The man is finally released and the man who drove him to the dungeons replaces him, and the former warden who delighted in his treatment of the prisoners, murdered by an ex-convict.

The leading roles are taken by such leading actors as George Walsh, Gladys Brockwell and Miriam Cooper. The western settings, the mines scenes and underground dives are magnificently produced.

The story of the plot is one that cannot fail to appeal to anyone in its human interest and the well filled house last night were eminently satisfied with the production, which appeals as much from its educational value as from the story of the picture. The picture should not be missed by anyone who appreciates a William Fox production.

LACROSSE TEAM WORKING HARD

GETTING IN SHAEP FOR THE OPENING GAME.

While the Peterboro Lacrosse Team is shaping up fairly satisfactorily, and every one is working hard from the president down to the raw recruits to make the team champions, the manager, Mr. John Sunderland, has one fault to find in the fact all players do not turn out at all times and would remind the boys that this means every night and Saturday afternoon.

On Saturday afternoon a particularly urgent request is made to all to turn out, from the President down—as business of the most important character will be dealt with. It is expected that the local team will play the excelsiors on the 24th of May and this clash promises to be one of the big sporting events of the season.

Wasps' nests are said to take fire very often because of chemical action of the wax upon the material of the nest itself. This might explain many of the mysterious fires up and down the country.

NEW SPRING WEARABLES FOR MEN AND YOUNG MEN

Clothing of Quality

Our New Spring Suits for men and young men are, without question, the best values we have ever before shown.

SIR RICHARD WINFREY TO VISIT PETERBORO

DISTINGUISHED GUEST WILL ARRIVE HERE ON MONDAY.

Peterborough will have a distinguished visitor on Monday next, when Sir Richard Winfrey, formerly Mayor of Peterborough, England, and now a member of the House of Commons, representing Peterborough, will visit here. Sir Richard will arrive on the noon train on Monday, and a luncheon under the auspices of the City Council will be held in the Empress Hotel at one o'clock. In the afternoon the Board of Trade will show the visitor and the gentlemen who will arrive with him around the city, while in the evening a mass meeting will be held in St. Paul's [illegible] at which all citizens are asked to be present to hear Sir Richard Winfrey and the other speakers.

The distinguished Britisher, who was for a time Minister of Agriculture in the Lloyd George Government, is deeply interested in the International Men's Brotherhood Federation, a world wide institution, known in Canada as the Christian Men's Brotherhood Federation of Canada, and it is with a delegation from the Brotherhood that he is touring Canada. Thomas Howell, the general secretary, wrote Rev. F. E. Malott and Joseph Wearing and the Mayor on the matter of a fitting reception to Sir Richard, and at a meeting of representative citizens, composed of Mayor McIntyre, Ald. Turner, Rev. F. E. Malott, E. Worth, A. Fraser, secretary of the Board of Trade, Ald. Crowe and Joseph Wearing, the definite programme for the day was decided after some discussion.

The members spoke on the ties of sympathy that had always bound the two cities, how during the war flags were exchanged, and at the time of the Quaker Oats fire, the first to extend their sympathy was the city in Lincolnshire. They all agreed that a most fitting reception should be given him, and they were reminded that when Ex-Mayor Denne visited Peterborough, England, some years ago, a like reception was given him.

It was decided to go ahead with the programme at once. Ald. Turner held that the city should have entire charge and pay the entire costs. Those present at the luncheon should only be limited by the capacity, and in inviting guests, the former officials and men who had been prominent in civic affairs should be given the preference. The programme after luncheon could be left in the hands of the Board of Trade, and Mr. Worth, president of the Board, said that they would take charge. In conclusion, Rev. Malott made it clear that the meeting in St. Paul's Church was to be purely a citizens' affairs and not of a religious nature. He suggested that civic men occupy the platform, and the suggestion was taken up. In the absence of the Mayor, Ald. Gordon will preside at the meeting. Meanwhile preparations for the luncheon and the afternoon's programme will be completed.

New Confectionery AND Ice Cream Parlour

Opened To-morrow at 186½ Charlotte Street

(Formerly occuped by Regent Tailors.)

Dainty Home-Made Chocolates, and choice Confections, made on the mises.

ICE CREAM, in the best flavors served in our Refreshment Room. Come in and see how well we can serve you.

JOHN PAYNE

BUSINESS GOOD IN THE WEST

Mr. A. P. McLean, of Winnipeg, who has been in the city, states that business in the West is quite good, but that some considerable loss has been sustained by ranchers owing to shortage of fodder for cattle.

TESTING RULING OF THE BOARD IN THE SUPREME COURT

Canadian Press:

OTTAWA, May 7.—Reference to the Supreme Court of Canada to test the power of the Board of Commerce to order retail clothiers of Ottawa to sell only at a profit which is reasonable and just in the opinion of the Board, is being heard to-day. The order, which has not yet been served on clothiers, constitutes a test of power, and the Supreme Court is asked to judge whether such an order is within the power of the Board and whether the machinery of the Provincial Civil Courts can be commanded to enforce it. W. N. Tilley, K.C., representing the Manufacturers' Association and other organisations, argued that the Canadian Parliament had not power to compel the disposition of property within the Province for the benefit of the whole country, or to prevent the holding of property for a rise in prices. W. F. O'Connor, K.C., will present his case for the Attorney-General this afternoon.

MACHINISTS ARE OUT ON STRIKE

PLUMBERS GO BACK AT NINETY CENTS AN HOUR.

Special to the Examiner:

WELLAND, May 7.—The machinists of the Billings and Spencer plant here declared a strike this morning, claiming an insufficient wage schedule. The plumbers went back to work this morning.

MR. H. R. ARMSTRONG GOING TO SUDBURY

Mr. Howard R. Armstrong, son of City Clerk S. R. Armstrong, is in the city for a few days, preparatory to leaving for Sudbury, where he will become associated with the law firm of McKessock and Miller. Mr. Armstrong passed his final year in the law school with honours. He was formerly associated with the law firm of Gordon and O'Brien in this city, and prior to that was a member of the Examiner reportorial staff. Mr. Armstrong has had a brilliant career in both the local schools and the law school in Toronto, and his partnership with the Sudbury firm will be watched with interest by his many friends.

COUNCIL COMMITTEE AS INTERMEDIARY IN LABOUR DIFFERENCES

Ald. Crowe expostulated with Mayor McIntyre last night for overlooking him as chairman of the Legal Committee when the question of electing Police Commissioners was before the committee of the Legislature.

Mayor McIntyre admitted that he had sent Ald Gordon.

Ald. Crowe—I think you should have mentioned it to me. If we give you the privilege of sending deputations, it is understood that it will be used only in emergency cases. I don't think you'd abuse that privilege, but if you have time you should let those who are interested know.

Mayor McIntyre—"If you were ignored I certainly didn't mean it."

Ald. Crowe—"I wasn't kept posted about the matter. How Ald. Gordon knew I don't know.

Mayor McIntyre—"I didn't know about the meeting in Toronto until Ald. Gordon told me.

Ald. Gordon—"I think I should make an explanation. I watched that matter as a citizen, pretty closely, and was advised by telegram when the bill was coming before the committee. I asked the Mayor if I might be permitted to oppose it. He asked me if any other Alderman was interested, and I didn't think about Ald. Crowe."

Ald. Crowe—"Your apologies are acceptable."

Committee to Mediate.

On Ald. Gordon's motion seconded by Ald. Crowe, a special committee was appointed composed of Mayor McIntyre, Aldermen Gainey, Whitehouse and Hamilton, with a commission from the Council to ascertain if meetings can be arranged between employers and employees between whom differences have arisen, with a view to adjusting these differences. They will endeavour to act as an intermediary body in the interests of the city as a whole and especially of the parties directly involved. They will also have the power to recommend to the Council, if expedient, the maximum wage to be paid employees of the city.

"I think we owe this as a duty to many citizens and their families and to the city as a whole," Ald. Gordon observed.

NO ALTERNATIVE TO HOUSING NOW

That the Council direct the Housing Commission to buy land and to erect a certain number of houses, is the last recommendation of Mr. F. H. Dobbin, who reported to the council last night that other methods had been considered but abandoned.

The Commission will meet the Committee of the whole at a meeting to be called soon, and a last effort will be made to hit upon a building scheme that will provide a number of moderate prices houses.

Mr. Bogue's Warning.

When the bylaw effecting a settlement with Edward and David Conroy was being read, Mr. James Bogue warned the council that his solicitor should be consulted.

"Mr. Bogue's interests are not jeopardized," Ald. Turner stated after hearing City Solicitor Widdifield.

"Very largely," replied Mr. Bogue. The bylaw was passed.

TOOMS BILL WAS ENDORSED

Canadian Press:

TORONTO, May 7.—Firemen in all Ontario municipalities will receive one day off each week, under a bill unanimously approved by the Municipal Law Committee of the Legislature to-day. The measure was introduced by T. Tooms, of Peterborough, and becomes effective in January, 1921.

Use brakes as little as possible and eliminate tire wear. In coming down a hill run on the engine, going into intermediate if necessary. A little care in driving saves a good deal of money in a year.

LATEST NEWS DESPATCHES

Special to The Examiner.

OTTAWA, May 7. — There is every prospect of an immense apple crop throughout Ontario this year Gordon Wilson, member for Wentworth, told the Agricultural Committee this morning when package regulations were under discussion.

A lengthy discussion turned on the point of future regulations being left to the Minister of Agriculture through order in council.

Members who have strongly opposed orders in council on other matters agreed that in trade matters this form of legislation was desirable.

INCOME TAX.

Special to The Examiner.

OTTAWA, May 7. — With the strenuous plea that the Dominion Income Tax System in Canada was as yet in its infancy and expressing a hope that within five years it would be second to none in the world, R. W. Bredner, Commissioner of Taxation, made a lengthy reply to criticisms of the system before a meeting of members of the Commons to-day. The Commissioner gave some figures which created considerable surprise, and at the conclusion of his address was voted to have cleared the air to a great extent of adverse criticism levelled at his department.

LAKEFIELD NEWS

LAKEFIELD, May 7.—There is a rumor in the village that the home of the late Mr. John Cooper has been sold to Mr. Nathan Payne.

Miss Alice Maloney of Peterborough, is the guest of friends in the village.

Mr. Wm. Murduff of Peterborough, was in the village on Thursday.

Miss Hilliard was up from Peterborough on Thursday.

Mrs. H. J. Stuart spent Thursday in Peterborough.

Mrs. Gibson was in Peterborough on Thursday.

Mr. Harry Blewett was in Peterborough on Thursday.

Mr. and Mrs. A. E. Dawson have moved up from Peterborough and have taken up their residence at "Cowley."

Social Afternoon.

The Ladies' Auxiliary of the G.W.V.A. held a social afternoon accompanied by afternoon tea in their rooms on Wednesday afternoon. Quite a number of ladies were present and the affair was such a success that the members of the Auxiliary and their friends are looking forward to the next one, which is due on the afternoon of the first Wednesday in June.

The New Dam.

The contractors have a large gang of men at work on the new dam. They are busy making piers and putting them in position for a coffer dam. They expect to have the water closed off on the east side of the river in about two weeks.

"SNORE MUFFLER."

The Illinois Central Railway has produced a "snore muffler," and promises the patrons of its sleeping cars will no longer be disturbed by the nasal noise performers. Of a truth, peace hath her victories no less renowned than war.

ANOTHER INDUSTRY MAY LOCATE HERE

In a verbal report to the council last night Ald. Gordon stated that the city was practically assured of another industry. He received a telegram last night which advanced the negotiations, of which the recent trip to New York was an incident, nearer to a complete understanding, and it was hoped that a definite announcement would be made shortly. This prospective industry was another argument for a housing scheme which Ald. Gordon declared to be Peterboro's first need.

RIDER TO MOTION ALONE PREVENTED STRIKE ON BRIDGE

When the Council refused to accede in full last night to the demands of the outdoor tradesmen and labourers for higher wages, a meeting was held immediately after in the Labour Hall. At first it was suggested that the men lay down their tools this morning, but prudent advisers believed they saw a conciliatory outcome that would be acceptable to everybody. It was argued that the rider to the Council's resolution fixed the new wages as a minimum rate, and empowered the contractor to pay an extra rate if he considered it necessary.

This was the wording of the resolution, and, in the hope that it would become effective to the extent desired by the men, they decided to continue at work. To-day at noon Mr. John Doggett, business agent for the carpenters, and Mr. Tom McMurray met Mr. Chas. Townsend, the contractor of the bridge. Mr. Doggett said the interview was satisfactory as far as it went. The men are anxious to avoid a strike, he said, are in a spirit of compromise, but they are positively sincere in their demand for a wage that will enable them to meet the increasing cost of living for themselves and families.

Mr. Doggett preferred not to go into the details of the negotiations that are proceeding. By a literal interpretation of the resolution, it is believed the men can be satisfied. The decision apparently rests with Mr. Townsend. That is the general understanding of those who attended the meeting and of some of the Aldermen who have discussed it to-day.

CANAL SYSTEM FOR THE NORTH COUNTRY

POWER VITAL TO DEVELOPMENT OF COUNTRY.

Canadian Press:

NORTH BAY, May 7. — The advantage of the deepening of the St. Lawrence River, to the Northern Ontario country, with its great resources of timber and mining, depended on the development also of the French river, connecting Lake Nipissing with Georgian Bay, according to statements made to the International Waterways Commission, which to-day recommenced here its sessions to hear the argument regarding the deepening of the International waterways to the sea. A. J. Young, a prominent citizen of North Bay, was the principal speaker before the Commission this morning. He told of the need for more electrical power for development of industries in the north country. This development would be realized, he said, by the canalization of the French River, as a tributary to the deeper Great Lakes and rivers system.

MINIMUM SCALE SET FOR CITY'S WORKMEN

(Continued from Page 1.)

"They get a man on there who just worries the men," said Mr. Pinch. He says, "I turned out so much work to-day," but he didn't turn out the work, the men did it, and if they bucked him he couldn't get anything done unless he fired the whole bunch. It's just the way some men worry a horse until it can't do the work the way it should."

Mr. Pinch indicated how the labourers could set their own pace, particularly in handling cement, and stated that no boss was harder on labourers as far as the amount of work done was concerned than his own fellow-workers.

To Ald. Turner Mr. Pinch stated that the men worked their gardens producing foods and often put in as much as a total of fourteen hours' work a day.

In his characteristic cheerfulness Mr. Pinch said he had lost 65 pounds working "in that hole" over there last summer.

"Down on the market if a man says he's geting only $3.60 a day, another is getting $4, the farmers won't take that into consideration.

Ald. Turner — You're as good as your father and he probably worked twelve hours a day.

Mr. Pinch—Prices were more reasonable then.

Slavery Time.

George Blodgett admitted that a nine hour day might be all right on light work in factories, but nine or ten hours on laborious outdoor work was "slavery time." He declared that under the 8 hour day ten loads of gravel were drawn as compared with seven loads in nine hours. Production he contended did not decrease.

Mr. John Doggett.

Mr. Doggett, speaking for the carpenters, said they felt justly entitled to the increase wage because of the tremendous increase in the cost of living during the last year. Besides they were prevented by weather conditions from working at their trades the whole year round. He enumerated about a dozen cities in Ontario in which the carpenters' scale was 85c. Some of them were smaller than Peterborough, others larger.

He had found that with the exception of rents the cost of living was as high, and in some instances a little higher, than in many other cities.

Referring to the scale in Guelph, Mr. Doggett said that the carpenters there received 55c. an hour last year and were the lowest paid in the province. They have accepted an increase of 20c. from May 1st and will get another 10c. on August 1st. This was higher percentage of increase than was demanded by the Peterborough carpenters.

Lose Best Men.

Mr. McMurray said that this city would lose its best carpenters if the rate was not moved up to 85c. The Council had given a raise to every city official this year and the carpenters asked only to be treated with the same generosity. Potatoes, bread, clothing, all the staple needs of the family were higher than ever, and the carpenters simply had to get higher wages if they were to pay thier way. Failing that they would go where the scale was above that in Peterborough.

Spend Money Here.

"We made a year's agreement with you last spring and we stayed by the 67 1-2c.," said Mr. George Parliament. "There was no grousing and the job, we are told, has gone on wonderfully well. You know what we are for you have seen our ewrk. Most of the carpenters are ratepayers and they desire to work here. It would look bad to see us get out of Peterborough to earn the necessaries of life. Others would come in and would not spend all their money here. They would send it home the same as we would do if we go elsewhere for higher wages. Three-quarters of the business men take a half day off, and most of them are not working more than eight hours. Why expect the carpenters to work more?"

Committee's Discussion.

After Mr. Darrah had conveyed the notice from the hoisting and mixing engineers, the committee settled down to discuss their problem.

Ald. Hamilton—I think the wages we offered them are fair.

Ald. Gainey—I think this discussion should be held in Council. Who put up the sign down there?

Ald. Hamilton — Mr. Townsend didn't get a notice from the labourers.

Ald. Gainey— Mr. Townsend took the responsibility on himself?

Ald. Hamilton— More or less. I didn't think the Bridge committee had anything to do with the question of wages, but that it should come before the Council.

Mayor McIntyre—The way I see it is this. Would any of us want to live on $1,900 a year. That's about what the labourers get, and the carpenters wage works out to about $1400.

Ald. Gordon— No, because we're skilled to a higher degree than labourers.

Ald. Jones—You and I, Mr. Mayor, have worked 15 hours.

Mayor McIntyre—We were working for ourselves.

Ald. Jones—I wasn't always.

Ald. Whitehouse—We are in a position of trust, and I want to be fair to both sides.

Mayor McIntre—I want to be fair to the city, but I want to be fair to the men too.

Ald. Hamilton—It seems to me the labourers should accept 50c.

Ald. Crowe—We should deal with them as we did with the city officails.

Ald. Gordon—Would you accept the scale as it stands?

Ald. Crowe—I think there is some room for getting together on it, but I'm favourable to giving them the whole demand. However, I would like to see a compromise.

Ald. Whitehouse— I believe the most of them are reasonable men and want to build the bridge economically.

Some members objected to the tone of the hoisting engineers' demand, and declared that they would not be coerced.

Ald. Crowe— That's all the more reason for meeting the labourers with the glad hand.

He suggested that 80c. be offered the carpenters.

Ald. Jones—If we set a rate on the bridge that sets the rate for the whole city.

Mayor McIntyre—I think it would be a saving for the men to stay at 80c. than to go out of town.

Ald. Hamilton—It's the same at 75c.

Ald. Jones contended that some of the carpenters on the bridge were not efficient tradesmen.

THE GOVERNMENT MADE PROFIT

British Government Admits Large Profits in Resale of War Supply.

LONDON, — It is estimated by some woolen spinners that the British Government made £60,000,000 from the sale of Australian wool last year and thus far in 1920. Replying to charges that both the Government and the Yorkshire spinners had made excessive profits, Sir Arthur Goldfinch, Chairman of the Wool Council of the Ministry of Minitions, told a representative of The Evening Standard that it was true the Government was reselling merino and cross-bred wool from Australia and New Zealand at a price "very much higher" than the basic price at which it was purchased.

"It was clearly understood," he said, "that when the wool was no longer needed for military purposes it should be sold at market rates and the dominions should receive one-half of the profit. Australia and New Zealand are clearly entitled to this.

"The rise in wool is confined to the more expensive qualities, merino and fine cross-bred. Medium and low cross-bred wools are about the same price as in 1916, calculated in British currency, but calculated in United States, Dutch and Scandinavian currency the prices for such classes of wool are considerably cheaper than they were during the war, and almost the same as the were six years ago.

"There has been a great run on the finer classes of wool, which are now being consumed more rapidly than they are grown, and a great rise in price was natural and almost inevitable."

Yorkshire spinners say that they simply could not help making profits. "A spinner has nothing to do in these days but sit still," said one, "and money rains into his lap."

A trade correspondent of The Times asserts that prices have been rushed up by the demand from the continent. The bulk of the woolen cloth and a large proportion of the worsted, it is stated, are going to Germany through the three Scandinavian countries.

NOT PROBABLE.

"Is it possible for a man to get thoroughly drunk in this town if he is willing to pay the price?" asked an arid arrival.

"Well, yes; I reckon it is possible," replied the landlord of the Petunia tavern. "But it don't hardly seem probable. You see the bootlegger takes you upstairs, and down cellar, and round and round like the rugged rock in McGuffey's old Third Reader, and so on and so forth, and then charges you 50 cents for cataracting three drops of diluted licker on your tongue with an eyedropper. Mebby a body could get drunk that way if he was rich enough but it does seem like an awful waste of time, money and patience."—Kansas City Star.

WEDDING BELLS

CLYSDALE—HAMILTON

St. John's Church, Peterboro, was the scene of a quiet but pretty wedding on April 28th at 5.30 o'clock, when the marriage was solemnized by the Ven. Archdeacon J. C. Davidson, rector of the church, of Miss Florence May Hamilton, one of the most popular young ladies of Hall's Glen, and Mr. A. G. Clysdale of Lakefield. The couple were unattended the witnesses being Mr. Joseph Hamilton and Mr. Arthur Little, brother of the bride. During the signing of the register and while the bridal party was leaving the church the People's Chimes rang out in honor of the occasion. A wedding dinner was served at the Empress Hotel after which the happy couple motored to their future home in Lakefield. Mr. and Mrs. Clysdale will reside at "Chfton", Queen street, and have the best wishes of a large circle of friends.

DIPLOMA FOR PETERBORO GIRL

On April 30th, at the Church of England Deaconess and Missionary Training House, Toronto, the graduating class were presented with their diplomas. Amongst the successful graduates was Miss Evelyn Jay, eldest daughter of Mr. and Mrs. Sam. Jay, of Peterborough. In addition to her diploma in the House, she also secured the diploma in nursing. Miss Jay is to be Welcome and Welfare Worker for the City of Toronto in connection with the Social Service Department of the Church of England.

SOCIAL AND PERSONAL

Messrs. Harold Long, Lloyd Stuart and Reginald Huff, of the Royal Dental College, Toronto, have completed their year's study, and are home for the summer vacation.

Mr. G. M. Huycke, son of Judge and Mrs. E. S. C. Huycke, and Mr. R. Armstrong, son of Mr. S. R. Armstrong, passed their final examinations in law at Osgoode Hall with honours.

Mr. T. J. Carley completed his final year at the Law School with honors. He is a nephew of Mr. R. R. Hall of this city and will take up work in Mr. Hall's office.

Mrs. Walter White will leave this evening for Barrie, to pay a short visit to her aunt, Mrs. Grasett, before returning to Peterborough.—Toronto Globe.

Mr. W. H. Waram, representing the McLean Pubishing Company, Toronto, was in the city to-day on business.

Dr. Middleton has returned from attending the Ontario Dental convention in Toronto.

Mr. and Mrs. George Degen are visiting relations in Toronto and Kitchener.

Mrs. McGee, of Sherbrooke street, returned, having spent a few days with friends in Madoc.

VOL. XLVI. NO. 109 — PETERBOROUGH, SATURDAY, MAY 8, 1920 — PRICE TWO CENTS

Germany Would Like to Postpone the Spa Conference

SETTLED WITH LABOURERS

COUNCIL'S CONCILIATION COMMITTEE ACCOMPLISHES A SATISFACTORY SETTLEMENT IN FIRST ATTEMPT.

WAGES ON BRIDGE WORK

Twenty-four hours after its appointment the Council's voluntary Conciliation Board justified its existence by arranging a mutually satisfactory agreement with the labourers employed on the Hunter Street Bridge. The wages set were 55 cents an hour for concrete mixers and 50 cents for general labourers, time and half for overtime, double time for Sundays and holidays. The eight-hour day was also accepted.

The labourers had demanded 60 cents for concrete workers, and the Council on Thursday night offered a 50 cent rate. Last year they received 45 cents. The general labourers wanted 55 cents, but compromised at 50 cents. It was also decided that the contractor be authorised to pay more than 50 cents to those general labourers whom he considered worth a little more than their general rate.

The members of the committee—Mayor McIntyre, Alderman Whitehouse, Gainey, and Hamilton—were all present, and the labourers were represented by Arthur Pinch, George Gregory, and George Blodgett, who were given full authority by their fellow-workers to accept any compromise increase they considered satisfactory.

Both the Mayor and one of the men signed the new wage agreement.

Carpenters Unsettled.

The committee also discussed among themselves, it was reported, the city's offer to the carpenters on the bridge.

At the Council meeting the wage was increased from 67½ cents prevailing from last year to 75 cents, but the union's demand is for 85 cents. It was stated that the committee were prepared for a further increase to 77½ cents an hour, but it is understood that the Mayor and Ald. Gainey urged an 80 cent rate.

There are some grounds for believing that the carpenters might come to terms at this wage, but there has been no definite information to that effect.

FORTY MEN WERE PLACED AT WORK

ACTIVITY IN THE LABOUR BUREAU DURING THE WEEK.

At the Government Employment Bureau during the past week, there were 90 applications, 32 vacancies, and 40 were placed—15 of whom were river drivers, who were transferred to Northern Ontario.

MUSIC AND DRAMA

"THE BRAT."

The second presentation this week of "The Brat" by Arlie Marks and associate players drew a large audience at the Grand last evening and the company made a big impression. In the leading role Miss Arlie Marks met any demands made for splendid acting and won an even warmer place in the hearts of the Peterborough audience. While it was originally intended by the company to put on an amateur night last evening this ever attractive item was, due to a miscarriage of plans, postponed until to-night, when a big evening is promised and a number of new features will be introduced.

SPECIAL SERVICES AT MURRAY STREET

The people of Murray street Baptist church have arranged very beautiful services for to-morrow, "Mothers' Day." The matter of securing the presence of those who would otherwise have been deprived of the privileges of the day is being ably handled by Mr. Charles Westbrooke, who has twenty car owners as his helpers.

The flowers sent in to-day will be used for the platform and immediately after the moving service will be sent to the homes of "shut in" mothers.

The choir will be present in full force and their music will be such as will appeal to the older friends present.

The hymns will be the old fashioned and loved pieces of the past.

Rev. J. R Webb will preach both morning and evening.

HEADACHES!

Headaches, indigestion, sleeplessness and nervous troubles are often caused by eyestrain. And eyestrain is caused by not wearing the right glasses. Right glasses will relieve eye-strain, and troubles due to eyestrain will disappear. See W. H. Lacey, Optical Specialist, 410 George street.

FORTY SOLDIERS FOUND IN RUINS

Believe Men Were Gassed and Overcome When Asleep.

(United Press.)

BRUSSELS, May 8.—The bodies of forty soldiers have been found in the cellar of a ruins at Ypres. It was believed they were gassed during the fierce fighting in this district in 1915. The men probably were overcome while asleep it was indicated. The bodies were all well preserved and were identified.

American Settlers

FORTY THOUSAND ARE EXPECTED TO PASS THROUGH WINNIPEG IN THE NEXT THREE MONTHS.

WILL BUY FARMS

Special to The Examiner.

WINNIPEG, May 8. — Forty thousand prospectors, out of which number, 35,000 will become settlers, will pass through Winnipeg in the next three months, from the United States, to examine land in Western Canada, according to reports to Rev. J. A. Bowman, local colonization agent, from Canadian agents in the United States.

Beginning next week, the rush of land seekers from the United States will continue all through the summer, with the majority coming in May.

"Judging from actual experience I would put the figure of prospects who decide to buy in Canada at 90 per cent," he declared.

American settlers, drawn from Minnesota, North and South Dakota, Montana, Illinois and other Northern and Central States are flowing into Canada because of the high rents asked for land, Mr. Bowman said. With the total rental at $20 an acre, the farmer could pay the first instalment on land in Canada and in three or four years paying sums no greater than his years rent, he would be the owner of a farm in a choice locality.

"It's a proposition that cannot help but come home to renters in the United States," he declared. "They have realized this for some years, but the war has naturally discouraged migration. This year there is nothing to stop them and they are going to come at the rate of 30 and 50 per cent. more than other years."

The invasion of prospectors has been held back by the Canadian land agents until the spring fairly sets in. The roads are expected to be dry next week and the first wave will be released.

WILL DEVELOP PULP INDUSTRY

FRASER COMPANY PLAN ADDITIONAL EXTENSIONS.

(Special to The Examiner.)

FREDERICTON, N.B., May 8. — The Fraser Co.'s Ltd. to-day exercised an option they have recently held on the Dominion Pulp Company's mill near Chatham on the Mirimachi and holdings of 288 square miles of Crown land timber limits. Somewhat more than $1,000,000 is involved in the transaction and the property will be taken over by the new owners on June 15th. The mills have a present capacity of 50 odd tons of pulp daily and this will be increased by the new owners by the construction of an additional plant It is understood that the latest acquisition by the Fraser interests have at least an indirect connection with their programme for acquiring the New Brunswick Railway Company's limits of 1,600,000 acres of timber lands being on the upper Mirimachi river. The Frasers own and operate 11 lumber mills and have two more in the course of construction. They have a pulp mill at Edmundston and the Dominion plant will make their second, while they are to have a big pulp and paper plant on the Tobique, authority for which was given by the Legislature this year.

THE CONVICTION WAS QUASHED IN DIVISION COURT

At the Divisional Court yesterday, the conviction against Dr. B. L. Heggie, of Brampton, convicted and fined $30.00, and costs, by Magistrate D. W. Dumble on 19th December, for running into Wm. J. Northey on the Lakefield Road on 14th November, was quashed on application of G. N Gordon. Peck, Kerr & McElderry appeared for Mr Northey, but did not oppose.

THE MARKET SENTIMENTS

CREDIT SITUATION ENGROSSES ATTENTION OF FINANCIAL MEN.

MARKET COMMENT

(Canadian Press.)

NEW YORK, May 8.—Sentiment in the stock market this week favored the long account, partly as a result of further stock dividends which range from 10 to 200 per cent. There was visible diminution of activity, however, due to public apathy. Credit situation continued to engross the attention of the financial community; interest in that quarter being heightened by detailed statement of local federal reserve board reviewing conditions of the first four months of the year. This suggested that further restrictions are needed to adjust anomalous economic conditions. Transportation shares improved, not only because of less tense relation in the labor situation but to a greater degree from the general belief that railroads are almost certain to receive substantial relief in form of higher freight rates.

Fall Deliveries.

General industrial conditions were somewhat obscured by the strike of New England textile workers and signs that schedules for steel and kindred finished products for autumn delivery are tending downward. Reports from leading centres of merchandise distribution pointed to reduced demand accompanied by lower quotations for various staples but foodstuffs ruled at or near maximum levels.

In the local market demand loans eased, but offerings of time funds continued to be limited almost entirely to 30 and 60 days renewals with fewer acceptances of commercial paper.

PRICES ON THE FARMERS' MARKET

POTATOES OFFERED AT $5.50 PER BAG.

This morning's Market was largely attended. There was an abundance of potatoes at $5.50 per bag, and of live pigs, but few vegetables were offered.

Butter dropped to 68 cents a pound, 2 cents lower than last Saturday's price, and eggs sold at 5 ocents a doz.

This morning's prices follow:

Potatoes, bag	$5.50
Live pigs, pair	$18.00
Butter, pound	68c
Eggs, dozen	50c
Veal, pound	24c to 28c
Onions, bunch	5c
Cabbages, six	25c

LAKEFIELD PERSONALS

LAKEFIELD, May 8.—Mr. J. W. Stuart, of Peterborough, made a business trip to the village on Friday.

Mr. and Mrs. Hilliard were up from Peterborough on Friday, and were the guests of Mr. and Mrs. T. B. Marling.

Mr. E. Young, of Young's Point, was in the village on Friday.

Mr. F. G. Young, of Peterborough, passed through the village en route to Young's Point on Friday.

SHOT AS A SPY

BEAUTIFUL WOMAN'S FATE.

Ira von Pernyi, the leader of the Budapest ballet, has, according to news received in London, paid a tragic penalty for her beauty.

Mlle. Pernyi, acknowledged to be the most beautiful woman in Budapest, long resisted all overtures for her hand. Shortly after the departure of the Roumanians from Budapest, after a stay of several months, she was reported "missing".

It was rumoured that a high officer on the staff of General Maderescu had been fortunate enough to capture the heart of the capricious dancer. A short paragraph in a Roumanian newspaper the other day announced her death for spying against Roumania.

Mlle. Pernyi had apparently excited the envy and hatred of the Roumanian women, for from a letter she wrote to a friend before her death she declared she was the victim of a hideous plot, and that incriminating documents had been placed in her baggage, which formed so powerful an indictment against her that even her friendship, with General Maderescu's staff officer availed her nothing.

General resentment against the Roumanians is felt in Budapest, as Mlle Pernyi was a universal favourite

SPYING OUT CANADA FOR THE IMPERIALS

Sir Richard Winfrey to Visit Soldiers' Land Settlements.

(Canadian Press.)

MONTREAL, May 8. — Sir Richard Winfrey, former Parliamentary Secretary to the Board of Agriculture in Lloyd-George's Government, passed through Montreal yesterday on his way to visit the various soldiers' land settlements in Canada.

He intends studying their working and also finding out which part of Canada would prove most suitable for Imperial soldiers coming to the Dominion.

He explained that the British Land Settlement Act places the settlement of soldiers in the hands of the County Councils, who are authorized to buy land, lease it to returned men in lots of from five to fifty acres, and lend them money for equipment equal to their capital, but not exceeding $500.00.

A VISITOR FROM PETERBORO, ENG.

CIVIC BANQUET FOR SIR RICHARD WINFREY—MASS MEETING ON MONDAY EVENING.

The Citizens of Peterborough will have an opportunity of hearing on Monday evening, the 10th inst., a distinguished visitor, from the sister city of the same name in England, in the person of Sir Richard Winfrey, who is touring Canada at present.

Sir Richard was for several terms Mayor of Peterborough, England, and at present represents that constituency in the British House of Commons.

Like many other Englishmen, who are inpublic life, Sir Richard has wide and varied interests. He is greatly interested in agriculture and he is deeply interested in men. One part of his visit is to promote the movement known as the "International Men's Brotherhood Federation."

The men connected with this movement in Canada who are planning Sir Richard Winfrey's engagements, are limiting his visits to the larger cities; but Peterborough is to be favoured because of the fortunate coincidence of bearing the same name as the city from which this distinguished visitor comes.

CIVIC LUNCHEON.

The civic authorities are planing for the meeting of Sir Richard Winfrey and his party and their entertainment at a civic luncheon. But the citizens generally will have an opportunity of hearing hi mat a mass meeting at St. Paul's Church at 8 o'clock on Monday evening.

This meeting will be open to everyone, and it is hoped by the committee in charge of the arrangements that this fine, commodious auditorium will be filled to capacity on this unique occasion.

OFFICIAL STATEMENT

KIEV REPORTED CAPTURED BY THE BOLSHEVIK.

(Canadian Press.)

LONDON, May 8.—Polish and Ukrainian troops captured Kiev on Thursday night according to an official statemen issued at Moscow yesterday and received here by wireless.

Text of statement says:

"In the Kiev region during the night of May 6 and 7, our troops engaged superior enemy forces northwest and south-west of Kiev. Toward evening the enemy broke into the outskirts of the town, but were held up by counter-attacks. Later our troops, in accordance with orders, started to withdraw in order to the left bank of the Dnieper river."

"In the direction of Pytaloff our troops repulsed an enemy advance twenty miles south of Krasny. In the direction of Igumen (east of Minsk), the enemy attempted to cross the Berezina river, but was driven back across the river."

Canada purchased 8,822 passenger automobiles and 2,164 motor trucks in cord of sales exceeds that of any other country.

Why is it dangerous to give an I.O.U.? See 'The SPORTING DUCHESS'

BOYCOTT IS INEFFECTIVE

HAS NOT THE EFFECT OF LOWERING PRICE OF POTATOES.

FOOD SUBSTITUTES

In connection with the recent boycott in Peterboro of potatoes which so far has not had the desired effect upon a lowering of the price one of the leading food authorities gave a few facts on food values which doubtless will prove a surprise to the housewives of the city who feel they cannot justly deprive their families of potatoes.

The following schedule shows the amount of calories, proteid and fat per pound of the three articles of food:

	Rice,	Macaroni,	Potatoes
Calories, per lb.	1,630	1,640	380
Protaid, per lb.	7.8	11.7	2.1
Fat per lb.	.4	1.6	.1

On this basis it was stated that macaroni, especially the sun dried Italian product was cheaper and more nourishing than potatoes. The mineral salts which are found in potatoes can be added artificially to the macaroni by boiling it in lime water, hard water and so forth. The value of macaroni depends of course upon the quality of the article. There are good brands and also brands that contain much less nutriment. But with a reputable make that costs from 12 to 15 cents a pound, macaroni as a food is cheaper and more nourishing than potatoes. It has much greater dietetic value than the potato which is 90 per cent. water.

Rice ha had such a rise in price that as a general substitute for potatoes it is too dear although in nutritive value is far superior. But even it is cheaper than potatoes at $5.40 a bag.

The comparison of prices showed that with potatoes selling at $5.40 a bag, that is six cents a pound, macaroni at 14 cents, and rice at 18 cents potatoes are a luxury, for they are ruinously dear both the other foods in the two principal constituents, fat and proteids, and the resultant calories. It takes 4 1-3 pounds of tubers to produce the calories that are the result of one pound of macaroni. At six cents a pound, it means that it cost 26 cents to produce the same number of calories that can be obtained from macaroni at 14 cents a pound. The difference is rather startling to the housekeeper.

NITTI'S FALL IS LOOKED FOR

(Canadian Press.)

ROME, May 8.—Opinion in Parliamentary circles is that Premier Nitti is running the risk of being overthrown. This is said to be due to decision of Catholic party to vote against the Premier, members of party considering that he showed weakness in his lenient attitude toward the socialists during recent disturbance in northern Italy. Leader of Catholic party said to-day: "If no agreement is reached before vote is taken in Chamber of Deputits, Nitti's fall is certain. In fact, all socalist deputies, numbering 156, despite Nitti's favoritism towards them must vote against him as matter of principle."

SOFT DRINKS UP IN PRICE

Commencing with the first of the week the local hotels raised the price of soft drinks and two per cent. to ten cents a glass of three for a quarter. Two per cent in bottles is now 15 cents. The hotel men say that their customers took the raise with the utmost resignation and failed to slacken up in their demands.

A COAT OF PAINT

The Grand Trunk Station will receive a coat of paint in the near future, Mr. MacNab, local agent, told the Examiner to-day.

The officials were evidently pleased with the effect the repainting and varnishing made on the interior and the G.T.R. painters will be on the job next week in all probability seeing what they can do to brighten up the exterior of the station like they have the interior.

With its repainting, its flower beds, and lawn the G.T.R. station will put on a more festive appearance than in years.

Motor trucks have been widely employed in European countries for industrial, commercial and agricultural purposes since the signing of the armistice

LAKEFIELD HAD A FIRE SCARE

Gasoline in Automobile Took Fire.

LAKEFIELD, May 8.— Lakefield had, what proved to be, a mild fire scare on Friday morning. The fire bell rang violently about 11.30 a.m. and a crowd collected to locate the fire, which proved to be in an unusual place. The gasoline in Mr. Jack Clarkson's motor car (the stage between Harvey and Lakefield) took fire and there was a pretty lively blaze. The car was standing on Colborne street near the station. The fire alarm brought out the two chemical engines, which soon extinguished the fire. The engine is in rather bad shape and one tire is damaged, but otherwise the car appears to be in good condition In a few days the damage can be repaired.

Evacuate Ireland

IRISH AGITATORS CONTINUE CAMPAIGN TO OBTAIN RELEASE OF PRISONERS.

United Press.

LONDON, May 8.—Irish agitators here to-day continued their campaign to obtain release of all Sinn Fein prisoners held in Wormwood Scrubbs prison. Fifty two of the hunger striker prisoners were released when exhausted from their self inforced fast, the Irish leaders said, while 127 were still in the prison in a serious condition.

A Dublin despatch said that the City corporation in Cork had asked the Parliament of the Irish Republic "to bring to the notice of the civilized world the fact that the coroner's jury which investigated the murder of Thomas MacCurtain, late Lord Mayor of Cork, had charged the police and the executive of the British Government with wilful murder."

The corporation urged the "Dail Eireann" to ask diplomatic action to compel the British "army of occupation" to evacuate Ireland.

TRADING LIGHT ON THE STOCK MARKET

PROFIT TAKING IN EVIDENCE AT MARKET OPENING TO-DAY.

(United Press.)

NEW YORK, May 8.—Fractional losses on a small volume of leading were registered by leading issues at the stock market opening to-day. Profit taking was in evidence in the steels and industrials. U.S. Steel 95 off 1-8; Reptoglo 89 off 1-8; Baldwin 115 1-4 off 5-8; Central Leather 73 3-4 up 1-4; Texas and Pacific 41 3-4 off 1-4; Studebaker 80 off 1-8; Pan American 97 1-2 up 1-8; N. Y. C 71 1-4 up 1-2; Crucible 138 1-2 up 1-2; Republic Steel 96 up 3-8; Texas Co., 78 1-8 up 1-8; Bethlehem B 94 1-8 off 3-8; Royal Dutch N.Y. 117 1-4 up 3-4

LATEST NEWS DESPATCHES

(Canadian Press.)

WINNIPEG, May 8.—Railway shop men throughout Canada will in all likelihood get the advance in wages asked for at the conference in Montreal between representatives of the men and Railway Association Demands were for 95 cents an hour for mechanics and seventy-five for helpers. The new wage scale will not become effective until the American organizations have come to terms, but will be retroactive to May 1, the Railway Association having given understanding to this effect.

SEEK A MONOPOLY.

(Canadian Press.)

WASHINGTON, May 8.—Marconi wireless company has offered to construct and maintain chain of wireless stations linking up every part of the British Empire if the government will accord it full monopoly, rights over such a system said a report received to-day by the department of commerce.

PEACE TREATY.

(Canadian Press.)

BUDAPEST, May 8.—Peace treaty will be submitted to Cabinet Ministers for final decision as to its acceptance or non acceptance instead of being sent to the national assembly

Cachemire and Algerian colors are seen in millinery.

CONFERENCE TO BE HELD

GERMANS WOULD LIKE TO POSTPONE THE ECONOMIC CONFERENCE AT SPA.

WANT A HEARING

United Press.

PARIS, May 8. — Germany would like to postpone the Spa Economic Conference until after the Reichstag elections on June 6th, it was learned to-day.

Dr. Wilhelm von Mayer, the German Charge D'Affaires, made this suggestion to Premier Millerand, saying the conference might be more profitable if it was held after the election in Germany next month.

Millerand replied there was considerable question about that but said France considered it necessary that the Spa conference be disposed of before the allied leaders meet in Brussels.

Canadian Press.

BERLIN, May 8. — Germany's delegates to the Spa conference will refuse to attend that meeting if not assured that they will be given a hearing, said Dr. Wirts, the Finance Minister, speaking at Dresden, according to the "Norddertsche Allgemeine Zeitung."

They will be prepared to lay the true state of affairs before the allied representatives, he declared ,and will be able to demonstrate that the economic position of the continent depends upon that of Germany.

FIRE DESTROYS A FRAME BARN

At 5:10 yesterday afternoon a fire broke out in a frame barn on Auburn street. The structure was burned to the ground despite the efforts of the firemen to save the building, but the loss is covered with insurance. The barn is owned by the Hurley estate. Two pigs were destroyed in the fire.

COST OF LIVING ON THE INCREASE

(Canadian Press.)

WASHINGTON, May 8.—A minimum of $2,500 a year is necessary for the support of a family of five in the United States, W. Jett Lauck, consulting economist for Railroad Brotherhoods, asserted to-day before the Railway Labor Board. Mr. Lauck, who yesterday charged corporate profiteers with being chiefly responsible for the present living costs, presented to-day a demand on behalf of the American 2,500,000 railway employees for the establishment of a minimum wage throughout the industry. He presented to the board compilations of budgets on the cost of living in the United States based on studies made under his supervision and by Federal and State agencies.

TO MAKE ARBITRATION COMPULSORY UNIONS MUST INCORPORATE.

Would Bring All Activities Under Federal Legislation.

(Canadian Press.)

CALGARY, Alta., May 8.—"Trade unions would have to be incorporated before making arbitration compulsory," remarked Alex. Ross, M.L.A., in the course of an interview in discussing the proposed action of the Federal Government in the matter.

"Quite a number of the unions are incorporated," he said, "but speaking generally, the unions have always been opposed to this because it places a tremendous weapon in the hands of the capitalist," he continued.

Mr. Ross stated that if they were compelled to incorporate it would mean that all their activities as industrial organisations would be subject to legislation passed at Ottawa.

GOT RICH QUICK.

Ten Shilling Investment Nets Soldier £2,500.

(Canadian Press.)

EDMONTON, Alta., May 8.—As a result of a ten-shilling investment Arebie C. Bond, a soldier who enlisted in Edmonton during the first days of the war, has been handed a cheque for £2,500, representing the first prize in a golden ballot scheme conducted in England in aid of settlements for disabled soldiers and sailors.

EX-KAISER'S DOUBLE

An amusing but impossible story is printed in a Berlin newspaper of the alleged arrest at sea by a British destroyer of a man whom it is stated the British believed to be the ex-kaiser, trying to escape from Holland.

A few days ago, it is said, the German Customs patrol ship was overhauled between Hamburg and Heligoland by a British destroyer. British naval officers came on board, and stated that the British Admiralty had information that the ex-Kaiser was in a Customs vessel. They then arrested the captain, who, it is said, closely resembles Wilhelm now that the ex-Kaiser has grown a beard.

"Conducted with all deference to his supposed rank," the prisoner was taken to a Dutch port, where he was able to prove his identity as a former German naval officer, Captain von Lubinski. He was accordingly released and returned to Germany.

Why the ex-Kaiser should want to escape puzzles most people. He is probably safer in Holland, which was very pro-German during the war.

Doctors Give Up His Case of Eczema
Wonderful recovery of a very sick man

This is one of the many striking stories we are publishing of what the D. D. D. prescription is accomplishing among Canadian sufferers. Cases from your own neighborhood will be sent on application.

"I was laid up all winter with weeping eczema. I tried every doctor in reach. Both hands, arms and legs to my knees were a sight. I have used several bottles of D. D. D. and am well of the terrible disease. D. D. D. is certainly cheap after the doctors."—Peter Mercer, Ft. Burwell, Ont.

The first drop of D. D. D. and the itch is gone. Your money back if the first bottle does not relieve you. $1.00 a bottle. Try D. D. D. soap, too.

MIXED FARMING IN WESTERN Canada—In Central Alberta and Saskatchewan are rich park lands —open prairie ready for the plow, interspersed with trees, which afford excellent shelter for stock. Here grain growing dairying and livestock raising are being carried on successfully. The country is ideal for mixed farming The Canadian Pacific Railway is offering a large area of these fertile lands in the neighborhood of Lloydminster and Battleford. These rich districts will become the home of thousands of prosperous farmers. On similar land, Seagar Wheeler grows the worlds' prize wheat. Near Lloydminster the world's prize oats have been grown and butter of the highest quality is made. A man can soon become independent on a farm here.
These lands can be bought now at prices averaging about $18. You pay down 10 per cent. If land is purchased under settlement conditions, no further payment of principal until end of fourth year, then sixteen annual payments. Interest is six per cent.
Irrigated lands in Southern Alberta $40 an acre upwards. Same terms. Write for illustrated booklet.

FANNY HURST'S MATE LIVES A FREE LIFE

DISCUSSING SECRET TRIAL MARRIAGE, SAYS HE NEVER HAS TO LIE TO HIS WIFE—HE STAYS AWAY FROM "HOME."

NEW YORK.—The "bark of their own designing" upon which Fannie Hurst, the author, announced yesterday that she and her husband, Jacques E. Danielson had been secretly sailing the matrimonial sea for five years is a craft just as pleasing to the skipper of the craft as to the first mate. By the "skipper" is meant Mr. Danielson, Russian pianist and collaborator with the late Rafael Joseffy; and by the "first mate" is meant Mrs. Danielson, who means for all her days to be known as plain Fannie Hurst.

"Miss Hurst has expressed exactly 100 per cent of my views in the matter," the pianist said in his studio in Carnegie Hall yesterday. "Why, if any one would know how I feel about it just let him ask some married man of five years' standing how he would like to have a night out without resorting to the hackneyed 'sick friend' or the age-worn 'lodge meeting' excuse.

"Think of leading one's own life with the real joy of a happy partner and none of the petty irritation of a companionship unnaturally close and intimate. Think of following one's own inclination and devoting an evening to composition alone in one's studio; or devoting oneself to any of a half dozen legitimate pursuits without coming home to a nagging wife who either is in a tantrum or in tears, who either upbraids one for brutish selfishness or sobs that one has ceased to love her. It is freedom!

"Anyone who chooses to appraise this union of ours, any man who has hesitated to take a mate, because he doesn't want to find himself jailed for life, any woman who is not willing to sink her whole identity, must realize that our five years of happiness have been founded on mutual and explicit trust. With suspicion and jealousy this thing is not possible. Only the deepest confidence in each other has made possible an arrangement which I may truly describe as ideal. We have succeeded through this long period in going his or her own way and driving tandem when that best suited our moods.

"A mutual arrangement such as ours means not only mutual sacrifices, but individual sacrifices. No one will deny that the ordinary, humdrum marriage demands adjustment. There have been those adjustments with us, too, but there is this to be said for our experiment—in return for those sacrifices we have found happiness.

"At any rate we have been happy for five years, our 'bark' has weathered the storms of those first five years which see the wreck of so many matrimonial cruises."

"Will your experiment terminate and pass into a quiet, conventional married life if you become parents?" asked the next interviewer.

"That is hard to say," said Mr. Danielson. "It really is hard to tell. Here is Miss Hurst now, maybe you had better ask her"

"No," answered Mis Hurst, "that does not mean that our basis of marriage would be altered. It might be adjusted, of course, but I can find no reason why, in essentials, it should not work just the same. I can see no reason why a woman with a profession of her own cannot raise her children more efficiently by en trusting their upbringing to a woman who is a professional in that way. That certainly seems to me to be the wiser way, at least while children are in the younger stage, unfolding like little buds growing into flowers.

"I do not, of course, mean that for an instant a mother's love and care should be denied—far from it. But much of the work of caring for them should be done by an expert, and certainly I think they will be better, happier and wiser children if they are reared under the watchfulness of a mother who has been big enough to see beyond their little noses, who has kept on with her own career and made her life as big and broad as possible.

"I know dozens of professional women who have kept up their careers yet who have been supremely good mothers, women who have gone on writing or singing or teaching or what not, yet whose love and devotion to their children is undeniable and who have made better little men and women for their own wide contact with the world. If that is true, and I think it will not be denied by those who know, why cannot my husband and I continue our happy domestic arrangement yet do our full duty and desire by them?"

ST. JOAN OF ARC THE MARTYR

TO BE CANONIZED ON MAY THE THIRTEENTH.

On the feast of The Ascension which this year falls on Thursday, May 13th., there will be completed at the Cathedral of St. Peter, Rome, the canonization of Joan of Arc other wise known as "The Maid of Orleans Everyone knows the story of this national heroine of France, one of the most remarkable figures that has flitted across the pages of history for half a thousand years.

Many years ago the initial steps towards her canonization were taken and her beatification was completed in 1909 on April the sixth.

And now this victim in her life time of error, suspicion, betrayal, victory, persecution and martyrdom, who was burned at the stake in Rouen in 1431, is to be linked with the long list of martyrs and confessors of the faith to whom honour and praise are to be offered on the Roman Catholic altars

The Examiner has made arrangements for an article on the life and history of Joan of Arc, by a writer well known to its many readers. This will be published next Thursday—the day of her canonization.

HIS LIFE RUINED BY DYSPEPSIA

Until He Tried "FRUIT-A-TIVES" The Wonderful Fruit Medicine

MR. FRANK HALL

Wyevale, Ontario.

"For some two years, I was a sufferer from Chronic Constipation and Dyspepsia.

I tried every remedy I heard of without any success, until the wife of a local merchant recommended 'Fruit-a-tives'.

I presumed to try 'Fruit-a-tives' and began the treatment, and my condition commenced to improve immediately.

The Dyspepsia ceased to be the burden of my life as it had been, and I regained all Constipation.

I feel that I owe a great debt to 'Fruit-a-tives' for the benefit I derived from them."

FRANK HALL.

50c. a box, 6 for $2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

JUST ONE PERMIT AFTER ANOTHER

Exacts Plenty of Tolls On Furs.

(Canadian Press.)

WINNIPEG, Man., May 8.—Hon. Valentine Winkler, provincial minister of agriculture, states that the collection of the royalty on furs, established by statute at the last session of the Legislature, was being made principally at The Pas, where the department has a representative to do this work. In addition to this, he said, the department received a monthly return from all fur dealers in Winnipeg in which they declared the amount of furs that they handled during the month as well as the source they received them from. A dealer, he said, could not get a fur tanned in the province without a permit from the department which stated that the tax had been paid. Neither will the railway companies handle furs for shipment unless a similar permit has been received. Mr. Winkler said that some thousands of dollars had been received from this source of revenue already.

Few People Know This

Large doses of pills for the liver are not as efficient as small doses.

The big dose purges its way through the system fast, but does not cleanse thoroughly.

The small dose (if right) acts gently on the liver, and gives it just the slight help it needs to do its own work, and do it well.

Take one pill regularly, until you know you are all right.

"Peterborough Presents Possibilities Unsurpassed."

SATURDAY, MAY 8TH, 1920.

THE VICIOUS CIRCLE.

Confirmation of the argument made in these columns yesterday that higher wages are not the solution of the present industrial situation is furnished by the reports of the conditions in England, where the Labour leaders have begun to realize that the constant demands of one trade after another for increased remuneration are not having the desired effect. The lot of the workers, instead of being helped by the increases is being injured by the resultant rise in the cost of living and the old country Labour leaders are seeking a new way out, convinced that higher wages and shorter hours will not in themselves bring about an improvement. The "vicious circle" of high wages and the increase in the cost of living is to be broken if the executive of the Triple Alliance of Miners and Transport Workers can evolve a plan that will be feasible. The move of the Labour leaders is to be commended as a step in the right direction. It has been proved beyond the shadow of a doubt that increasing wages cannot in itself solve the problem.

THE SITUATION IMPROVED.

The industrial situation in Peterborough, it is gratifying to be able to report, has shown a great improvement during the past twenty-four hours, which have seen the end of the strike in the plant of the Canadian Packers and a satisfactory settlement of the wage question with the labourers engaged on the Hunter street bridge and in other city work.

The walkout of the packing house employees was a regrettable incident, caused largely by the fact that the men who left their work had been unaware that the scale of wages paid in the local plant was higher than in other packing houses throughout the country. The employees showed common sense in speedily deciding to end the strike when the facts were placed before them and to return to work at the same wages as before.

That there should have been any trouble of this kind in the Canadian Packers plant has been a matter of surprise to many citizens, for the relations between the heads of the firm and of the employees have always been of a cordial nature and it was generally recognized that under the management of Mr. Gordon Matthews, there had been fair treatment and consideration for the welfare of the employees. Indeed many of the later have frequently spoken appreciatively of the conditions existing in the plant.

The news of the end of the strike was welcome news to the citizens generally, for the incident was regarded as a matter that affected the whole city.

WORK THE REMEDY.

Work, says Sir Auckland Geddes, Great Britain's new ambassador to the United States, is the only way through which the old world can be rescued from its present distressing condition. Geddes' picture of the situation in the old world outside of the British Isles, was horrifying, as the London Advertiser points out, but he believes that with the aid and sympathy of the American people, the stricken nations of Europe will pull through— that help and increased production

Work, work, and more work, is the main remedy, according to Sir Auckland, and it is a truth that we in Canada, even in our prosperity, should take ot heart. There is no spectacular way out of the trouble. Stability, sanity, safety, can only be won back and kept secure by prolonged and steady effort. High wages is no the remedy. The economic, industrial and commercial world can only be steadied by production. Prices will drop only when our labor hard and concentrated, forces them from the high levels. The cure is not to be found in sovietism, the red methods of the anarchists, or the direct action and other schemes of the various kinds of socialism. Salvation, as Geddes says, is to be had through plain, every-day work that is within the reach of every one of us.

THE HOUSING PROBLEM.

The City Council is hardly to be commended upon its indifferent attitude towards the housing problem. The matter is being allowed to drift along with the building season well under way and nothing done to relieve the situation. There is not an available house in the city. New industries are being established that will necessitate homes being found for many new citizens Where are they to be housed?

The difficulty of the problem is admitted, but the fact that the way out is not easy to find should key the Council up to greater efforts rather than to cause them to adopt a policy of inaction and delay. Mr. F. H. Dobbin, of the Housing Commission, recommends to the Council that the only solution that the Commission can see is for the city to build houses and sell them. The matter has been turned over to the committee of the Whole Council for consideration and it is to be hoped, in the general interests of Peterborough, that the aldermen will make a sincere, honest and energetic effort to grapple firmly with the problem. There has been too much diffidence and too much lack of vision and initiative in dealing with this question. It must be faced if Peterborough is to make progress. Unless the housing problem is solved the city might just as well stop the hunt for new industries. If we cannot house the workmen who will be brought here by the new concerns, it is only increasing the difficulty of the situation to bring in factories.

THE MOVING PICTURE.

Differences of opinion regarding the motion picture as a portrayer of drama still exist. They do not extend to its usefulness and interest in presenting for visible observation the events of the day, and in making it possible to store these away for study by future generations. More important for the students of coming years than many millions of the words printed about the World War will be the moving pictures taken on land and sea relative to that tremendous conflict. Ten, fifty, or one hundred years from now it will be possible for those who read of the armies, their leaders, and the statesmen of the Allied and belligerent countries to know not only how these looked, but how they bore themselves in many and varied scenes and circumstances. Nothing in the way of still portraiture can ever convey the impression of real life that the moving picture is able to give.

It is to the educational possibilities of film presentations to the general public that the attention of those who have a thought beyond the evanescent pleasure of a "movie" play should be consistently directed. This is particularly true of Canada. There are now 840 moving picture theatres in this country, some 300 of which are in Ontario. Toronto has just over 100. The daily average aggregate attendance at moving picture houses in Canada is between 650,000 and 750,000. In Toronto alone it is 75,000. Thousands of people who witness these performances throughout Canada see scores of topical events depicted in life-like reality upon the screen. Up to a very short time ago the majority of these were foreign, and the largest percentage of them from and about the United States, where the moving picture has been developed to a degree of super-excellence. It is now possible for any show house in the country to obtain topical events pictures taken in Canada that rank in every phase of comparison with those taken anywhere else.

Some proprietors and managers make a special point of presenting the best Canadian topical pictures every week, with others of international interest. Many of them, and often these are enterprising Americans, continue to present a jumble of pictures from across the boundary line. These frequently are really of very little importance; but constant repetition fills the minds of a large number of moving picture patrons with the thought that there is nothing so good in their own country. The Dominion and Provincial Governments and the great railway systems of the country know better than that. They are using many films in their advertising and propaganda campaigns for immigration, agriculture, and health instruction, and tourist traffic. Canada's natural beauties, her industries, and her events are no less important to the people than those of other countries.

With nearly three-quarters of a million Canadians attending moving pictures daily, there ought to be on the part of all organizations interested in good citizenship and the training of the young an insistence upon two things—clean plays and the presentation of topical events relating to their own country. It would be childish, of course, to bar news pictures from other lands, but these should not, as is too often the case, entirely supersede Canadian events.

The men who own or operate the moving picture shows are not in the business for their health alone. A great many of them are anxious to know what their patrons think, and the suggestion box is a feature in their houses. This is one medium by which public opinion may make itself felt. Because of its comparatively low prices, the motion picture house has become in many centres a family institution. Its influence will be to a very large extent what the heads of families make it. If they insist on having the best for amusement and well-selected educational features about their own country, they will get them.—Toronto Globe.

WON'T OBEY HARBOR MASTER

KINGSTON, Ont., May 8.—For failure to carry out the order of the harbor master, and remove the schooner Robt. MacDonald, sunk in a slip last fall, the owner, Capt. Sudds, has been summoned to the Police Court.

SANDRA THE JEALOUS

By JANE PHELPS

EVERETT EXPLAINS HIS ACTION.

CHAPTER CXVII.

The next morning Everett said:

"Do you imagine, Sandra, that I have allowed you to dispose of Leola's things for any reason save the one that it is foolish to allow them to go unused when so many people need clothes. I may have felt at one time that I would like to keep them, but that feeling has long since passed away. Now it seems not only foolish, but wicked, to keep them locked away when they might make someone happy. Mrs. Gray will help you look them over, and pack whatever you want to send your twins. If there is anything else Mrs. Gray or Hetty can use, let them have it."

His explanation took a bit from my enjoyment of the task I had flattered myself, had hoped, he was doing it because of me; because he thought perhaps it would make me happier to know they were gone—as he had said of the picture. It was instead only his common sense which had actuated him, that and his generosity. His feeling for me had nothing to do with his action.

"You are getting altogether too much puffed up, Sandra Graham," I scolded myself aloud. "You think you are of more importance than you are." Yet I was very happy, very determined to be nice to Everett for all he had done for me.

I have often wondered why so many good resolutions are broken. We make them in all honesty, then something comes along to disturb us, and we forget all about them. I was filled with gratitude when I determined to be nice to Everett; with jealousy when I forgot my determination.

In one of the drawers holding an evening dress I had come across a note from Everett to Leola. It was pinned in the inside of the waist, and the pin scratched me, else I might never have found it. The other letters had been hers to him, and I had suffered in the reading. But it was nothing like what I endured when I read Everett's passionate words. Each one burned into my heart and brain.

"He never said those things to me," I moaned as I rocked back and forth on the floor in my agony. "He never loved me like that."

That he had been young, a mere boy, when they were written, never occurred to me; had it, it would have seemed to excuse, not palliated the offence. He had never had loved me because he had not told me so in the words he had used to Leola—the woman whose place I had taken in his home, but not in his heart.

I was gone so long that Mrs. Gray knowing my errand to the attic, came to look for me.

"What is it, Mrs. Graham? Are you ill?" she asked.

"Yes—no—please leave me alone a while."

"You are sure you are not ill—" then she stopped. She had seen the note tightly clutched in my hand, the gown across my knees as I sat huddled on the floor.

"Yes—I am all right."

"Don't let anything that happened years ago distress you," she said, kindly. I made no answer, and she left me alone with my misery.

I sat there for an hour longer. Then stiffly rising, I left the dress where it fell, and still holding the note went slowly down to my beautiful room. But evidences of material care for me were as nothing now.

"If he had only said things to me like that—only once," I moaned as I again read the impassioned words. Then, woman-like, I put it carefully away where I could torture myself in the future by reading it again, and again go through an orgie of self-pity as I was now doing.

Everett's anxiety because of my pale face made no impression on me.

"What have you been doing to make you look like that?" he asked.

"Nothing. I am a little tired, that is all." And for the first time I was glad, really glad, when he told me he was going out for the evening. I even forget to speculate as to where he was going.

To-morrow—A Distressful Night.

Work is a Pleasure
When Health is Good

With lots of rich, red blood coursing through the arteries and veins to keep up nervous vigor and muscular strength, there is a joy in living and work becomes an actual pleasure.

If tired at times, healthful natural sleep soon restores the wasted energy and you are happy in being able to accomplish things—to do your work thoroughly and well.

It is only when the blood is thin, the system run down and the nerves starved and exhausted that work becomes irksome and you get down-hearted and discouraged. In this condition you do not rest and sleep well, get up tired in the mornings and dread the day's work ahead of you.

It is under these circumstances that Dr. Chase's Nerve Food can be of inestimable value to you.

By feeding to the blood the elements from which new blood is formed, Dr. Chase's Nerve Food builds up the run-down system in the most natural and rational way imaginable.

Through the blood stream new vigor and energy is instilled in the nervous system and the benefit is felt throughout the whole body.

The functions of the vital organs are resumed, digestion is improved, you sleep and rest naturally and regain gradually and certainly the vigor and energy of health.

By using Dr. Chase's Nerve Food you can to a large extent be master of your health. 50 cts. a box, all dealers, or Edmanson, Bates & Co., Ltd. Toronto. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

COST OF LIVING SWELLED BY TINSEL

ELEGANT BOXES FOR CANDIES AND SOAPS RAISE PRICE OF ARTICLES.

NEW YORK.—Useless tinsel and other things to catch and deceive the purchasers eye and so telegraph to his or her brain the false impression that the contents of a package are worth the enormous price charged are among the causes for the high cost of living. Would not candy taste as well if sold in a plain box, unadorned with expensive trimmings? But who would pay from $1 to $3 for a pound of candy unless it was properly "dolled up" in accordance with the current conception of what is au fait?

The tinsel habit is not confined to America, as the following recent letter from a Paris correspondent clearly indicates:

A Be-ribboned Sausage.

"I bought for a friend a truffle Strassburg sausage at a famous charcuterie near the Madeleins. It was cross-gartered from end to end, like Malvolio's stockings, with red, white and blue ribbons. It was a really handsome sausage and cost me $17. As there was none more plainly trimmed I had to take it. When I met the lady for whom I had bought this object d'art she said, 'The sausage was excellent, but why do you buy foie gras at the milliner's?' Do you know there were exactly two and a quarter yards of beautiful Lyons silk ribbon at 4 francs 95 centimmes a yard round it?"

"So I gathered that without counting the modiste's wages I had paid at least $2 for the trimmings.

"I told these stories to a Frenchman who is among the founders of *the new movement for introducing* the simple life among sausages and other articles of domestic use. He invited me to his office, where he showed me a large collection of expensively got up goods—toilet articles, and so forth, which, while intrinsically of small value, had been turned into articles de luxe by clever traders.

7 Wrappings for Soap.

"Here was a stick of shaving soap, for example, weighing about two ounces and worth perhaps five cents. It was sheathed in heavy tinfoil, then wrapped in greaseproof paper and folded around with artistic 'advertising matter,' explaining that when you bought somebody's 'savon pour la barbe' you knew you were sure of getting real soap and nothing but soap—an obviously untruthful statement.

"The shaving stick thus apparelled was placed in an aluminum tube, itself lined with thick paper, and to protect not the soap but the tube, there was an outside covering of tissue. Finally the whole was packed in a neat carton, and to protect that there was another covering of paper. Seven wrappings and a metal case for one poor little scrap of soap! The retail price was nearly a dollar.

"There was also prettily decorated boxes containing three tablets of ordinary toilet soap, each tablet in three wrappings, the outermost one a beautiful example of art printing and the box itself lined with lace paper. Price, over $2.' These were specimens of the dainty paper sack in which Parisian candy stores place their wares. Before the war, when candies cost $1 a pound, the bags were given away. Now that the bon-bons cost three or four times as much the customer is charged 10 to 40 cents for the bag.

"My friend also had a collection of the picturesque cartons in which the Paris dry goods stores pack nearly everything. At the present price of print and pasteboard some of them cost several francs. The customer does not pay for them separately, but he pays. There was also quaint and artistic scent flasks, some designed by famous artists, like Lalique. Every time a woman buys a bottle of these perfumes the maker compels her to buy another flask, which accounts for at least half of the $8 charged. He will not sell fashionable perfumes in bulk or in a plain bottle.

"If you want these particular brands my friend said, 'you have to pay for these packings. It is pure waste. In nearly every case paper receptacles could be used, at least for the home trade. But there is a mad competition among packers as to who shall produce the most wasteful form of covering.

MY HEART WILL BE IN DUMMER.

Some love the noisy city well,
And sing its praises loud,
But Dummer's peaceful scenes for me
Far from the busy crowd;
No purer pleasure, I will own,
I ere can hope to know,
Than just to roam those woodland glades
Whre sweet wild floweers grow.

It is not that I do not love
The city's frivolous ways,
Or slight the spot where I have spent
So many happy days;
But betimes, I'm weary, weary
Of the hollow pomp and show,
And I long to be in Dummer,
Where soft spring zephers blow.

Though brilliant with luxuriant bloom
Gay city gardens be,
Trim lawns bedecked in emerald fair
And dwellings good to see;
With every pleasing charm combined,
Ingeniuos art can show,
My heart will be in Dummer
Where bright sparkling streamlets flow,

Oh, bonny are those rugged hills,
That circle Warsaw round,
And winding by yon ancient Kirk
The Indian seaward bound;
As Moses longed to tread the land,
He saw from Pisgah's height
So on old Dummer's fertile fields,
I long to feast my sight.

There nature wears her richest robes
When summer smiles serene,
Nowhere are cloudless skies so blue
Nowhere the grass so green;
Enchanting too the silvery songs
Of warblers on the trees,
Heaven's music in her babbling brooks,
And life in every breeze.

Blissful days we've whiled away there
Days that ne'er can come again,
Save in dreams, of silent slumber,
Or fond Fancy's swift winged train,
While in these veins life's vital tide,
Continues warm to flow,
Continues warm to flow.

My heart will be in Dummer,
With the friends of long ago.
—Mrs. A. F. Calder,
Peterboro, Ont.

THESE DANGEROUS DAYS.

Chug-chug! Br-r! br-r! Honk! Honk! Gilligillug-gilligillug.

The pedestrian paused at the intersection of two busy cross-streets.

He looked about. A motor car was rushing at him from one direction, a motorcycle from another, a steam truck was coming from behind, and a taxicab was speedily approaching.

Zip-rip! Zing-glug!

He looked up, and saw directly above him an airship in rapid descent.

There was but one chance. He was standing upon a manhole cover. Quickly seizing it, he lifted the lid and jumped into the hole just in time to be run over by an underground train.

Why are

The Last Corn

When you end your corn with Blue-jay, it will be the last corn you let grow.

You will know how to stop the pain. And how to quickly and completely end all corns.

There are millions who use Blue-jay now, and they never let a corn remain.

The new-day way

Blue-jay is the new-day way, the scientific method.

It was perfected in a laboratory world-famed for its surgical dressings.

It is supplanting the many treatments which are harsh and inefficient.

It has made paring as ridiculous as it is unsafe, for paring doesn't end corns.

Do this tonight:

Apply to a corn a Blue-jay plaster or liquid Blue-jay—whichever you prefer.

Mark how the pain stops. Then wait a little and the corn will loosen and come out.

© B & B 1920

What that corn does all corns will do. Some 20 million corns a year are ended in this way.

Don't suffer corns. Don't have your feet disfigured. They can be ended almost as easily as a dirt-spot on your face. They are just as inexcusable.

Don't forget this. It means too much to you.

Ask your druggist for Blue-jay.

POTATOES $3.90 A BUSHEL AT EDMONTON

Washington Dealer Pays $28,000 for 10 Carloads

(Canadian Press.)

EDMONTON, Alta., May 8. — Twenty-eight thousand dollars seems a fabulous price to pay for ten carloads of potatoes, but such a sum changed hands when a dealer of Yakima, Washington, purchased approximately 7,000 bushels of Edmonton grown tubors at $3.90 per bushel, the highest on record for such a large shipment. The potatoes are to be shipped to various points in the state of Montana.

FRECKLES

Don't Hide Them With a Veil; Remove Them With Othine—Double Strength.

This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

A RESOLUTION OF CONDOLENCE

The following resolution was passed by the City Council at the regular meeting:

Moved by Ald. G. N. Gordon, seconded by Ald. Joseph Crowe.

That this Council give expression to the sense of loss it feels the city has sustained by the death of Mr. W. H. Moore, K.C. Mr. Moore was an active and valuable member of this Council for several years, and in addition was a Commissioner of the Peterborough City Trust, and during several years chairman of the Trust, and was for over fourteen years a member of the Utilities Commission, and chairman of that Commission also at the time of his death. In these several public positions, as well as a director and chairman of the Board of Directors of the Little Lake Cemetery Company and in other public associations, Mr. Moore always evinced a sincere desire to serve the public efficiently, and his ability enabled him to carry out that desire during the many years he devoted to public service with great benefit to the community. Highly esteemed personally and appreciated for his public services, his death is sincerely regretted by the people of the city and district, and this Council joins in expressing to the bereaved members of this family their deep sympathy.

A SMILE IN EVERY DOSE OF BABY'S OWN TABLETS

Baby's Own Tablets are a regular joy giver to the little ones — they never fail to make the cross baby happy. When baby is cross and fretful the mother may be sure something is the matter for it is not in baby's nature to be cross unless he is ailing. Mothers, if your baby is cross —if he cries a great deal and needs your constant attention day and night —gives him a dose of Baby's Own Tablets. They are a mild but thorough laxative, which will quickly regulate the bowels and stomach and thus relieve constipation and indigestion, colds and simple fevers, and make baby happy—there surely is a smile in every dose of the Tablets. Baby's Own Tablets are sold by medicine dealers or by mail at 25c a box from the Dr. Williams' Medicine Co., Brockville, Ont.

MANITOBA GOVERNMENT APPEALS THE SENTENCE GIVEN IN MURDER CASE

(Canadian Pres.)

WINNIPEG, Man., May 8.— Believed to be the first instance of its kind in Canada, the Attorney-General's Department has ordered an extension of the evidence in the De Forge murder trial, for the purpose of appealing. According to the department, Wm. Elnech, Harold Burdie and H. Clements, sentenced to 25 and 15 years respectively for De Forge's death, should all have been convicted of murder.

The appeal, it is stated, will not affect the present sentence passed by the court, but will be rather in order that it can serve as a precedent for future cases.

CHANGE OF SECRETARY

HORTICULTURAL SOCIETY BUSINESS NOW CONDUCTED IN BOARD TRADE OFFICE.

Owing to pressure of other business, Mr. J. H. Callander, who accepted the duties of secretary of the Horticultural Society only in an effort to help out when help seemed scarce, has found his time is too fully occupied to allow proper attention being given to the work, and asked to be relieved of the position. The Board of Trade management very kindly consented to have the office loacted in their rooms, with Mr. J. W. Fraser as the secretary. The change has now been made, and members will save time by sending their dues and marked option lists to Mr. Fraser at Board of Trade. The time for planting is right at hand and members are advised to act at once so their options can be secured and delivered as early as possible.

MRS. SAMUEL GOMPERS DIES AT ADVANCED AGE

WASHINGTON, May 7.—Mrs. Samuel Gompers, wife of the President of the American Federation of Labor, died at her home here last night after a long illness. She was 60 years of age and had been married for more than half a century. Funeral service will be conducted here and the body will be taken to New York for burial Sunday.

Give it Fair Play

The Direction Book with each package tells so plainly how to diamond dye over any color that you can not make a mistake.

To match any material, have druggist show you "Diamond Dye" Color Card.

WILL REMAIN TRAINING DEPOT

Officers Believe Ottawa Will Not Become Depot.

(Canadian Press.)

REGINA, Sask., May 8.—Regina will be a special training depot where every man who enlists in the Royal Canadian Mounted Police force will get his training. It was believed that another training depot would be established at Ottawa but according to officers of the force Regina will be the only training depot.

It's Easy to Peel Off All Your Freckles

The contrast between the freckles and the clear skin usually is so great that no bleach can be more than partially successful in obliterating the disfigurements. Ordinary mercolized wax is far better; it literally peels off the freckles. Get an ounce of it at the nearest drug store and to-night spread on enough to completely cover the face; remove in the morning with warm water. Repeat daily until every freckle has disappeared.

Rough, blotchy, pimpled skin, also common at this season, may be entirely gotten rid of by his same method, without discomfort or inconvenience. The effort is decidedly worth while, the new complexion obtained being so clear, smooth and youthful.

LADIES AID HAD SUCCESSFUL YEAR

St. James' Ladies' Aid, on Tuesday afternoon, 3rd May, closed one of the most successful and prosperous years in the history of the church. During the year the receipts amounted to $1,554.66, and after paying out for various objects $1,358.33, there still remains in the treasury $196.33.

After the usual business, the election of officers took place, and resulted as follows:

President—Mrs. Alvin Wilson.
Vice-president—Mrs. James Ruth.
Secretary—Mrs. Thos. Brown.
Asst Secy.—Mrs. Emery
Treasurer—Mrs Harold Fry.

May Is Progressive Month at The Cressman Store

Chesterfields and Chesterfield Chairs —The Finest in Our Stock

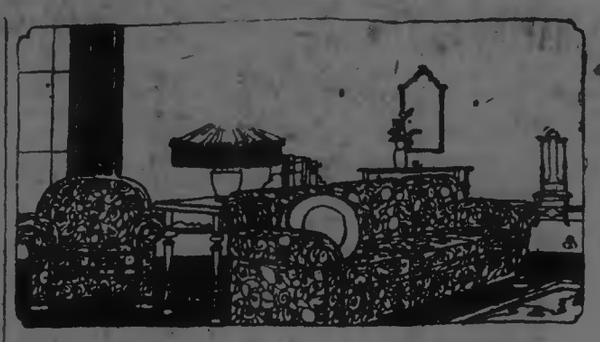
Reduced for Three Days—Monday, Tuesday and Wednesday

An Old Fashioned Metal Knocker Used to Hang on Every Front Door

Occasionally one is seen to-day, but it is there only because of its decorative value.

We have a fine regard for artistic things, but a metal knocker would be out of place on any of our five front doors. They are wide open from 9 a.m. to 5.30 p.m., and to 9.30 p.m. on Saturdays. Everyone is privileged to enter and we endeavour to make all feel at home. May is Progressive Month at the Cressman Store.

The Cressman Co., Ltd.



These beautiful overstuffed Chairs and Chesterfields are upholstered in fine quality French and Italian tapestry in handsome designs that are aided by deep rich colourings. They are made by expert craftsmen, who put quality into their goods. The seats, arms and back are all double stuffed, and only the best quality of hair and moss is used. The seats and backs are webbed and equipped with separate Marshall spring cushions.

THE BARNET REFRIGERATOR
Saves Food Bills
Ice Bills Doctors' Bills
Worry and Work

Easily perishable goods will keep for days in a Barnet and they will retain their full, fresh flavor. Furthermore, one food will not taint another. Baby's milk will keep sweet and pure, guarded securely from any invasion of disease germs or bacteria by the constant circulation of fresh, chilled, dry air. Women who own Barnets estimate that these refrigerators will pay for themselves in a short time through saving in food alone.

The Barnet has eleven walls to keep the heat out and the cold in. That means a slow consumption of ice. Economizing. The temperature is always low, ranging from 30 to 40 degrees.

SPLENDID RUG MADE IN CITY

SHORTAGE OF MATERIALS AFFECTS PETERBORO RUG INDUSTRY.

Unusual interest has been displayed by passers-by in the splendid rug forming the central background of Richard Hall and Sons window, and of the many who made intersted inquiries few were not surprised to learn that the rug was manufactured at the Brinton Carpet Works. In an interview which followed an inquiry, Mr. C. H. Thompson, manager of the Brinton Carpet Works, said that the rug was the only one of its kind in Canada and that there is only one loom in Canada other than that at the Brinton Works which could attempt to produce a similar rug which Mr. Thompson called a semi-Persian, having practically all the distinguishing features of the original Persian rug. The artistic maze of colors and indistinct pattern, combined with beautiful weaving. The regular manufacture of the rug is to be commenced, now that the sample rug has proved perfect, at the Works very shortly.

Shortage of Labour.

Discussing the general manufacturing situation, Mr. Thompson lamented the great shortage of skilled weavers, and labour generally, which naturally effected production. He said that the high prices for rugs, which are absolutely trebled from those of 1914, have had absolutely no effect upon the demand and their orders keep the factory working full time.

Shipping Dominion Wide.

The products of the factory are shipped throughout the Dominion and are at all times, by reason of their fine texture, beautiful coloring and general excellence, very greatly in demand by all leading wholesale houses. Asked the reason of the apparently unreasonable high prices of carpets and rugs, Mr. Thompson stated that one example of the rise in cost of manufacture is linen yarn, which is bought in Italy and which while in 1914 cost 16 cents a pound is now quoted at $1 and at present there is none to be procured at that price. Wool had gone high and cotton worse than that, while wages are much heavier than ever before. "A rug," he said, "for which one would have paid $30 in 1914, is now easily $90, and when people see the increased cost of manufacture they are surprised that conditions are not worse than that. He said that he has no hope for any lowering of price for the present at least.

Bonner-Worth Wool.

Asked if he used home manufactured wool, Mr. Thompson stated that he could use all the wool the Bonner-Worth could produce, and actually uses a great percentage of their products.

I KNOW A WOMAN'S SUFFERINGS

I am a woman.

What I have suffered is a far better guide than any MAN'S experience gained secondhand.

I know your need for sympathy and health.

And the treatment that gave me health and strength, new interest in life, I want to pass on to you, that you, too, may enjoy the priceless boon of health.

Are you unhappy, unfit for your duties? Write and tell me how you feel and I will send you ten days' FREE trial of a home treatment to meet your individual needs, together with references to women in Canada who have passed through your troubles and regained health; or you can secure this FREE treatment for your daughter, sister or mother.

If you suffer from pain in the head, back, or bowels, feeling of weight and dragging down sensations, falling or displacement of internal organs, bladder irritation with frequent urination, obstinate constipation or piles, pain in the sides regularly or irregularly, bloating, dyspepsia, extreme nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feeling up the spine, palpitation, hot flashes, weariness, sallow complexion, with dark circles under the eyes, pain in the left breast or a general feeling that life is not worth living, I invite you to send to-day for my complete ten days' treatment entirely free and postpaid, to prove to yourself that these ailments can be easily and surely overcome at your own home, without the expense of hospital treatment, or the dangers of an operation. Women everywhere are escaping the surgeon's knife by knowing of my simple method of home treatment, and when you have been benefited, my sister, I shall only ask you to pass the good word along to some other sufferer. My home treatment is for all,—young or old.

MRS. M. SUMMERS, Box 917 - - Windsor, Ontario

Read My FREE Offer!

To Mothers of Daughters. I will explain a simple home treatment which speedily and effectually dispels green-sickness (chlorosis), irregularities, headaches and lassitude in young women, and restores them to plumpness and health. Tell me if you are worried about your daughter. Remember it costs you nothing to give my method of home treatment a complete ten days trial, and if you wish to continue, it costs only a few cents a week to do so, and it does not interfere with one's daily work. Is health worth asking for? Write for the free treatment suited to your needs, and I will send it in plain wrapper by return mail. Cut out this offer, mark the places that tell your feelings, and return to me. Write and ask for the free treatment to-day, as you may not see this offer again. Address:

PICKED UP AFTER A LONG FLIGHT.

900 Miles Out in the Pacific, Plover Lights on Deck of Steamship.

(Canadian Press.)

VICTORIA, B.C., May 8.—Almost exhausted from its long flight, a bird of the plover species picked out the Nippon Yusen Kaisha liner Tajima Maru as a haven of refuge as the big steamship was ploughing her way across the Pacific for this port.

The liner was about 900 miles out from Victoria, when the feathered visitor settled helplessly on the boat deck. Flying aimlessly above the broad expanse of the ship, the bird had sought invitation for something to settle upon in order to rest its weary wings, and it eagerly accepted the accommodating vessel to save itself from destruction.

The bird was picked up and soon revived when ministered to by a member of the ship's crew. It proved very tame and displayed no inclination to resume its flight.

NO ONE SCOFFS NOW AT SALVATION ARMY

Efforts Universally Appreciated From the King Down to His Humblest Subject.

The older generation will remember the sneers and scoffs with which the earlier pioneers of The Army were greeted when they planted their Banners at the street corners. All that has gone, and the great war waged by the Salvationists against the powers of evil and folly, cruelty and vice is universally appreciated from the King down to his humblest subject who comes under the flag.

So true is it that there is hardly a street or alley in any of our large towns which had not yielded a bitter harvest of misery to be cured and of wrong to be righted. Half a century—and still the fight goes on.

In the great work of national reconstruction on new lines of freedom and self-determination The Salvation Army has no mean share to undertake in raising those who have fallen by the way in the press of the struggle for existence.

Like other movements of its kind the diversion of financial aid to the imperative and overshadowing needs of the greatest war in history. Now, in the happier dawning days of peace in celebration of The Army's Jubilee, which really fell in 1915, but was postponed till the sound of the guns had died out, the call is once more confidently made for help.

There are so many urgent directions in which the Army's work for humanity lies, that the appeal for the fund which its Officers have set out to raise as the Special Jubilee Fund should meet with a generous and ready response from men and women of all classes and all creeds.

Let Us Be Known as
A THRIFTY PEOPLE
Let us stop spending heedlessly, and needlessly, and begin to save now and save regularly.

THE SOLDIERS' AID FUND

By F. H. DOBBIN

The Honorary Secretay, Mr. W. H. Nickle, of Kingston, has addressed a letter to the several branches of the Patriotic Fund throughout Canada, enclosing copy of a communication from the Acting-Premier, Sir George E. Foster, and calling attention to the request of the Acting-Premier that the contents of the letter be communicated to the members of committees and officials of the several branches.

Following is a copy of the letter:

PRIME MINISTER'S OFFICE
Ottawa, April 29, 1920.

Dear Mr. Nickle,—

As I understand that the administration of the Federal Emergency Appropriation is practically completed, I desire on behalf of the Government to convey to you and to your officers, associates and local workers, our sincere and grateful appreciation of the splendid manner in which the Patriotic Fund rendered a Great National Service during the past winter months in handling this most difficult problem.

When Sir Robert Borden last December requested your organization to undertake the work, we all realized its magnitude and the many difficulties that surround it. Now that the work is completed it is gratifying to know that the confidence placed in the Patriotic Fund which has rendered such valuable service in the past has been fully realized.

Faithfuly yours,
(Sgd.) GEORGE E. FOSTER,
Acting Prime Minister.

W. F. NICKLE, Esq., K.C.,
c/o The Patriotic Fund,
Ottawa, Ont.

Little Relief Required.

It has come to be accepted as a truism, during the last five years of war work, that nearly always anticipated conditions do not present themselves in the shape as anticipated. It has proved to be the case in this latest work, that of distribution of the Emergency Relief.

When the Government set aside a sum, so large as $40,000,000 it was anticipated that circumstances of unemployment existed to a larger extent than proved to be the case. Not only was there less of it, but the fact developed that the object of the returned soldier man was not to secure relief as a gift but rather than employment should be found for him whereby he could earn that which he wanted.

As applications came in and cases were investigated it was seen that the greatest beneficial factor that could be made of us was to secure employment. Pressure was placed on the distribution, from Ottawa, that so rapidly as at all possible positions and places should be found for those who claimed to be without work. It developed, that in no space of time, all over the country, were so many men placed as in the last five months. Securing employment lessened the demand on the Appropriation.

Then a material factor in the situation was the large number of men who had applied and did apply for courses of instruction in the several trades and occupations. Each one awarded a course, presently drew the usual allowances for himself, and if a man of family, for his wife and children. The course taking in a term of six months, and the allowances existing during that time made quite a factor in lessening the calls on the Appropriation.

It is seen that the Appropriation was a substantial benefit that accrued to men, who being in need of medical attention, were enabled to gain that service and yet have a source of income while under treatment. If the affliction were due to service, then the applicant was assigned to treatment at Kingston, and the medical disability allowances appropriated. But there were a number of cases where the rules of the D.S.C.R. allowed for treatment but for no allowances. Such cases were at once taken care of from the Appropriation, supporting the family, if one, while the man was in hospital or under treatment in his home. This feature of the Appropriation work proved most serviceable.

There were many cases of what was defined as "inadequately remunerated employment." Where the man was earning money but not enough to meet the needs of the family, it was permissable, and acted on, to make an allowance sufficient to bring the family income up to normal. In numbers of cases this was a positive relief and removed anxiety during the winter months. Cases of absolute unemployment were given attention in due form and for periods as determined until employment could be found.

Taken in all, the distribution was practical. In some ways it was hampered by the rules existing in other branches of the S.C.R., forming delays that could not be avoided. These were remedied so far as possible and difficulties smoothed out. The cost of work to the Government, in the district covering the city and county of Peterborough, and also reaching as far east as Cambgellford and south to Port Hope and Millbrook, was only one and three-tenth per cent. on the dollar as distributed.—F. H. DOBBIN.

FIRST WOMAN SECRETARY OF THE DEPARTMENT OF AGRICULTURE

REGINA, Sask., May 8.—Miss Isabelle Cummings has been appointed secretary of the department of agriculture, provincial government and has the distinction of being the first woman in Canada to be appointed to such a position.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" on Aspirin is of "Bayer Tablets of Aspirin" which like Sterling on silver. It positively identifies the only genuine Aspirin,—the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Tin boxes of 12 tablets cost but

Always buy an unbroken package a few cents. Larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to protect the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

MEAT PACKERS ARE RETURNING TO WORK

RELINQUISH CLAIMS FOR ADDITIONAL INCREASE IN PAY.

The strike of the meat cutters of the Canadian Packing Company terminated late yesterday afternoon, when following an interview by their committee with Mr. Gordon Mathews, the manager of the local plant, they decided to return to work on the same terms as when they went out.

Several of the men stated that they had been misled in regard to the wages at other packing plants in Canada and also in the matter of their status with the International.

It seems that they had their charter only four months, and according to the union rules they could not get strike pay if they went out within six months of receiving the charter.

It was also stated that previous to the strike they had been swayed by mis-statements of the wages paid in other packing plants. The men a short time ago received an increase of seven cents, and they went out for an additional five. They go back at the seven cent figure, and expect the plant to be operating in full again next week.

Several of the men declared that the new conditions were even worse than the old. Employees who were working on a "flat time" basis will now be paid the day rate and some men who had received a 10 cent instead of the seven cent increase are cut back to seven; foremen shall not belong to the union, and about a dozen men will not be re-engaged until they have personally interviewed the manager.

Chicago has a motor hospital which visits remote districts to treat patients.

PARLIAMENTARY PIFFLE

Lindsay Warder: The other day, the editor of the Port Hope Guide, with an entire lack of respect for the august dignity of the Legislature, dared to hint that the members of the House were making more of a record in absences than attendances at the House, and it was even suggested that if a hurry up division call was sounded in one of Toronto's up-to-date movies the show would be put "on the blink" by the stampede of members from the rural districts.

Such a journalistic offence could not be overlooked, and the other day Mr. S. S. Staples, M.P.P. for Durham, rose in all seriousness to protest. He gave the galleries something to smile over and the members something to make them justly indignant by reading [illegible] Guide.

"Is the opinion of the member [illegible] of the way the Legislature is being carried on?" he demanded, and the House registered a vigorous negative.

And the House loudly applauded its agreement.

VISIT JAPAN.

(Canadian Press.)

HONOLULU, May 8.—The Prince of Wales is expected to visit Japan next year, according to a Tokio cable to "Nippu-Jiki," the Japanese newspaper here The message adds, that on the tour the Prince would visit India and also Australia for the second time.

Prevent Influenza—Internal Bathing the Best Method

Did it ever occur to you that if the system is kept perfectly clean, both inside as well as out, how much easier it would be to keep yourself free from contagion? It is only when the blood is not kept clean and pure that you are unable to throw off disease.

The great cause of impure blood is constipation, allowing accumulated waste to remain in the system, especially the colon, where the entire blood circulation passes every twenty-four hours. There, poisons are taken up by the blood and the system becomes a prey to any infectious disease that may be prevalent.

The only method of properly keeping the colon and intestines clean is by bathing internally. The J.B.L. Cascade is the only perfect appliance for this purpose, and only purified warm water is used. It positively removes constipation and keeps the system as clean and healthy as nature intended it should be.

If you want to avoid being sick or to regain your health, keep your system clean and your blood pure. Thousands of Canadians have proven this wonderful health-giving method, and scores have been restored to perfect health by using the J.B.L. Cascade without taking drugs of any kind.

There should be a J.B.L. Cascade in every home. It is being shown and explained by Warne Drug Company.

THE DUBLIN OUTBREAK

On April 20 and 21, 1916, an attempt to land arms and ammunition in Ireland was made by a disguised German auxiliary vessel which H.M.S. Bluebell ordered to go into Queenstown for search. The vessel, however, suddenly flew the German flag, the crew put off in two boats and the ship foundered. The men were captured near Tralee. Later on a small boat was seen to capsize in the surf and Sir Robert Casement, who had evidently landed from it, was taken prisoner in an old fort. On April 24 the storm burst in Dublin, the Castle being seized by rebels, as well as the General Post Office, the Four Courts, the College of Surgeons, the Workhouse and Jacob's Factory. Stephen's Green was held by the rebels and all communication with England was temporarily cut off by the Post Office occupants. Tramlines were torn up and the city put in darkness, railway bridges destroyed and rails cut. On the Wednesday the Admiralty steamer, "Helga," came up the Liffey and bombarded Liberty Hall, the headquarters of the outbreak. The Sinn Feiners, as the rebels called themseves, made their escape when the shells reached its climax on Thursday and Friday, when artillery was brought into play at every point and the bombardment continued unceasingly, the city being illuminated with great conflagrations. On Saturday the 29th, the rebels surrendered unconditionally to General Lowe, two-thirds of their "army" having been killed, wounded or taken prisoners. Fourteen of the leaders were shot, four sentenced to penal servitude for life, twenty-one for ten years, while forty-one received shorter sentences. Up to May 9 the military losses were 124 killed and 500 wounded. 180 civilians were killed and 794 wounded, these lists being added to almost daily as men and women succumbed to their wounds or died from shock. Casement was tried for treason and executed.

HUDSON BAY COMPANY CELEBRATES 250TH ANNIVERSARY.

Will Observe Event At All Posts.

THE PAS, Man., May 8.—Continuing the Western-wide celebration of the 250th anniversary of the Hudson Bay Company, posts throughout northern Saskatchewan and Manitoba will hold individual observances of the event at treaty payment time.

Manager Conn, of the local post, is arranging for a celebration for the Indians in The Pas at treaty about 3rd June.

Tells Just Why He Keeps On Using Them

QUEBEC MAN GETS RESULTS FROM DODD'S KIDNEY PILLS

Mr. H. Dinelle Suffered from a Complication of Kidney Troubles and Tells How Dodd's Kidney Pills Helped Him.

Cheneville, Que., May 7 (Special)—"I suffered for eight years from diabetes, neuralgia of the heart and rheumatism.

"A year ago I commenced to take Dodd's Kidney Pills.

"My health is very much improved."

In these three concise sentences Mr Hyacinthe Dinelle, a well-known and highly respected resident here, tells why he recommends Dodd's Kidney Pills. Mr. Dinelle is still using Dodd's Kidney Pills. He believes that his troubles are caused by sick kidneys and that Dodd's Kidney Pills are the remedy he needs.

Sick kidneys are the cause of many serious diseases. When the kidneys are not right they fail to do their full work of straining all the impurities, all the seeds of disease, out of the blood. There can be no pure blood if the kidneys are wrong. There can be no good health unless the blood is pure.

Ask your neighbors if Dodd's Kidney Pills are not the sovereign remedy for sick kidneys.

CHINESE TROOPS USED BY THE BOLSHEVIKI

WARSAW, May 8.—Russian marines and Chinese troops were brought up by the Bolsheviki for the defence of Kiev, according to reports received here from the front. Marines defended the ground north of Kiev. The Chinese, reports indicated, are being used in the front line in places. Reinforcements sent in by the Bolsheviki it is stated, also include Bolshevik Lettish forces, some of whom were captured by the Poles. The ground held by the Poles at various places in front of Kiev was taken by bayonet charges, Bolsheviki defending villages and entrenchments on hills until they were killed or taken prisoners.

LABOUR SITUATION IMPROVES.

Fewer Out of Work in British Columbia.

(Canadian Press.)

VANCOUVER, B.C., May 8.—Continued improvement in the labour situation of British Columbia is indicated in a statement issued here by the office of the Dominion Employment Service for the Province.

The report shows a steady decrease in the percentage of out-of-works, with a more steady demand for all classes of help.

HOW ABOUT IT?

"Bah, the marriage ceremony!" he angrily exclaimed as he strode up and down the room. "You promised to obey me. Do you do it?"

"Bah, again! You promised me your worldly goods. Do I get them?" she retorted quickly.—The Country Gentleman.

INSULTED STOMACH DOES NOT HIT BACK

Will Digest Unsavory Food as Readily as Dainty Viands.

How insulting we can be to our stomachs and get away with it, is well illustrated in a report made to Science by Ralph C. Holder, Clarence A. Smith and Philip B. Hawk, on some experiments they made at Jefferson Medical College, Philadelphia.

It has been said by one of our leading physiologists that "what a man likes best he digests best," but these experimenters proved that so far as actual digestion was concerned an unpalatable meal eaten in untidy surroundings was almost as well utilized as a palatable meal in pleasant surroundings.

Some students were fed for a week on savory food, carefully weighed, in an attractive room and all their excretions were weighed. Then for two days the *same* kinds of food were made disgusting by mixing together meat, biscuits, jelly, cornstarch, oleomargarine, *pudding*, etc., in a porcelain dish smeared with charcoal. This they ate upon a dirty table, strewn with dirty dishes, while to make the meal repulsive to the nostrils, some iodol was springled under the table. One of the students could not eat it but the other, who managed to get the unsavory mess into his stomach, digested within one per cent. as much of his meals as he had when daintily fed.

All of which proves that it is easy to insult the stomach without arousing it to hit back, but it does not throw any real doubt upon the statement that what we like best we digest best, for the stomach, long suffering as it is, has its limit of tolerance.

BRITISH INDUSTRIAL BOOM.

LONDON, May 8.—Sir Robert Horne, president of the Board of Trade, speaking at a dinner of the London Chamber of Commerce, said that the present state of British trade showed that the nation could go forward with the greatest confidence. There was less unemployment, he said, than at any period before the war, although about 800,000 more people were at present engaged in industry.

About 85 per cent. of the returned soldiers, he added, had been absorbed in industry.

DETROIT POLICE SEARCH FOR CANADIAN HEIRESS

DETROIT, May 7.—William H. Powell of Toronto, has asked the police to aid him in finding Beatrice Stringer, aged thirty, who is supposed to be a waitress in a Detroit hotel. Miss Stringer is said to be heiress to an estate in the Canadian City.

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears, are getting hard of hearing and fear Catarrhal Deafness, go to your druggist and get 1 ounce of Parmint (double strength), and add to it ¼ pint of hot water, and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs but little and is pleasant to take. Anyone who has Catarrhal trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.

Take Your Time, Don't Hurry!

There is no need for so much rushing on baking days, hurrying to get your cakes in the oven—such exhausting exertion adds baking to the list of household drudgeries.

You can take your time yet do more with

EGG-O Baking Powder

than with other brands because the leavening action of Egg-O only ceases when your cakes are properly baked—No matter if you do have to wait several hours for your oven.

And don't worry if your oven does cool off. Egg-O will leaven your baking with less heat than most other brands.

And above all, don't worry about fallen cakes, follow the directions on the label. You will use less Baking Powder, and have better baking.

Egg-O Baking Powder Co.
Limited
Hamilton, Canada

THE PETERBORO LADIES ARE TAKING THE OUIJA BOARD CRAZE TO HEART

SEANCES ARE BECOMING MORE FREQUENT AND THE REVELATIONS MORE STARTLING—HOW TO FIND OUT YOUR NEIGHBOR'S AGE.

When some one remarked the other evening at a citizens' meeting called to discuss the high cost of living, that she wouldn't know if the ladies failed to fulfill the pledge to forego the use of potatoes for one month, as she had no ouija board, some people laughed, some frankly didn't see what it meant, while a few displayed haughty surprise at such irreverance. A few wondered just how far the ouija craze had been carried throughout the city and made investigations which resulted in surprising revelations:

Practically every store had absolutely sold out of the boards, but were not at all surprised at being asked for them and some offered to add the inquirer's name to the waiting list, which was said to be heavy." "Practically every day we have inquiries for them," one merchant claimed and where we sell one, friends of the purchaser invariably follow up in a few days to have a personally owned deviner of the past, present and future, and we hear some weird tales of what the board has revealed.

A Seance.

Following up the investigation a practical demonstration of the use of the board was seen later, and four apparently sane, grown women sat in rapt attenion at what they called a seance, while two others worked the board and made it answer such questions as "How high will sugar go this year," which the ouija, whether prompted by the soul of some dead and gone profiteer or by the ladies, answered, "35 cents a pound this summer." Such an impression was created by this apparent wisdom that each lady made a mental note that she must get in a supply this week.

The Favorite Question.

Apparently the favorite question with the female devotees of the board is, "What age is so and so," and though ouija is known at times to exaggerate to the extent of a year or so the ladies agree they can always get an approximate estimate. They did not even hesitate to communicate with the dead and when one lady backed down a bit the others jumped on her and assured her that Sir Oliver Lodge says we can so we shall. And Ouija answered them to such an extent that they retired confident that the souls of all their departed at least were amongst the elect who rested peacefully.

Any hint that anyone was working the board to suit herself was received with the utmost indignation and the doubting one felt decidedly unpopular in the midst of these psychic ones. When the doubters failed to get any personal proof of the efficiency of the board they were assured that no one cuild communicate with the spirit world without they had faith, but if they had any questions to ask the board would answer them for them. However when one asked who would be the next Mayor of Peterborough, when the Hunter street bridge would be completed and what caused the strikes, either the ladies hadn't the nerve to help ouija out or the board had grown sulky, but at any rate it refused to answer.

Finale to Many Social Events.

One shop keeper said that the ouija board is the inevitable finale to a great many bridge patries amongst people that the inquirer would be surprised at and that there is a clique which meets periodically for seances.

BUSINESS ONLY FAIR AND NOT TOO BRISK

SOME HOUSES COMPLAIN THAT ORDERS ARE FALLING OFF, OWING TO HIGH PRICES.

Toronto reports to Bradstreets's say that while business generally is declared to be good, there are those who claim that there is a noticeable falling off in orders. This dulness is said to greater than might be attributed to a seasonal lull and is due, they claim to the public commencing to restrict purchases. It is claimed in some quarters that travelers have had difficulty in disposing of certain lines of articles, retailers claiming that the prices asked were too high. On the other hand, there are many who declare that they find business is active as ever with no slackening in the demand and further that if they could only get the goods, they could do much more trade than they are doing now. Manufacturers are busy and the great difficulty is to obtain sufficient quantities of various raw materials. The grocery trade is good, with prices firm. Hardware continues to show strength and prices are still on the upward trend. Textiles are still scarce in many lines and prices tend to the firm side decidedly.

Backward weather has retarded building operations in some parts of the city, but the outlook for this branch of industry is promising.

In the surrounding rural districts, it is claimed that there has not been very much growth yet owing to the cold weather prevailing. The condition of crops that are already sown, however, such as fall wheat, etc., is reported to be very favorable, and there are prospects of a good yield on the acreage sown. Eggs this week are setady in price, but with a tendency to weaken somewhat. United States eggs are again coming to the market and some have been received from Western Canada. Butter is tending easy, while the cheese market displays a stronger tone owing to the cancellation of the maximum importing price on cheese by the British Ministry of Food. The grain trade is quiet with prices at the moment very firm and high. Cattle values in the livestock market are firm. Payments are reported to be fair to good.

TRAVERS' INQUEST OPENED.

LONDON, Ont., May 7.—The jury empanelled to inquire into the death of Robert W. Travers, manager of the Bank of Montreal, who was killed on the Grand Trunk Railway at Waterloo Street Wednesday afternoon, viewed the remains at Griffin's Morgue last night, and adjourned until Monday evening, May 10, when the inquest will be held at the police station.

THE "MONEY KING"

Mr. Pierpont Morgan, who was born on April 17, 1837, was indeed the Napoleon of finance, his cash fortune being estimated at between $125,000,000 and $175,000,000. He also had a controlling interest in financing concerns representing nearly one fourth of the total assets of the United States. He possessed palatial mansions in London, New York and the country, and pleasure yachts and private railway trains, which enabled him to travel like royalty. His residences were veritable stores of treasure, for he accumulated the finest pictures and curios that money could buy. The bulk of his art treasures were for many years housed at his mansion in Prince's Gate, London, but were removed to New York a few months before his death, and a considerable selection of them lent to the Metropolitan Museum there. He began his career as a banker's clerk in London, in 1857, but in the same year, at the age of twenty, he returned to America, and entered the private banking house of Duncan, Sherman & Co. Seven years later he founded the firm of Datney, Morgan & Co., which was financed by his father. Two years later that firm was dissolved and Mr. Morgan joined Drexel, Morgan & Co., Philadelphia, which eventually, after the death of the senior partner, became J. P. Morgan & Co. From his father, Mr. Pierpoint Morgan inherited ten million dollars. His first great commercial fight was in 1868, against Jay Gould and Jim Fisk, whose attempted capture of the Albany and Susquehanna Railway he defeated. The property was placed in safe hands, and the stock, which was selling at 18, jumped up to 100; the stockholders were guaranted, and the employees secure. He died in Rome, of nervous prostration, on March 31, 1913, while travelling with his daughter and son-in-law, retaining his mental faculties until Easter Sunday evening, when a gradual general collapse set in.

DELICATE GIRLS MADE STRONG

Rich Red Blood Needed to Keep Up Their Vitality.

If growing girls are to become well developed, healthy women their blood supply must be carefully watched. Mothers should not ignore their unsettled moods or the various troubles that tell of aproaching womanhood. It should be constantly borne in mind that pale, bloodless girls need plenty of nourishment, plenty of sleep and regular open-air exercise. But a lack of appetite, and tired aching limbs tend to hinder progress. To save the weak, thin-blooded suffer she must have new, rich, red blood and nothing meets a case of this kind so well as Dr. Williams' Pink Pills. These pills not only enrich and increase the blood supply, they help the appetite and aid digestion, relieve the weary back and limbs, thus promptly restoring health and strength and transforming anaemic girls and women into cheerful, happy people. Among the thousands who have obtained new health and strength through the use of Dr. Williams' Pink Pills is Miss Violet Booth, Glenarm, Ont., who says:—"For along time I was in a badly run down condition. I was pale, breathless at the least exertion, and could hardly do any housework without stopping to rest. I often had severe headaches, and my appetite was poor and fickle, and I would get up in the morning without feeling the least bit rested. I had tried several medicines, but did not get benefit from anything until I began the use of Dr. Williams' Pink Pills. When I had taken two boxes I could see an improvement, and after using six boxes I found my health fully restored. I feel altogether different since I used the pills that I strongly advise them for all weak, run down people."

If you are weak or ailing in any way, avail yourself at once of the splendid home treatment which Dr. Williams' Pink Pills so easily afford, and you will be among those who rejoice in regained health. These pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for $2.50 by writing The Dr. Williams' Medicine Co., Brockville.

TRENT VALLEY CANAL WATERWAYS ASSOCIATION.

COBOURG, May 7.—It has been suggested by Midland district municipalities that arrangements be made for a gathering of representatives from along the route of the Trent Valley Canal at the time of the opening of the Washago Lock, with a view to the formation of a Trent Valley Canal Waterways' Association, for the purpose of promoting the tourist and freight trade along the route. The opening of this lock will make navigation for 35-foot boats possible from the Georgian Bay to Lake Ontario.

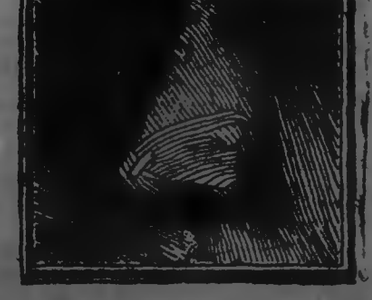
Conspicuous nose pores

How to reduce them

Complexions otherwise flawless are often ruined by conspicuous nose pores.

The pores of the face are not as fine as on other parts of the body. *On the nose especially*, there are more fat glands than elsewhere and there is more activity of the pores. These pores, if not properly stimulated and kept free from dirt, clog up and become enlarged.

To reduce enlarged nose pores: Wring a soft cloth from very hot water, lather it with Woodbury's Facial Soap, then hold it to your face. When the heat has expanded the pores, rub in *very gently* a fresh lather of Woodbury's. Repeat this hot water and lather application several times, *stopping at once if your nose feels sensitive*. Then finish by rubbing the nose for thirty seconds with a piece of ice.



Notice the improvement the very first treatment makes—a promise of what the steady use of Woodbury's Facial Soap will do. But do not expect to change completely in a week a condition resulting from long continued exposure and neglect. Use this treatment *persistently*. It will gradually reduce the enlarged pores and make them inconspicuous.

Get a cake of Woodbury's Facial Soap and begin tonight the treatment your skin needs. You will find Woodbury's on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake will last a month or six weeks.

The Andrew Jergens Company, Cincinnati, New York and Perth, Ontario.

WATER TRAFFIC WILL BREAK ALL RECORDS.

The Pas Expects to See Busiest Year in Saskatchewan River.

THE PAS, Man., May 8.—Water traffic on the Saskatchewan River at The Pas during the coming season gives early promise of breaking all records.

There are millions of board feet of logs to come down from the Carrot River for The Pas Lumber Company, thousands of ties, and large shipments of ore. The Mandy ore haul requires the largest number of boats, and four steam tugs and eight barges have been placed in commission for this work. There are 8,000 tons of copper ore lying on the jump at Sturgeon Landing, and it is planned to transport every pound of this to The Pas for transhipment to the smelter at Trail, B.C., before the end of September.

The only passenger boat in the north is the steamer Nipawin, of the Ross Navigation Company, plying from The Pas to the mine fields of Athapapuskow and Flin-Flon, and all river points, carrying passengers, mail, express, and freight. She is modern throughout, with stateroom accommodation for 30 people, and deck space for as many more.

Apparatus for determining the exact fineness of cement has been developed by the United States bureau of standards.

IN THE LITERARY WORLD

INTERESTING ARTICLE BY MR. F. M. DELA FOSSE—CHATS ABOUT BOOKS—LITERARY NOTES.

There are certain books in the Library which have never been taken out since their purchase, many years before the present library came into existence. We have also lives of the ancient writers, including critical commentaries on their works. These are of course, most interesting. Not the least so is the one relating to Pliny the Younger, in which an account is given of the famous eruption of Mount Vesuvius, A. D. 70. This was the cataclysm in which the cities of Herculaneum and Pompeii were utterly destroyed. The account is somewhat imperfect in its details but enough is presented to show how great was the damage inflicted and with what awe the doomed inhabitants viewed the visitation. They regarded it as the end of the world, as, doubtless, in many other like happenings in the world's history, such as the great earthquake at Lisbon, the terrible eruptions at St. Pierre and at Messina; the same fear must have presented itself to people's minds.

Pliny's early years were passed in the latter portion of the reign of Nero and terrible years they were indeed for the state. But a brighter era dawned under Vespasian who proved himself a patron of the arts, although a man uncultured and unrefined. Pliny's uncle, the naturalist found a friend in Vespasian and that he continued in favor is shown by the fact that he dedicated his great work on natural history to Titus his son and successor.

Value of History.

It is well worth while to read such a series of books as the one referred to, for, by them we learn something of the habits and customs of the people of old-time. The great majority of us are far too much absorbed in our own present-day occupations to take into account how much really hinges on having a working knowledge of the sayings and doings of those who have gone before us. We never seem to realize that the great value of history lies in the help that it gives us in marking where the world has progressed and where it shows signs of falling back in the scale of civilization. We have wonderful institutions and great advantages, but it is a clear sign of selfish unconcern for anyone to be content to take the goods that fortune confers on him without casting a grateful thought back to those whose pioneer work in the arts and sciences has rendered it possible for him to enjoy his present day blessings. Without a knowledge of history and the feeling of noblesse oblige which it creates we are less emboldened to carry on the good work that has been accomplished in so many fields by the great men and women of the world. Vespasian founded a great public library in Rome. It may be news to those who even in this day cannot see the great importance of such an institution in a community to be told that away back in the dim years of the reign of Sardanapalus, the great king of Assyria, a library was in existence. It consisted of tablets of clay, covered with cuneiform characters. There were some ten thousand distinct works properly arranged and catalogued in this ancient library, and it was thrown open by the king to his subjects. In every age since then libraries have been in evidence in various countries. There were provincial libraries hundreds upon hundreds of years ago in Italy and in Greece.

Good Company.

Mr. Coulson Kernahan has written a very interesting book entitled, "In Good Company". He is a well-known English writer and was for many year adviser to Ward, Lock & Co. In the course of his career he has come into close touch with many celebrated men, amongst others with Swinburne, Watts-Dunton, Lord Roberts, Edward Whymper, the famous traveller, and Oscar Wilde. There are many good things in the book for there is little that is more interesting than to come upon facts dealing with the lives of eminent people.

In dealing with Wilde, Kernahan says that he never knew him to write a thing that would not have passed muster in the most refined society and that he could not regard him as by any means irreligious or irreclaimably bad. When one comes to think of it a man's life and a man's genius should be judged apart. There have been many instances where the mantle of time having rendered the world oblivious to a man's acts, his genius has been given full and admiring recognition and perhaps this will some day be the case with Wilde, whose genius was of an indubitably high order.

The best articles in the book are those which deal with Lord Roberts, Swinburne and Watts-Dunton. Kernahan reveals a great deal concerning their chief characteristics and throws incidentally many side-lights on other notabilities. He has also something to say about Stephen Phillips, a brilliant young poet who was cut off in his early prime. Phillips was a cousin of the Shakespearean actor, Sir F. R. Benson, and for some time was a member of his theatrical company. He was a very well-known reciter and Kernahan tells us that his reading was marvellous. His rendition of the second chorus in Swinburne's Atalanta in Calydon was extraordinarily fine. Many of us have read that beautiful piece beginning

Before the beginning of years
There came to the making of man
Time, with a gift of tears;
Grief, with a glass that ran;
Pleasure, with pain for leaven
Summer, with flowers that fell;
Remembrance, fallen from heaven;
And madness, risen from hell;
Strength without hands to smite;
Love that endures for a breath;
Night, the shadow of Light,
And Life, the shadow of death.

Kernahan says that when Phillips came to the last four lines of the poem

He weaves and is clothed with derision;
Sows, and he shall not reap.
His life is a watch or a vision
Between a sleep and a sleep."

With the last word "sleep" as it came from his lips the very world itself seemed to close tired eyes, to wander away into unconsciousness and finally to fall on sleep.

NEW RECUPERATIVE SPIRIT IN FRANCE

PESSIMISTIC VIEWS OF HER INDUSTRIAL FUTURE ARE NO LONGER JUSTIFIED.

PARIS, May 8.—Any fairly qualified economist can sit down with a pencil and a piece of paper and cipher out Doomsday for the Continent of Europe. All the facts about finance, industry and politics will bear out the gloomiest prognostications. I returned to Europe with the feeling that I was coming back to Europe to see suffering almost greater than I had witnessed during the war. There has not yet been time or opportunity for personal investigation of conditions, but no American with a previous acquaintance with Entente Europe could fail to gather a certain amount of optimism from the surface indications in London and Paris.

Great Britain has troubles that would be most upsetting to the less phlegmatic American temperment. If we had either the labor, Irish or Indian difficulties on our hands we should consider them most serious. Either because these matters are after all less grave than they appear, even when considered in connection with the suffering and exhaustion of war or because of the tendency of the British to refuse to recognize trouble when they meet it. London gives the newly arrived American a definite impression of substantial progress in the last few months.

Viscount Astor, among others, confirmed my own favorable impression. He has both the English and American points of view. When I commented that the British seemed to be "muddling through" as usual, he added: "And there is something more than muddling." Among our own diplomatic representatives in London I heard only one story, and that was of steady improvement in general English conditions.

There is naturally a vast difference between Great Britain's situation and that of France, but at first sight there is relatively as much reason for encouragement in Paris as in London. To begin with, France has finished a Winter season, which on economic data it seemed almost impossible for her to live through. She has six or eight months ahead during which, if her people must starve, they can starve in comparative comfort. But if any such fate is in store there is nothing in the generally cheerful air of Paris to foreshadow it. Outwardly, people hereabouts go on with their daily life very much as they did before the war, accepting various forms of inconvenience and hardship philosophically.

The simple fact is that in figuring out the economic consequences of the war we sometimes omit the greatest single element of all, the capacity of the human being to adjust himself to circumstances. Apart from the psychological considerations, there are material reasons for believing that France within the past few months has taken up the business of recuperation in good earnest. One leading American banker in Paris said to me today:

"In the recent past there has been a steady rise in the curve of production. French energy is reasserting itself. I have been surprised and gratified to observe that out of the extreme necessities of the situation new and better methods are being evolved. The group of cities lying in and near the devastated regions, where manufacturing is conducted on a large scale, are resuming pre-war activities under a system of co-operation that formerly did not exist. This new spirit is producing splendid results. It is true that French Government is facing difficulties for which no solution except the German indemnity in full is yet in sight, but a people possessing the present spirit of French cannot suffer ruin. They will endure their sacrifices until solutions are found."

In what I have been saying I am far from wishing to convey the idea that there has been any fundamental change in the perilous condition of Western Europe. These people, having lived through the hard period, are still of good heart, and as against the ebb tide of material resources since the armistice there is at least the beginning of an industrial revival. The main point is not what has already been accomplished, but the changed state of mind. The people of France may be said to be facing away from the war toward the practical problems of building up, and the pessimistic views of a few months ago are no longer justified.—C. H. GRASTY in New York Times.

Experiments are being carried on in Europe with an electrical process for producing gold leaf, heretofore made only by hand.

To gather mussel shells from river bottoms a dredge has been patented with wheels in front to lift it over obstructions.

REGAL FREE RUNNING Table Salt
THE CANADIAN SALT CO. LIMITED

Home in Halifax roofed with Brantford Asphalt Slates

A handsome roof that defies the weather

An added touch of beauty to any house is a roof of Brantford Asphalt Slates, which are in soft, harmonious shades of reddish brown and dark green. The colors are permanent and unfadeable, being the natural shades of the slate just as it is taken out of the quarries.

It will also prove a very economical roof, because Brantford Asphalt Slates do not split, get loose, absorb water or rot. They are strongly fire-resistant and are classified as non-combustible by the fire insurance companies, and allowed to be used in cities where the most rigid fire-prevention By-laws are in force.

Brantford Asphalt Slates are very moderate in cost. The regular size of the slates and their pliability make them easily and quickly laid, thus saving time and cost of labor. Being made of high grade felt saturated and coated with asphalt, and with a surface of crushed slate, they make a roof that defies the elements and is a permanent part of the building, just like the walls and the foundation.

Brantford Asphalt Slates

are being used more extensively every year for city, country and summer homes, churches, golf clubs, stores, garages, and wherever an artistic effect is desired on a pitch roof.

If you are going to do any building this year or have an old roof that needs replacing, it will be to your advantage to investigate Brantford Asphalt Slates.

GRAY-DORT

Built in Canada by Skilled Canadian Workmen and Canadian Capital

Thousands of Gray-Dort Owners Endorse its Value

All the sterling qualities which made the Gray-Dort *dominant value* in the past are embodied in the Gray-Dort of to-day.

Ten major improvements and a dozen refinements have heaped value on value.

Gray-Dort dealers will show you these improvements—will explain how they add life, comfort and beauty to the car.

They will also tell you that everything points to a shortage of Gray-Dort cars this year in spite of doubled production. It would be wise to see your dealer at once.

The Gray-Dort 5-passenger touring car is $1465 f.o.b. Chatham, war tax extra.

The 2-passenger roadster is the same.

The Gray-Dort Special, with custom equipment and beautifully finished, is $150 extra on the standard.

The Gray-Dort Sen, the most beautiful low priced car of to-day, is $295 extra on the standard.

SPORTING NEWS, VIEWS AND GOSSIP

FIFTY DOLLARS FOR BALL LEAGUE

The Football League have, beside the liberal support accorded them from the beginning by each of the manufacturers, received a material donation from the Manufacturers' Association, who at their last meeting voted $50 towards the expenses of the league. This is a most encouraging boost to the footballers and the gift is very much appreciated by them.

SPORT FROM THE EXCHANGES

Toronto Star: To determine Ed. Scott's, Hillcrest pitcher, residence, he will be asked to appear before the T. A. B. A. and declare his residence himself, in order to be eligible.

Game on Holiday.

Lindsay Warder: Lindsay baseball fans will not have to leave town on the holiday, May 24th, in order to see a good baseball game, or look for a place to spend the day. A game has been arranged with the fast team representing the Hebrew Literary Society, of Toronto, one of the classiest teams in the Intermediate baseball series in Toronto.

The Lits will be opposed by a picked team from Lindsay, and practice has already commenced. This team will be able to give a good account of themselves.

Cobourg's Home Brews.

Most of the teams in the league, if rumors are true, will have outside help this season. So far Cobourg has made no attempt to "ring in," and will rely on home talent. If baseball is to go ahead, the homebrew way is the ony way. The other way has been tried in Cobourg quite often, but the results were not any too satisfactory—financially or in the standing of the club at the end of the season. —Cobourg Star.

Town League.

Lindsay Warder: A meeting was held last night for the purpose of organizing an Intermediate Town Baseball League in Lindsay, and although only two teams were represented, there were a number of enthusiasts present, and prospects are reported to be good for a four-team league.

Officers Elected.

Officers were elected as follows:
Hon. Pres.—R. Butler.
President—M. J. Dedman.
Sec.-Treas.—Ford Moynes.
Executive—N. Mark, P. Houzer and the managers of two teams yet to be organized.

Will Enter O.B.A.A.

It was unanimously decided to enter the Ontario Baseball Amateur Association, which keeps a tab on all players. The winner of the League in Lindsay will no doubt play off with the winner of the Whitby Intermediate League, or the Trent Valley League winners.

READY TO TRIM THE NORMALITES.

The Examiner ball team is getting groomed up for the game with the Normalites to be played on Tuesday evening next on the Central school grounds. The batteries:

Normalites: Hutchinson and Spry.
The Examner: Dunkley and Swanston.

SANTAL MIDY — CATARRH of the BLADDER relieved in 24 HOURS — Brewers of quality since 1836

BARRIES WON PRACTICE GAME

An exciting game of baseball was played between Barrie's and Cressman's last night, when the two teams in the Mercantile League clashed for a friendly game. The final score of 8—4 gave Barrie's the lead by four runs.

The batteries for Barrie's were Galbraith and Bergoine, while for Cressman's Cobb and Long exchanged the horsehide.

WOMAN GETS $500 FOR BROKEN PROMISE.

At Age of 51 she made Preparation to Marry Man of 65.

BELLEVILLE, May 7. — At the Spring Assizes held here before Mr. Justice Logie, Mrs. Mary Pearce of Oshawa, formerly of Smithfield township, was awarded $500 damages for a breach of promise of marriage, the defendant being Isaac Smith, a widower, aged 65 years, also a resident of Smithfield.

Last September Smith began paying attention to Mrs. Pearce, aged 51 years, and according to her story, the affair ripened with a courtship, and ran into a promise of marriage. She claimed that they were to be married in December, that Smith had made demonstrations of his affections by kissing and hugging her, that she had gone to considerable expense in purchasing clothes for the event, and that in November Smith's visits had ceased and his affection cooled.

Isaac Smith denied making any contract to marry her, saying that the thought of marriage had never entered his head, but admitted the familiarities stated above. A trip to Pittsburg, Pa., of which he had spoken to her, he said, was spoken in a jocular way.

HAD TO GO TO BED HEADACHES SO BAD

MILBURN'S LAXA-LIVER PILLS MADE HER WELL

When your liver gets sluggish and inactive, your whole health suffers. Your bowels become constipated, your head aches, your tongue is coated, breath bad, specks float before the eyes, you are bilious, have heartburn, water-brash, pain under the right shoulder, muddy and brown spotted complexion, etc.

Help the liver to resume its proper function by removing the bile that is circulating in the blood and poisoning the system.

Mrs. E. Bainbridge, 80 Maple Ave., Amherst, N.S., writes: "I take pleasure in writing you of the good I received by using Milburn's Laxa-Liver Pills for headaches. I was so bad I had to go to bed, and could not get up. A friend told me about your [illegible] ful medicine, and two vials [illegible] me so well as I can be."

Milburn's Laxa-Liver Pills are small and easy to take, do not gripe, sicken or sicken, do not leave any bad after-effects. Price 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

"SEVENTEEN"

Thomas Kelly, who plays Willie Baxter in Stuart Walker's production of Booth Tarkington's "Seventeen," which will be the next attraction at the Curran, has had a very curious and successful career, as both actor and author.

His entire life on the stage has been with the leading actresses and actors of America, appearing in the companies of Ethel Barrymore in 'Cousin Kate" and other of her successes, with John Drew in "A single Man," with Virginia Harned and E. H. Southern, Wm. H. Crane, Maxine Elliott and many others. After a season of "Mrs. Wiggs of the Cabage Patch" with the original London company, he returned to America and joined Ottis Skinner in "Kismet" playing with him for two seasons.

As an author the first poem Mr. Kelly wrote was published by the Green Book magazine—it was called "The Wail of a Marionette." The lure of motion picture money being strong he dashed off a scenario which was purchased by William A. Brady for the World Film and was played by Ethel Clayton. His first play, a one-actor called "The Son of Isis," was produced by Stuart Walker for his Portmanteau Theatre Company and his first short story found a ready market. While in France with the 58th Artillery, C.A.C., he entered the Zymole Trokey contest which ran in "Life" and captured first prize with a four line ditty. He feels that he will either have to concentrate on one line of literary effort or else discover new fields to try his luck at.

LOOK WHO'S HERE

Gus Hill's most successful cartoon play, "Keeping Up With the Joneses" is underlined as the next attraction at Grand Theatre Wednesday evening only, with the customary matinees. The comedy is mounted with beautiful scenes and gorgeous gowns and is based on the popular and far-reaching comics of Pop Momand which apear daily in the New York Globe and thousands of other newspapers throughout the country It is described as the final word in musical comedy, a delirium of joy, novelty, sensation, dancing, singing, original features, a riot of laughter, happiness, revelry and chuck full of wit, screams and fun—the kind that lingers and keeps one always young and blissful Eighteen exclusive musical numbers are introduced along with sixteen beautiful women with the form of an Aphrodite and vivacity of a chick in a barnyard full of crackling hens. A typical show for the masses as well as the classes.

NEW YORK, May 8.—Demand sterling onened at $3.83 off 1 1-4 here to-day. Franc cheques made a new high at 15.52 up 40 centimes. Lire cheques were 19.62 up 85. Marks demand were slightly higher at $.0192, cables $.0194. U. S. dollars on Canada demand were $.9045.

THE AWFUL REACTION OF INFLUENZA

May be Overcome by Vinol Because it Enriches the Blood and Creates Strength

Sickness always leaves the blood poor, thin and devitalized and the system weak, run-down and in a nervous condition. The one great remedy to create strength after sickness is VINOL, because it contains the tissue building elements of fresh cods' livers, aided by the blood, strength and vitality making elements of tonic iron, beef peptone and hypophosphites. It creates a hearty appetite, aids digestion, quickens the circulation, and every nerve organ and muscle of the body is soon filled with new strength, energy and vitality.

If you are just recovering from influenza, the grippe, or any severe sickness, VINOL is what you need to build you up.

Your druggist will return your money if it fails to benefit you.

THOROUGHNESS

This world wants more men who are thorough. We have so many starters, but so few finishers.

Point out a dozen men who have been successful in life, and investigation will demonstrate every man in the bunch to be a finisher, a stayer, a laster.

Thoroughness is the true test of permanency.

The half and half humans who never complete, never perfect, are pretty small potatoes and few in a hill.

The fellow who puts the coping on a job, who completes the thing, is in big demand.

Many aspiring young men have acquired the virtue of Thoroughness by taking a Full Course in the

INTERNATIONAL CORRESPONDENCE SCHOOLS

W. J. DONOVAN, District Representative, Local Office: Room C, 332½ George Street, Victoria Hall. Open Tuesday and Saturday Evenings.

SOCIAL AND PERSONAL

Mr. and Mrs. George Hutchinson, 163 Wescott Street, announce the marriage of their eldest daughter, Violet, to Mr. Frank Davey, eldest son of Mrs. H. Smith, 479 Bonacord Street, to take place this month.

Mr. and Mrs. Daniels and their son, Albert, left the city for the old country on the noon train to-day.

Mrs. Harold Charles has opened her cottage at Chemong for the week end.

Mrs. Max Hamilton and Miss Maxwell left to-day to spend a few weeks at Rice Lake.

Miss Gladys Jay has returned from Toronto to say with her parents at Riverlyn Garden, North Monaghan, for the summer.

Mr. Morris Ackerman, the well known sport writer and guide, is registered at the Empress Hotel to-day.

LOCAL MARKETS

Prices during the week show very little change. In the grains oats are up 5c a bushel to $1. Potatoes are not only higher but are almost unobtainable at any price. The prevailing price appears to be $6.50 but some of the merchants are asking $7, and at that price are causing no little worry to gardeners who are very loth to spend $6.50 a bog and then face the possibility of a low price in the fall. Parsnips and carrots are up to 60c a peck. In the other markets butter and eggs show a slight increase and chickens have incrtased 5 cents.

The pump with straps seems to be the most popular kid.

The popular French shoe is seen worn with very sheer hosiery.

RED PIMPLES ITCHED TERRIBLY

On Chest, Face, Arms. Burned Badly. Cuticura Heals.

"Ever since I can remember, my chest, face, and arms were filled with dry, red pimples. They were scattered all over me, and itched terribly at times, and I scratched them, causing them to fester and get sore. Sometimes they would dry away and form scales which burned badly.

"Then I used Cuticura Soap and Ointment. I had used them two or three times when I felt better and I was healed with one box of Cuticura Ointment together with the Cuticura Soap." (Signed) Miss Bertha Kane, Russell, Manitoba, February 19, 1919.

Use Cuticura Soap and Ointment for all toilet purposes. Soap to cleanse, Ointment to heal.

Soap 25c. Ointment 25 and 50c. Sold throughout the Dominion. Canadian Depot: Lymans, Limited, St. Paul St., Montreal. Cuticura Soap shaves without mug.

IN MEMORIAM.

WISKIN.—In proud and loving memory of Pte. J. D. H. Wiskin, who was killed in action, 9th May, 1917, only son of Mr and Mrs. George Wiskin, 280 Thomas Street.

On that happy Easter morning
All the graves their dead restores
Father, sister, child and mother
Meet once more.

SCOTT—In sad and loving memory of Pte Nicholas Scott, who was killed in action, May 8th., 1917.

Four lonely years are past and gone
Since last we saw his face,
But hope when we meet again
'Twill be in a better place
He died that we might live.
—Inserted by Father, Mother Brothers and Sisters. dh.

—x—

In loving memory of Gunner J. O'Toole, who died May 8, 1915, from wounds received at the Battle of Ypres, April, 1915.

The Family.
